PREFACE.

This Supplement has been prepared by I. W. Choate, Esq., of the Helena Montana bar, the compiler of the Revised Codes of Montana of 1921, which is the official codification of the laws of that state.

The work follows the general plan and arrangement of the 1921 Codes, preserving the same division into Parts and Chapters with the use of the decimal system for the numbering of new sections.

The Supplement contains all the permanent legislation found in the Session Acts of 1923, 1925 and 1927 now in force and effect.

It is fully annotated to the decisions of the Supreme Court of Montana as well as the Federal Reports construing or citing the sections of the Revised Codes of 1921 and subsequent session laws.

The annotations cover Volumes 59 to 77, inclusive, of the Montana Reports and continue to date those in the 1921 Code.

The history of each section is indicated with the use of the same abbreviations as in the 1921 Code. Also following the index, is a table of comparative sections from which the location in the Supplement of any session act can readily be found.

March, 1928.

For text treatment of this subject see vol. 5 Cal. Jur. 722.

Sec. 3.

Section 4482, requiring the contract for county printing to be let to a newspaper published in the particular county continuously for a period of one year preceding its letting, is not void as in contravention of this section and section 27 of this article, as denying to the county the right to contract and depriving it of its property without due process of law. State ex rel. Woare v. Board of Commrs., 70 Mont. 252, 225 Pac. 389.

Cited in State v. Johnson, 75 Mont. 240, 252, 243 Pac. 1073; Gas Products Co. v. Rankin, 63 Mont. 372, 388, 24 A. L. R. 294, 207 Pac. 993.

For text treatment of this subject see vol. 5 Cal. Jur. 722 et seq.

Sec. 4.

This section of the state constitution, guaranteeing the free exercise and enjoyment of religious profession and worship, is not in conflict with any provision of the federal constitution, and such provision cannot be invoked as a protection against legislation enacted by chapter 22, Laws of 1923, prohibiting the unlawful possession of peyote (a narcotic), under the claim that the drug was possessed for use by members of a church to which defendant belonged, for sacra-

mental purposes. State v. Big Sheep, 75 Mont. 219, 243 Pac. 1067.

For text treatment of this subject see vol. 5 Cal. Jur. 724.

Religious belief as affecting crime of bigamy, note, 24 A. L. R. 1237.

Sectarianism in schools, note, 20 A. L. R. 1351.

Sec. 6.

The provisions of the fourteenth amendment to the constitution of the United States, and of sections 6 and 7 of this article, to the effect that no person may be deprived of his liberty without due process of law, have no application to the case of one detained in quarantine because affected with a dangerous communicable disease. In re Caselli, 62 Mont. 201, 204 Pac. 364.

Cited in Giebler v. Giebler, 69 Mont. 347, 353, 222 Pac. 436; Davenport v. Davenport, 69 Mont. 405, 411, 222 Pac. 422.

Sec. 7.

The provisions of the federal and state constitutions relative to unreasonable searches and seizures being but limitations upon the powers of the respective governments, either government is responsible only for the wrongful acts or omissions of its own officers; hence where one charged with the violation of the liquor law complains of illegal acts done by federal enforcement officers under a federal search-warrant over whom the state has no control, his rights are determinable by a reference to this section of the state constitution and not under the provisions of the fourth amendment to the United States constitution. State v. Gardner, 77 Mont. 8, 249 Pac. 574.

"Probable cause" in the sense it is employed in this section, of the state constitution and in the liquor law with relation to the issuance of search-warrants, is knowledge of facts, actual or apparent, strong enough to justify a reasonable man in the belief that he has lawful grounds for believing that the

law is being violated. *State v. Gardner*, 74 Mont. 377, 240 Pac. 984.

The constitutional guaranty against unreasonable searches and seizures extends only to one's person, papers, home and effects; hence defendant's contention that trespass by an officer upon his land so near to an outbuilding in which a still was being operated as to observe it in operation violated his constitutional right has no merit, the guaranty not covering his field (or the roadway). *State v. Ladue*, 73 Mont. 535, 237 Pac. 495.

The protection granted by this section against unreasonable searches and seizures reaches all alike, whether accused of crime or not, and the duty of enforcing it is obligatory upon all entrusted with the enforcement of the law. *State ex rel. King v. District Court*, 70 Mont. 191, 224 Pac. 862.

Since the constitutional provision against unreasonable searches and seizures was intended to take away from the legislature the power to authorize an invasion of the rights of the citizen by a search of his home or a seizure of his person or property in any other case than in which it is permitted, it must be strictly construed in his favor. *State ex rel. Samlin v. District Court*, 59 Mont. 600, 198 Pac. 362.

To meet the requirements of this section of the constitution, the affidavit or complaint upon which a search-warrant is asked for under the Prohibition Enforcement Act must be based upon something more tangible than mere hearsay or rumor. *State ex rel. Samlin v. District Court*, 59 Mont. 600, 198 Pac. 362.

The guaranty against unreasonable searches and seizures embodied in this section, of the state constitution applies to all invasions by the state government or any of its employees, of the sanctity of the home of the citizen, his personal security, personal liberty and private property where there is no probable cause to believe that his rights in this behalf have been forfeited by his own criminal conduct. *State ex rel. Samlin v. District Court*, 59 Mont. 600, 198 Pac. 362.

ARTICLE IV.

DISTRIBUTION OF POWERS.

Section 1.

Chapter 154, L. 1923, authorizing the railroad commission to license motor vehicles used for the transportation of persons or property for hire, does not violate this section nor the fundamental principle of constitutional law which prohibits the legislature from delegating its power to any board or commission. *State v. Johnson*, 75 Mont. 240, 243 Pac. 1073.

The Drainage Act does not attempt to delegate legislative power to the judiciary, and therefore does not impinge upon the provisions of section 1, article IV, of the state constitution, prohibiting the exercise of powers of a state department properly belonging to any other. *In re Valley Center Drain District*, 64 Mont. 545, 211 Pac. 218.

ARTICLE V.

LEGISLATIVE DEPARTMENT.

Section 1.

The word "appropriations" used in this section excluding the right to initiate (or refer) laws relating to appropriations from the power of the people in their law-making capacity, means the setting apart of a portion of the public funds for a public purpose, or a specific designated fund in esse or for which provision has been made, it not being necessary, to constitute a valid appropriation, that the fund be then in the treasury. *State ex rel. Bonner v. Dixon et al.*, 59 Mont. 58, 195 Pac. 841.

Moneys raised from the sale of state bonds for a specified purpose and placed in the treasury to the credit of a particular fund is not an "appropriation" within the meaning of this section, and therefore sections 5606-5614, providing

for the issuance and sale of bonds the proceeds of which are to be used for the construction, repair, etc., of buildings at the state educational institutions, etc., are not an appropriation act, and hence was not excluded from the legislative prerogative of the people. *State ex rel. Bonner v. Dixon et al.*, 59 Mont. 58, 195 Pac. 841.

In the exercise of their prerogative to initiate laws under this section, the people are subject to the same constitutional limitations as are applicable to the legislative assembly. *State ex rel. Bonner v. Dixon et al.*, 59 Mont. 58, 195 Pac. 841.

House Bill 398, Laws of 1925, page 416, assuming on behalf of the state, liability for injuries sustained by a student in the University of Montana through the negligence of one of the state's agents and making an appropriation to discharge that liability, is not open to the objection that it contains a plurality of subjects in violation of this section of the constitution. Mills v. Stewart, 76 Mont. 429, 247 Pac. 332.

Where two or more propositions are contained in the title of an act which may be logically viewed as parts or aspects of a single plan, the constitutional requirement of unity of subject is met. State ex rel. Jones v. Erickson, 75 Mont. 429, 244 Pac. 287.

The purpose of this section of the state constitution declaring that no bill (with certain exceptions) shall be passed containing more than one subject which shall be clearly expressed in its title, is to guard against fraud which might result from incorporating in the body of the bill provisions foreign to its general purpose concerning which no information was given to the legislature or the people. Hale et al. v. Belgrade Co. et al., 74 Mont. 308, 240 Pac. 371.

Where the title of an amendatory act refers to the number of the section of the Code to be amended and indicates its subject matter with sufficient particularity to identify it to a reasonable degree of certainty it is sufficient to

withstand constitutional attack based on this section. State v. Duncan, 74 Mont. 428, 240 Pac. 978.

The title of chapter 93, L. 1925, relating to changing the boundaries of Fergus and Judith Basin counties, the effect of which was to include within the boundaries of Fergus county the entire county of Petroleum, thus abolishing the latter county, was held insufficient to meet the requirements of this section. State ex rel. Foot v. Burr et al., 73 Mont. 586, 238 Pac. 585.

The purposes of this section of the constitution, prohibiting the passage of an act the subject of which is not clearly expressed in its title, are to restrict the legislature to the enactment of laws the subjects of which are made known to it and the public and to guard against fraud which may result from incorporating in the body of a bill provisions foreign to its general purpose and concerning which no information is given by the title. State ex rel. Foot v. Burr et al., 73 Mont. 586, 238 Pac. 585.

Where provisions in an act are germane to the general subject expressed in the title, the unity of title required by this section is observed even though such provisions are not mentioned in the title. State ex rel. Boone v. Tullock, 72 Mont. 482, 234 Pac. 277.

Section 6081 and chapter 90, L. 1923, amendatory thereof, are not open to the charge that the title of both the original and amendatory act are insufficient to meet the requirements of this section. State ex rel. Boone v. Tullock, 72 Mont. 482, 234 Pac. 277.

In passing upon the constitutionality of an act attacked on the ground of insufficiency of its title to meet the requirements of this section, courts should give that constitutional provision a liberal construction, the title being generally sufficient if it indicates the general subject embraced in the body of the act, it not being required that it should give details or a complete list of all matters covered by the act. State ex rel. Boone v. Tullock, 72 Mont. 482, 234 Pac. 277.

The title of chapter 96, L. 1923, "An act to fix the time and method of collecting taxes and interest thereon," was held to sufficiently express the subject of the act to meet the requirements of this section. Thomas v. City of Missoula et al., 70 Mont. 478, 226 Pac. 213.

The unity of title required by this section is observed if the various provisions of the act are germane to the general subjects expressed in the title. State v. Pepper, 70 Mont. 596, 226 Pac. 1108.

If the subject of an enactment is fairly expressed in its title, it is sufficient to meet the requirement of this section and a court may not hold a title

void merely because in its opinion a better one might have been used. *State v. Mark*, 69 Mont. 18, 220 Pac. 94.

Sections 5606-5614 do not contravene the constitutional provision forbidding the enactment of any law containing more than one subject which shall be clearly expressed in its title. *State ex rel. Bonner v. Dixon et al.*, 59 Mont. 58, 195 Pac. 841.

The title of chapter 1, L. 1911 (secs. 11008-11016) held not unconstitutional as violative of the above section. *State v. Pippi*, 59 Mont. 116, 195 Pac. 556.

Sec. 26.

Section 4482, providing that the board of county commissioners must let the county printing to a newspaper published in the particular county continuously for a period of one year preceding its letting is not void as in contravention of this section. *State ex rel. Woare v. Board of Comms.*, 70 Mont. 252, 225 Pac. 389.

A special statute within the meaning of this section of the constitution, forbidding such legislation, is one which relates to particular persons or things of a class, or one made for individual cases and for less than a class, or one which relates and applies to particular members of a class either particularized by the express terms of the act or separated by any method of selection from the whole class to which the law might, but for such limitation, be applicable. *State ex rel. Redman v. Meyers*, 65 Mont. 124, 210 Pac. 1064.

While courts will not generally interfere with the determination of the legislature evinced by enacting a special statute, that the general law covering the subject is inapplicable because of extrinsic facts and circumstances or that the general statute has spent its force with the passing of time and has

become inadequate, they will hold the special act invalid under this section of the constitution, where there are not and cannot be such facts or circumstances which can militate against the operation of the general law. *State ex rel. Redman v. Meyers*, 65 Mont. 124, 210 Pac. 1064.

Sec. 29.

This section of the constitution, prohibiting the legislature from providing for the payment of any claim made against the state without previous authority of law is intended to prevent the recognition and discharge of claims arising from ultra vires acts of officers or agents of the state and refers exclusively to claims arising out of contract, and therefore has no application to claims arising from tortious acts of the state's agents. *Mills v. Stewart*, 76 Mont. 429, 247 Pac. 332.

A "legal claim" against the state is one previously authorized by law, and under this section of the constitution, payment of a claim not so authorized is expressly prohibited. *State ex rel. Mills v. Dixon et al.*, 66 Mont. 76, 213 Pac. 227.

There being no constitutional or statutory provision that all state warrants shall be drawn by the state auditor, and a warrant being merely an order by which one of competent authority empowers another to pay a particular sum of money, and in view of the provision of this section, authorizing payment of state funds on warrant drawn by the "proper officer," held, that chapter 176, L. 1925, is not rendered invalid for failing to provide payment of principal and interest of state treasury notes on warrant drawn by the auditor and in providing for payment directly by the treasurer. *State ex rel. Toomey v. Board of Examiners*, 74 Mont. 1, 238 Pac. 316.

This section, providing that no money shall be paid out of the state treasury except upon appropriation "made by law," does not require the introduction

of an appropriation bill, the requirement being met by an appropriation sanctioned by law. *State ex rel. Toomey v. Board of Examiners*, 74 Mont. 1, 238 Pac. 316.

Dishman*, 64 Mont. 530, 210 Pac. 604.

If legislation passed at a special session of the legislature is upon a subject embodied in the governor's proclamation, it does not come within the inhibition of this section of the constitution.

Under section 13 of this article, empowering the governor "to disapprove of any item or items of any bill making appropriations of money, embracing distinct items," he may not scale any particular item or items by deducting a certain per cent of the amount appropriated by the legislature in a bill which because of adjournment could not be

returned to it for further action, since by so doing he would be exercising creative legislative power and usurping the function of the legislative assembly. Veto Case, 69 Mont. 325, 35 A. L. R. 592, 222 Pac. 428.

REVENUE AND TAXATION.

Section 1.

Absolute uniformity or equality in the imposition of a tax being unattainable, courts will not declare a statute invalid as in contravention of this section of the constitution, unless it is made to appear that it was framed on a plan or principle not calculated to produce uniformity or equality, or that its administration will result in such flagrant injustice as to evidence an entire disregard of the constitutional requirement. *Anaconda Copper Mining Co. v. Junod*, 71 Mont. 132, 227 Pac. 1001.

The tax imposed by section 2441 upon a manufacturer is the license or occupation tax provided for by the last sentence of this section and is not controlled by the uniformity clause contained in section 11 of this article, hence such license tax may be graduated according to the amount of business done and is not for that reason open to attack as being discriminatory. *State v. Hennessy Co.*, 71 Mont. 301, 230 Pac. 64.

This section and section 11 of the same article, providing for a uniform rate of taxation, and that taxes shall be levied and collected for public purposes only, relate to taxation for governmental purposes and have no reference to assessments for special improvements such as contemplated by the creation of an irrigation district. *Walden v. Bitter Root Irr. Dist.*, 68 Mont. 281, 217 Pac. 646.

Since under this section, the legislative assembly may impose a license tax upon persons and corporations doing business in the state, and taxation is the rule and exemption the exception, one so doing business and attacking such a tax on the ground that he is exempt has the burden of showing that he comes within some definite exception to the rule. *Mid-Northern Oil Co. v. Sec. 2.

This section, prescribing the property which shall be absolutely exempt from taxation and the class which may be exempt if exclusively used for certain designated purposes, must be strictly construed. *Town of Cascade v. County of Cascade*, 75 Mont. 304, 243 Pac. 806.

Where a mortgagee bequeathed a sum of money and a mortgage on land for town library purposes, the will providing that the trust fund thus created should be administered by trustees for the use and benefit of the town, and the mortgagor in lieu of foreclosure gave a deed for the property to the trustees of the town—the cestui que trust—the property became that of the town, and not that

of the trust, and was therefore exempt from taxation under this section. *Town of Cascade v. County of Cascade*, 75 Mont. 304, 243 Pac. 806.

The constitutional provision prescribing what property shall or may be exempt from taxation is broad enough to include every kind of property—real, personal and mixed—capable of private ownership, under the definition of “property” contained in section 17 of the same article; therefore the contention that, under a strict construction, it must be construed as meaning the unqualified ownership of land merely has no merit. *Town of Cascade v. County of Cascade*, 75 Mont. 304, 243 Pac. 806.

Sec. 3.

The purpose of the framers of the constitution in adopting this section, was to provide a special method for the assessment and taxation of mining property, the theory adopted being that such

property should be regarded real as to surface value, and personal as to the subsurface contents. *State ex rel. Hinz v. Moody*, 71 Mont. 473, 230 Pac. 575.

The words “as provided by law” appearing in the second clause of this section, of the constitution, providing for the taxation of the surface ground of mining property used for other than mining purposes, has reference to that clause and do not qualify the preceding one declaring that mining claims containing coal, etc., shall be taxed at the price paid the United States therefor. *State ex rel. Hinz v. Moody*, 71 Mont. 473, 230 Pac. 575.

Coal lands purchased from the federal government must be taxed under this section at the price paid therefor and not at thirty per cent of such purchase price, the rate at which real property is taxable under the Classification Act (secs. 1900 and 2000). *State ex rel. Hinz v. Moody*, 71 Mont. 473, 230 Pac. 575.

A construction of sections 2344-2355, relating to net proceeds in the light of sections 2088-2096, relating to the taxation of net proceeds, holding certain expenses not allowable as a part of the cost of mining, does not violate the provision of this section of the constitution providing that the annual net proceeds of mines and mining claims shall be taxed “as provided by law,” nor the provision of section 1 of that article requiring the legislature to levy a uniform rate of assessment and taxation under such regulations as shall secure a just valuation of all property. *Anaconda Copper Mining Co. v. Junod*, 71 Mont. 132, 227 Pac. 1001.

That inequalities may result from a holding that coal lands purchased from the United States must be taxed at the price paid therefor as declared by this section of the constitution, does not justify a court to hold otherwise. *State ex rel. Hinz v. Moody*, 71 Mont. 473, 230 Pac. 575.

Sec. 4.

Section 4482, providing that the board of county commissioners must let the county printing to a newspaper in existence for a year or more, even though its bid be higher than that of one not published for that length of time, does not contravene the provisions of this

section prohibiting the levying of taxes upon the inhabitants or property in any county for municipal purposes. *State ex rel. Woare v. Board of Commrs.*, 70 Mont. 252, 225 Pac. 389.

A "tax" within the meaning of this section of the constitution is an enforced contribution of money or other property, assessed in accordance with some reasonable rule of apportionment by authority of a sovereign on persons or property within its jurisdiction for the purpose of defraying the public expense. *State ex rel. Under the rule that that is certain which can be made certain, sections 5623.1-5623.8 do not violate the provision of this section as appropriating an indefinite sum for payment of principal and interest of state treasury notes, the payments to be made being readily ascertainable by mathematical calculation. *State ex rel. Section 2148, increasing the tax levy for state purposes by one and one-half mills for the period of ten years and directing successive legislatures for that

period how the proceeds thereof shall be appropriated, and authorizing the assembly to make the appropriations for each of the ten years, is not unconstitutional as appropriating money for ten years, or at all, in violation of this section, prohibiting the making of appropriations for more than two years. (The question whether direction to successive legislatures as to how money shall be appropriated is binding upon such bodies, reserved.) State ex rel. Jones v. Erickson, 75 Mont. 429, 244 Pac. 287.

Under the showing made on application for writ of injunction against the state board of examiners, held that the appropriations made by the legislature for the years 1925 and 1926 for the four teaching units comprising the university of Montana do not exceed the amount received from the one and one-half mill levy authorized by section 2148, for their maintenance, and therefore do not transgress the provision of this section,

prohibiting appropriations exceeding the total tax provided by law. State ex rel. Jones v. Erickson, 75 Mont. 429, 244 Pac. 287.

The provision of this section of the constitution, that no appropriations shall be made in excess of the total tax provided for by law during any fiscal year, must be interpreted to refer not only to the money raised by direct taxation but also to anticipated income from all other sources. The duties of such board shall be to adjust and equalize the valuation of taxable property within their respective counties, and all such adjustments and equalizations may be supervised, reviewed, changed, increased or decreased by the state board of equalization. The state board of equalization shall be composed of three members who shall be appointed by the governor, by and with the advice and consent of the senate. A majority of the members of the state board of equalization shall constitute a quorum. The term of office of one of the members first appointed shall end on March 1, 1925, of another first appointed on March 1, 1927, and of the third first appointed on March 1, 1929. Each succeeding member shall hold his office for the term of six years, and until his successor shall have been appointed and qualified. In case of a vacancy the person appointed to fill such vacancy shall hold office for the unexpired term in which the vacancy occurs. The qualifications and salaries of the members of the state board of equalization shall be as provided by law, provided, however, that such members shall be so selected that the board will not be composed of more than two persons who are affiliated with the same political party or organization; provided, further, that each member shall devote his entire time to the duties of the office and shall not hold any position of trust or profit, or engage in any occupation or business interfering or inconsistent with his duties as a member of such board, or serve on or under any committee of any political party or organization, or take part, either directly or indirectly, in any political campaign in the interest of any political party or organization or candidate for office. The state board of equalization shall adjust and equalize the valuation of taxable property among the several counties, and the different classes of taxable property in any county and in the several counties and between individual taxpayers; supervise and review the acts of the county assessors and county boards of equalization; change, increase, or decrease valuations made by county assessors or equalized by county boards of equalization;

and exercise such authority and do all things necessary to secure a fair, just and equitable valuation of all taxable property among counties, between the different classes of property, and between individual taxpayers. Said state board of equalization shall also have such other powers, and perform such other duties relating to taxation as may be prescribed by law.

Section 15 of article XII of the constitution was enacted by the legislature (Ch. 11, Ex. L. 1921), and was ratified by the people at the election of November 7, 1922, effective under proclamation of the governor December 14, 1922.

The legislature could properly add powers additional to those specifically conferred by this section upon the state Board of Equalization, as it did by sections 2089-2096 by imposing upon the board the duty to assess net proceeds of mines. *Butte & Superior Mining Co. v. ARTICLE XIII.

PUBLIC INDEBTEDNESS.

Section 1.

The taxes which an irrigation district is authorized to levy upon the lands included in the district for the purpose of paying for property acquired are in the nature of special assessments as distinguished from general taxes, and by the expenditure of moneys authorized by section 7174, it obtains an equivalent in the value of the property purchased, hence does not come within the prohibition of this section of the constitution, above. *Thaanum v. Bynum Irr. Dist.*, 72 Mont. 221, 232 Pac. 528.

The purpose of the constitutional provision prohibiting the state, counties, cities, etc., from loaning their credit to individuals or corporations or becoming shareholders in or joint owners with companies or corporations is to prevent the use of public funds raised by general taxation in aid of enterprises apparently devoted to quasi-public purposes, but actually engaged in private business. *Thaanum v. Bynum Irr. Dist.*, 72 Mont. 221, 232 Pac. 528.

An irrigation district is not a "sub-division" of the state within the meaning of this section of the constitution, providing that neither county, city, town, municipality "nor other subdivision of the state shall become a shareholder in or a joint owner with a company or corporation, and therefore its board of commissioners may acquire shares in a reservoir company or purchase rights to the use of water, as authorized by section 7174. *Thaanum v. Bynum Irr. Dist.*, 72 Mont. 221, 232 Pac. 528.

The inhibition of the state constitution against making donations by the state or any subdivision thereof or loaning its credit, to any individual, corporation, etc., is both mandatory and prohibitory, applicable alike to the legislative assembly and the people in their legislative capacity. *State ex rel. Mills v. Dixon et al.*, 66 Mont. 76, 213 Pac. 227.

The payment of a bounty to those who served in the military establishment of the United States during the World War, contemplated by chapter 162, Laws of 1921, by means of a tax levy for that purpose, is not for a public or governmental purpose but intended as a donation or gift contrary to the provision of this section of the constitution. *State ex rel. Sec. 2.

By the issuance of state treasury notes to secure funds to pay outstanding registered warrants, no new debt is created within the meaning of this section of the constitution, the effect of their authorization being merely to change the evidence of indebtedness from warrants to treasury notes. *State ex rel. Toomey v. Board of Examiners*, 74 Mont. 1, 238 Pac. 316.

The provision of this section of the constitution, prohibiting the creation of a debt exceeding singly or in the aggregate with existing debts the sum of

\$100,000, unless authorized by the people at a general election, was not intended to apply to an issue of treasury notes to refund outstanding warrants issued for current state expenses. *State ex rel. Toomey v. Board of Examiners*, 74 Mont. 1, 238 Pac. 316.

The debt or liability the incurring of which is prohibited by this section without a majority approval by the people at a general election is one which singly or in the aggregate will obligate the state to an amount in excess of \$100,000 cash on hand and revenues provided by the legislature for the two years intervening between sessions of the assembly, since revenue for which provision has been made may constructively be considered as cash on hand. *State v. State Board of Examiners*, 59 Mont. 557, 197 Pac. 988.

The fact that sections 5606-5614 are indefinite as to the time during which they shall be operative and the tax levy provided for is limited does not render them violative of this section, the question whether the tax provided for prove to be sufficient or insufficient to pay principal and interest on the bonds being one addressed to legislative action, in the absence of an affirmative showing that it is not sufficient. *State ex rel. Bonner v. Dixon et al.*, 59 Mont. 58, 195 Pac. 841.

Sec. 5.

This section is not a grant of power to counties to incur indebtedness but merely fixes the maximum limit of indebtedness permissible; therefore the legislature, not being prohibited by the constitution from doing so, may, as it did by enacting chapter 21, Laws of 1923, fix a lower limit than that prescribed. *Heckman v. Custer County et al.*, 70 Mont. 84, 223 Pac. 916.

The words "single purpose" as used in this section, providing that "no county shall incur any indebtedness or liability for any single purpose to an amount exceeding \$10,000 without the approval of a majority of the electors thereof," mean a project or undertaking, the elements entering into which are so related that when combined they constitute an entity—something complete in itself, but separate and apart from other objects. *State ex rel. Turner v. Patch et al.*, 64 Mont. 565, 210 Pac. 748.

Under the above rule, county indebtedness evidenced by warrants issued in payment of separate contracts for the construction, repair, improvement and maintenance of certain portions of the public roads and bridges at different and widely scattered places in a county containing more than two thousand square miles and having three hundred and twelve established public roads extending over every part of the county, did not constitute an indebtedness for a "single purpose" or undertaking within the meaning of this section, even though the different points at which the work was done were connected by its public roads; held, further, that each piece of work, the cost of none of which exceeded \$10,000, was an entity in itself, and that therefore warrants issued in payment thereof were not void, the contention on application for injunction that all of the county roads constituted a single system and that therefore warrants issued for work done on all of them combined was an indebtedness for a single purpose in excess of \$10,000 being without merit. *State ex rel. Turner v. Patch et al.*, 64 Mont. 565, 210 Pac. 748.

County commissioners may not, by making arbitrary or artificial divisions of road work which manifestly constitutes but one project, and by issuing separate warrants to separate contractors for separate units thus created, evade the prohibition of this section. *State ex rel. Turner v. Patch et al.*, 64 Mont. 565, 210 Pac. 748.

MUNICIPAL CORPORATIONS AND OFFICERS.

Section 3.

A completed and used bridge belongs to the state and is not therefore "property of the county" within the meaning of this section. It was therefore beyond the power of the legislature by section 4398 to authorize the commissioners in adjusting indebtedness between a new and an old county, to take into consideration steel bridges constructed and in use for less than ten years. *State ex rel. Missoula County v. Brown et al.*, 73 Mont. 371, 236 Pac. 548.

"Property of the county" within the

meaning of this section, under which, when a new county is created, the net indebtedness of the old county, its ratable proportion of which the new one must pay, is to be determined by deducting from its total indebtedness the value of all property of the old county, means such property as a county holds and can sell. *State ex rel. Judith Basin County v. Poland et al.*, 61 Mont. 600, 203 Pac. 352.

For text treatment of this subject see vol. 7 Cal. Jur. 401.

Sec. 4. (Proposed Amendment.) In each county there shall be elected three county commissioners, whose term of office shall be six years; provided that each county in the state of Montana shall be divided into three commissioner districts, to be designated as commissioner districts, numbers one, two and three, respectively.

The board of county commissioners shall in every county in the state of Montana, at their regular session, on the first Monday in May, 1929, or as soon thereafter as convenient or possible, not exceeding sixty days thereafter, meet and by and under the direction of the district court judge or judges of said county, divide their respective counties into three commissioner districts as compact and equal in population and area as possible, and number them respectively, one, two and three, and when such division has been made, there shall be filed in the office of the county clerk and recorder of such county, a certificate designating the metes and bounds of the boundary lines and limits of each of said commissioners districts, which certificate shall be signed by said judge or judges; provided, also that at the first regular session of any newly organized and created county, the said board of county commissioners, by and under the direction of the district court judge or judges of said county, shall divide such new county into commissioner districts as herein provided.

Upon such division, the board of county commissioners shall assign its members to such districts in the following manner; each member of the said board then in service shall be assigned to the district in which he is residing or the nearest thereto; the senior member of the board in service to be assigned to the commissioner district No. 1, the next member in seniority to be assigned to commissioner district No. 2, and the junior member of the board to be assigned to commissioner district No. 3; provided, that at the first general election of any newly created and organized

county, the commissioner for district No. 1, shall be elected for two years, for No. 2, for four years, and for No. 3, for six years, and biennially thereafter there shall be one commissioner elected to take the place of the retiring commissioner, who shall hold his office for six years.

That the board of county commissioners by and under the direction of the district court judge or judges of said county, for the purpose of equalizing in population and area such commissioner districts, may change the boundaries of any or all the commissioner districts in their respective county, by filing in the office of the county clerk and recorder of such county, a certificate signed by said judge or judges designating by metes and bounds the boundary lines of each of said commissioner districts as changed, and such change in any or all the districts in such county, shall become effective from and after filing of such certificate; provided, however, that the boundaries of no commissioner district shall at any time be changed in such a manner as to affect the term of office of any county commissioner who has been elected, and whose term of office has not expired; and provided, further, that no change in the boundaries of any commissioner district shall be made within six months next preceding a general election.

At the general election to be held in 1930, and thereafter at each general election, the member or members of the board to be elected, shall be selected from the residents and electors of the district or districts in which the vacancy occurs, but the election of such member or members of the board shall be submitted to the entire electorate of the county, provided, however, that no one shall be elected as a member of said board, who has not resided in said district for at least two years next preceding the time when he shall become a candidate for said office.

When a vacancy occurs in the board of county commissioners the judge or judges of the judicial district in which the vacancy occurs, shall appoint someone residing in such commissioner district where the vacancy occurs, to fill the office until the next general election when a commissioner shall be elected to fill the unexpired term.

En. Sec. 1, Ch. 72, L. 1927.

Note.—The foregoing proposed amendment will be voted upon at the general election in November, 1928.

Sec. 6.

The word "term" as used by this section of the constitution with reference to the election or appointment of municipal officers, and section 511, Revised Codes of 1921, applies to the office and not to the person holding it. *State ex rel. Morgan v. Knight*, 76 Mont. 71, 245 Pac. 267.

Sec. 7. The legislative assembly may, by general or special law, provide any plan, kind, manner or form of municipal government for counties, or counties and cities and towns, or cities and towns, and whenever deemed necessary or advisable, may abolish city or town government and unite, consolidate or merge cities and towns and county under one municipal government, and any limitations in this constitution notwithstanding, may designate the name, fix and prescribe the number, designa-

tion, terms, qualifications, method of appointment, election or removal of the officers thereof, define their duties and fix penalties for the violation thereof, and fix and define boundaries of the territory so governed, and may provide for the discontinuance of such form of government when deemed advisable; provided, however, that no form of government permitted in this section shall be adopted or discontinued until after it is submitted to the qualified electors in the territory affected and by them approved.

Section 7 of article XVI of the constitution was enacted by the legislature (Ch. 113, L. 1921), and ratified by the people at the election of November 7, 1922, effective under proclamation of the governor December 14, 1922.

This section of the state constitution, authorizing the consolidation of county and city governments, is not an attempted revision under section 8 of article XIX, but is an amendment under section 9 thereof. State ex rel. Corry v. Cooney et al., 70 Mont. 355, 225 Pac. 1007.

Amendment to article XVI of the constitution by adding thereto section 7, providing for the consolidation of county and city governments, is not open to the objection that it violates section 26, article V, of that instrument prohibiting the legislature from passing a local or special act regulating county affairs, creating offices or prescribing the powers and duties of officers in counties and cities, or of section 31 thereof prohibiting the extension of terms of public officers or the increasing or diminishing of their salaries. State ex rel. Corry v. Cooney et al., 70 Mont. 355, 225 Pac. 1007.

The fact that counties, cities and towns may or may not avail themselves of the provisions of this section, its provisions being permissive, is not a proper objection to its validity. State ex rel. Corry v. Cooney et al., 70 Mont. 355, 225 Pac. 1007.

The amendment to the constitution wrought by the addition of this section

of article XVI, is not in contravention of sections 5 and 6, article VI thereof, respecting senatorial districts and representatives in the legislative assembly to which the county sought to be consolidated with a city is entitled, nor of section 13 of article VIII, respecting judicial districts. State ex rel. Corry v. Cooney et al., 70 Mont. 355, 225 Pac. 1007.

This section of the constitution provides that the legislature may "by general or special" law provide for the consolidation of county and city governments. After the passage of a general law on the subject (chapter 121, L. 1923) the legislature passed a special act authorizing the consolidation of the county of Silver Bow and the cities and towns therein located. Held, that the contention that the word "or" limits the power of the legislature to the adoption of either, a general or a special law, and that having adopted the general act it was precluded from passing the special one cannot be sustained, but that in order to carry out the legislative intent the word "or" must be read "and," it being apparent that the legislature in framing section 7 for submission to the electors did not intend to impose a limitation upon its power against adopting both a general and a special law to carry out its provisions. State ex rel. Corry v. Cooney et al., 70 Mont. 355, 225 Pac. 1007.

Sec. 8.

Revision of the constitution authorized by this section, implies the probability of extensive and comprehensive action by a convention, while an "amendment" under section 9 does not only comprehend

any change in the constitution which adds something to or takes away from it, but is susceptible to a construction which will make it cover several propositions, all tending to effect or carry out one general object or purpose, and all connected with one subject. State ex rel. Corry v. Cooney et al., 70 Mont. 355, 225 Pac. 1007.

Cited in Tax Commission Case, 68 Mont. 450, 471, 219 Pac. 817.

For text treatment of this subject see vol. 5 Cal. Jur. 554.

Sec. 9.

Section 2148 initiated by the people, increasing the rate of taxation for state purposes, is not invalid as an attempted submission of an amendment to section 9, article XII of the constitution, without having been first proposed by one of the houses of the legislature as required by this section, since a change in the rate of taxation may be brought about by act of the legislature or by a law initiated by the people without submission of a constitutional amendment in the mode prescribed by this section. *State ex rel. Jones v. Erickson*, 75 Mont. 429, 244 Pac. 287.

Where an amendment to the constitution has but one object in view and relates to but a single plan or purpose, the fact that it may impinge upon or affect various of its provisions does not alone render it objectionable to this section, providing that where more than one amendment is submitted to the people at the same election they shall be separately voted upon. *State ex rel. Corry v. Cooney et al.*, 70 Mont. 355, 225 Pac. 1007.

Section 9, of this article, provides *inter alia* that a proposed amendment thereto shall be entered in full on the

journals of both houses. A bill proposing an amendment to section 15, article XII, creating the state board of equalization, was properly passed by both houses but, while it was entered in full on the journal of the house, it was not so entered in the senate journal. The bill acted upon in both houses was in identically the same language, identifying reference to it having been made in the senate journal, and as passed was published by the secretary of state and ratified by the people. Held, that the course pursued, though not literal compliance with the constitutional provision, was in substantial compliance therewith, the object of the requirement—certainty as to the proposed amendment—having been clearly established by the journals. ARTICLE XXI.

STATE PERMANENT REVENUE AND SCHOOL FUNDS.

Section 1. The state of Montana does hereby agree and covenant to accept from any natural person, or persons, from inside or outside the state, gifts, donations, grants and legacies in any amount or value not less than two hundred fifty (\$250) dollars each, for the creation of a state permanent revenue fund, for the creation of a state permanent school fund, for the creation of a permanent revenue fund for the University of Montana, and for the benefit of scientific educational, benevolent and charitable work, subject, however, to all the provisions and limitations of this article.

Sec. 2. The state further agrees and covenants to hold in trust all such contributions (gifts, donations, grants, and legacies), to administer the same perpetually, and to apply the net earnings thereof as therein directed, subject, however, to the provisions and limitations of this act.

Sec. 3. The original amounts of all contributions for the state permanent revenue fund, for the state permanent school fund, and for the permanent

revenue fund for the University of Montana, shall be added to such funds respectively and become inseparable and inviolable parts thereof. Contributions for other objects may contain a provision to the effect that the net earnings thereof, or part of the net earnings, shall be added to the principal for a certain length of time, or until it has reached a certain amount, or until the happening of a certain event, but such contingent event shall not be more remote than permitted by the laws affecting perpetuities; but no contribution containing such provisions as to accumulation shall be accepted by the state until it has been approved by the supervisory board hereinafter constituted, which board shall have power to reject any such contribution that it may deem unwise.

Sec. 4. The state treasurer shall keep a permanent record of all such gifts, donations, grants and legacies, showing the names of the givers, the purpose of the contribution, and other essential facts relating thereto. A duplicate of this record shall be kept by the secretary of state. These records shall be preserved perpetually as a lasting memorial to the givers and their interest in society. The legislative assembly shall from time to time make provision for suitable publicity concerning these benefactors of their fellowmen.

Sec. 5. The same state board and officers that have charge of the investment and administration of the public school fund of the state shall have charge of the investment and administration of all the funds administered under this article. All these funds shall be invested as one common fund to be known and designated as the Montana trust and legacy fund. In case any contribution is in some other form than cash, such board shall convert it into cash as soon as practicable.

Sec. 6. All investments of these funds shall be safely and conservatively made. Preference shall be given to long term loans secured by first mortgages on town and city homes or on cultivated and producing farms in this state free from all prior liens and encumbrances, and also to Montana bonds issued for educational purposes. All such loans and bonds shall be payable on the amortization plan. No loan in which the security is a mortgage shall exceed fifty per cent of the actual cash value of the real estate given as security. No farm loan shall be for a longer period than forty years, and no loan secured on residence property shall be for a longer period than twenty years. No loan secured on town or city property shall be made until the particular town or city and subdivision thereof in which it is located has been accepted and approved by the state board, having charge of the investment, as permanently established, having an assured future and being in every way safe security for these investments. Investment may also be made in other safe interest bearing securities; provided, however, that no part of such funds shall ever be invested in obligations of the state of Montana, except general fund warrants which will be paid within one year from the time of the investment. No discrimination shall ever be shown for or against any loan applicant; provided, however, that in passing on a loan or investment, consideration shall be given, not only to the amplex of the security, but also the character and earning capacity of the applicant and to the purpose of the loan; and provided further that so long as the available funds are inadequate to meet the demand, preference shall be

given to the smaller loans. The rate of interest shall always be a reasonable rate, considering the character of the loan or investment, but different rates may be charged for different classes of loans and investments.

Sec. 7. It is the meaning and intention of this article that all investments of these funds shall be confined exclusively to safe loan investments, drawing a fixed rate of interest and being in aid of home making, farming and educational work, or otherwise conducive to the progress and well being of society. All long term investments shall be on the amortization plan. Further regulations and limitations concerning these investments shall be provided by law.

Sec. 8. Whenever the security given for a loan is liable to damage or destruction by fire, the insurance company accepting the risk shall be absolutely liable to the state for the full amount of the policy, and the policy itself shall specifically recite such full liability. The state may itself provide for insurance on any property constituting security for its loans.

Sec. 9. The legislative assembly may provide other and additional ways and means for beginning or increasing any of the funds created or authorized by this article.

Sec. 10. The state of Montana shall accept for investment and administration together with the aforesaid funds constituting the Montana trust and legacy fund, but as separable parts thereof, sinking funds, permanent funds, and cumulative funds belonging to the state and its political subdivisions, and also other funds designated by the legislative assembly, when requested to do so by the authorities having the care and custody of such funds. All such funds and the accrued interest, less the state compensation hereinafter fixed, shall be repaid when due. The provisions of this section shall not apply to the public school fund of the state, which school fund shall be administered separately as already prescribed by the constitution.

Sec. 11. The state shall be entitled to receive as compensation for the administration of all the funds administered under this act one twentieth (1/20) of all the interest collected thereon each year. On the last day of December of each year, the state treasurer shall transfer to the state general fund such one twentieth (1/20) of all the interest collected during the year, less all the losses ascertained during the year, which losses shall be deducted from the one twentieth constituting the compensation of the state. The balance of the interest collected shall be the net earnings and shall be credited pro rata to each and every fund constituting the Montana trust and legacy fund that was in the keeping of the state on January 1st of that year, based on the total thereof on that date, and shall be added to each fund, or held available for the beneficiaries as the case may be. Sums due beneficiaries shall be paid out during the ensuing month of January, as far as practicable.

Sec. 12. All the net earnings accruing to the state permanent revenue fund shall annually be added thereto until it has reached the sum of one hundred million dollars (\$100,000,000). Thereafter only one twentieth of the annual net earnings shall be added to the fund itself, and the remain-

ing nineteen twentieths of the net earnings shall be used for the general expenses of the state.

Sec. 13. All the net earnings accruing to the state permanent school fund shall annually be added thereto until it has reached the sum of five hundred million dollars (\$500,000,000). Thereafter only one twentieth of the annual net earning shall be added to the fund itself, and the remaining nineteen twentieths shall annually be apportioned to the school districts of the state on the basis of the aggregate actual school attendance in each district during the preceding school or calendar year by persons between the ages of six and eighteen years, and shall be used exclusively for educational purposes, subject to such regulations and limitations as may be prescribed by law.

Sec. 14. All the net earnings accruing to the permanent revenue fund for the university of Montana shall annually be added thereto until it has reached the sum of one hundred million dollars (\$100,000,000). Thereafter only one twentieth of the annual net earnings shall be added to the fund itself, and the remaining nineteen twentieths shall be apportioned to all the educational institutions then comprising the University of Montana, on the basis of the aggregate actual attendance in each institution during the preceding school or calendar year, and may be used for all purposes properly connected with the work of these institutions, subject, however, to such regulations and limitations as may be prescribed by law.

Sec. 15. Whenever the purpose for which a certain contribution was made has been accomplished, or can no longer be ascertained or followed, then the total amount of such fund shall be transferred to the state permanent school fund and become a permanent and inviolable part thereof. All contributions without a specified purpose shall be credited to the state permanent school fund.

Sec. 16. Should the time ever come when any of the three aforesaid permanent funds become so large that no further increase is necessary or desirable, then, in such case, the legislative assembly shall have power to provide for the use of all the net income from such fund for the purpose for which it was created, or it may use the one twentieth of the annual net income which was to be added to the fund itself for the creation of other permanent revenue funds, or for any other public purpose that it may deem wise; provided, however, that none of the foregoing provisions of this section shall apply to any of these funds until it has reached the specific amount fixed by this article.

Sec. 17. The justices of the supreme court of the state of Montana are hereby made and constituted a supervisory board over the entire administration of all the funds created or authorized by this article and the income therefrom. During January of each year, this board shall review the administration for the preceding year. It shall decide all uncertain or disputed points arising in the administration of the funds whenever requested to do so by a beneficiary, by a state official charged with some part of the administration of the fund, or any other interested party; and it may do so upon its own initiative. It shall be the duty of the supervisory board to do and perform all acts and things that it may

deem necessary in order to cause the board and officers having direct charge of these funds to administer the same carefully and wisely in full compliance with the provisions of this article and such further legislation as may be enacted relating thereto. The clerk of the supreme court shall be ex-officio clerk of this supervisory board.

Sec. 18. The legislative assembly shall from time to time enact such further legislation as it may deem necessary to carry into effect the provisions of this article.

Sections 1 to 18, inclusive, of article XXI were enacted by the legislative assembly as chapter 134, L. 1923, approved by the people at the election on November

4, 1924, and became a part of the constitution by proclamation of the governor December 9, 1924.

THE POWERS, DUTIES AND COMPENSATION OF MEMBERS, OFFICERS AND EMPLOYEES OF THE LEGISLATIVE ASSEMBLY.

73.1. Inventory of legislative property. On the last day of each session of the Montana state legislature, it shall be the duty of the sergeant-at-arms of the senate, the sergeant-at-arms of the house to make a complete inventory of all permanent furniture and fixtures belonging to

the legislative department of the state, together with all office furniture and fixtures and all other fixtures, codes and session laws, tools and office supplies of every description on hand at the close of the session belonging to the legislative department of the state, or which have been purchased and charged to the incidental expense appropriation.

Such inventory shall be made in quadruple, one copy to be filed with the purchasing agent, and one to be filed with the state treasurer, and one copy to be left on file in the sergeant-at-arms office of the state senate, and one in the office of the sergeant-at-arms of the house of representatives.

En. Sec. 1, Ch. 112, L. 1927.

78.2. Custody of property—Appraisal and sale. Upon the completion of the inventory and the adjournment of the legislature, all property listed therein shall be turned over to the custodian of the state capitol of the state, and he shall receipt to the sergeant-at-arms of the senate, and to the sergeant-at-arms of the house of representatives, in detail for the same, and it shall be his duty to carefully care for and preserve all of such property and shall deliver the same to the sergeant-at-arms of the senate, and the sergeant-at-arms of the house of representatives, at the convening of the next session of the Montana legislature; provided, however, that any of said property which might deteriorate in value by being kept shall be appraised by the said purchasing agent, and the said custodian may sell any articles so appraised for not less than such appraised value to any department of the state government, and all moneys received from articles so sold shall forthwith be paid over by said custodian to the state treasurer which shall be credited to the general fund of the state and against the expenses of the legislative department. In the event of the sales of any articles by virtue of this provision, the said custodian shall, in lieu of delivering the same to the respective sergeant-at-arms of the next session of the Montana legislature, deliver to them a list of the articles sold, together with a list of the prices received and receipts of the state treasurer therefor.

En. Sec. 2, Ch. 112, L. 1927.

78.3. Duty of purchasing agent. It shall be the duty of the purchasing agent to assist the custodian in the preservation and safekeeping of the property of the legislative department.

En. Sec. 3, Ch. 112, L. 1927.

78.4. Penalty for removing property. Any person, or persons, who wilfully takes, carries away from the legislative halls, defaces or attempts to take, carry away or deface any of the property listed in the inventory as herein provided or belonging to the legislative department shall be guilty of a misdemeanor and upon conviction thereof shall be fined in a sum of not less than fifty dollars (\$50), nor more than two hundred dollars (\$200).

sections for convenience in handling.

State ex rel. Bonner v. Dixon et al., 59
Mont. 58, 195 Pac. 841.

103. Certification and numbering of measures. The secretary of state, at the same time that he furnishes to the county clerk of the several counties certified copies of the names of the candidates for office, shall also furnish the said county clerks his certified copy of the titles and numbers of the various measures to be voted upon at the ensuing general or special election, and he shall use for each measure a title designated for that purpose by the legislative assembly, committee, or organization presenting and filing with him the act, or petition for the initiative or the referendum, or in the petition or act; provided, that such title shall in no case exceed one hundred words, and shall not resemble any such title previously filed for any measure to be submitted at that election which shall be descriptive of said measure, and he shall number such measures. All measures shall be numbered with consecutive numbers beginning with the number immediately following that on the last measure filed in the office of the secretary of state. The affirmative and negative of each measure shall bear the same number, and no two measures shall be numbered alike. It shall be the duty of the several county clerks to print said titles and numbers on the official ballot prescribed by section 678 of the Revised Codes of Montana 1921, in the numerical order in which the measures have been certified to them by the secretary of state. Measures proposed by the

initiative shall be designated and distinguished from measures proposed by the legislative assembly by the heading "Proposed Petition for Initiative."

All constitutional amendments submitted to the qualified electors of the state shall likewise be placed upon the official ballot prescribed by said section 678 and no such amendment shall hereafter be submitted on a separate ballot. Nothing herein contained shall be deemed to change the existing laws of the state regulating in other respects the manner of submitting such proposed amendments.

Amd. Sec. 1, Ch. 52, L. 1927.

In initiating a measure under the power reserved to the people by section 1, article V, of the constitution, a substantial compliance with the legislative direction contained in the provisions of this and the following section is necessary. State ex rel. Bonner v. Dixon et al., 59 Mont. 58, 195 Pac. 841.

The provisions of this section have reference to the title as certified by the secretary of state to the county clerks and not to the title, as presented to him by the proponents of the measure. State ex rel. Bonner v. Dixon et al., 59 Mont. 58, 195 Pac. 841.

For text treatment of this subject see vol. 23 Cal. Jur. 676.

104. Manner of voting—Ballot.

In determining whether the title of an initiated measure as it appears upon the ballot contains more than ten words contrary to the provisions of this section, the words "For Initiative Measure No. ——" and "Against Initiative Measure No. ——" must be excluded from computation. State ex rel. Bonner v. Dixon et al., 59 Mont. 58, 195 Pac. 841.

The title to Initiative Measure No. 19 although containing twelve words was held good under this section in the absence of a showing that the electors were injured or deceived by the technical defect. State ex rel. Bonner v. Dixon et al., 59 Mont. 58, 195 Pac. 841.

105. Printing and distribution of measures. The secretary of state shall furnish a copy of each of the proposed measures to be submitted to the people to, and make requisition on, the state purchasing agent for the printing, and delivery to him of all proposed initiative and referendum measures to be submitted to a vote of the people.

The state purchasing agent, shall, not later than the first Monday of the third month next before any general or special election, at which any proposed law is to be submitted to the people, cause to be printed a true copy of the title and text of each measure to be submitted, with the number and form in which the question will be printed on a separate official ballot. It shall be the duty of the state purchasing agent to call for bids, and contract with the lowest responsible bidder for the printing of the proposed law to be submitted to the people.

The proposed law to be submitted shall be printed in news type, each page to be six inches wide by nine inches long, and when such proposed measure constitutes less than six pages, it shall be printed flat and forwarded to the county clerk and recorder of each of the several counties in that form.

When the proposed measure constitutes more than six pages said measure shall be printed in pamphlet form, securely stapled, without cover. No proposed measure, hereafter, to be submitted to the people of the state, as provided for in this section shall be bound. The quality of the paper to be used for the proposed measure shall be left to discretion of the state purchasing agent. The number of said proposed meas-

ures to be printed shall be five per cent (5%) more than the number of registered voters, as shown by the registration lists of the several counties of the state at the last preceding general election.

The secretary of state shall distribute to each county clerk before the second Monday in the third month next preceding such regular general election, a sufficient number of said pamphlet to furnish one copy to every voter in his county. And each county clerk shall be required to mail to each registered voter in each of the several counties in the state at least one copy of the same within thirty (30) days from the date of his receipt of the same from the secretary of state. The mailing of said pamphlet to electors shall be a part of the official duty of the county clerk of each of the several counties, and his official compensation shall be full compensation for this additional service.

Amd. Sec. 1, Ch. 137, L. 1927.

The question whether sufficient time is allowed by this section for filing arguments in opposition to a proposed initiative measure is one addressed to the legislative department rather than to the judiciary. *State ex rel. Bonner v. Dixon et al.*, 59 Mont. 58, 195 Pac. 841.

Under this section the time for placing with the secretary of state for publication in opposition to an initiative measure runs from the date of the completion of the filing of the petitions for its submission and not from the date of the governor's proclamation. *State ex rel. Bonner v. Dixon et al.*, 59 Mont. 58, 195 Pac. 841.

CHAPTER 10.

THE SECRETARY OF STATE.

145. Fees of secretary of state.

This section, imposing upon the secretary of state the duty to collect a fee for filing a certificate of increase of the capital stock of a foreign corporation doing an intrastate business, only a small portion of which stock is represented by property owned and business transacted within the state, which fee is computed upon its entire capital stock as increased, was held invalid before amendment as

violative of the due process of law clause of the federal constitution. *General Electric Co. v. Stewart*, 60 Mont. 387, 199 Pac. 911.

This section, requiring the secretary of state to collect a graduated fee for the filing of certificates of incorporation and increase of capital stock, based upon the entire capital stock, was held invalid before amendment as to a foreign cor-

poration engaged both in interstate and intrastate business and only a portion of whose capital stock is represented by property owned and business done by it in this state, as in contravention of the commerce and due process of law clauses of the federal constitution. J. I. Case T. M. Co. v. Stewart, 60 Mont. 380, 199 Pac. 909.

145.1. Fees for filing articles of foreign corporations. That every foreign corporation required by law to file in the office of the secretary of state a certified copy of its charter or articles of incorporation shall pay to the secretary of state for the filing thereof as follows:

Upon the proportion of its authorized capital stock then or thereafter to be represented by its property and business in Montana at the rate of one dollar (\$1.00) per thousand dollars for the first one hundred thousand dollars; at the rate of eighty (80) cents per thousand dollars for any additional from one hundred thousand to two hundred fifty thousand dollars; at the rate of sixty (60) cents per thousand dollars for any additional from two hundred fifty thousand dollars to five hundred thousand dollars; at the rate of forty (40) cents per thousand dollars for any additional from five hundred thousand to one million dollars; and at the rate of twenty (20) cents per thousand dollars for any additional over one million dollars, provided, however, that no fee for filing shall be less than \$50.

En. Sec. 1, Ch. 95, L. 1925.

145.2. Report concerning capital stock. Every foreign corporation which is required by law to file in the office of the secretary of state a certified copy of its charter or articles of incorporation shall annually and between the first days of January and March of each year file in said office a report verified by the oath of its president, vice-president, or secretary, stating the proportion of its authorized capital stock represented in the state of Montana by its property located and business transacted therein during the preceding year.

En. Sec. 2, Ch. 95, L. 1925.

145.3. Computation of authorized capital stock employed in state. In determining the proportion of authorized capital stock employed in this state the same shall be computed by taking the gross business in dollars of the corporation in the state for the preceding year and adding the same to the full value in dollars of the property of the corporation located in the state and by taking the total gross business in dollars of the corporation, both within and without the state for the preceding year, and adding thereto the full value in dollars of the entire property of the corporation both within and without the state and by then dividing the total value in dollars of the business and property in the state by the total value in dollars of all the business and property of the corporation, the quotient thus obtained to be taken as the percentage of the authorized capital stock represented by the business and property within the state. The secretary of state may demand as a condition to the filing of such report a statement verified by the president, vice-president or secretary of such foreign corporation, showing in detail the informa-

tion required for the making of the calculation aforesaid, which statement when so demanded shall be attached to and filed with such report.

En. Sec. 3, Ch. 95, L. 1925.

145.4. Additional fee. Whenever such report shall show a greater proportion of the authorized capital stock of such foreign corporation represented by its property and business in Montana than that upon which the fee for filing was based, such foreign corporation at the time of filing such report, shall pay such additional fee as it would have been required to pay for filing if such fee had been calculated on the basis of the proportion of the authorized capital stock represented by its business and property in Montana as shown by such report.

En. Sec. 4, Ch. 95, L. 1925.

145.5. Stock of no par value, how estimated. If a foreign corporation has capital stock of no par value, its shares, for the purpose of estimating the amount of fees to be paid hereunder, shall be considered to be of the par value of \$50 per share.

En. Sec. 5, Ch. 95, L. 1925.

145.6. Penalty. If any foreign corporation shall fail to file such annual report, or to pay such additional fee or shall file a false report, it shall forfeit its right to do business in this state.

En. Sec. 6, Ch. 95, L. 1925.

145.7. Application act. The provisions of this act shall apply to all corporations which have entered Montana for the transaction of business subsequent to February 27, 1915.

Provided that

nothing herein contained shall be construed to authorize an increase of employees in said office.

182. Depositories of state funds — Securities — Interest — Reserve. The state depository board shall designate as depositories as many banks within the state as in its judgment are necessary for the safekeeping of the public moneys in the hands of the state treasurer, as hereinafter directed; provided, that all banks so designated shall undertake and agree, as a condition precedent to the deposit of any funds in such bank, that interest shall be paid upon the daily balances of all such deposits at a rate prescribed by the said board, which shall not be less than two and one-half per cent per annum, and all deposits shall be adequately and properly secured to the treasurer as herein specified. No deposits shall be made of state funds by such depository board, nor by the state treasurer under the direction of said board, unless such bank shall first have delivered to the state treasurer as security thereof bonds of the United States, or of the state of Montana, or county, school or municipal bonds, or registered warrants of the state of Montana or of counties of the state of Montana, in at least an amount equivalent to the amount of such deposit, or the bond of some good surety company authorized to do business in the state of Montana in at least the amount of such deposit,

which bonds, warrants, or security shall first be approved by the state depository board; provided, that the state depository board may require security in a greater amount than that above named. No deposit of said funds shall be made or permitted to remain in any bank unless such bank shall have first been designated as a depository by said state board, nor until the security for the deposit shall have first been deposited with the treasurer and been approved by the state depository board. In designating the depositories for state funds, the state depository board shall, as near as may be found practicable, make designation of depositories in the respective counties of the state, and cause to be deposited in them public funds proportionate to the amount of public revenue received from such counties by the state. All interest paid and collected on deposits shall be by the state treasurer credited to the general fund of the state. The state depository board shall have the power of directing the withdrawal by the state treasurer of all moneys from any bank for any reason. When moneys shall have been deposited, under the direction of said depository board, and in accordance with the law, the treasurer shall not be liable for loss on account of any such deposit occurring through damage by the elements, or for any other cause or reason occasioned through means other than his own neglect, fraud, or dishonorable conduct. It shall be the duty of the state treasurer to deposit funds in such bank, and in such amounts, as may be designated by the state depository board, and to withdraw such deposits when instructed so to do by the said board; provided, that the state treasurer shall at all times keep a cash reserve in state depositories provided for by this act, of at least fifteen per cent of all state funds, and no permanent investment shall be permitted which will in any manner impair said reserve. But such treasurer shall have the authority, either with or without the direction of said state board, to withdraw all of such deposits, or any part thereof, from time to time, to pay and discharge the legal obligations of the state duly presented to him in accordance with the law, except as above. Nothing herein shall be construed as limiting or impairing the right of the state board of land commissioners to invest public moneys in bonds or other securities as otherwise provided by law.

Amd. Sec. 1, Ch. 85, L. 1923.

This section, the state depository law, and sections 6071 and 6083, the former requiring state banks to make report of their condition to the superintendent of banks and the latter conferring upon him visitorial powers with the right to

examine their books, do not expressly or by implication waive the state's preference right over unsecured creditors of an insolvent bank to payment of its deposits. *State ex rel. Rankin v. Madison State Bank*, 68 Mont. 342, 218 Pac. 652.

350B. Tax delinquencies, when a bar — Crop lien. No owner of land who has more than one year's delinquent taxes on his land shall be allowed hail insurance under the provisions of this act, unless his application is accompanied by a cash payment for the amount that would be due on said application in the event of a maximum levy for that year. Provided, however, any grain grower unable to secure state hail insurance under the provisions of this act on account of delinquent taxes or for other reasons, may make application to the county assessor of his respective county and said county assessor is hereby authorized to receive and accept such applications where the applicant furnishes a sufficient crop lien subject only to a seed lien. Provided, that such crop lien shall be accepted only under such rules, regulations and requirements as may be prescribed by the state board of hail insurance and providing that the state board of hail insurance may cancel any hail insurance accepted in violation of said rules, regulations and requirements. Upon receipt of said application the county assessor shall make record thereof and shall file the original in the office of the clerk and recorder of said county.

En. Sec. 3, Ch. 40, L. 1923.

351. Tax levy—Limitation on amount—Lien—Board may establish rates. A tax is hereby authorized and directed to be levied on all lands in this state growing crops subject to injury or destruction by hail, the owners of which have elected to become subject to the provisions of this act. The state board of hail insurance shall annually estimate as near as may be possible, the amount required to pay all losses, interest on warrants and costs of administration, and shall recommend a levy to be made on each kind of land respectively, subject to the provisions of this act, to the state board of equalization; provided, however, that such tax shall not exceed in any one year the sum of one dollar (\$1) per acre on lands sown to grain crops, nor fifty cents (50c) per acre on lands sown to hay crops; and provided further, that if the tax required to pay the estimated losses, interest on warrants and costs of administration be less than fifty cents (50c) per acre on lands sown to grain crops, and a proportionate amount on lands sown to hay crops, the said board of hail insurance must recommend a tax levy sufficient to raise the full amount thereof. In addition to the lien created above on the land of the insured, the levy for such hail insurance shall also constitute a lien on the crops insured. Said lien shall be enforced in the same manner as provided in section 7 of this act, and all applications for hail insurance shall be in such form as to constitute the lien herein provided.

The said board of equalization is hereby empowered and it is made its duty to prescribe such levies annually to be made against lands growing crops subject to injury or destruction by hail which are subject to this act, in accordance with the recommendation of the state board of hail insurance. Such tax levies respectively shall be chargeable to the lands of each taxpayer who shall elect to become subject to this act and shall be extended on the tax roll and collected by the officers charged with such duties in the manner and form as are other property taxes and if not paid shall be a lien on the lands against which the same are levied as are other property taxes. Provided, however, that the lien as provided

above shall in no way affect mortgages that are of record at the time of the approval of this act. The lien of any mortgage filed subsequent to the passage and approval of this act shall be subsequent to any lien for hail insurance hereafter levied thereon. All applicants securing hail insurance on crop liens as heretofore provided shall be subject to the same charges per acre as provided herein to be made on land. Notice of such assessment shall be mailed to each person insured, by the county treasurer in the same manner as are all other notices of taxes due. Said assessment shall be payable at the office of the county treasurers of each respective county.

The state board of hail insurance may when they deem it advisable establish as many districts as it deems advisable and may maintain maximum rates in various parts of the state, which rates shall be commensurate with the risk incurred as nearly as they can determine from past experiences or from any records available. The highest of these rates shall be the same as the maximum established herein and the lowest shall not be less than fifty cents (50¢) per acre on lands sown to grain crops, and a proportionate amount on lands sown to hay crops. Notice of the various rates established for any year shall be plainly printed on the applications for hail insurance, and in any year when the requirements of the hail insurance law as herein provided do not require a levy of the maximum rates as established, then the rates for the year shall be determined and levied by the state board of hail insurance for each of the various districts as established, in such proportion as will in their judgment be fair and equitable.

Amd. Sec. 4, Ch. 40, L. 1923.

352. Levy to provide what—Reserve fund. In making the levy provided in the preceding section the state board of hail insurance shall provide for:

1. The payment of all expenses of administration, together with all interest owed or to be owing on registered warrants.
2. For that portion of the losses incurred during the current year which are not paid from funds drawn from the reserve fund.
3. For the maintenance of the reserve fund, a part or all of which may be used in any one year for the purpose of paying the costs of administration, interest on the warrants and losses as the same shall be settled and adjusted by the said board.

Whenever the losses together with the expenses and costs of administration in any one year shall amount to a less amount than the sum of seventy cents (70¢) per acre for every acre of grain insured and a proportionate amount on hay crops, the state board of hail insurance may levy such amount as they may consider proper and just for the purpose of providing a reserve fund, providing, however, that such levy when added to the amount necessary to pay costs of administration, interest and losses for the current year shall not exceed the sum of seventy cents (70¢) per acre on lands sown to grain crops and a proportionate amount on hay crops and provided further that in any one year there shall not be added to the reserve fund an amount greater than the sum of five per cent (5%) of the total risk for that particular year and provided further,

that the amount of said reserve fund shall not exceed the sum of one million dollars. The reserve fund hereby created shall be a continuous fund and the state board of hail insurance is hereby granted the power to draw from said fund such amounts as it may deem necessary for the purpose of paying costs of administration, interest and losses and provided further, that whenever in any one year the costs of administration, interest and losses shall be less than the sum of fifty cents (50¢) per acre on lands sown to grain crops and a proportionate amount on hay crops the state board of hail insurance shall not draw on the reserve fund for any purpose, unless the amount required for the payment of losses, interest on warrants and costs of administration shall exceed the amount of the estimate made by the state board of hail insurance.

Amd. Sec. 5, Ch. 40, L. 1923.

354. County treasurer to collect levies—Board to assist—Release of liens. The county treasurer in each county in the state shall collect all levies made under this act in the same manner as other property taxes are collected and shall keep all moneys collected by him for hail insurance in a separate fund to be known as the hail insurance fund and remit same to the state treasurer in the same manner as provided by law for the remittance of other moneys due to the state. All county treasurers shall use due diligence in making the collections of the levies provided herein. Also the state board may furnish assistance needed at any time in making collections or may take over the collection of any levy at any time, depositing any collections therefrom with the treasurer of the county where the levy therefor was made. Whenever the amount due on any hail insurance secured by a crop lien is paid the treasurer shall promptly endorse on the lien on file in the office of the county clerk and recorder the amount paid thereon with the date of payment and such endorsement shall be a satisfaction and release of such lien.

Amd. Sec. 6, Ch. 40, L. 1923.

354A. Failure to pay insurance—Levy on grain. If the person receiving hail insurance secured by a crop lien fails to pay said insurance to the county treasurer by January first of the year following the year in which the crop so insured is grown the county treasurer shall after the first day of January deliver to the sheriff of said county a full, true and correct copy of the lien on file in the office of the clerk and recorder and such sheriff must immediately demand from the person or persons signing such lien, payment of the amount due thereon, and if the same is not paid to the sheriff upon such demand being made, the sheriff must forthwith seize and sell in the manner provided by law for the sale of personal property under execution, a sufficient amount of grain belonging to such person to pay the amount due for hail insurance together with interest and costs and expenses of seizure and sale.

En. Sec. 7, Ch. 40, L. 1923.

355. Duty of state treasurer—Hail insurance funds. The state treasurer shall receive all moneys paid to him under this act and shall place same to the credit of a fund to be known as the state hail insurance fund and

may from time to time transfer to the hail insurance administrative fund such sums as the state board may deem necessary and proper to pay the expenses of administration together with such sums as may be needed to pay all the warrants registered against the hail insurance administrative fund, plus the accrued interest thereon, and shall pay out of such funds on warrants drawn by the state auditor by order of the state board of hail insurance. If such warrants be presented and there be no money in the said funds to pay the same, such warrants shall be registered and thereafter bear interest at the rate of four per cent per annum until called for payment by the state treasurer. All interest and earnings obtained by the state treasurer for such moneys shall be credited to the respective funds. If at any time more funds are in the administrative fund than the board estimates are needed for the purposes mentioned above, the state treasurer may on the order of the state board of hail insurance transfer such funds back to the hail insurance fund as the state board may direct.

Amd. Sec. 8, Ch. 40, L. 1923.

358. Report of losses. That all losses by hail to crops insured under this act shall be reported within three (3) days thereafter by the owner of such crops, his agent or attorney to the state board of hail insurance, who shall require the claimant to make a statement of the losses sustained, the cause thereof and such other information as the state board of hail insurance may require, on the forms to be provided for such purpose.

Amd. Sec. 9, Ch. 40, L. 1923.

360. Appeals—Appointment of appraisers—Judgment. In case the party that has sustained the loss is dissatisfied with and refuses to accept the adjustments made by the official appraisers then he shall have the right to appeal to the state board of hail insurance, provided however, he shall make such appeal by registered mail within four (4) days after such disagreement. In case the adjuster who makes the second appraisal fails to secure an agreement the claimant shall then appoint one disinterested person as appraiser, and the official appraiser shall appoint another person as appraiser, and the two shall select a third disinterested person, and the three shall then proceed to adjust the loss in the same manner as specified in section 359 and the judgment of the majority shall be the judgment of said appraisers and shall be binding upon both parties as the final determination of said loss; provided, however, that if the insured does not recover a greater sum than allowed by the official appraiser in the first instance, he shall pay the expenses of the said three appraisers and their witnesses in making said adjustment, but if he is awarded a larger sum then the same shall be paid by the state board of hail insurance out of the hail insurance fund.

If the insured shall be required to pay the expenses of such reappraisement as above provided, the state board of hail insurance is hereby authorized to deduct the amount of such expenses from the amount allowed said insured before making settlement for said loss.

Provided, also, that where any claimant demands arbitration he shall, if required by the board, furnish a cash bond to the state board of hail insurance in the sum of ten dollars, (\$10) which shall accompany his application. If there is not sufficient allowance made to any claimant after arbitration to cover the cost of arbitration without the use of the ten dollars, (\$10) forfeit, then the state board may use a part or all of said cash bond. Any forfeits so collected shall be placed promptly in the state hail insurance fund. In cases where the claimant secures an increase the bond shall be promptly returned to the claimant.

The state board of hail insurance shall examine all reports of appraisers and verify the same, and adjust all losses, and for such purposes may order hearings, subpoena witnesses, and conduct examinations and do all things necessary to secure a fair and impartial appraisal of losses by hail.

Amd. Sec. 10, Ch. 40, L. 1923.

361. Payment of losses—Borrowing money—Interest on warrants.

The state board of hail insurance shall, as soon as practicable after the loss has been sustained, arrange for the payment of the losses as follows: From the amount of the loss as adjusted for each claimant the state board of hail insurance shall deduct the amount the claimant then owes as delinquent hail insurance tax and the maximum amount assessed as hail insurance tax for the current year, and shall make settlement within forty (40) days from the time loss is sustained in the following manner: By paying, either by registered warrant or otherwise if funds are immediately available, fifty per cent of the total loss as agreed on, less, however, the maximum rate of the assessment; balance to be paid at the expiration of the hail season. The state board of hail insurance shall, on or before November first, order the state auditor to draw a warrant for the amount so deducted on the state hail insurance fund, which warrant shall be remitted to the county treasurer of the county in which the tax was assessed. The state board of hail insurance shall then order the state auditor to draw a warrant on the state hail insurance fund for the balance of the adjustment which warrant shall be sent to the claimant; provided, however, that in no case shall the payment for loss exceed ten dollars (\$10) per acre for grain crops, and five dollars (\$5) per share for hay crops; provided, further, that no claimant shall receive payment for any loss incurred where said loss does not exceed five per cent (5%) of the total value of the crop insured. Also if the losses in any year should exceed the current levy plus the reserve fund, if any, then the payment of all losses shall be prorated share and share alike among all grain growers having loss claims adjusted and approved. In any year the state board of hail insurance may by resolution authorize its chairman and secretary to borrow as needed from any person, bank or corporation such sum or sums of money as the state board may deem necessary to carry on the business of the department and for the purpose of paying all warrants as issued. For any moneys borrowed under the provisions of this act, the state board of hail insurance shall cause warrants to be drawn against the state hail insurance fund and said warrants shall bear interest at not to exceed six per cent (6%) per annum and said warrants

and the interest thereon shall be paid out of funds from the state hail insurance department as they are collected from the various counties in the state. The state board of hail insurance shall not at any time borrow a total sum greater than the amount of the levies as made for taxes for the current year, together with such delinquent taxes as remain unpaid on the books of the county treasurer. The state board of examiners is hereby empowered to invest surplus money belonging to any fund in the warrants of the hail insurance fund.

Amd. Sec. 11, Ch. 40, L. 1923.

363. Compensation of chairman—Duty of other officers. It shall be the duty of all public officers to perform the duties relative to hail insurance under this act, without other compensation than that allowed by law. The chairman of the state board of hail insurance shall receive a salary of two hundred dollars, (\$200) per month while actually engaged in service and actual traveling expenses, and all appointive officers under this act shall be paid their actual traveling expenses and shall be allowed such per diem as the state board of hail insurance may determine for each day of eight hours while actually engaged in service under this act, out of the hail insurance administrative fund.

The chairman of the state board of hail insurance shall each year submit a full financial report of the operations of the department to the governor of the state.

Amd. Sec. 12, Ch. 40, L. 1923.

363.1. Benefits exempt from execution. All money or benefits received from hail insurance shall be exempt from execution and shall not be liable to attachment nor to be seized, taken nor appropriated by any local process to pay any debt or liability of the insured unless the amount shall be assigned and then for no more than the amount of the claim intended to be secured by the assignment with lawful interest.

Leave of court as prerequisite to suit on bond, note, 2 A. L. R. 563.

484. Defects not to affect liability.

A depository of public funds is not an officer and a depository bond is not an official bond within the meaning of this section, providing that if there are any defects in the approval or filing thereof, etc., the bond shall not be void so as to discharge the officer or his sureties. *State ex rel. Urton v. American Bank & Trust Co.*, 75 Mont. 369, 243 Pac. 1093.

While the official bond of a constable is required by section 471, to be approved by the district judge before filing with the county recorder, where, though properly filed, it was not so approved, and the officer assumed office and per-

formed his duties during his entire term with the acquiescence of the surety, absence of approval by the judge will be held to have been a mere defect, which under this section does not render the bond void so as to discharge the surety from liability. *Stabler v. Adamson et al.*, 73 Mont. 490, 237 Pac. 483.

Invalidity of designation of officer or fiduciary as affecting liability on bond, note, 18 A. L. R. 274.

503. Application of chapter to what bonds.

Neither by adoption in 1909 of the Codes of 1907 nor by adoption of the Codes of 1921 by chapter 54, Laws of 1925, may the legislature be said to have intended to approve an amendment to section 1084 of the Codes of 1895 with relation to bonds of officers made in 1899 declaring the section applicable to all bonds required by law, which amendment was held invalid and by inadvertence of the Code commissioner included in the codification of 1907 as section 412,

and again included in the Codes of 1921 as section 503; hence a depositary bond, not being an official bond, was not affected by the attempted amendment thus erroneously carried forward into the codes. *State ex rel. Urton v. American Bank & Trust Co.*, 75 Mont. 369, 243 Pac. 1093.

CHAPTER 41.**RESIGNATIONS AND VACANCIES.****511. Vacancies, how they occur.**

The word "term" as used in this section applies to the office and not to the person holding it. *State ex rel. Morgan v. Knight*, 76 Mont. 71, 245 Pac. 267.

CHAPTER 45.**PUBLICATION OF QUESTIONS SUBMITTED TO POPULAR VOTE.**

537.1. Manner of publishing constitutional amendments. Whenever a proposed constitutional amendment or amendments, are submitted to the people of the state for popular vote the secretary of state shall cause the said proposed amendment or amendments to be published in full once a week in one newspaper in each county of the state if such there be, for three (3) months previous to the next general election for members to the legislative assembly. The cost of publication of said amendment, or amendments, shall be a proper charge against the state at the rate, as provided for in the statutes for state printing.

Such publication shall not be had in more than one paper in any one county of the state.

En. Sec. 1, Ch. 62, L. 1927.

CHAPTER 46.**QUALIFICATIONS AND PRIVILEGES OF ELECTORS.**

540.1. Qualification of voters on creation of public indebtedness. That from and after the passage and approval of this act, only such registered electors of the state, county, city, town, school district, or other municipal corporation, whose names appear upon the last preceding assessment-roll shall be entitled to vote upon any proposal to create or increase any indebtedness of state, county, city, town, school district or other municipal corporation, required by law to be submitted to a vote of the electors thereof.

En. Sec. 1, Ch. 98, L. 1923.

540.2. Preparation and posting lists of voters. The county clerk shall, immediately after the closing of the registration books of his county preceding such election, as provided by law, prepare lists of the registered electors of the county, city, town, school district, or other municipal corporation whose names appear upon the last preceding assessment-roll, and shall prepare poll-books therefor as provided by section 568, Revised Codes of Montana of 1921, and furnish copies thereof to the city, town, school district or municipal corporation in which such election is to be held for which he shall receive compensation as provided in section 571, Revised Codes of Montana of 1921. Whenever the election is upon a proposal to create or increase the debt of the state or of a county, the county clerk shall post lists of such electors as provided in section 567, Revised Codes of Montana of 1921. When the election is upon a proposal to create or increase the indebtedness of a city, town, school district or other municipal corporation, the county clerk shall deliver such lists to the clerk of the city, town, school district or other municipal corporation, holding such election, and it shall be his duty to post such lists in the manner provided in said section 567. Provided, however, that nothing in this act contained shall apply to or affect any such election called at the time of the passage and approval hereof.

En. Sec. 2, Ch. 98, L. 1923.

540.3. Validation of certain county bond issues. That all elections heretofore held authorizing the issuance of bonds of any county of the state of Montana to create or increase any indebtedness of such county where such election was not called upon a petition of twenty per cent of the qualified registered electors who are taxpayers upon property within said county and where the election was participated in, and the question was submitted to a vote of the electors rather than to the registered electors whose names appeared upon the last preceding assessment-roll as required by chapter 98 of the Laws of 1923, are hereby declared to be valid and legal and such bonds when issued and sold are hereby declared to be legal and binding obligations of such county issuing the same providing that the proposition to create or increase said indebtedness and to issue said bonds received a majority of all votes cast upon the proposition at the election when the proposition was voted upon, and provided further that all other requirements of law have been fully complied with.

En. Sec. 1, Ch. 56, L. 1927.

ELECTION PRECINCTS.

545. Establishment of election precincts.

Sections 545, 546, 548, 550 and 551 were cited in *Atkinson v. Roosevelt County et al.*, 71 Mont. 165, 181, 227 Pac. 811.

For text treatment of this subject see vol. 10 Cal. Jur. 41 et seq.

551. Proceedings where place not designated, etc.

Where a board of county canvassers refused to canvass election returns from a precinct on the ground that it appeared upon the face of the returns that

the election had not been held at the place designated by the board of county commissioners, and on application for writ of mandate to compel them to act nothing was shown affirmatively by pleadings or otherwise that the judges of election at the precinct had not pursued the statute, giving them authority to change the place of election upon two

days' notice if for any reason it cannot be held at the place appointed, it will be presumed that official duty was regularly performed by them and that they did change it, and the writ will issue commanding action. *State ex rel. Moore v. Patch et al.*, 65 Mont. 218, 211 Pac. 202.

552. Voting precinct, establishment at Indian agency.

An election held at an Indian trading post will not be declared invalid as in violation of this section, forbidding the establishing of a voting precinct at an Indian agency or trading post, the statute being directory merely, and it appearing that no person in the precinct

was deprived of his vote by reason of the election having been held there, that the election was honestly and fairly conducted, and that all electors believed their ballots had been legally cast. *Atkinson v. Roosevelt County et al.*, 71 Mont. 165, 227 Pac. 811.

576. Voter to sign precinct register books.

The failure of the election judges of a precinct to require the electors to sign the registry books before voting at a primary election was the fault of the

judges and not of the electors, and therefore, such votes were legal and properly counted. *Thompson v. Chapin*, 64 Mont. 376, 209 Pac. 1060.

CHAPTER 49.

JUDGES AND CLERKS OF ELECTION.

587. Judges of election—How appointed. The board of county commissioners of the several counties at the regular session next preceding a general election, must appoint five judges of election for each precinct in which the voters therein, by the last registration, were two hundred or more and three judges of election for each precinct in which such registration was less than two hundred.

Amd. Sec. 1, Ch. 43, L. 1923.

For text treatment of this subject see vol. 10 Cal. Jur. 43.

588. Number of judges to be appointed. The board of county commissioners, notwithstanding the registration, may appoint five judges of each precinct in which upon information obtained by them they have reason to believe contains two hundred voters or more and three judges

of election in precincts which upon information obtained by them, they have reason to believe was less than two hundred.

Amd. Sec. 2, Ch. 43, L. 1923.

CHAPTER 51.

NOMINATION OF CANDIDATES FOR SPECIAL ELECTIONS BY CONVENTION OR PRIMARY MEETING OR BY ELECTORS.

612. Convention or primary meeting defined.

Since the initiative primary law was not enacted to prevent nominations but to subject them to public regulation and control as far as possible and did not repeal this section so far as it relates to political parties coming into existence after the holding of the primary election, the said section was the only law

under which the Socialist party organized in September, 1922, could proceed to make its nominations. State ex rel. Mills v. Stewart, 64 Mont. 453, 210 Pac. 465.

Sections 612-615 were cited in State ex rel. Wheeler v. Stewart, 71 Mont. 358, 363, 230 Pac. 366.

615. Certificates of nomination otherwise made.

A candidate for presidential elector is a candidate for public office within the meaning of this section, and may therefore be nominated independently. State ex rel. Wheeler v. Stewart, 71 Mont. 358, 230 Pac. 366.

This section, providing that candidates for public office may be nominated other-

wise than by convention or primary meeting, to wit, by petition, is applicable to the nomination of independent candidates. State ex rel. Wheeler v. Stewart, 71 Mont. 358, 230 Pac. 366.

For text treatment of this subject see vol. 10 Cal. Jur. 69.

618. When certificate to be filed. Certificate of nomination to be filed with the secretary of state must be filed not more than sixty (60) days and not less than thirty (30) days before the date fixed by law for the election. Certificates of nomination herein directed to be filed with the county clerk must be filed not more than sixty (60) days and not less than thirty (30) days before the election; certificates of the nomination of candidates for municipal offices must be filed with the clerks of the respective municipal corporations not more than thirty (30) days and not less than ten days previous to the day of election; but the provisions of this section shall not be held to apply to nominations for special elections to fill vacancies.

Amd. Sec. 1, Ch. 64, L. 1925.

For text treatment of this subject see vol. 10 Cal. Jur. 70.

619. Certification names of nominees. Not less than twenty-five nor more than forty days before an election to fill any public office, the secretary of state must certify to the county clerk of each county within which any of the electors may by law vote for candidates for such office, the name and description of each person nominated, as specified in the certificates of nomination filed with the secretary of state.

Amd. Sec. 1, Ch. 58, L. 1925.

Cited in State ex rel. Wheeler v. Stewart, 71 Mont. 358, 363, 230 Pac. 366.

620. Declining of nominations. Whenever any person nominated for public office, as in this chapter provided, shall at least twenty days before election, except in the case of municipal election, in writing, signed by

him, notify the office [officer] with whom the certificate nominating him is by this chapter to be filed, that he declines such nomination, such nomination shall be void. In municipal elections, such declination shall be made at least five days before the election.

Amd. Sec. 1, Ch. 15, L. 1925.

CHAPTER 52.

PARTY NOMINATIONS BY DIRECT VOTE—THE DIRECT PRIMARY.

631. Construction of law.

Under the rule that where two statutes are enacted at the same time upon the same subject, they must be construed together and effect given to both if possible, held that the provisions of the Primary Law and the Corrupt Practices Act, in so far as they refer to election

contests, provide a complete and workable system, omitting section 30 of the Primary Law. *Wilkinson v. LaCombe*, 59 Mont. 518, 197 Pac. 836.

Cited in *Thompson v. Chapin*, 64 Mont. 376, 383, 209 Pac. 1060.

632. Date of primaries. On the third Tuesday of July preceding any general election (not including special elections to fill vacancies, municipal elections in towns and cities, irrigation district and school elections) at which public officers in this state and in any district or county are to be elected, a primary nominating election shall be held in accordance with this law in the several election precincts comprised within the territory for which such officers are to be elected at the ensuing election, which shall be known as the primary nominating election, for the purpose of choosing candidates by the political parties, subject to the provisions of this law, for senator in congress, and all other elective state, district and county officers, and delegates to any constitutional convention or conventions that may hereafter be called, who are to be chosen, at the ensuing election wholly by electors within this state, or any subdivision of this state, and also for choosing and electing county central committeemen by the several parties subject to the provisions of this law.

Amd. Sec. 1, Ch. 118, L. 1925; Amd. Sec. 1, Ch. 3, L. 1927.

Cited in *State ex rel. Mills v. Stewart*, 64 Mont. 453, 463, 210 Pac. 465.

639. Political party nominations made exclusively as herein provided. Every political party which has cast three per centum (3%) or more of the total vote cast for representative in congress at the next preceding general election in the county, district or state for which nominations are proposed to be made, shall nominate its candidates for public office in such county, district or state, under the provisions of this law, and not in any other manner; and it shall not be allowed to nominate any candidate in the manner provided by section 612 of this code. Every political party and its regularly nominated candidates, members, and officers, shall have the sole and exclusive right to the use of the party name and the whole thereof, and no candidate for office shall be permitted to use any word of the name of any other political party or organization than that of and by which he is nominated. No independent or nonpartisan candidate shall be permitted to use any word of the name of any existing political party

or organization in his candidacy. The names of candidates for public office nominated under the provisions of this law shall be printed on the official ballots for the ensuing election as the only candidates of the respective political parties for such public office in like manner as the names of the candidates nominated by other methods are required to be printed on such official ballots.

Any political party that did not cast three per centum (3%) or more of the total vote cast for representative in congress, as above, and any new political party about to be formed or organized, may make nominations for public office as provided in section 612 of this code.

Amd. Sec. 1, Ch. 7, L. 1927.

Assuming (but not deciding) that an existing political party may use the term "Independent" in its party name, such use cannot deprive another candidate from employing that term in designating the character of his candidacy for the same office, and the provision of this section, prohibiting an independent candidate from using any word of the

name of an existing political party has no application in such circumstances. (See special concurring opinion of Mr. Justice Holloway.) State ex rel. Wheeler v. Stewart, 71 Mont. 358, 230 Pac. 366.

Cited in State ex rel. Mills v. Stewart, 64 Mont. 453, 456, 210 Pac. 465.

640. Petitions for nomination to be filed. Any person who shall desire to become a candidate for nomination to any office under this law shall send by registered mail, or otherwise, to the secretary of state, county clerk, or city clerk, a petition for nomination, signed by himself, accompanied by the filing fee hereinafter provided for, and such petition shall be filed and shall be conclusive evidence for the purpose of this law that such elector is a candidate for the nomination by his party. All nominating petitions pertaining to congressional, state or district offices to be voted for in more than one county, and for judges of the district court shall be filed in the offices of the secretary of state; for county and district offices, to be voted for in one county only, and for township and precinct offices, shall be filed in the office of the county clerk; and for all city offices in the office of the city clerk.

The fees required to be paid for filing such petitions shall be as follows:

For any office with a salary attached of one thousand dollars (\$1,000) or less per annum, ten dollars (\$10); except candidates for the state senate and house of representatives shall be fifteen dollars (\$15).

For any office with a salary attached of more than one thousand dollars (\$1,000) per annum, one per cent (1%) of total amount of annual salary.

For the office of county commissioner in counties of the first class forty dollars (\$40); in counties of the second class, thirty-five dollars (\$35); in counties of the third class, thirty dollars (\$30); in counties of the fourth class, twenty-five dollars (\$25); in all other classes of counties ten dollars (\$10).

For the office the compensation of which consists of fees instead of a salary, five dollars (\$5).

For state, county and precinct committeeman, delegates to national conventions and presidential electors no fees shall be required to be paid.

Any person receiving the nomination by having his name written in on the primary ballot, and desiring to accept such nomination, shall file with the secretary of state, county clerk, or city clerk, a written declaration indicating his acceptance of said nomination within ten (10) days after the election at which he receives such nomination, and at the same time he shall pay to the officer with whom such declaration of acceptance is filed the fee above provided for filing a primary nominating petition for such office. No candidate receiving a nomination at a primary election as above provided shall have his name printed on the official ballot for the general election without complying with the provisions of this section.

Amd. Sec. 1, Ch. 133, L. 1923; Amd. Sec. 1, Ch. 125, L. 1927.

643. Qualification of petitioners.

Rep. Sec. 3, Ch. 133, L. 1923.

644. Time for filing petitions for nominations. All petitions for nomination under this act for offices to be filed by the state at large or by any district consisting of more than one county, and nominating peti-

tions for judges of district courts in districts consisting of a single county, shall be filed in the office of the secretary of state not less than forty days before the date of the primary nominating election; and for other offices to be voted for in only one county, or district or city, every such petition shall be filed with the county clerk or city clerk as the case may be, not less than thirty days before the date of the primary nominating election.

Immediately after the canvass of votes cast at a primary nominating election is completed, the county clerk, secretary of state or city clerk, as the case may be, shall enter in his book marked "Register of Nominations," the date of such entry, the name of each candidate nominated, the office for which he is nominated, and the name of the party making the nomination.

Amd. Sec. 2, Ch. 12, L. 1925.

*Amended Ch 67
L 1929*
651. Ballots, how arranged, printed and voted. At all primary elections there shall be a ballot made up of the several party tickets herein provided for, each of which shall be printed on a separate sheet of white paper, and all of which shall be the same size, and shall be securely fastened together at the top and folded, provided that there shall be as many separate tickets as there are parties entitled to participate in said primary election.

The names of all candidates shall be arranged alphabetically according to surnames, under the appropriate title of the respective officers, and under the proper party designation upon the party ticket, except as hereinafter provided. When three or more persons are candidates for nomination for the same office, it shall be the duty of the county clerk in each of the counties of the state to divide the ballot forms provided by the law for the county, into sets so as to provide a substantial rotation of the names of the respective candidates as follows: He shall divide the whole number of ballot forms for the county into sets equal in number to the greatest number of candidates for the nomination or election to any office, and he shall so arrange said sets that the names of the candidates shall, beginning with a form arranged in alphabetical order as provided herein, be rotated by removing one name from the top of the list for each nomination or office and placing said name or number at the bottom of the list for each successive set of ballot forms; provided, however, that no more than one of said sets shall be used in printing the ballots for use in any one precinct, and that all ballots furnished for use in any precinct shall be of one form and identical in every respect. If any elector write upon his ticket the name of any person who is a candidate for the same office upon some other ticket than that upon which his name is so written this ballot shall be counted for such person only as a candidate of the party upon whose ticket his name is written, and in no case shall be counted for such person as a candidate upon any other ticket. In case any person is nominated as provided in this act, upon more than one ticket, he shall within ten (10) days after such election file with the secretary of state, county clerk or city clerk, a written document indicating the party designation under which his name is to be printed on the official ballot for the general election, failing in which, his name shall be printed upon the party ticket for which his nominating petition shall have been first filed, and no candidate shall have his name printed on more than one ticket. The ballots with the indorsements shall be printed on white paper in substantially the forms of the Australian ballot, used in general

elections, except that the candidates of each party shall be printed on a separate ticket or sheet. After preparing his ballot the elector shall detach the same from the remaining tickets and fold it so that its face will be concealed and with official stamp thereon seen. The remaining tickets attached together shall be folded in like manner by the elector who shall thereupon, without leaving the polling place, vote the marked ballot forthwith, and deposit the remaining tickets in the separate ballot-box to be marked and designated as the blank ballot-box. Immediately after the canvass, the judges of election shall, without examination, destroy the tickets deposited in the blank ballot-box.

Amd. Sec. 1, Ch. 133, L. 1923; Amd. Sec. 1, Ch. 14, L. 1927.

652. Official and sample ballots—Preparation and number. There shall be printed and furnished for each election precinct a number of ballots equal to the number of voters registered in such voting precinct and entitled to vote at such primary nominating election.

If any political party shall desire sample ballots its political committee may order the same from the county clerk or city clerk who shall collect from such committee an amount sufficient to pay the costs of printing such sample ballots, and such sample ballots after being printed, shall, on the written order of the clerk, be delivered to the committee ordering the same, but no such sample ballot shall be printed except on the order of the county or city clerk. The sample ballots shall be duplicate impressions of the official ballots to be voted, but in no case shall they be white, nor shall said sample ballots have perforated stubs, nor shall they have the same margin either at the top or sides or bottom as the official ballots have, or nearer thereto than twelve points, and the names of the candidates on the tickets composing the same shall not be rotated as required for the official ballots, but shall be impressions of the tickets belonging to lot 1 of each party.

Amd. Sec. 1, Ch. 133, L. 1923.

662. County and city central committeemen, how elected. There shall be elected by each political party, subject to the provisions of this law, at said primary nominating election, a committeeman for each election precinct, who shall be a resident of such precinct. Any elector may be placed in nomination for committeeman of any precinct by a writing so stating, signed by such elector, and filed in the office of the county clerk within the time required in this act for the filing of petitions naming individuals as candidates for nomination at the regular biennial primary election. The names of the various candidates for precinct committeemen of each political party shall be printed on the ticket of the same in the same manner as other candidates and the voter shall express his choice among them in like manner as for such other candidates. The committeeman thus elected shall be the representative of his political party in and for such precinct in all ward or subdivision committees that may be formed. The committeemen elected in each precinct in each county shall constitute the county central committee of each of said respective political parties. Those committeemen who reside within the limits of any incorporated city or town shall constitute ex officio the city central committee of each of said respective political parties, and shall have the same power

and jurisdiction as to the business of their several parties in such city matters that the county committee has in county matters, save only the power to fill vacancies in said committee, which power is vested in the county central committee. Each committeeman shall hold such position for the term of two years from the date of the first meeting of said committee immediately following their election. In case of a vacancy happening on account of death, resignation, removal from the precinct, or otherwise, the remaining members of said county committee may select a committeeman to fill the vacancy and he shall be a resident of the precinct in which the vacancy occurred. Said county and city central committees shall have the power to make rules and regulations for the government of their respective political parties in each county and city, not inconsistent with any of the provisions of this law, and to elect the county members of the state central committee, and of the members of the congressional committee, and said committee shall have the same power to fill all vacancies and make rules in their jurisdiction that the county committees have to fill county vacancies and make rules. Said county and city central committees shall have the power to make nominations to fill vacancies occurring among the candidates of their respective parties nominated for city or county offices by the primary nominating election where such vacancy is caused by death or removal from the electoral district, or otherwise. Said committees shall meet and organize by electing a chairman and secretary within thirty days after the candidates of their respective political parties shall have been nominated. They may select managing or executive committees and authorize such sub-committees to exercise any and all powers conferred upon the county, city, state and congressional central committees respectively by this law.

Amd. Sec. 1, Ch. 98, L. 1927.

663. Selection of national committeeman and committeewoman. The state central committee of each political party in the state of Montana shall select one national committeeman and one national committeewoman. The chairman of the state central committee shall at once file with the national committee the names of the national committeeman and national committeewoman so selected, and it shall be the duty of the chairman of the delegation to the national convention of each political party to report to the national convention the names of the persons so selected to be the national committeeman and the national committeewoman of his political party for the state of Montana. Said committeeman and committeewoman shall represent said political party as members of the national committee of said party and shall be selected in each year in which a president and vice-president of the United States are elected, and such selection shall be made prior to the meeting of the national conventions of the respective political parties. The national committeeman and committeewoman shall hold office for a term of four years.

Rep. Referendum Measure No. 27; L. 1925, p. 488.

673. Election of delegates to national convention and nomination of presidential electors, how made.

This section, referring to party candidates for president and vice-president, does not provide for an exclusive method of nominating presidential electors, so

as to exclude their nomination as independents. State ex rel. Wheeler v. Stewart, 71 Mont. 358, 230 Pac. 366.

675. Campaign books, how prepared and allotted.

CHAPTER 53A.

NOMINATION OF PRESIDENTIAL ELECTORS AND DELEGATES TO NATIONAL CONVENTIONS.

673.1. Political party defined. The term political party as used in this act shall include any party conducted for political purposes, which now has or hereafter shall perfect a national organization.

En. Sec. 1, Ch. 126, L. 1927.

673.2. Nomination of presidential electors and delegates to national conventions. All political parties in Montana shall hereafter nominate their presidential electors and elect their delegates to national conventions in the manner provided by this act. It shall be the duty of each political party to select in each county in the state in such manner as is now provided by law, or by the rules of the party in case the law does not so provide, a precinct committeeman for each election precinct, a county chairman in each county and a state chairman.

En. Sec. 2, Ch. 126, L. 1927.

673.3. Holding of county convention. In each year when a president of the United States is to be chosen a county convention shall be held by each political party on the second Tuesday in May in each county in the state, composed of the county precinct committeemen of the party. The chairman of the county central committee shall call said county convention and, not less than ten days nor more than two weeks before the date of the convention, shall publish said call in a newspaper published at the county seat and shall mail a copy of the call to each precinct committeeman. In the event there is no county central committee in any county, the state central committee of the political party having no county central committee in said county shall appoint a county central committee therein and said county central committee shall have the

same powers and duties as county central committee selected as now provided by law.

En. Sec. 3, Ch. 126, L. 1927.

673.4. Presiding officer—Seating of members. The county chairman of the party shall preside at the county convention. No person other than a duly elected or appointed precinct committeeman shall be entitled to sit in said convention or participate in its proceedings. No proxy shall be recognized unless held by an elector of the precinct of the committeeman executing the same. In case of the absence of any precinct committeeman and his duly appointed proxy, the convention may fill the vacancy by appointing some qualified elector of the party, resident in the precinct, to represent such precinct in the convention.

En. Sec. 4, Ch. 126, L. 1927.

673.5. Organization of convention—Election of delegates. Said county convention shall organize by the appointment of a secretary, who, with the chairman of the meeting, shall issue and sign certificates of election to the delegates and alternates elected by the convention. The convention shall elect delegates and alternate delegates to attend the state convention, in a number equal to the total number of state senators and representatives elected from said county to the legislative assembly.

En. Sec. 5, Ch. 126, L. 1927.

673.6. State convention, when held. On the third Tuesday in May the delegates (or alternate delegates in case any elected delegates cannot attend) shall hold a state convention at the seat of government for the purpose of electing delegates and alternates to the national convention of the party, and presidential electors.

En. Sec. 6, Ch. 126, L. 1927.

673.7. State convention, how conducted. Said state convention shall be conducted in accordance with the party rules, subject, however, to the following requirements:

The chairman of the state central committee shall call the state convention and shall publish the call at least once in a newspaper published at the seat of the government. Said call shall be published not less than ten (10) days nor more than two (2) weeks before the date of the convention and a copy of the call shall be mailed to the county chairman in each county. The chairman of the state central committee shall preside over the convention and, together with a secretary chosen by the convention, shall sign certificates of election, which shall be delivered as credentials to the several persons elected by the convention as delegates to the national convention of said party, and certificates of nomination for presidential electors for said party which shall be filed with the secretary of state. Only regularly elected delegates or alternates shall be entitled to sit in said convention or participate in its proceedings and no proxies shall be recognized by the convention. In case of the absence of a member or members of the delegation elected from any county the delegates present for said county shall be entitled to cast a number of votes

equal to the number of delegates elected to the convention from said county.

En. Sec. 7, Ch. 126, L. 1927.

673.8. Expenses—Mileage of delegates. The entire expense of conducting the county and state conventions herein provided for shall be defrayed by the several political parties, except that each elected delegate or alternate who shall attend the state convention and participate therein shall receive the sum of five (5c) cents per mile for each mile actually traveled by him in going to and returning from said convention, said mileage to be computed by the shortest practicable route, and to be paid out of the general funds of the county in the same manner as other election expenses.

En. Sec. 8, Ch. 126, L. 1927.

CHAPTER 54.

BALLOTS, PREPARATION AND FORM.

687. Number of ballots to be provided for each precinct. The county clerk must provide for each election precinct in the county ten more than an equal number of ballots as there are electors registered in the precinct. If there is no registry in the precinct, the county clerk must provide ballots equal to the number of electors who voted at the last preceding election in the precinct, unless in the judgment of the county clerk a greater number be needed, but in no case to exceed one and one-half times as many as the number of registered voters in the precinct. He must keep a record in his office, showing the exact number of ballots that are delivered to the judges of each precinct. In municipal elections it is the duty of the city clerk to provide ballots as specified in this section.

Amd. Sec. 1, Ch. 16, L. 1925.

CHAPTER 55.

CONDUCTING ELECTIONS; THE POLLS, VOTING AND CHALLENGES.

700. Manner of voting.

Sections 700-703 were cited in Goodell v. Judith Basin County et al., 70 Mont. 222, 233, 224 Pac. 1110.

For text treatment of this subject see vol. 10 Cal. Jur. 94, 95.

703. Record that person has voted, how kept.

Under this section, the act of voting is not completed until the ballot is deposited in the ballot-box. Goodell v.

Judith Basin County et al., 70 Mont. 222, 224 Pac. 1110.

704. Marking precinct registry book when elector has voted—Procedure.

Applied with section 576 holding that the failure of election judges to require electors to sign the registry book before voting at a primary election, was the fault of the judges and not of the

electors, and that therefore such votes were legal and properly counted. Thompson v. Chapin, 64 Mont. 376, 209 Pac. 1060.

CHAPTER 56.

VOTING BY ABSENT ELECTORS.

715. Voting by elector when absent from place of residence.

The Absent Voters Law is a valid enactment and not open to the objection that in permitting a ballot to be delivered to the election officers by mail, it violates section 2 of article IX of the state constitution, the contention that the section, by providing that an elector shall have resided in the state one year immediately preceding the election "at

which he offers to vote," impliedly requires his personal presence at the polls, not being tenable. *Goodell v. Judith Basin County et al*, 70 Mont. 222, 224 Pac. 1110.

Absent voters laws, notes, 14 A. L. R. 1259; 19 A. L. R. 308; 35 A. L. R. 819.

717. Form of Application. Application for such ballots shall be made on a blank to be furnished by the county clerk of the county of which the applicant is an elector, or the city or town clerk, if it be municipal, general, special or primary election, and shall be in substantially the following form:

I,, a duly qualified elector of the precinct, in the county of and state of Montana, and am to the best of my knowledge and belief entitled to vote in such precinct in the next election, expecting to be absent from the said county on the day for holding such election, hereby make application for an official ballot to be voted by me at the said election.

County of } ss.

On this day of, personally appeared before me, who being first duly sworn, deposes and says that he is the person who signed the foregoing application, that he has read and knows contents of same and knows to his own knowledge the matters and things therein stated are true.

.....
.....

This application must be subscribed by the applicant and sworn to before some officer authorized to administer oaths, and the application shall not be deemed complete without his affidavit.

Amd. Sec. 1, Ch. 151, L. 1923.

718. Acceptance of application—Delivery of ballot. The voter making such application shall forward by mail or deliver in person the same to the county clerk of the county in which he is registered and it shall be the duty of the said county clerk to look up the applicant's registration card and compare the signature on the application for absent voter's ballot and the registration card and if convinced the person making the application for absent voter's ballot and the person who signed the original registration card is one and the same person, he shall accept the same in good faith and deliver the ballot as provided in section 719.

Amd. Sec. 2, Ch. 151, L. 1923.

This section of the Absent Voters Law requires the application for an absent voter's ballot to be accompanied by the affidavits of two registered electors of the precinct in which the absent voter resides identifying the applicant. In an election absent voters' ballots were counted although the application in each

instance was accompanied by the affidavit of only one resident elector of his precinct and by an affidavit of an elector residing in another precinct. Held, that it appearing that each of the voters was qualified and acted without fraudulent intent, the votes were properly counted. *Goodell v. Judith Basin County et al.*, 70 Mont. 222, 224 Pac. 1110.

721. Marking and swearing to ballot by elector. Such voter shall make and subscribe the said affidavit before an officer authorized by law to administer oaths, and who has an official seal, and may do so at any place in the state of Montana, or in any other state or territory of the United States, before any officer authorized by the laws of this state to take acknowledgments of instruments without the state, and such voter shall thereupon, in the presence of such officer and of no other person, mark such ballot or ballots, but in such manner that such officer cannot see the vote, and such ballot or ballots thereupon, in the presence of such officer, shall be folded by such voter so that each ballot shall be separate, and so as to conceal the vote, and shall be, in the presence of such officer, placed in such envelope securely sealed with mucilage and in addition thereto sealing wax in not less than two places thereon, the sealing wax to contain the impression of the official seal of the officer administering the oath. Said officer shall thereupon append his signature and official title and affix his seal at the end of said jurat and affidavit. Said envelope shall be mailed by such absent voter, postage prepaid, or delivered to the county or city or town clerk, as the case may be.

Amd. Sec. 3, Ch. 151, L. 1923.**722. Disposition of marked ballot upon receipt by clerk.**

Sections 722, 723 were cited in *Goodell v. Judith Basin County et al.*, 70 Mont. 222, 240, 224 Pac. 1110.

727. Envelopes containing ballots—Deposit in box and rejection of ballot.

Under the rule that failure of an election officer to discharge his duty properly does not disfranchise an elector who in casting his ballot complied with the law, omission of the county clerk, in transmitting absent voters' ballots to the judges of election, to inclose the applications for such ballots to enable comparison of the signatures on the ap-

plications and the envelopes containing the ballots, was not a reason for rejecting the ballots, and, after election, the requirement of this section, making it the duty of the judges of election to compare the signatures, will be deemed directory only. *Goodell v. Judith Basin County et al.*, 70 Mont. 222, 224 Pac. 1110.

964. **Apportionment of school moneys—Warrants.** The county superintendent shall apportion all school moneys to the school districts in accordance with the provisions of this title quarterly, and he may make apportionments at such other times as may be required or deemed necessary for the convenience of school officers. He shall certify to the several district clerks and county treasurer the amount so apportioned to the several districts, and the trustees shall draw their warrants on the county treasurer in favor of persons entitled to receive the same. Such warrants shall show for what purpose the money is required, and no such warrant shall be drawn unless there is money in the treasury to the credit of such district; provided, that school trustees shall have the authority to issue warrants in anticipation of school moneys which have been levied, but not collected, for the payment of current expenses of schools, but such warrants shall not be drawn in any amount in excess of the sum already levied; and provided, that where the electors of any school district have at a special election held between January 1, 1925, and July 1, 1925, approved a special levy in excess of ten mills for the purpose of covering necessary expenses in maintaining school for the remainder of the current school year of 1924 and 1925, and the result of such election has been certified to the board of county commissioners as provided for

966. Controversies.

In view of this section, providing for appeal to the county superintendent of schools from the decision of a school board and for an appeal to the state superintendent of schools from the decision of the county superintendent, a court will not assume jurisdiction of a controversy arising out of the determination by a school board of the question whether a pupil was or was not a resident of the particular district, until the remedy thus provided has been exhausted, unless the board has acted without or in excess of its jurisdiction. *Peterson v. School Board et al*, 73 Mont. 442, 236 Pac. 670.

In the absence of express provision in this section, as to who may appeal from the decision of a county superintendent of schools, any person beneficially interested may appeal, and that a taxpayer or a member of the board of school trustees of the district respecting which the decision was made is an interested party. *State ex rel. 971. Copies of census, to whom furnished. It shall be the duty of the county superintendent of schools to transmit within thirty days after he receives the school census from the district clerk, the duplicate copy of the census furnished by the clerk showing the name, sex, age, and the date of birth of each child under twenty-one years of age residing in the county, together with the names of the parents or guardians of such children, to the commissioner of the bureau of labor and industry. He shall also transmit to the superintendent of public instruction in the year 1927 a duplicate of his alphabetical card index of the school census on uniform blanks provided by the superintendent of public instruction, and every year thereafter cards for all new names shall be forwarded for insertion in the state file of the superintendent of public instruction, together with a list of eliminations of names from previous years. No county superintendent shall be paid his salary for the last two months of his official year until he presents to the county commissioners receipts from the commissioner of the bureau of labor and industry and from the superintendent of public instruction for such annual census reports and index of census list.

Amd. Sec. 3, Ch. 118, L. 1927.

971.1. Checking card lists. The superintendent of public instruction shall check for duplications the card indexes as submitted by the county superintendents. If duplications between counties are found, such duplications shall be reported by the superintendent of public instruction to the county superintendents of the counties in which the names are listed with instructions to the county superintendents to ascertain the actual place of residence of such families and to report findings. Failure of any county superintendent to report within fifteen days shall constitute authority for the superintendent of public instruction to remove the names in question from the list of that county.

En. Sec. 4, Ch. 118, L. 1927.

974. Duty to keep office open. The county superintendent of schools shall keep his office open every day when he is not engaged in the supervision of schools except holidays; provided that when he has a deputy or clerk, his office shall be kept open every day in month except holidays.

1001. Rearrangement of terms to prevent the election of a majority of the trustees.

In a school district of the third class the members of the board of trustees had been holding over for many years for failure to hold elections to choose their successors. An election was called and the board instead of pursuing the method of procedure under such circumstances prescribed by this section, i. e., selecting by lot one of its members to hold over for one year and one for two

years and providing for the election of the third for the term of three years, furnished ballots providing for the election of three trustees for terms of one, two and three years respectively. Held, that since there was only one trustee to be elected, the ballots furnished were so misleading as to render the election void. *Jersey et al. v. Peacock et al.*, 70 Mont. 46, 223 Pac. 903.

Necessity, sufficiency and effect of minutes or record of school board, note, 12 A. L. R. 235.

1010. Transportation of pupils, etc. That the trustees of any school district of the state of Montana, when they shall deem it for the best interest of all pupils residing in such district, may close their school and send pupils of the district to another district and for such purpose are hereby empowered to expend any moneys belonging to their district for the purpose of paying for the transportation of pupils from their district to such other district or districts and for the purpose of paying their tuition. Whenever the trustees of any school district in the state of Montana deem it for the best interest of such district and the pupils residing therein they may expend any moneys belonging to their district for the purpose of paying for the transportation of pupils from their homes to the public school or schools maintained in such district; provided, however, that in the letting of the contract for the transpor-

tation of more than five pupils on a single transportation route, the trustees of school districts shall advertise for bids for transportation of such pupils in one issue of the county paper having the largest circulation in such district at least fifteen days prior to the letting of contract, and in the event that there is no newspaper published in the county, then three notices calling for bids shall be posted in three separate and conspicuous places in the district and provided that the contract for such transportation shall be let to the lowest responsible bidder and suitable bond be furnished by contractor, and provided that the trustees of any district shall not, except where there is rail transportation or where it is necessary to transport pupils for special instruction from school to school, be allowed to expend any of the district's money for transportation of pupils who live nearer than two miles from the limits of an incorporated city in which the child attends school or nearer than two and a half miles from the school the child attends, unless any child resides on an established consolidated route, provided, however, that this limitation as to mileage shall not apply to districts of the first or second class. When they deem it for the best interest of such district and the pupils residing therein, that any of such pupils should be sent to a school in their own or some other district, they must expend any moneys belonging to their district for the purpose of either paying for the transportation of such pupils from their homes to the public school or schools of such district or for their board, rent, or tuition while actually attending such schools. Provided that if there are five pupils or less, then the county superintendent of schools and trustees shall determine before any contracts are entered upon, whether such provision of board, rent, transportation or tuition is justified by the circumstances and also what is a reasonable charge for board, rent, transportation or tuition in every case where such measures have been adopted. If, in the judgment of the county superintendent and trustees of said districts, there is any evidence of fraud in securing an allowance for board, transportation, house rent or tuition by reason of the applicant's having purposely changed his residence or otherwise having contrived to secure assistance, no district funds shall be allowed for any of the purposes above enumerated.

When a district is relieved of the necessity of supporting any school by the fact that all or a part of the children residing in the district are being provided with schooling in another district, it shall be the duty of the trustees in the district holding no school to assist in the support of the school which the children of their district are attending, in proportion to the relation the number of children from their district attending school in another district bears to the total number of children enrolled in the school in the other district. No district shall be entitled to share in the county apportionment if trustees refuse to comply with the above requirement when they are thus relieved of the necessity of providing any school.

1010.1. Appeal to state board of education. If any person shall be dissatisfied with any finding or determination of either the board of trustees or county superintendent of schools under the provisions of this

chapter relating to transportation, rent, tuition or board, such person may appeal from such finding or determination by written petition to the state board of education.

En. Sec. 2, Ch. 77, L. 1927.

1010.2. Effect of act. Nothing in this act shall be construed as repealing, abrogating or modifying section 1044 of the Revised Codes of Montana, 1921, as amended by chapter 178 of the Session Laws of the Nineteenth Legislative Assembly of 1925.

En. Sec. 3, Ch. 77, L. 1927.

1015. General powers of school boards. Every school board unless otherwise specially provided by law shall have power and it shall be its duty:

17. To determine what branches, if any, in addition to those required by law, shall be taught in any school in the district, subject to the approval of the county superintendent, in districts of the third class.

18. To visit every school in their district at least once in each term and to examine carefully into its management, conditions and needs. This clause applies to each of the trustees.

19. To provide separate privies or outhouses for the use of the sexes at all schoolhouses, where the same do not exist, and to see that the same are kept in good repair, and in clean condition. Such privies or outhouses must be located and built in such manner as to secure privacy. In all cases where there is no fence dividing the playgrounds of the sexes, the privies or outhouses herein named shall be separate and distinct buildings, and situated at least twenty feet apart, and to require that all teachers and janitors use due care in keeping all toilets in good repair and in clean condition and free from obscenity; provided that any trustee or trustees, teacher, janitor, or janitors, failing to comply with the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not exceeding one hundred dollars, or imprisoned in the county jail not exceeding ninety days, or both such fine and imprisonment in the discretion of the court.

1023. Limitation upon change of school districts. No school districts shall be created nor boundaries changed, between March 1st and July 1st of any calendar year.

Amd. Sec. 1, Ch. 18, L. 1923.

1024. New school districts—Procedure for creation. A new school district may be created out of portions of one or more existing school districts where the assessed valuation of property remaining in each district from which territory is taken is not reduced below seventy-five thousand dollars (\$75,000) and where the number of census children

between the ages of six and sixteen years is not reduced below ten. For the purpose of organizing a new school district out of one or more existing districts, a petition in writing shall be made to the county superintendent of schools signed by parents or guardians of at least ten census children between the ages of six and sixteen years, residing within the boundaries of the proposed new district, and residing at a greater distance than two miles from any schoolhouse owned by any one of such school districts in which a school is maintained. The petition shall describe the boundaries of the proposed new district and give the names of all children of school age residing therein at the date of the presenting of said petition. The petition shall also show the assessed valuation of the property within the proposed new district which must not be less than forty thousand dollars (\$40,000) as shown by the last completed assessment-roll. The county superintendent shall within five days from the receipt of such petition give notice of the hearing of said petition by posting or causing to be posted, a notice thereof at least ten days prior to the time appointed by him for consideration of said petition, in at least three of the most public places in the proposed new district and one on each schoolhouse door of each district affected by the proposed change, or if there be no schoolhouse, then in one of the most public places in each of said old districts; and shall on the day fixed in the notice proceed to hear said petition at the place designated in said notice, which must be either at the courthouse of the county or else at the schoolhouse in one of the school districts affected, unless a protest in writing signed by at least a majority of the school electors residing within such proposed school district shall be filed with the county superintendant of schools before or at the time fixed in the notice for the hearing of said petition, in which event the proposed school district shall not be created. If no such protest be filed, then the county superintendent, upon hearing the petition, shall within ten days from the date of such hearing, make an order establishing the new district and describe the boundaries thereof, or make an order denying such petition. An appeal may be taken to the board of county commissioners of the county, from either order made as aforesaid by three resident taxpayers of either the old or the new district who are dissatisfied with said order. Such appeal shall be taken within thirty days of the date of the order and upon the hearing of said matter by the board of county commissioners, a decision shall be rendered which shall be final. 1036.1. Joint school districts—Tax levies. The board of school trustees of each joint school district, at the time of certifying to the boards of county commissioners the amount of money needed by such joint school district, and which is to be raised by a special tax levy for the general fund of the joint school district, for bond sinking and interest funds, and for each other fund for which a special tax levy may be made, shall also deliver or transmit a copy of such certificate, or certificates, to the county superintendent of schools of each county in which any part of such joint school district is situated. The county superintendents of all such counties must, either by correspondence, meetings, or in some other manner, ascertain and determine the number of mills which should be levied in such joint school district for each fund for which a levy is to be made, and which must be the same for each fund throughout the entire joint district, but must not exceed the limits prescribed by law for such levies. The number of mills to be levied for each such fund shall be ascertained and determined by such county superintendents by dividing the amount of money so certified as being required or needed for each such fund by the assessed valuation of the joint school district for such year and by then changing the fraction or decimal resulting therefrom to

mills. After ascertaining and determining the number of mills which should be levied for each such fund, in the manner herein provided, all such county superintendents of schools shall make and sign a joint statement, addressed to the board of county commissioners of each county in which a part of the joint school district is situated, setting forth the number of mills which should be levied for each fund, as so ascertained and determined by such county superintendents, by the boards of county commissioners of such counties, and shall deliver or transmit one copy of such statement to each such board of county commissioners not later than the Saturday immediately preceding the second Monday in August.

En. Sec. 1, Ch. 105, L. 1925.

1036.2. Commissioners to fix tax levy. At the time of fixing the tax levies for county and school purposes the board of county commissioners of each county in which any part of the joint school district is situated, shall fix the tax levy for each fund for such joint school district at the number of mills for each such levy recommended by such superintendent of schools in such joint statement, it being the purpose of this act to require that every tax levy for each fund for a joint school district shall be uniform and at the same rate throughout the entire joint district for such fund.

En. Sec. 2, Ch. 105, L. 1925.

1037. Discontinuance as joint district.

Rep. Sec. 6, Ch. 115, L. 1927.

1037.1. Dissolution of joint school districts. A joint school district may be dissolved in the following manner:

Whenever the majority of the qualified electors residing in that portion of a joint district situated in one county presents a petition to the county superintendent of schools of the same county praying for a dissolution of the district and setting forth briefly the reason therefor, such county superintendent shall immediately give notice thereof to all other county superintendents of counties contributing territory to the joint district, and shall within twenty (20) days from the date of the receipt of such petition call an election and fix a date for the holding of same, and shall notify the clerk of the district to post three notices in the territory of each county composing the district. Notices must be posted in the most conspicuous places in the territory and must be posted at least fifteen days preceding the election. Such notices must specify the purpose and the date and hour when the polls will be open and the place at which the election will be held. Separate elections must be held in each portion of the district lying in different counties on the same date and hour and be conducted in the same manner as general school elections. Each county superintendent of schools must appoint three judges of election for the territory in his or her county and the result of the election must be certified by the judges to their respective county superintendents. The county superintendents shall meet within five days after the election and determine the total vote cast throughout the district. If a majority of all votes cast in the district are for dissolution, the district must be dis-

solved; or in the event that two-thirds ($\frac{2}{3}$) of the votes cast in the territory of any county favor dissolution the district may be dissolved as to such territory; provided both superintendents of the counties affected are agreed that such dissolution will not entail an undue hardship to either part of such joint district, and that there is no good and sufficient reason why such dissolution should not be made. In case of the failure of a two-thirds ($\frac{2}{3}$) majority in any portion of the district, as herein provided, or a failure of the majority of the entire district to vote for dissolution, the district shall not be dissolved and no election thereon can be held within three (3) years thereafter. If dissolution carries it shall take effect at the end of the current school year.

En. Sec. 1, Ch. 115, L. 1927.

1037.2. Existing districts valid when. Any school district heretofore created out of a joint district without the concurrent action of the various county superintendents and boards of county commissioners of the various counties having territory within the district, or where all the requirements of the statutes have not been fully complied with and such district has functioned for a period of two (2) years or more, is hereby declared to be a valid subsisting school district.

En. Sec. 2, Ch. 115, L. 1927.

1037.3. Disposal of property—Limitation of new districts. In case of the dissolution of any joint school district as herein provided the territory shall be immediately formed into a new district or attached to an existing district by the county superintendent of schools, provided that no new district shall be created where the assessed valuation is less than \$75,000 and where fewer than ten census children reside within the territory.

En. Sec. 3, Ch. 115, L. 1927.

1037.4. Indebtedness, how adjusted. Where a joint district has been dissolved as herein provided the various county superintendents shall meet and adjust the indebtedness and apportion the funds and property upon the following basis:

First. Indebtedness created on account of permanent school property acquired shall be divided after deducting all sinking funds in proportion to the value of school property situated in each portion of the district.

Second. Indebtedness incurred for current expenses of schools, whether represented by bonds or warrants, shall be apportioned upon the basis of the assessed valuation of the various portions of the district as determined by the last completed assessment preceding the election, after deducting from warrant indebtedness all moneys in the general fund of the district.

Third. District funds remaining to the credit of the district in the various counties shall be apportioned on the basis of the census children of the district as shown by the last school census.

En. Sec. 4, Ch. 115, L. 1927.

1037.5. Copies of adjustment—Change of boundaries. Each county superintendent shall furnish the county treasurer of his or her county

with a copy of the adjustment as agreed upon by them and the county treasurer shall make any remittances necessary to carry out the adjustment. Where a change in boundary lines has affected inter-county property subject to assessment by the state board of equalization, the county superintendent of schools shall also notify the state board of equalization of such change of boundaries.

En. Sec. 5, Ch. 115, L. 1927.

1038. Joint school districts on division by creation of new county.

This section, relating to the creation of joint school districts, is invalid as special legislation upon a subject covered by a general statute (sec. 1035), in that it operates only upon existing districts divided by the creation of new counties under the New Counties Act and excludes from its operation all exist-

ing districts which may have been or may be divided by the creation of new counties by direct legislative acts. State ex rel. Redman v. Meyers, 65 Mont. 124, 210 Pac. 1064.

CHAPTER 80.

RURAL SCHOOL DISTRICTS.

1040. Definition of terms. The following terms shall be construed to mean:

The "rural school district" shall mean the territory obtained by the uniting of all third class districts and parts of first or second class districts as may petition to become a part of the "rural school district."

"Subdivision" shall mean one of the four parts into which the "rural school district" is divided for purposes of election of trustees.

"Subdistrict" shall mean the local third class district as constituted by chapter 76 of the session laws of the thirteenth legislative assembly, which is section 1021 of the Revised Codes of Montana, 1921.

Amd. Sec. 1, Ch. 178, L. 1925.

1041. Formation of rural school districts in any county of Montana which shall accept the provisions of this act. All school districts and parts of school districts of the third class and minor portions of any district of the first and second class which may petition to withdraw from the first or second class district as herein provided, shall for the purpose set forth in this act, from and after the first day of July, 1925, together constitute a single district to be known as the "rural school district" of the county in which it is situated. Such rural district shall be a unit for the purpose of taxation and such other purposes as are hereinafter provided, and shall be divided into subdivisions for the selection of trustees and consist of subdistricts for the purpose of local management, local control, and custody of property. The boundaries of the subdivisions shall be determined by the board of county commissioners who shall divide that portion of the county to be included in the rural school district of the county, into four parts which shall be known as subdivisions, each having as near as may be one-fourth of the total area of the rural school district, and making the boundaries of those parts coincide with the boundaries of the subdistricts. All portions of first and second class districts, which become a part of the rural school district as herein provided, shall be

attached to adjacent subdistricts in the manner provided by law. Boundaries of subdivisions may be altered by county commissioners at a later date in case county division or other cause may unduly reduce or increase the size of a subdivision or subdivisions.

A majority of the school electors of rural sections of first and second class districts residing not nearer than six miles to the largest school in such first and second class districts may present a petition in writing to the board of county commissioners asking for transfer from the first or second class district to the rural school district, which petition shall describe the boundaries of the territory proposed to be transferred and the number of children affected by such transfer. Upon receipt of such petition the county commissioners shall call a meeting for the purpose of considering such petition and shall notify all parties interested including the board of trustees of the first or second class district by posting or causing to be posted at least ten days prior to the date of such meeting in at least three of the most public places in the proposed territory to be transferred and in three of the most public places in the remaining portion of the old district notices stating the time, place and purpose of such meeting of the board of county commissioners, which meeting of the board of county commissioners shall be not less than twenty days from the date of the receipt by the board of such petition. The board of county commissioners at such special meeting shall approve or deny the said petition and shall enter their approval or denial upon the records of the county within ten days from the date of such meeting. In case the petition is granted, such territory transferred may be made a part of adjacent subdistricts or created a subdistrict of the rural school district.

Amd. Sec. 2, Ch. 178, L. 1925.

1042. Petition for adoption—Election—Membership of board. Any county in the state may adopt the county unit system for rural schools provided in the succeeding sections of this act, on the conditions hereinafter prescribed as follows:

Whenever, between the first day of December of any year and the first day of April of the following year, twenty per cent of the registered electors residing in the third class school districts of any county shall petition the board of county commissioners requesting that the county unit system for rural schools be established in such county, the county commissioners shall call an election to be held in all third class districts of the county, within ninety days, and in any event not later than the tenth day of May following. The county commissioners shall appoint precinct judges and clerks, and the election shall be conducted in accordance with the general election law of the state, and the judges and clerks of such election shall serve without compensation. The place of election in each precinct shall be the established polling place in each precinct. All registered electors residing in the proposed rural school district and whose names appear upon the registration books of the county upon the day of calling such election, shall be entitled to vote upon such election. The polling books of any precinct shall not contain the names of any registered electors residing in any district of the first and second class. The county clerk shall give twenty days' notice of such election by publi-

cation in the official paper of the county that the question of adopting the county unit system for rural schools will be submitted to the qualified electors in all third class districts of the county at the time designated. It shall not be necessary to give notice of closing of registration books of the county in elections held pursuant to the provisions of this act. But the registration books of the county for such election shall automatically close upon the day of calling such election. The qualified electors of the proposed rural school district shall vote by ballot for or against the adoption of the county unit system for rural schools. An elector desiring to vote for such adoption shall do so by marking (X) on his ballot before the phrase, "For the rural school district"; an elector desiring to vote against such adoption shall do so by marking (X) on his ballot before the phrase, "Against the rural school district."

After the election the ballots shall be counted and the votes canvassed and returns shall be made to the county clerk in the manner prescribed in the general election laws. If a majority of the votes cast at the election is in favor of the county unit, the board of county commissioners shall make and enter an order creating such rural school district and establish the boundaries of each subdivision, and this act shall become effective in so far as the county is concerned.

If a majority of the votes cast at such election is against organization of the rural school district, another election upon the question of organizing a rural school district cannot be held until after the expiration of two years.

As soon as the board of county commissioners has for the first time established the boundaries of the subdivisions as hereinbefore provided, the said board of county commissioners shall thereupon appoint one elector from among the residents of each of the four subdivisions of the rural school district of the county. Of these four trustees so appointed two shall serve until the first regular school election after their appointment, one until the second regular school election after his appointment, and one until the third regular election after his appointment, the terms of trustees so appointed to be determined by lot.

The chairman of the board of county commissioners, the county superintendent of schools and the county treasurer shall be ex-officio members of the board. No ex-officio member of the board may serve as chairman, nor may such member receive any further remuneration for his services than his regular salary for the other duties of his office. The county superintendent of school shall be ex-officio secretary of the board and it shall be his duty to enforce rules, regulations and orders of the board.

In any county in which a rural school district is in operation at the time of the passage of this act the county commissioners shall, at least twenty days previous to the first ensuing school election, redistrict the county into four subdivisions for purposes of election of trustees from the rural school district as heretofore provided. In case the term of one trustee of the rural school district is expiring in 1925 at the next ensuing election no trustee shall be elected as his successor. In case the terms of two trustees of the rural school district of such county are expiring in 1925 it shall be determined by lot which one of the two members shall

continue on the board. On the third Saturday of April in such county the chairman of the board of county commissioners, the county superintendent of schools and the county treasurer shall become ex-officio members of the board of the rural school district as heretofore provided in this section.

Amd. Sec. 1, Ch. 68, L. 1923; Amd. Sec. 3, Ch. 178, L. 1925.

1043. Qualifications and election of trustees—Petitions for nomination and election. The elected trustees shall be electors of the subdivision of the rural school district of the county in which they are to serve. Except as hereinbefore provided such trustees shall be elected at the annual school election and shall serve for three years and until their successors are elected or appointed and qualify.

On or before fifteen days prior to the annual school election, there may be filed with the secretary of the board of trustees of the rural school district, petitions signed by at least twenty-five qualified electors of each subdivision of the rural school district in which the term of a trustee is about to expire, nominating candidates for trustees to be voted for at the ensuing election, and if any trustees are to be elected to complete unexpired terms, as hereinafter provided, such petition shall state whether the persons nominated therein are nominated for such unexpired terms or for full terms of three years. The board of trustees shall cause the names of all candidates for trustees of the rural school district to be printed and sent to the clerk in each subdistrict of the part in which a trustee is to be elected, to be posted at each polling place at least five days preceding the election. The election of school trustees shall be held and conducted under the supervision of the trustees of the local subdistrict, who shall not less than fifteen days before the annual election post notices in three public places in their subdistricts, which notices must specify the time and place of election and hours during which the polls will be open. The local trustees must appoint, by an order entered in their records, three qualified electors of said subdistricts to act as judges at said election, and the local clerk shall notify them by mail of their appointment. If the judges are not present at the time of opening the polls, the electors present may appoint judges, and the judges so appointed shall designate one of their number to act as clerk. The voting must be by ballot without reference to the general election laws in regard to nominations, forms of ballot, or manner of voting, and the polls shall be open for such time as the board of trustees may order; provided that such polls must be open between two P. M. and six P. M. It shall be the duty of the judges of the election to canvass the votes cast in their respective subdistricts for trustees, and make returns of the same to the county clerk in the manner and form as may be prescribed by the general election law of the state in so far as the same may be applicable to school elections. The returns shall be canvassed and the result declared by the county commissioners and certificates of election issued by the county clerk in the same manner as may be prescribed by the general election laws of the state in so far as the same may be applicable thereto; provided that in the election of said board of trustees the votes cast in each of the four subdivisions of the rural school district, shall be canvassed

separately and the candidates receiving the largest number of votes in any one subdivision shall be elected as the trustee for such subdivision; provided, further, that no one shall be eligible as trustee who is not at the time of his election or appointment a bona fide resident and elector of the subdivision of the rural school district for which he is elected.

Persons elected or appointed as trustees shall qualify by taking an oath to perform their duties according to law. Their oaths may be administered by the county superintendent or any other officer authorized by law to administer oaths, and must be filed with the clerk of the board of trustees within fifteen days after the election or appointment. The board of county commissioners shall appoint trustees to fill vacancies in the board of rural school district trustees; provided, that such appointment is confirmed by the majority of the remaining members of such board. Trustees so appointed shall serve till the next regular school election, at which election successors shall be elected to serve for the unexpired balance of the term, if any.

Amd. Sec. 2, Ch. 68, L. 1923; Amd. Sec. 4, Ch. 178, L. 1925.

1044. Powers and duties of trustees—Budget—Taxes. The board of trustees of every rural school district shall have only the powers and shall perform only the duties enumerated in this act. The board of trustees of each subdistrict of the rural school district shall have all the powers and perform all the duties imposed upon trustees of school districts according to the provisions of chapter 76 of the session laws of the thirteenth legislative assembly and acts amendatory thereof and supplementary thereto, except, as modified by the terms of this act.

The board of trustees of each subdistrict of the rural school district shall not later than the last day of May prepare and certify to the board of trustees of the rural school district, a budget containing an estimate of all of the different items of expenditures for operation and maintenance to be incurred by such subdistricts for the ensuing school year. Such budget shall explain in detail the several items of estimated expenditures, together with an explanation of the necessity therefor. Such budget shall also be accompanied by a full and complete report of the school facilities of the subdistrict and of the educational opportunities afforded to each child in such subdistrict. Any board of trustees of a subdistrict making expenditures in excess of their budget shall have deducted from their budget for the ensuing year the amount of such excess expenditure, unless the county board of trustees authorized such expenditure from its emergency fund.

For high school expenses in excess of the revenues derived from the high school levy of the county and for any extraordinary expenditure or expenditures for any purpose other than operation and maintenance of elementary schools to be incurred by a subdistrict, not included in the budget for such subdistrict, as adopted by the board of trustees of the rural school district, the board of trustees of such subdistrict may cause to be levied upon the property in the subdistrict a special tax pursuant to the provisions of section 1203 of the Revised Codes of Montana 1921.

The board of trustees of the rural school district shall on the first Monday in June, examine the budgets certified to it by the trustees of

the several subdistricts, and from such budgets shall prepare a complete budget for the rural school district, which shall provide for the furnishing of reasonable educational facilities to every child in the rural school district, including the payment of board or rent, or both, and transportation of children from isolated sections, in cases where the same is more expedient than maintaining a school in such isolated sections; all interest on all outstanding bonds issued by such rural school district or the payment of which has been assumed by such district, and so much of the principal of any such bonds as is to become due during the ensuing school year and also including any other reasonable item of expenditure not herein enumerated, and necessary for carrying out the provisions of this act. Such budget shall contain the detailed estimated expenditures of each subdistrict. Patrons shall have the right to appeal to the board of trustees of the rural school district in case provision of educational opportunities of children have been neglected or overlooked by the trustees of the subdistrict, and the decision of the trustees of the rural school district shall be final.

The board of trustees of every rural school district is hereby authorized to include in the budget for any year as a separate item an amount not in excess of a one-half mill levy to provide for the following general purposes affecting the entire rural school district or for any of them: The supervision of the health of students, employment of a truant officer, provision for new students in any local district who may have come into said district after the adoption of the budget for said district and not provided for in said budget. They shall also be authorized to provide a levy not in excess of one mill in any one year for establishing a building fund for the erection of portable or other school buildings, barns, dormitories or teacherages when the same are deemed necessary by the board of trustees of the rural school district and to make provision of necessary building facilities for isolated and special cases. Whenever such extra levies are made the board of trustees of the rural school district shall specify the purposes for which same are to be used and make the expenditures for said purposes as set out in said budget.

The board of trustees of the rural school district shall on or before the second Monday in June in each year certify to the board of county commissioners the total amount of money required in excess of the state and county apportionments to be raised by taxation for the rural school district pursuant to the budget adopted by the board, and the board of county commissioners shall cause to be levied at the time of the levy of taxes for state and county purposes, a sufficient levy upon all of the taxable property within the rural school district to raise the amount of money so certified by the board of trustees of the rural school district, after allowing a deduction of ten per cent on account of delinquencies. The board of trustees of the rural school district shall at its regular meeting held on the second Thursday in December, apportion to the several subdistricts their proportionate part of the taxes then collected, such proportionate part to be determined in accordance with the budget as above mentioned. They may at this meeting make such adjustments in the budgets as may seem necessary because of new conditions arising since the budgets were allowed.

Any warrant issued by any subdistrict board, except for salaries, shall be countersigned by the secretary of the board of trustees of the rural school district. Said secretary is authorized to countersign only such warrants as are drawn in payment of expenses approved by the board of trustees of the rural school district in the budget of the subdistrict. Hereafter all warrants issued by subdistricts shall carry the notation "This warrant not valid, except for salaries, unless countersigned by secretary of board of trustees of the rural school district."

The board of trustees of the rural school district is authorized to close schools with an enrollment of fewer than five pupils, if in the judgment of said board, such children can be cared for more economically and in a satisfactory manner in another school. Said board shall also be empowered to place text-books and equipment of schools closed in other communities where such materials are needed, provided that such text-books, and equipment shall be replaced or new materials shall be provided in their stead at such time as it may become desirable to reopen said school.

The faith of the rural school district is solemnly pledged for the payment of the interest and the redemption of the principal of the bonds which at the time when this act takes effect have been issued or assumed by the rural school district. And for the purpose of enforcing the provisions of this chapter, the rural school district shall be a body corporate, which may sue and be sued by or in the name of the board of school trustees of such district.

The board of trustees of the rural school district shall be authorized to establish a salary schedule based upon teaching experience, training and certification of teachers and to determine transportation rates and allowances for board and house rent.

Amd. Sec. 3, Ch. 68, L. 1923; Amd. Sec. 5, Ch. 178, L. 1925.

1045. Sinking fund of third class districts. All sinking funds on hand as a surplus or credit to the various third class districts in any county prior to and on July 1st of the year in which the provisions of this act shall be accepted in such county shall remain as the sinking funds of the several subdistricts and in no event may they be used for any other purpose than as the sinking fund of the subdistrict. All moneys to the credit of the general or special funds of subdistricts prior to and on July 1st of the year in which the provisions of this act shall be accepted shall remain to credit of such general or special funds of subdistricts and shall serve to reduce the levies of such subdistricts the first year as many mills as would be required to procure by special levy on the subdistrict the amount of money on hand to the credit of the subdistrict, unless such funds are required for meeting contracts already entered into when the rural school district begins to operate.

All of the existing indebtedness of the various third class districts in any county prior to and on July 1st of such year, whether for maintenance or bonded indebtedness, or otherwise, shall remain the indebtedness

of and be paid by the subdistricts, such payments being made from a sub-district special levy for that purpose.

Amd. Sec. 4, Ch. 68, L. 1923; Amd. Sec. 6, Ch. 178, L. 1925.

1047. Meetings of board—Election officers—Compensation—Forfeiture of office. The regular annual meeting of the board of trustees of the rural school district shall be held on the first Thursday in July. At this meeting new members elected shall take office; a president shall be elected for the ensuing year by the board from among its own membership; and the executive officers of the board shall make their annual reports. Another regular meeting shall be held on the second Thursday in December and special meetings may be called by the president, or by three other members of the board. Each member of the board of trustees of the rural school district shall be paid from the general fund of the county his necessary traveling expenses in attending regular meetings, but not to exceed four special meetings, and an honorarium of seventy-five dollars per year. Failure to attend two regular meetings in succession, unless excused on account of sickness shall work a forfeiture of the office.

Amd. Sec. 5, Ch. 68, L. 1923.

1048. Dissolution of rural school districts—Procedure to effect. A rural school district organized under the provisions of this act may be dissolved after the expiration of four years from the date of its organization, in the following manner, to wit:

Whenever, between the first day of January and the first day of March in any year after four full school years have expired twenty per cent of the registered electors in a rural school district shall petition the board of trustees of the rural school district requesting the dissolution of such school district, the board of trustees of the rural school district shall submit such petitions to the county clerk, and the county commissioners shall call an election which shall be held in all third class districts of the county and conducted in the manner prescribed for the adoption of the rural school district as set forth in section 1 of this act. If a majority of votes cast at such election shall be in favor of the dissolution of the rural school district, the board of county commissioners shall make an order to that effect and on and after July 1st the rural school district shall be dissolved and the several subdistricts shall thereupon become school districts of the third class.

If the election for the dissolution of such school district should fail to carry, another election upon the question of dissolution of such school district may not be held until after the expiration of two years.

The board of county commissioners shall distribute funds of the rural school district and apportion the indebtedness of the rural school district in the following manner. Each school district (formerly a subdistrict) shall thereupon become the owner of all the property of the rural school district located within its boundaries. The county commissioners shall apportion to each school district that portion of the funds of the rural school district other than sinking funds, which is in proportion to the number of school census children within the school district. Provided that

in the counties where the rural school district was organized prior to the passage of this act the county commissioners of the county shall continue to levy the taxes upon all the property located within the territory which formerly constituted the rural school district, until the interest and the principal of all bonds issued by the rural school district shall have been paid in full.

CHAPTER 81.

CLERKS OF SCHOOL DISTRICTS.

1051. School census, how taken and reported. The clerk of the school district shall make annually between the fifteenth day of September and the fifteenth day of October of each year an exact census of all children and youths between the ages of six and twenty-one years residing in the district. The term "residing" as used in this section shall be defined in such a way as to include (1) children residing with their parents or guardians in such district, (2) children temporarily residing outside of such district for the purpose of attending any district school or county high schools or other public institution of learning or any benevolent or private institution, providing that parents of resident children of any district must be residing in the district on the first day of October and provided further that the resident children themselves must have been actual residents of the district immediately previous to such outside residence. The term "residing" is further defined in such a way as to exclude (1) children temporarily visiting in or passing thru such district, (2) children who have never actually resided within the district, even tho their parents or guardians shall reside within the district, (3) children who are residing within the district for the purpose of attending any district school or county high school or other public institution of learning or any private or benevolent institution of learning who shall be listed in the school district where their parents reside, (4) all children who may properly be included in the census of some other district. He shall take specifically and separately a census of all children under the age of six years in the manner aforesaid. The census of the clerk shall be made in alphabetical form upon blanks to be furnished by the county superintendent of schools and shall show the following facts:

1. The full name of all children less than twenty-one years of age and residing in the district on the first day of October. Such names shall be given by families under the name of the parents or guardian.

2. The Christian and surnames of both parents or guardian including initials of all middle names together with the place of residence of said parents or guardian specified by street and number if living in city or town, or if living in any other than a city or town the postoffice address of such parents or guardian must be given. The year, month, and day on which each child was born and the age in years counting the first day of October and sex.

3. Such other facts as the superintendent of public instruction may require.

He shall make under oath two full reports on blanks furnished for the purpose to the county superintendent of schools within fifteen days after the completion of the census and a copy of said report shall be delivered to the school trustees. Failure to make such report as specified, or the inclusion in such report of names of children which are fictitious or names of children which [who] are not residents of the district shall constitute a misdemeanor and shall be punishable by a fine of not less than ten dollars (\$10) nor more than fifty dollars (50). For taking the census the district clerk shall be paid by the board of trustees from the county school money to the credit of the district in the same manner as other contingent expenses are paid at a rate not exceeding ten cents for each child's name returned by him. The clerk shall not be paid for taking the census until after the list has been checked by the county superintendent, as hereinafter provided, and the correct number of children reported to the school trustees. He shall receive such other compensation for other services as may be allowed by the board of trustees. In case any district clerk shall fail to take the census as provided in this act or shall fail to take a proper and accurate census at the proper time and if thru such neglect the district fails to receive its apportionment of school money, such school clerk shall be individually liable to the district for the full amount so lost and it may be recovered on a suit by any citizen of such district in the name and for the benefit of such district.

Amd. Sec. 1, Ch. 118, L. 1927.

The "exact census" of all school children of school age within a given school district which the clerk thereof is required by this section, to make contemplates a precisely accurate one, to wit, one in which only children resident in the district may be included. State ex rel. Johnson v. Kassing, 74 Mont. 25, 238 Pac. 582.

Since the residence of a minor of school age committed to the State Vocational School is where the father or mother resides (Rev. Codes, sec. 33, subd. 4), inmates thereof sent thereto

from the various counties of the state are not resident in the school district in which that institution is located, within the meaning of this section, and therefore mandamus does not lie to compel its superintendent to furnish a list of them to the clerk of that district for school census purposes. 1051.1. Examination census by superintendent — Correction of list.

It shall be the duty of the county superintendent of schools upon receipt of the report as provided in section 1 of this act to carefully examine the same and check it for errors or duplications with other census reports filed by other clerks of school districts of his county. For the purpose of assisting him in checking duplication in such reports, he shall make an alphabetical card index, classified by families, showing the names of all children on the school census, which index shall be prepared in duplicate and a copy thereof forwarded to the superintendent of public instruction as provided hereafter. If the name of the same person be found upon more than one report or if the report contains names which are fictitious or names which properly belong in some other school district, he shall strike out such fictitious names and all duplicate names from all lists except that of the district in which such person was residing in good faith on the first day of October. If the county superintendent should find upon

any census list the names of any persons who he believes were not residents in good faith in such district as aforesaid or which he believes are fictitious, he shall notify the clerk of the particular school district and if said clerk shall not establish the correctness of the list within fifteen days after such notification, such names shall be stricken from the list. At the time of taking the annual census the clerk shall use reasonable diligence to ascertain the number of blind and deaf mute persons residing in the district between the ages of five and twenty-one years with the names and post-office addresses of each.

1088. Examinations and certificates—Certificate of qualification required of teachers. 1. No certificate to teach in the public schools of Montana shall be granted to any person who is not a citizen of the United States or who has not declared his intention of becoming a citizen of the United States; provided that, when such certificate to teach in the public schools in the state shall be issued to any person who shall not within seven years become a citizen, such certificate shall be automatically revoked and such person shall be ineligible to receive a certificate until he becomes a full citizen.

2. No person is eligible to teach in any public school in this state, or to receive a certificate to teach, who has not attained the age of eighteen years and who has not secured a health certificate from a reputable physician.

3. No person shall be accounted a qualified teacher within the meaning of the school law who has not first secured from the state board of educational examiners a certificate setting forth his qualifications; or who has not secured a temporary certificate from the state board of educational examiners; or who has not a certificate indorsed by the county superintendent of schools; or who has not a state certificate or a life certificate issued by the state board of education or the state board of educational examiners; or who has not a temporary state certificate issued by the state superintendent; or who does not hold a certificate from the State Normal College; or who has not a university certificate of qualification to teach.

4. All certificates before they shall be valid in any county must be registered in the office of the county superintendent of schools of such county within ten days after the term of service of any teacher begins. Not more than ten days' salary shall be paid any teacher for services rendered previous to the registration of such certificate.

1089. The state board of educational examiners. 1. There is hereby created a state board of educational examiners whose duty it shall be to provide rules and regulations for the issuance of all teachers' certificates. Such rules and regulations shall be subject to the approval of the state board of education. The state board of educational examiners shall prepare the questions for teachers' examinations, provide the necessary assistance and oversee the marking and grading of papers.

2. This board of educational examiners shall be composed of the superintendent of public instruction, who shall be ex-officio chairman of the board, one member from the faculty of one of the component institutions of the University of Montana, one county superintendent of schools, one high school principal, and one district superintendent, all four to be elected by the state board of education upon the nomination of the superintendent of public instruction at the April meeting of the board.

3. All appointments shall be for two years except two of the first appointments, which two shall be for one year. All vacancies shall be filled for the unexpired term. The members shall serve without pay except for necessary expenses and any bills incurred by them must be paid out of the moneys received as fees for certificates.

Amd. Sec. 8, Ch. 131, L. 1923.

1090. County board of educational examiners.

1. *How constituted.* In each county there shall be a board of county examiners composed of the county superintendent of schools who shall be ex-officio chairman of the board, and two competent persons recommended by the county superintendent, appointed by the board of county commissioners, who at any time of their appointment shall be residents of the county and shall have been actively engaged in teaching for a period of at least eighteen months. Two members of this board shall constitute a quorum for the transaction of business. If vacancies occur in these positions during the terms for which their incumbents were appointed, their successors shall be appointed to serve during unexpired terms only. Upon the expiration of the regular term of either of these examiners his successor shall be appointed to serve for two years.

2. *Qualifications.* Such examiners at the time of their appointment, must be holders of Montana professional county certificates, or state certificates, or life certificates or diplomas from the State University, State Normal College, or State College of Agriculture and Mechanic Arts, or holders of diplomas as graduates from some reputable university, college, or normal school other than those of Montana. These examiners shall qualify for their positions in the same form and manner required for the qualification of all county superintendents.

3. *Duties.* The duties of these two examiners shall be to act jointly and equally with the county superintendent in the matter of conducting the examination of teachers when requested so to do by the county superintendent. The board of examiners shall also conduct all eighth grade examinations in their respective counties when requested to do so by the state board of education under their rules and regulations; and it shall be empowered to grant eighth grade diplomas or common school certificates to all examinees successfully passing such examinations.

4. *Compensation.* The compensation of these examiners shall be their actual traveling expenses from their residences to and from the county seat or other point in the county where the examinations are held, and such further compensation per diem as the board of county commissioners may deem just and sufficient for their services, basing such compensation

upon the actual quantity of work performed by them and the actual time required to perform it. Such claims shall have the approval of the county superintendent of schools.

Amd. Sec. 8, Ch. 131, L. 1923.

1091. Teachers' examinations. 1. The county board of educational examiners shall hold public examinations of all persons over eighteen years of age offering themselves as candidates for certificates to teach at the county seat, on the first Thursday and Friday of May and October of each year, and, when necessary, such examinations may be continued on the following day, at which time the board shall examine such candidates by a series of written or printed questions, according to the rules prescribed by the state board of educational examiners. The questions prepared by the state board of educational examiners, when received by the county superintendent, shall not be opened or the seal thereof broken until the day of examination and then in the presence of the applicants. And the county superintendent is prohibited from furnishing or giving to any person or persons any information concerning the questions prepared by the state board of educational examiners. Upon the completion of the examination, all papers written by the several applicants, together with statements covering such points in the candidates' preparation and experience as the state board of educational examiners may require and personal information or recommendations by the county board of educational examiners, shall be forwarded at once to the state board of educational examiners for grading.

2. If the attendance upon any examination of teachers at the county seat shall work a great hardship on any teacher in the county, the county superintendent, upon the approval of the state superintendent, may provide for such teachers to take the examination at some convenient place, and the county superintendent may appoint some suitable person to conduct such examination, under the rules and regulations prescribed by the state board of educational examiners.

3. *Grading of papers.* If the percentage of correct answers is not less than seventy per cent in any one branch with a general average of eighty per cent, and other evidence disclosed by the examination including particularly the state board's knowledge and information of the candidate's scholarship and successful experience, indicates that the applicant is a person of good moral character and possesses ability to manage, and fitness to teach in the public schools of the states the various branches required by law, said state board shall grant to such applicant a certificate of qualification.

Amd. Sec. 8, Ch. 131, L. 1923.

1092. Certificates—Kinds.

1. *Second grade.* To secure a second grade certificate no experience is required. Applicants for this grade must present evidence of good moral character and physical health and shall pass an examination in the following branches, or such additional branches as may hereafter be prescribed by the state board of educational examiners with the approval of

the state board of education; reading, writing, arithmetic, spelling, grammar, geography, physiology and hygiene, United States history, civics (state and federal), agriculture, and methods of teaching. Beginning September 1, 1924 the following subjects shall be added, school management and American literature, including literature for children in elementary schools. This certificate shall be valid for a period of twenty-four months and on being indorsed and registered in the office of the county superintendent, shall be valid in any county in the state.

This certificate shall be issued for a period of four years and shall be valid in any county on being indorsed and registered in the office of the county superintendent of schools. After September 1, 1924, the initial issuance of professional certificates shall be discontinued. The provisions of this section shall not affect the renewability of certificates already in effect on September 1, 1924.

4. *Permits.* The state board of educational examiners may grant a permit to teach until the next regular examination to any person applying at any other time than at a regular examination, and who has previously held a valid certificate to teach, or who has had training beyond high school graduation or who meets the minimum academic and professional prerequisites in effect when application is made, but such permit shall not be granted more than once to any person; provided, (1) that when it is impossible because of sickness or other valid reasons for such teacher to attend the next regular examination, such teacher shall certify the facts to the state board of educational examiners, together with the approval of the county superintendent of schools, and this board may issue a second permit valid until the next regular examination; provided, (2)

that the state board of educational examiners shall be authorized to provide special examinations for persons who do not or cannot take the regular examinations for the reasons stated above in which case the duration of the permit may be extended only until the time of said special examination, for which examination an extra fee of one dollar above the regular fee shall be paid into the state teachers' certificate fund.

5. *Temporary certificates.* When a teacher shows special fitness to teach and passes at the examination seventy per cent or above in all subjects but fails to make an average of eighty per cent, or secures an average of eighty per cent for all branches but fails to make seventy per cent in one or two branches, such teacher may, at the discretion of the state board of educational examiners, be issued a temporary certificate to teach until the next regular examination; and at such examination no teacher shall be required to be examined in any branch in which he has obtained a grade of eighty per cent in the aforementioned examination. Such temporary certificates shall not be issued to any teacher more than once.

6. *State certificates—How obtained.*

(a) *By examination.* A state certificate may be issued for a period of six years by the state board of educational examiners to any person of good moral character who has held for one year and still holds a Montana professional certificate in full force and effect, or a first grade certificate newly issued after September 1, 1924, or renewed thereafter, (provided the holder of the renewed first grade certificate writes upon and passes examination upon the additional subjects prescribed for first grade certificates after that date), when such person has passed a satisfactory examination under the direction of the state board of educational examiners, in English literature, history of education, and modern history, and has furnished satisfactory evidence of having taught successfully for thirty-five months.

(b) *By indorsement.*

(1) *State certificates issued by other states.* A state certificate may be issued in accordance with regulations established by the state board of educational examiners and approved by the state board of education to the holder of a state certificate issued by another state; provided, that such regulations shall not authorize the issuance of a state certificate to any person whose character, professional qualifications and experience are not at least substantially equivalent to those prescribed by this act for the issuance of a state certificate by examination.

(2) *Recognition of certificates issued by component institutions of University of Montana.* A diploma of the Montana State Normal College or of any normal school that may hereafter be established under the control of the state board of education, or a University of Montana certificate of qualification to teach when accompanied by a diploma either of the Montana State University or of the Montana State College of Agriculture and Mechanic Arts, shall constitute a state certificate good for six years after date; provided, that the rules of the faculties of the State University and of the State College of Agriculture and Mechanic Arts for the issuance of the University of Montana certificate of qualification to teach, as approved by the chancellor of the University of Montana, shall be submitted to the state board of

education for its sanction. A list of graduates receiving such certificates shall be filed in the office of superintendent of public instruction by the chancellor of the University of Montana within thirty days of issuance of said certificates.

(3) *Diplomas from other institutions.* A state certificate may be issued by the state board of educational examiners to a graduate of any other college, university, or normal school within or without the state in accordance with regulations established by said board and approved by the state board of education; provided, that such regulations shall not authorize the issuance of a state certificate to a graduate of any institution whose requirements for graduation are not substantially the full equivalent of those of the corresponding institution of the University of Montana; nor shall said certificate be granted to any such graduate whose preparation in professional courses is not equivalent to those required for the issuance of a state certificate from the corresponding institution of the University of Montana.

7. *Life certificates—How obtained.*

(a) *By examination.* A life certificate by examination may be issued by the state board of educational examiners upon the same conditions as a state certificate, except that, in addition, the applicant must pass satisfactory examinations and tests under such supervision and upon such additional subjects as may be prescribed by the state board of educational examiners with the approval of the state board of education, and must furnish satisfactory evidence of having taught successfully for seventy months providing: that an applicant who already holds an unexpired Montana state certificate obtained by examination shall be exempt from the examinations in the subjects required for state certificates.

(b) *By indorsement.* The state board of educational examiners may require, as a prerequisite for the granting of any life certificate by indorsement, evidence of the accomplishment of a minimum amount of reading circle work or other substantial improvement while in the service prior to the issuance thereof. Life certificates may be obtained by indorsement in the following ways:

(1) *Life certificates issued by other states.* A life certificate may be issued in accordance with regulations established by the state board of educational examiners and approved by the state board of education to the holder of a life certificate issued by another state; provided, that such regulations shall not authorize the issuance of a life certificate to any person whose character, professional qualifications, and experience are not at least substantially equivalent to those prescribed by this act for the issuance of a life certificate by examination.

(2) *Degrees and certificates of the University of Montana.* Any person holding a degree and certificate from the Montana State University or from the Montana State College of Agriculture and Mechanic Arts, and any graduate and holder of a certificate from the Montana State Normal College or from any normal school that may hereafter be established under the control of the state board of education, extending two or three years beyond the secondary school, shall be entitled to a life certificate

on presenting to the state board of educational examiners satisfactory evidence of having taught successfully in the state for twenty-seven months after graduation and during the life of said certificate.

(3) *Diplomas from other institutions.* A life certificate may be issued by the state board of educational examiners to a graduate of any other college, university, or normal school within or without the state in accordance with regulations established by the state board of educational examiners and approved by the state board of education, provided that such regulations shall not authorize the issuance of a life certificate to a graduate of any institution whose requirements for graduation are not substantially the full equivalent of those of the corresponding institution of the University of Montana, nor to anyone whose preparation in professional courses is not substantially equivalent to the certificate requirements of the corresponding institution of the University of Montana; and provided, further, that such regulations shall not authorize the issuance of a life certificate to any person who does not present satisfactory evidence of having taught successfully for at least as long a time after graduation as is required by law for the issuance of life certificates to graduates of the several institutions of the University of Montana.

8. *Temporary state certificate.* The state superintendent may grant a temporary state certificate, at any time to any teacher whose experience, qualifications and credentials, in his opinion, entitle such a teacher to either a state or life certificate in Montana. Such temporary state certificate shall be good and valid in any county in the state for a period of one year; provided, however, that the holder of such certificate shall have it duly registered in the office of the county superintendent of schools of the county in which he is employed to teach before he begins teaching, and provided, also, that such teacher shall pay the sum of three dollars (\$3) into the state teachers' certificate fund.

9. *Special certificates.* Upon the request of any board of school district trustees or its representatives or any county superintendent of schools, the superintendent of public instruction in accordance with regulations established by the state board of educational examiners, may grant without examination, a special certificate valid only in the district requesting the same, in music, art, public speaking, physical education, penmanship, manual training, home economics, agriculture, commercial and kindred subjects, first three-year primary, and kindergarten grades to any teacher who presents satisfactory evidence of special proficiency for teaching the above subjects, as shown by acceptable certificate or other credentials held by such teacher; provided, that such special certificate shall be valid for only one year, and, upon payment of one dollar (\$1) into the state teachers' certificate fund, shall entitle the holder to teach only such special subjects as are stated in said certificate; provided, that if the applicant continues teaching in the same district more than one year, upon the renewed application to the state board of educational examiners and upon the payment of a fee of three dollars (\$3) into the state teachers' certificate fund, said special certificate may become valid during the term of service in the same district.

1093. Classification and jurisdiction of certificates. 1. Nothing in this article shall be construed to affect the jurisdiction of certificates heretofore described and which are now in force or which shall be issued or renewed prior to September 1, 1924.

2. After September 1, 1924, all Montana second grade and Montana first grade certificates newly issued shall be valid in the public schools of Montana in grades one to eight, inclusive.

3. All state and life certificates described in the preceding sections and which shall be newly issued after September 1, 1924, shall be classified and have their jurisdiction determined in accordance with regulations established by the state board of educational examiners and approved by the state board of education on the basis of preparation as follows:

"Said state and life certificates newly issued after said date shall be classified as (1) Montana elementary state certificates and (2) Montana elementary life certificates; and (3) as Montana secondary state certificates; and (4) Montana secondary life certificates.

The Montana state and life elementary certificates shall be valid in grades one to ten, inclusive, and may have their jurisdiction extended to grades eleven and twelve by meeting the requirements of specialized preparation to be prescribed by regulations established by the state board of educational examiners.

Montana secondary state and Montana secondary life certificates shall be valid in grades five to twelve, inclusive, of the public schools of Montana, and said certificates may have their jurisdiction extended to grades one to four, inclusive, by meeting the specialized preparation to be prescribed by regulations established by the state board of educational examiners."

4. All state, life and professional certificates shall qualify the holder to act as supervisor over all grades of both elementary and high schools in third class districts provided that after September 1, 1924, the jurisdiction of said certificates in order to be valid in all third class districts must be extended by the holder by specialized preparation as prescribed in section 1093, paragraph 3 above. The requirements for administrative positions in first and second class districts as prescribed in section 982 of the Revised Codes of Montana 1921 shall not be affected by these provisions.

5. Upon all permits and certificates issued or renewed after September 1, 1924, the jurisdiction thereof shall be specifically stated for the information of principals, superintendents and boards of education.

Amd. Sec. 8, Ch. 131, L. 1923.

1094. Academic and professional preparation required as prerequisite for issuance of certificates. 1. From and after September 1, 1924, the minimum academic and professional preparation for the issuance of any certificate listed in the foregoing sections shall be graduation from a four year accredited high school or its equivalent and twelve quarter credits of professional training as defined in regulations to be established by the state board of educational examiners. After September 1, 1926, this minimum of academic preparation shall be graduation from a four year accredited high school or its equivalent and twenty-four quarter credits

of approved academic and professional preparation; and from and after September 1, 1929, said minimum shall be four years of high school preparation, or its equivalent and forty-eight quarter credits of approved academic and professional preparation. This law shall not be construed to prevent the renewal of any first grade, professional or state certificate issued prior to the passage of this act.

2. No state or life certificate shall be issued after September 1, 1924, to any teacher who does not have two years of college, normal school, or university training in addition to four years of high school preparation, or their equivalents. This shall not prevent the renewal of state certificates issued prior to the passage of this act.

Amd. Sec. 8, Ch. 131, L. 1923.

1095. Fees and Funds.

1. *Fees for certificates.* Applicants for any of the following grades of certificates shall pay to the county superintendent the fee attached thereto; the schedule of fees for lower grades of certificates shall be one dollar (\$1) for a second grade, two dollars (\$2) for a first grade and three dollars (\$3) for a professional grade of certificate. These fees shall be sent by the county superintendent to the state board of educational examiners to be deposited with the state treasurer in the state teachers' certificate fund. Fees for state and life certificates shall be fixed by regulation of the state board of educational examiners with the approval of the state board of education.

2. *State teachers' certificate fund.* All fees collected for certificates by the county superintendents, superintendents of public instruction and the state board of educational examiners shall be deposited with the state treasurer and kept in a fund to be known as the state teachers' certificate fund, and no claim shall be paid from this fund except upon warrants drawn by the state auditor upon claims approved by the state board of examiners and the superintendent of public instruction.

Amd. Sec. 8, Ch. 131, L. 1923.

1096. Recanvass of papers on appeal. Any candidate thinking an injustice has been done, by paying a fee of two dollars (\$2) into the state teachers' certificate fund within six months after the date of the examination and by notifying both county and state superintendents of the same, shall have his papers re-examined by the state board of educational examiners. The county superintendent shall upon receipt of such notice from said complaining candidate notify the superintendent of public instruction, who shall have the state board of educational examiners re-examine the same and if the answers warrant it, the state board of educational examiners shall issue to such complaining candidate a certificate of proper grade, and the superintendent of public instruction shall return the appeal fee of two dollars (\$2) to the teacher.

Amd. Sec. 8, Ch. 131, L. 1923.

1097. Revocation and suspension of certificates.

1. *Revocation of certificates.* The state board of educational examiners is authorized and required to revoke and annul, at any time any certificate

issued hitherto by the state board of education or state board of educational examiners, or which may hereafter be issued by the state board of educational examiners, for any cause which would have required or authorized either board to refuse to grant it if known at the time it was granted, and for incompetency, immorality, intemperance, physical inability, crime against the state law, refusal to perform duty or general neglect of the business of the school; but, before any such revocation, the holder shall be served by the superintendent of public instruction with a written statement of the charges against him, and shall have an opportunity for defense before the state board of educational examiners.

Any person whose certificate is revoked under the provisions of this section shall have the right to appeal within thirty days to the state board of education for a review of the record of his hearing before the state board of educational examiners. If, in the judgment of the state board of education, a miscarriage of justice has occurred, they shall order a rehearing of the case before the state board of educational examiners. The decision of the state board of educational examiners after such second hearing and their decision in all cases where appeal has not been made within thirty days as prescribed above, shall be final.

2. *Suspension and cancellation of teachers' certificates for violation of contract.* Should any teacher employed by a board of school trustees for a specified time, leave the school before the expiration of such time, without the consent of the trustees in writing, or without good cause in the judgment of the state board of educational examiners, said teacher shall be guilty of unprofessional conduct, and the state board of educational examiners may, upon receiving notice of such fact, and after making investigation of the circumstances thereof, suspend the certificate of such teacher for the remainder of that school year, or the next ensuing school year, or both. Amd. Sec. 8, Ch. 131, L. 1923.

1104. Types of certificates established for the purpose of articulating with neighboring states having similar types of certificates.

1. *Certifying authority.* All certificates authorized by this section shall be granted or indorsed by the state board of educational examiners in accordance with the provisions herein and regulations established in conformity herewith. Such regulations shall be formulated by the state board of educational examiners and approved by the state board of education before becoming operative.

2. *Essential features.* All essential features of these certificates, including academic and professional preparation, duration, jurisdiction, terms, and grades and credits (if certificates are granted wholly or in part upon the same), shall be placed upon, or attached to and made a part of, standard and limited certificates recognized in articulation, or granted under the provision of this section.

3. *Examinations.* Standard and limited certificates described herein may be granted upon examination to candidates who present satisfactory evidence of having the minimum academic, professional and other prerequisites therefor, as prescribed by law at the time of taking the examination. The subjects in which said candidates shall be examined shall be determined by the state board of educational examiners with the approval of the state board of education and published from time to time in the regulations governing examinations. The state board of educational examiners shall have full authority to accept in lieu of examinations in particular subjects, credits made in standard normal schools, colleges and universities accredited by the board, provided the credits are extensive enough and the grades high enough to indicate adequate knowledge of the subject. When certificates authorized in this section are granted upon examination, the questions shall be formulated, the examinations held, the papers graded and the certificates issued, or returns made, by the state board of educational examiners, or under regulations established by said board. The examinations shall be held at the same times and places as other Montana teachers' examinations.

4. *Certificates granted by recognition of credentials.* When certificates authorized by this section are granted upon the basis of credentials secured either within or without the state of Montana, such credentials shall be passed upon and evaluated by the state board of educational examiners and certificates issued only in conformity with the standards prescribed herein. Such credentials may consist of teachers' certificates from other states having standards equivalent to the certificates sought in Montana, or graduation diplomas and credits from standard institutions within or without the state. Certificates of health, character, American citizenship,

success and experience shall be required, and any other data which in the judgment of the board, shall be vital in the selection of capable teachers upon the basis of credentials presented. The state board of educational examiners shall give full credit and recognition to the diplomas and certificates meeting these standards and which are issued, or may have been issued heretofore, by the state higher educational institutions of Montana.

5. *Suspension or revocation.* The certificates prescribed in this section shall be subject to suspension or revocation by the authority issuing the same on the same conditions and for the same causes as any other teachers' certificates issued in Montana.

6. *Kinds of certificates authorized for the purpose of articulating with neighboring states.* The kinds of certificates authorized under the provisions of this section for the purpose of articulating with neighboring states, are as follows:

A. *Standard certificates:* (1) Standard high school certificates which shall be classified as standard two-year, five-year and life high school certificates.—These certificates shall be valid in grades 7 to 12, inclusive, in the public schools of Montana. Candidates for these certificates must be graduates of a four-year accredited high school, or its equivalent, and in addition, they must be graduates of an accredited four-year standard college or university. A minimum of fifteen semester credits in education (general psychology being a prerequisite) is also required of all candidates. A course in practice teaching should be included in the credits in education.

For each type of standard high school certificate the prerequisites shall be the same except for the amount of successful teaching experience. The holder of the two-year standard high school certificate shall be eligible for the five-year high school certificate after teaching successfully for fourteen months within the state during the life of the two-year certificate. The holder of a five-year standard high school certificate shall be eligible for the life standard high school certificate after teaching twenty-eight months successfully within the state, fourteen of which shall have been on the five-year standard high school certificate. In all cases the state board of educational examiners shall determine whether or not the experience has been successful. Short term certificates may not be displaced by long term certificates when teaching experience has been unsuccessful. Where doubt exists the board shall use its discretion in granting or renewing certificates. Two-year and five-year standard high school certificates are renewable once in the discretion of the state board of educational examiners.

(2) Standard elementary certificates, which shall be classified as standard two-year, five-year and life elementary certificates.—These certificates shall be valid in grades 1 to 9, inclusive, in the public schools of Montana. Candidates for any standard elementary certificates must be graduates of a four-year accredited high school, or its equivalent, and, in addition, must have had two years of approved academic and professional preparation in an accredited institution of higher learning. A minimum of fifteen semester credits in education or professional study should be included in the preparation.

For each type of standard elementary certificate the prerequisites shall be the same except for the amount of successful teaching experience. The holder of a two-year standard elementary certificate shall be eligible for a five-year standard elementary certificate after teaching successfully for fourteen months within the state during the life of the two-year certificate. After twenty-eight months of successful teaching experience within the state, fourteen months being during the life of the five-year certificate, the holder of a five-year standard elementary certificate shall be eligible for a life elementary certificate. Standard two-year and five-year elementary certificates are renewable once in the discretion of the state board of educational examiners. The state board of educational examiners shall in all cases determine whether or not experience has been successful and shall issue, renew, or withhold certificates according to the success or failure of the candidates.

B. *Limited certificates.* These certificates shall be granted upon satisfactory examination to persons meeting the minimum prerequisites stipulated in subsections 7 and 8 below of this section. The kinds of limited certificates authorized are:

Candidates must be graduates of a four-year accredited high school, or have its equivalent, and, in addition thereto, have had twelve quarter credits of approved professional training obtained in residence at an institution of higher learning accredited by the state board of educational examiners. This certificate may be renewed once without examination, provided the holder fulfills the minimum prerequisites requirements prescribed by law and in effect at the time such renewal is made; and provided further, that the teaching experience of the candidate has been, in the judgment of the state board of educational examiners, successful.

(b) First grade, valid in grades 1 to 8 inclusive, of the public schools of Montana for the period of five years. Candidates for this certificate must have had fourteen months of successful teaching experience. This certificate is renewable indefinitely provided the candidate meets the minimum academic and professional requirements established by law and in effect at the time each renewal is made, and by teaching successfully twenty-one months during the life of the original certificate and each renewed certificate. Successful experience shall be determined by the state board of educational examiners as in the issuance of other certificates.

When application is made for certificate by examination, the fees shall be paid to the county superintendent at the time of taking the examination, and said fee shall be forwarded by the county superintendent to the state department of public instruction to be deposited with the state treasurer in the state certificate fund. When a certificate is sought upon presentation of credentials in lieu of examination, the fee shall be paid directly to the state superintendent and the same deposited with the state treasurer in the state teachers' certificate fund. Fees for re-reading papers shall be placed in the same fund. No refunds will be made to those who fail to pass examinations, or who are lacking in the

necessary prerequisites, credentials or vital data required by law; nor shall any refund be made to persons whose credentials are unsatisfactory for the purpose of securing a certificate by indorsement. Persons failing in examination shall have the same right to appeal for re-reading of their papers as in the case of other Montana certificates and on the same conditions.

11. *Registration.* The holder of either a standard or limited certificate shall register the same in the county where he teaches not later than ten days after he begins to teach.

12. *Definition of terms.* The state board of educational examiners shall have full authority to define the terms "academic" "professional" and "equivalent" in the regulations to be issued in conformity with the provisions of this section.

En. Sec. 2, Ch. 119, L. 1927.

1201.3. Equalization of educational program. The state board of education, at its meetings to be held in the months of July and December in each year, shall determine the minimum educational program which shall be equalized, and in determining such educational program shall consider the following factors, viz.: the minimum length of school term, the minimum school tax levy, the assessed maximum valuation per child in average daily attendance, the minimum enrollment and such other factors as said board may determine to be necessary for the purpose of carrying out the provisions of this act; provided, that aid from such state common school equalization fund may be given to school districts with certain low enrollment, in case children belonging thereto are placed in school in other districts, and in case such districts meet all other requirements fixed and determined by said board as conditions for such state aid. The state board of education, acting as such common school equalization board shall have the power to require such reports from county superintendents of schools, county treasurers, and school trustees as it may deem necessary and shall provide rules and regulations for the purpose of carrying out the provisions of this act and providing, as nearly as possible and as far as

the said fund will allow, nine months schooling each year for every child in the common schools of this state.

En. Sec. 3, Ch. 119, L. 1927.

1201.4. Distribution of funds. The state board of education, acting as such common school equalization board, shall at the meeting above provided for certify to the state auditor and state treasurer the distribution of the funds available in the state common school equalization fund, and the state auditor shall thereupon draw his warrant and the state treasurer shall pay the same to the several school districts so certified by said board.

En. Sec. 4, Ch. 119, L. 1927.

1205. Purposes for which money may be used.

This section, providing that where school funds are illegally expended by authority of the board of trustees, a tax-paying elector may bring suit against the members thereof who consented to the payment, to make restitution for the benefit of the district, affords the plaintiff a plain, speedy and adequate remedy at law, and injunction does not lie to restrain payment of an alleged illegal claim, unless the trustees or those as-

senting to payment are insolvent, in which event the complaint must allege their insolvency. *State ex rel. Stephens v. Zuck et al.*, 67 Mont. 324; 215 Pac. 806.

Power to require construction or repair of school buildings, note, 1 A. L. R. 1559.

1211. Manner of apportionment and distribution. All sums of money derived from any and all bonuses, royalties, and rentals paid into the treasury of the United States on account of any permits or leases granted by the government of the United States as provided by the act of Congress of February 25, 1920, and paid by the secretary of the treasury of the United States to the state of Montana, shall, within thirty days after being received by the state of Montana, be apportioned and distributed by the state treasurer as follows: One-half thereof shall be deposited to the credit of the state highway fund, and the other one-half thereof shall be apportioned between and distributed and paid over to the several counties of the state in proportion to the total number of teaching positions, in which teachers were employed for a period of at least four months, in each county during the school year ending June 30th immediately preceding, as shown by the statements and certificates of the county superintendents of schools filed with the state treasurer for such school year, and such state treasurer must, at the time of making such apportionment and distribution notify the county superintendent of schools of each of the several counties of the amount so apportioned and distributed to each county. Within ten days after receiving such notice from the state treasurer each county superintendent of schools must apportion the amount received and paid over to his county by the state treasurer in the following manner, to wit: (a) Sixty per centum (60%) thereof shall be apportioned between and among the several school districts, district high schools and county high schools in proportion to the total number of teaching positions, in which teachers were employed for at least four months during the last preceding school year for which a statement and certificate was

filed with the state treasurer by the county superintendent of schools in each such school district, district high and county high school; (b) thirty-five per centum (35%) thereof shall be apportioned between and among the several school districts, district high and county high schools in proportion to the aggregate number of days' attendance of all eligible pupils who attended for a period of not less than six weeks during the aforesaid school year in each district school, district high and county high school; (c) five per centum (5%) thereof shall be apportioned between and among the district high schools and county high school in proportion to the number of years of accredited high school work during the aforesaid school year in each such district high and county high school. Immediately after making such apportionment the county superintendent of schools must make and file with the county treasurer a statement and certificate showing the total amount apportioned to each school district, district high and county high school, and the county treasurer must, on receiving such statement and certificate, immediately credit the general fund of each school district, district high and county high school with the amount to which each is entitled as shown by such statement and certificate, and such amounts shall be expended for the same purpose for which other moneys deposited to the credit of such funds may be expended, and for no other purpose.

Amd. Sec. 1, Ch. 104, L. 1923.

1212. Statement by county superintendent. The county superintendent of schools of each county in the state must, between the fifteenth day of August and the first day of September, in each year, make and file with the state treasurer a statement and certificate showing the total number of teaching positions, in which teachers were employed for a period of at least four months, during the school year ending June 30th immediately preceding, in all of the public schools in such county, including kindergarten, primary, grade, district high and county schools, provided, however, that if during such school year, or after the close thereof and before the making of such statement and certificate, any portion of a county has been detached therefrom and added to another county, or detached therefrom and included in a new county, the number of teaching positions within the portion of such county so detached shall not be included in the statement and certificate of the county superintendent of schools of the county to which the same is attached, or in the statement and certificate of the county superintendent of schools of the new county.

Amd. Sec. 1, Ch. 104, L. 1923.

1213. Duties of county treasurer.

The effect of the provision of this section requiring the county treasurer to keep school moneys as a "special deposit" is not to make the county a bailee thereof in the sense of a deposit for their safekeeping, they to be returned to the school district when called for, but is to constitute the deposit a

general one which, however, must be kept in a special account for school purposes. *State v. McGraw*, 74 Mont. 152, 240 Pac. 812.

For text treatment of this subject see vol. 23 Cal. Jur. 74.

1215. County clerk to report valuation of school districts. The county assessor of each county in the state must, at the time of delivering

the completed assessment-book to the county clerk of his county, as required by section 2052, also deliver to such county clerk a statement showing separately, for each school district in his county, the total full and true value of each and every class of property as the same appears in such completed assessment-book.

The county clerk of each county in the state must, each year and within ten (10) days after receiving from the state board of equalization the assessments of all property in his county made by such state board of equalization for such year, make out a report, in duplicate, showing for each school district in his county the following: (a). The total full and true value of all taxable property therein as shown on the assessment-book for such year; (b). The total basis for taxation (being the total percentage of value, or amount on which taxes are to be computed) of all taxable property therein for such year. One of such copies must be, within such time, delivered by the county clerk to the county superintendent of schools of the county, and the other thereof delivered to the board of county commissioners if in session, and if not in session, then to such board at the first session thereof held thereafter.

In the case of a joint school district the county clerk must at the same time make copies of so much of such report as relates to such joint school district, and must, at the time of delivering such report to the county superintendent of schools of this county, transmit one of such copies to the county superintendent of schools and one thereof to the board of county commissioners of each other county in which any part of the joint school district is situated.

CHAPTER 98.

EXTRA TAXATION FOR SCHOOL PURPOSES.

1219. District school taxes in excess of ten mills—Election. Whenever the board of trustees of any school district shall deem it necessary to raise money by taxation in excess of the ten mill levy now allowed by law for the purpose of maintaining the schools of said district, or building, altering, repairing, or enlarging any schoolhouse or houses of said district, for furnishing additional school facilities for said district, for building and equipping heating or other plants for said district, or for any other purposes necessary for the proper operation and maintenance of the schools in said district, it shall, submit the question of such additional levy to the legal voters of said district, who are tax-paying freeholders therein, either at the regular annual election held in said district, or at a special election called for that purpose by the board of trustees of said district, provided, that in all school districts of the third class such question may be submitted to the legal voters of said district, who are taxpayers therein.

Amd. Sec. 1, Ch. 120, L. 1925.

1223. Challenging voters — Oath of elector — False swearing. Any person offering to vote may be challenged by any elector of the district, and the judges must thereupon administer to the person challenged an oath or affirmation, in substance as follows:

"You do solemnly swear (or affirm) that you are a citizen of the United States; that you are twenty-one years of age; that you have resided in this state one year and in this school district thirty days next preceding this election; that you are a taxpaying freeholder on the last assessment-roll from this school district; and that you have not voted this day. So help you God."

In all districts of the third class, in administering said oath or affirmation, the judges must substitute the word "taxpayer" for the words "taxpaying freeholder." Said oath shall be reduced to writing and signed by the person challenged and sworn to before one of the judges of election. Said oath or affirmation shall be returned with the ballots cast at such election. If the voter takes oath or affirmation, his vote must be received; otherwise, it will be rejected. Any person who shall swear falsely before any such judge of election shall be guilty of perjury, and shall be punished accordingly.

Amd. Sec. 2, Ch. 120, L. 1925.

CHAPTER 99.

BONDS.

1224. Issuance of bonds—Submission of question to electors—Limit.

Rep. Sec. 34, Ch. 147, L. 1927. as chapter 76, L. 1913, page 285, in
This and following sections relating Keeler Bros. v. School Dist. No. 3, 62
to issuance of school bonds were cited Mont. 356, 361, 205 Pac. 217.

1224.1. Boards of trustees of school districts may issue coupon bonds for certain purposes. The board of trustees of any school district within this state is hereby vested with the power and authority to issue and negotiate coupon bonds on the credit of the school district for any one or more of the following purposes:

(a). For the purpose of building, enlarging, altering, repairing, or acquiring by purchase one or more schoolhouses in said district; furnishing and equipping the same, and purchasing the necessary lands therefor.

(b). For the purpose of constructing or acquiring by purchasing one or more teacherages in said district, furnishing and equipping the same, and purchasing the necessary lands therefor.

(c). For the purpose of constructing or acquiring by purchasing one or more dormitories in said district, furnishing and equipping the same, and purchasing the necessary lands therefor.

(d). For the purpose of constructing or acquiring by purchasing one or more gymnasiums in said district, furnishing and equipping the same, and purchasing the necessary lands therefor.

(e). For the purpose of securing a water supply for the use of one or more of the schools of the district.

(f). For the purpose of providing the necessary funds to pay the indebtedness duly apportioned to the school district upon its creation from territory formerly belonging to another district or districts, and represented by outstanding warrants or otherwise, or upon its separation from another district or districts, or upon the re-arrangement of the boundary line or lines between such district and another district or districts.

(g). For the purpose of providing the necessary funds to pay and redeem optional or redeemable bonds when it is deemed to be for the best interests of the school district to issue refunding bonds, or for the purpose of providing the necessary funds to pay and redeem matured or maturing bonds when there are not sufficient funds available for the payment and redemption thereof.

En. Sec. 1, Ch. 147, L. 1927.

For text treatment of this subject see vol. 23 Cal. Jur. 54 et seq.

1224.2. Limitations on amount of issue. The maximum amount for which any school district shall be allowed to become indebted by the issuance of bonds, or otherwise, including all indebtedness represented by outstanding warrants and outstanding bonds of previous issues, or unpaid balances thereon, is hereby fixed at three per centum (3%) of the value of the taxable property therein to be ascertained by the last completed assessment for state, county and school taxes previous to the incurring of such indebtedness. The words "value of the taxable property therein" as used herein shall be given the same meaning and construction and are used in the same sense as in section six of article thirteen of the state constitution. All bonds issued in excess of such amount shall be null and void.

Whenever bonds are issued for the purpose of paying the redeeming bonds previously issued, or any unpaid balance thereon, all sinking and interest funds applicable toward the payment of such bonds shall be applied to such purpose and the refunding bond issue shall be decreased accordingly.

En. Sec. 2, Ch. 147, L. 1927.

1224.3. What forms of bonds may be issued. All bonds hereafter issued by any school district in this state shall be amortization bonds, if bonds in this form can be sold and disposed of at a reasonable rate of interest. If amortization bonds cannot be sold and disposed of at a reasonable rate of interest advantageous to the people for whose benefit the same are issued, then in such case serial bonds may be issued in place of amortization bonds.

The term "amortization bonds," as used in this act, is hereby defined as meaning that form of bonds on which a part of the principal is required to be paid each time interest becomes due and payable, which part payment on the principal increases at each succeeding installment in the same amount that the interest payment decreases, so that the combined amount due on principal and interest on each succeeding due date remains the same until the bonds are fully paid; provided, however, that the final payment may vary in amount from the other payments to the extent resulting from disregarding fractional cents in the other payments.

The term "serial bonds," as used in this act, is hereby defined as being a bond issue payable in equal annual installments, one installment, consisting of one or more bonds, becoming due and payable each year, the amount to be paid and redeemed each year being determined by dividing the total amount of the bonds to be issued by the total number of years the issue is to run; provided, however, that the installment becoming due

and payable the last year may vary in amount from the others to the extent resulting from fixing the amount of each bond of the other installments at the nearest practical multiples of ten dollars (\$10).

En. Sec. 3, Ch. 147, L. 1927.

1224.4. Term of issue, redemption and interest. No school district bonds shall be issued for a longer period than twenty (20) years, and shall be redeemable five (5) years from date of issuance, and on any interest due date thereafter, and such redemption right must be stated on the face of each bond; providing that bonds issued to refund or redeem any outstanding bonds shall not be issued for any period in excess of ten (10) years. The interest shall not exceed six per centum (6%) per annum, and shall be payable semi-annually.

En. Sec. 4, Ch. 147, L. 1927.

1224.5. Dates of issue and payments. In order that the dates of payment of installments on school district bond issues may coincide as nearly as possible with the heaviest tax collections, all school district bonds shall preferably bear the date of some day in June or December, and for this reason the bonds may be dated back from the time of the actual sale thereof not exceeding five (5) months, but no interest shall be charged on these bonds before they have been delivered to the purchaser and payment made therefor; interest accrued on bonds according to their terms at the time of delivery shall either be refunded by the purchaser or deducted from the first interest payments falling due. The failure to date such bonds in June or December shall not in any way affect their validity.

En. Sec. 5, Ch. 147, L. 1927.

1224.6. Certain bonds may be issued without holding an election. Bonds issued for the purpose of providing the necessary funds to pay indebtedness to another district, or districts, and bonds issued for the purpose of providing necessary funds to pay and redeem outstanding bonds which were issued prior to March 1st, 1924, as authorized in subdivisions "f" and "g" of section one of this act, may be issued without submitting the question of so doing at an election. In order to issue bonds for such purposes it shall only be necessary for the board of school trustees, at a regular or duly called special meeting of the board, to pass and adopt a resolution setting forth the facts in regard to the indebtedness to be paid or the bonds to be refunded, showing the reasons for issuing new bonds and fixing and determining the details of such new bonds, and then to give notice of the sale of such new bonds in the same manner that notice is required to be given of the sale of bonds authorized at a school election.

En. Sec. 6, Ch. 147, L. 1927.

1224.7. Exchange of other forms of bonds for amortization bonds. Subject to the approval of the state board of land commissioners, the board of trustees of any school district in this state is hereby vested with the power and authority to issue amortization bonds for the purpose of refunding any outstanding bonds of such school district held by the state of Montana

and which were not issued either as amortization or serial bonds, whether such outstanding bonds are due or not, and to exchange the same for such outstanding bonds. Such amortization bonds shall conform in all respects to the definition of amortization bonds as set forth in this act, and shall bear interest at such rate as may be agreed upon between the board of school trustees and the state board of land commissioners, but such rate of interest shall not be less than the interest rate on the old bonds and shall in no case exceed six per centum (6%) per annum. Such amortization bonds may be issued and exchanged for such outstanding bonds without submitting the question if issuing the same to an election, and it shall not be necessary to publish any notice of sale of such bonds. This section shall not be so construed as to deprive boards of school trustees of the right to issue and sell refunding bonds by the ordinary procedure and advertise the sale thereof as provided in this act.

En. Sec. 7, Ch. 147, L. 1927.

1224.8. Petition and election required for bond issues for other purposes. School district bonds for any other purpose than those stated in sections six and seven of this act, shall not be issued unless authorized at a duly called election at which the question of issuing such bonds was submitted to the electors of the school district; and no such election shall be called unless there has been presented to the board of trustees a petition asking that such election be held and such question be submitted, signed by not less than twenty per centum (20%) of the qualified registered electors residing within the school district, who are taxpayers upon property therein and whose names appear on the last completed assessment-roll for state, county and school district taxes.

En. Sec. 8, Ch. 147, L. 1927.

1224.9. Form, contents and proof or petition. The petition for the calling of an election to vote upon the question of issuing school district bonds shall plainly state the purpose of the proposed bond issue and shall estimate the amount of bonds necessary to be issued for such purpose or purposes. When the bonds sought to be issued are for two or more purposes, the amount to be issued for each single purpose shall be separately estimated in the petition. It may be in the form of one single petition or consist of more than one petition, all being identical in form and fastened together, after being circulated and signed, so as to form one petition before being delivered to the county clerk as hereinafter provided. The school district clerk or any one or more qualified electors of the school district may circulate the petition or petitions, and the clerk or each elector circulating such petition shall subscribe or attach to each of the petitions, circulated by him, an affidavit to the effect that the signatures are genuine and that the signers knew the contents thereof at the time of signing the same. The completed petition, before being presented to the board of school trustees, shall be delivered to the county clerk and recorder of the county in which the school district is situated, who shall examine the same and shall indorse thereon or attach thereto his certificate, which certificate shall set forth:

(a). The total number of persons who are registered electors and taxpayers upon property within the school district whose names appear on the last completed assessment-roll for state, county and school district taxes.

(b). Which and how many of the persons whose names are subscribed to the petition are possessed of all of these qualifications.

(c). Whether such qualified signers constitute more or less than twenty per centum (20%) of such registered electors and taxpayers within the district.

The county clerk and recorder shall promptly deliver or transmit such petition, with his certificate indorsed thereon or attached thereto, to the clerk of the board of school trustees of such district.

En. Sec. 9, Ch. 147, L. 1927.

1224.10. Meeting of board of trustees to consider petition and calling of election. Upon such petition being received by the clerk of the school district, a meeting of the board of trustees shall be called to consider the same. The board of trustees shall be the judges of the sufficiency of the petition and the findings of such board shall be conclusive against the school district and in favor of the innocent holder of bonds issued pursuant to the election called and held by reason of the presentation of such petition. If it is found that the petition is in proper form and bears the requisite number of signatures, the board shall pass and adopt a resolution which shall recite the essential facts in regard to the petition and its presentation, fix the exact amount of bonds proposed to be issued, which may be more or less than the amount estimated in the petition, determine the number of years through which the bonds are to be paid, not to exceed twenty (20) years; fix the date of election, which shall not be less than twenty (20) days, nor more than thirty (30) days after the date of the passage and adoption of such resolution, appoint three electors of the district who are qualified to vote at such election to act as judges of election, and direct the clerk to give notice of such election. The notice of election shall designate some certain schoolhouse in said school district and be in substantially the following form:

This resolution shall recite the amount of bonds to be issued, the maximum rate of interest, the purpose of the issue, the date they shall bear, and the period of time through which they shall be paid, and providing the manner of execution of same. En. Sec. 17, Ch. 147, L. 1927.

1224.18. Sale of bonds. The board of trustees shall meet at the time and place fixed in the notice to consider bids on the bond issue. The bonds shall be sold at not less than par and accrued interest and each bidder shall specify the form of bonds to be issued, whether amortization or serial, and the rate of interest at which he will purchase the bonds. A bid for amortization bonds shall have the preference over a bid for serial bonds, all other things being equal; and in considering bids on these classes of bonds, the board shall take into consideration not only the rate of interest demanded on each kind, but also every other known element affecting the total cost of the bonds to the district when paid in full. The board of trustees shall accept the bid which they shall judge most advantageous to the school district; provided, that no bid shall be accepted which will require the bonds to bear a rate of interest exceeding six per centum (6%) per annum. No attorney fees, brokerage or other fees, or commissions of any kind shall be paid to any person or corporation for assisting in the proceedings or in the preparation of the bonds, or in negotiating the sale thereof. The trustees are authorized to reject any or all bids and to sell the bonds at private sale if they deem it for the best interests of the district, provided, however that such bonds shall not be sold at less than par and accrued interest.

En. Sec. 18, Ch. 147, L. 1927.

1224.19. Form of bonds. It shall not be necessary for the board of school district trustees to prescribe the detailed form of the bonds to be issued, but they must conform to all legal requirements for the payment thereof, whether they are issued as amortization or serial bonds. Such bonds shall be issued in the name of the school district and shall be

signed by the chairman of the board of trustees and the school district clerk and attested with the corporate seal of the district if it has such seal. The coupons attached to the bonds shall also be signed by the said chairman and clerk, but facsimiles of their signatures may be affixed to the coupons in place of their signatures when so recited in the bonds. If the bonds are purchased by the state board of land commissioners, all payments of both principal and interest shall be made at the office of the state treasurer.

En. Sec. 19, Ch. 147, L. 1927.

1224.20. Printing of bonds. Under the direction of the board of trustees, the district clerk shall cause the bonds with coupons thereto attached to be printed or lithographed at the expense of the school district at the lowest commercial rates.

En. Sec. 20, Ch. 147, L. 1927.

1224.21. Registration of bonds—Copy to be preserved. When duly executed by the chairman and the clerk, all school district bonds shall be registered by the county treasurer in a book provided for that purpose before being delivered to the purchaser. This registration shall show the number and amount of each bond, the date of issue, date redeemable, the name of the purchaser, and the amount and due date of all payments required on the bonds. The school district clerk shall also provide the county treasurer with an unsigned and canceled printed copy of each issue of said school district bonds hereafter issued to be preserved in his office.

En. Sec. 21, Ch. 147, L. 1927.

1224.22. Payment for bonds. In case the state board of land commissioners is the purchaser of the bonds, the county treasurer shall forward the registered bonds to the secretary of the board who shall cause the same to be delivered to the state treasurer and to be paid in the manner provided by law. In case the bonds are purchased by other investors the county treasurer shall deliver the bonds to them upon receiving full payment therefor. All moneys arising from the sale of such bonds shall be paid to the county treasurer and by him credited to the school district issuing the same, and shall be immediately available for the purpose for which the bonds were issued and no other purpose.

En. Sec. 22, Ch. 147, L. 1927.

1224.23. County attorney to assist in the proceedings. It is hereby expressly made a part of the official duties of the county attorney of every county of this state to advise and assist the boards of school district trustees of his county in their bonding proceedings. Before any transcript of school district bonding proceedings is transmitted to the secretary of the state board of land commissioners, he shall carefully examine such transcript, and the same shall not be transmitted until he shall attach thereto his opinion that the proceedings are in full compliance with the statutes.

En. Sec. 23, Ch. 147, L. 1927.

1224.24. School districts liable on bonds. The full faith, credit and taxable resources of every school district issuing bonds under the provisions of this act are hereby solemnly pledged for the repayment of such bonds with interest according to their terms. For the purpose of making the provisions of this act enforceable every school district is hereby declared to be a body corporate which may sue and be sued by or in the name of the board of trustees of such school district.

En. Sec. 24, Ch. 147, L. 1927.

1224.25. Board of trustees to determine amounts necessary for payment of interest and principal on bonds — Duties of treasurer and county commissioners. The board of trustees of every school district in this state having outstanding bonds shall on or before the second Monday of July of each year prepare a statement and certify to the board of county commissioners the amount of money necessary to be raised by taxation for the ensuing year to pay the interest and retire part or all of the principal of each series of its outstanding bonds according to the terms and conditions of such series of bonds and the redemption plans of such board of trustees; but the minimum amount determined upon and certified to the board of county commissioners shall in all cases be sufficient to pay all interest and all installments on principal becoming due during the ensuing year on all series of the outstanding bonds of the district issued subsequent to March 1, 1924; and it shall also in all cases be sufficient to pay all interest becoming due during the ensuing year on each series of outstanding bonds issued prior to March 1, 1924, and to place in the sinking fund such an amount as will be obtained by dividing the full amount of such series by the number of years for which the bonds were issued; provided, however, that in the case of a joint school district one copy of such certificate and statement must be transmitted to the county superintendent of each county in which any part of the joint district is situated, instead of to the board of county commissioners.

The county treasurer shall examine the statement of the amount or amounts determined upon by the board of school trustees and certified to the board of county commissioners, and if he finds that the amount certified is less than the minimum amount as defined in this section, then he shall raise the amount to such minimum for each series of bonds; and if the board of trustees shall fail to certify any amount whatever, then the county treasurer shall make out the statement and certify to the board of county commissioners the minimum amount for each series of bonds as defined in this section.

En. Sec. 25, Ch. 147, L. 1927.

1224.26. Levy of taxes by board of county commissioners to pay interest and principal on bonds. The board of county commissioners of every county of this state shall at the time of making the annual levy of taxes for county purposes levy taxes for the same year upon all taxable property within every school district of its county having outstanding bonds for the payment of interest and principal on such bonds as certified to it under the provisions of the preceding section. The taxes so levied

shall in all respects be collected as state and county taxes and shall be a lien upon the property assessed and taxed the same as such taxes.

En. Sec. 26, Ch. 147, L. 1927.

1224.27. Liability of the board of county commissioners. If the board of county commissioners shall fail in any year to make a levy for any issue or series of bonds of any school district sufficient to raise the amount necessary for payment of interest and principal, if any, becoming due during the next ensuing year, or to raise an amount sufficient to pay the interest becoming due during such year and to create a sinking fund for payment of the principal of such bonds on their maturity, as such amounts are certified to it under the provisions of section twenty-five of this act, the holder of any bond of such issue or series, or any taxpayer paying taxes upon property situated in such school district, may apply to the district court of the county in which such school district is situated for a writ of mandate to compel the board of county commissioners of such county to make a sufficient levy for such purposes; and if, upon the hearing of such application, it shall appear to the satisfaction of the court that the board of county commissioners of such county has failed to make any levy whatever, or has made a levy but that the same is insufficient to raise the amount required to be raised, as shown by the statement provided for by section twenty-five of this act, the court shall determine the amount of such deficiency and shall issue a writ of mandate directed to and requiring the said board of county commissioners, at the next meeting thereof for the purpose of fixing tax levies for county purposes, to fix and make a levy against all taxable property in such school district sufficient to raise the amount of such deficiency, which levy shall be in addition to any levy required to be made at that time for the year then next ensuing; provided, however, that any costs which may be allowed or awarded the petitioner in any such proceeding shall be paid by the members of the board of county commissioners, and shall not be a charge against either such school district or the county.

En. Sec. 27, Ch. 147, L. 1927.

1224.28. County treasurer to keep record of the various funds. The county treasurer shall keep a separate sinking and interest fund for each school district, and shall charge all moneys collected from taxes levied for the payment of interest and principal of school district bonds to the several funds to which they properly belong, and the money in each such fund shall be used for the payment of the interest and principal of the bonds belonging to the same, and for no other purpose whatever, except as hereafter provided in this act.

En. Sec. 28, Ch. 147, L. 1927.

1224.29. Duty of county treasurer. The county treasurer shall pay from the proper funds applicable thereto all amounts of interest and principal on school district bonds as such interest and principal becomes due, upon the presentation and surrender of the coupon or coupons, bond or bonds to be paid; provided, however, that if the bonds are held by the

state of Montana, then all such payments shall be remitted to the state treasurer who shall cancel the coupons or bonds and return the same to the county treasurer together with his receipt; and provided further that if the bonds are not held by the state of Montana, and the interest or principal is made payable at some designated bank or financial institution, then the treasurer shall remit the amount due for interest or principal to such bank or financial institution for payment against the surrender of the canceled coupons or bonds.

Whenever any school district bond, or installment thereon, shall become due and payable, interest shall cease thereon on such date; provided, however, that if such bond shall be presented for payment, or payment of any installment shall be demanded, when the same becomes due, and payment of such bond or installment shall not be made because of sufficient funds not being available for such purpose, interest shall continue thereon until payment is made.

Any and all installments on interest and principal on bonds held by the state not promptly paid when due shall draw interest at the rate of six per centum (6%) per annum from the date due until actually paid, irrespective of the rate of interest on the bonds themselves.

En. Sec. 29, Ch. 147, L. 1927.

1224.30. Payment of bonds held by the state and of optional bonds.

Whenever there is available money in any school district bond sinking fund sufficient to pay and redeem one or more bonds of such series or issue held by the state of Montana, the county treasurer must apply such available money in payment of as many of such bonds as the same will pay. Not less than thirty (30) days before the next interest due date the county treasurer must give notice to the state board of land commissioners that on such interest due date such bond or bonds will be paid, and such county treasurer, before such interest due date, must remit to the state treasurer the amount required to pay such bond or bonds with interest. Upon receipt of such amount, the state treasurer must cancel such bond or bonds, and all unpaid coupons attached thereto, and return the same, with his receipt, to the county treasurer, provided, however, that nothing in this section shall be so construed as to permit the issuance of refunding bonds by any school district for the purpose of redeeming, before maturity, any bond or bonds held by the state, nor to grant the right to pay any bond or bonds held by the state with the proceeds of any refunding bond issue, except as provided in section 7 of this act.

Whenever there is available money in any school district bond sinking fund sufficient to pay one or more optional bonds of such issue or series, and which optional bonds are not yet due but are then redeemable, or will become redeemable on the next interest due date, and such bonds are not held by the state of Montana, the county treasurer must apply such available money in payment and redemption of as many of such bonds as the same will pay and redeem. The county treasurer must give notice to the holder of such bond or bonds; if known to him, or to any bank or financial institution at which such bonds are payable, at least thirty (30) days before the next interest due date, that such bond or bonds will be paid and redeemed on such date. If such bonds are payable at some

bank or financial institution the county treasurer must remit to such bank or financial institution, before such interest due date, an amount sufficient to pay and redeem such bond or bonds. If such bond or bonds are not represented for payment and redemption on such interest due date interest shall cease thereon on such date.

En. Sec. 30, Ch. 147, L. 1927.

1224.31. Entry of payments and notice to clerk. The county treasurer shall make the necessary entries of all such payments of interest and principal on his bond registration record and shall promptly notify the clerk of the school district of the payments made and shall at the end of each month deliver the canceled coupons and securities to the county clerk, who shall file same in his office.

En. Sec. 31, Ch. 147, L. 1927.

1224.32. Balances of sinking funds to be transferred. When all of the bonds of any school district, together with all interest thereon, have been fully paid, all money remaining in the sinking fund for such school district and all moneys which may come into such sinking fund from the payment of the delinquent taxes shall be transferred by the county treasurer to the general fund of such school district.

En. Sec. 32, Ch. 147, L. 1927.

1224.33. Effect partial invalidity act. If any part or parts of this act shall be held to be unconstitutional, this shall not affect the validity of any other provisions of this act.

En. Sec. 33, Ch. 147, L. 1927.

1224.34. Repeal. Sections 1032, 1230, 1232, and sections 1244 to 1251 inclusive of the Revised Codes of Montana of 1921, and sections 1224, 1225, 1226, 1228 and 1229 of the Revised Codes of Montana of 1921, as amended by chapter 153 of the Session Laws of 1923, and the said chapter 153 of the Session Laws of 1923, and all other acts and parts of acts in conflict with the provisions of this act are hereby repealed; provided, however, that any and all outstanding bonds lawfully issued by school districts under such repealed sections and acts shall be and remain valid and subsisting bonds and obligations of the school districts issuing the same, and shall be subject to payment and redemption in the manner provided in this act; and provided, further, that if, at the time this act takes effect, any school district has initiated proceedings under such repealed sections and acts for the purpose of issuing bonds for any purpose therein authorized, such proceedings may be completed and such bonds issued and sold in the manner provided in such repealed sections and acts.

The absence from a complaint of an allegation that the plaintiff had paid the price of the school district bonds into the county treasury, or had tendered payment, made a condition prece-

dent to delivery of them to it by this section before amendment, rendered the pleading fatally defective. *Keeler Bros. v. School District No. 3*, 62 Mont. 356, 205 Pac. 217.

1252. Signers required on petition for bond elections.

Three days before this and the two following sections, prescribing the steps necessary to authorize a city or town council to call an election to determine whether municipal bonds shall be issued, became effective, petitions were filed with the town clerk asking the council to call such an election. The act provided, *inter alia*, that the election could only be called on petition signed by a certain per cent of the electors of the town possessing certain qualifications. The council, at a meeting, held on the day

the act took effect, found the petitions sufficient and ordered an election. Under the law as it was before the passage of the act the council could call an election of its own motion, and the filing of petitions was unnecessary. Held, that by the enactment of said act the proceeding initiated prior to its passage was nullified and the election called and held in disregard of its provisions illegal and void. *Brown v. Town of Cascade*, 62 Mont. 564, 205 Pac. 828.

1254.1. School trustees may issue warrants on bank failure—When.

The board of school trustees of any school district in the state of Montana shall have, and are hereby given, in addition to powers already conferred upon them, authority, whenever at any time such district shall have all or a part of its funds deposited in any bank which has become insolvent, to issue warrants to the amount of not to exceed one hundred per centum of such funds so deposited for teachers' salaries, school supplies and equipment, new buildings heretofore completed, necessary repairs, school buildings and heating plants therein, or other necessary expenses incurred in the maintenance of schools in such district, and, in case such funds so deposited are not recovered in sufficient amount to pay off and discharge such warrants, and to levy taxes therefor would be burdensome to such district or would exceed the limit of taxes permitted by law to be levied, to issue negotiable coupon bonds therefor and to pledge the credit and resources of the district for the payment of the principal and interest of such bonds. The provisions of this act shall apply to rural school districts organized under chapter 80 of part 3, of the Political Code, 1921, whether the funds shall have been distributed to the subdistrict or not;

and the board of trustees of such rural school district shall have the power to negotiate bonds, as herein provided for trustees of school districts, for the purpose of funding outstanding warrants of the subdistricts thereof, and to pledge the credit and resources of the rural school district for the payment of the principal and interest of such bonds.

En. Sec. 1, Ch. 128, L. 1923.

The contention that the legislature by the enactment of chapter 128, L. 1923, authorizing school districts to issue warrants in a stated amount where the banks in which their funds had been deposited became insolvent—an emergency measure—modified or repealed section

4767, Revised Codes above, so as to relieve the county of its liability under that section for funds deposited with its treasurer by school districts and by him deposited in county depositories, has no merit. State v. McGraw, 74 Mont. 152, 240 Pac. 812.

1254.2. Funding bonds may issue when. The funding bonds authorized by this act shall be issued under the following conditions, to wit:

1. When the board of trustees shall have listed certain unpaid warrants, and certified that they were regularly issued subsequent to July 1, 1922, for purposes set forth in section 1 of this act and there is not sufficient money, other than that deposited in insolvent banks, to the credit of such school district available for the payment of such outstanding warrants.

2. When in the judgment of the board of trustees of such district to levy and collect a tax for the purpose of paying such warrants will be a hardship and burden to said school district.

3. When sufficient money has not been recovered from such insolvent bank or banks to pay or discharge such warrants.

4. Provided, it shall not be necessary to submit the question of the issuance of such bonds to fund such indebtedness to the vote of the electors of such school district.

En. Sec. 2, Ch. 128, L. 1923.

1254.3. Resolution. The board of school trustees shall, by resolution, declare that the existing indebtedness shall be funded by the issuance of bonds, which said resolution shall describe the amount and kinds of indebtedness which is to be funded, and declare and certify as to the validity of such indebtedness, and that the conditions exist as specified in section 2 of this act, which resolution and certificate shall be conclusive against the district as to the validity of indebtedness so funded in favor of holders of said bonds.

En. Sec. 3, Ch. 128, L. 1923.

1254.4. Interest and term. The board of school trustees shall, by resolution fix the rate of interest which said bonds shall bear not exceeding six per centum per annum, payable semi-annually; the denomination, form and terms thereof, which must be serial bonds for a term not to exceed ten years; such bonds shall bear the signature of the chairman of the board of trustees and shall be signed by the clerk of said district; and the coupons attached to the bond shall be signed by the said chairman and clerk, provided a facsimile of the signatures of the chairman and clerk may

be affixed to the coupon only when so recited in the bonds and the corporate seal of the school district shall be affixed to each of the bonds.

Upon execution, the bonds shall be deposited with the county treasurer, who shall register the same in a book provided for that purpose which shall show the number and amount of each bond, its date, the date payable and redeemable, and the person to whom the same is issued, and the county treasurer shall deliver the same to the person or persons to whom sold upon their making payment for the same or if so directed by the board of trustees to such person or persons who shall surrender an amount of warrants, which, with accrued interest, shall equal the par value of such bonds and such warrants so received by the treasurer shall be immediately canceled.

En. Sec. 4, Ch. 128, L. 1923.

1254.5. Tax levy. The board of school trustees shall provide for a tax levy to pay the principal and interest of such bonds as they mature in accordance with the provision of the laws relating to taxes and sinking fund.

En. Sec. 5, Ch. 128, L. 1923.

1254.6. Sale of bonds—Advertisement—Use of proceeds. When the board issues any bonds authorized by this act, it is its duty to sell the same and it shall give notice by advertisement in some newspaper published in this state at least once a week for four consecutive weeks, the date of the first publication to be not less than thirty days prior to date of sale; such advertisement must state the date, hour and place where such sale will take place and shall describe the bonds to be sold, giving the amount, denomination, rate of interest, time payable, time redeemable and purpose of the proposed bond issue. The trustees are authorized to reject any and all bids and sell such bonds at private sale if they deem it for the best interests of the district; the proceeds from the sale of such bonds to be used wholly for the purpose of taking up and retiring the outstanding indebtedness of the district as described in the resolution provided for by section 3 of this act. Provided, however, that the board may, if in its opinion it would be to the best interests of the district so to do, execute an exchange of such bonds by issuing the same to any person or persons holding the warrants of said district issued as provided in this act, the exchange to be made dollar for dollar.

En. Sec. 6, Ch. 128, L. 1923.

1254.7. Disposal of moneys received from bank. Any money recovered from such insolvent bank or banks, after the date of the issuance of such bonds, shall be credited to the sinking fund for the retirement of such bonds.

En. Sec. 7, Ch. 128, L. 1923.

1254.8. Emergency clause. There being no adequate provision by law for the meeting of the emergency existing and there being a large number of school districts in the state of Montana which will be unable to continue their school operations unless their present financial condition is

remedied, and, this act being deemed of immediate importance and an emergency existing within the meaning of the constitution, therefore this act shall take effect and be in force from and after its passage and approval.

En. Sec. 9, Ch. 128, L. 1923.

1254.9. County high school trustees may issue warrants on bank failure. The board of trustees of any county high school in the state of Montana shall have and are hereby given, in addition to powers already conferred upon them authority, whenever at any time such county high school shall have all or part of its funds deposited in any bank, which has become insolvent, to issue warrants to an amount of not to exceed one hundred per centum of such funds so deposited, for teachers' salaries, school supplies and equipment, new buildings heretofore completed, necessary repairs to school buildings and heating plants therein or other necessary expenses incurred in the maintenance of such school, and, in case such funds so deposited are not recovered in sufficient amount to pay off and discharge such warrants and to levy a tax therefor, will be burdensome to such county or will exceed the limit of taxes permitted by law to be levied, the board of county commissioners of such county shall have and are hereby given in addition to the powers already conferred upon them, authority to issue negotiable coupon bonds therefor and to pledge the credit and resources of the county for the payment of the principal and interest of such bonds.

En. Sec. 1, Ch. 129, L. 1923.

This act being a special statute and chapter 21, L. 1923, amending section

4614, being a general one, the former statute is controlling. *Frankze v. Wright et al*, 70 Mont. 531, 226 Pac. 524.

1254.10. Funding bonds may issue when. The funding bonds authorized by this act shall be issued under the following conditions, to wit:

1. When the board of trustees shall have listed certain unpaid warrants, and certified that they were regularly issued subsequent to July 1, 1922, for purposes set forth in section 1, of this act, and there is not sufficient money, other than that deposited in insolvent banks, to the credit of such school district available for the payment of such outstanding warrants.

2. When in the judgment of the board of county commissioners of such county to levy and collect a tax for the purpose of paying such warrants will be a hardship and burden to said school district;

3. When sufficient money has not been recovered from such insolvent bank or banks to pay or discharge such warrants; and

4. When to levy a tax therefor would exceed the limit of taxation allowed by law. Provided, it shall not be necessary to submit the question of the issuance of such bonds to fund such indebtedness to the vote of the electors of such county.

En. Sec. 2, Ch. 129, L. 1923.

1254.11. Resolution. The board of county commissioners shall, by resolution, declare that the existing indebtedness shall be funded by the issuance of bonds, which said resolution shall describe the amount and

kinds of indebtedness, which is to be funded, and declare and certify as to the validity of such indebtedness and that the conditions exist as specified in section 2, of this act, which resolution and certificate shall be conclusive against the county as to the validity of indebtedness funded in favor of holders of said bonds.

En. Sec. 3, Ch. 129, L. 1923.

1254.12. Interest and term of bonds—Registration. The board of county commissioners shall, by resolution, fix the rate of interest which said bonds shall bear not exceeding six per centum per annum, payable semi-annually; the denomination, form and terms thereof, which must be serial bonds for a term not to exceed ten years; such bonds shall bear the signature of the chairman of the board of county commissioners and shall be signed by the clerk of said county; and the coupons attached to the bonds shall be signed by the said chairman and clerk, provided a facsimile of the signatures of the chairman and clerk may be affixed to the coupon only when so recited in the bonds and the corporate seal of the county shall be affixed to each of the bonds.

Upon execution, the bonds shall be deposited with the county treasurer, who shall register the same in a book provided for that purpose which shall show the number and amount of each bond, its date, the date payable and redeemable, and the person to whom the same is issued, and the county treasurer shall deliver the same to the person or persons to whom sold upon their making payment for the same or if so directed by the board of county commissioners to such person or persons who shall surrender an amount of warrants, which with accrued interest, shall equal the par value of such bonds and such warrants so received by the treasurer shall be immediately canceled.

En. Sec. 4, Ch. 129, L. 1923.

1254.13. Tax levy. The board of county commissioners shall provide for a tax levy to pay the principal and interest of such bonds as they mature.

En. Sec. 5, Ch. 129, L. 1923.

1254.14. Sale of bonds—Advertisement—Use of proceeds. When the board issues any bonds authorized by this act, it is its duty to sell the same and it shall give notice by advertisement in some newspaper published in this state at least once a week for four consecutive weeks, the date of the first publication to be not less than thirty days prior to date of sale; such advertisement must state the date, hour and place where such sale will take place and shall describe the bonds to be sold, giving the amount, denomination, rate of interest, time payable, time redeemable and purpose of the proposed bond issue. The board of county commissioners are authorized to reject any and all bids and sell such bonds at private sale if they deem it for the best interests of the county; the proceeds from the sale of such bonds to be used wholly for the purpose of taking up and retiring the outstanding indebtedness of the county high school as described in the resolution provided for by section 3 of this act. Provided, however, that the board may, if in its opinion it would be to

the best interests of the county so to do, execute an exchange of such bonds by issuing the same to any person or persons holding the warrants of said county issued as provided in this act, the exchange to be made dollar for dollar.

En. Sec. 6, Ch. 129, L. 1923.

1254.15. Disposal moneys received from bank. Any money recovered from such insolvent bank or banks, after the date of the issuance of such bonds, shall be credited to the sinking fund for the retirement of such bonds.

En. Sec. 7, Ch. 129, L. 1923.

1254.16. Emergency clause. There being no adequate provision by law for the meeting of the emergency existing and there being a number of county high schools in the state of Montana which will be unable to continue their school operations unless their present financial condition is remedied, and, this act being deemed of immediate importance, and an emergency existing within the meaning of the constitution, therefore this act shall take effect and be in force from and after its passage and approval.

En. Sec. 9, Ch. 129, L. 1923.

1254.17. School trustees may fund indebtedness. The board of school trustees of any school district in the state of Montana shall have, and are hereby given, in addition to the powers already conferred upon them, authority, whenever at any time such district shall have a floating indebtedness incurred on or before July 1, 1923, for teachers' salaries, school supplies and other necessary expenses incurred in the maintenance of schools in such district represented by warrants heretofore issued whether in excess of funds on hand and anticipated revenues or otherwise to fund such indebtedness and to issue negotiable ten year amortization bonds therefor and to pledge the credit and resources of the district for the payment of the principal and interest of such bonds.

En. Sec. 1, Ch. 130, L. 1923.

1254.18. Issuance warrants in excess of avoidable funds when. In addition to the powers conferred by section 1 of this act, and in anticipation of the subsequent issuance of the funding bonds authorized by this act, but subject to the constitutional limitations as to the total indebtedness of school districts, all boards of school trustees are hereby given authority to issue warrants in excess of the available funds of the school district, and in excess of the amount levied by said school district for the current school year. Said warrants shall be issued only in payment of the current expenses of said school for the completion of the school year of 1922-1923 and not for the purpose of increasing salaries, purchasing new equipment or increasing school facilities in any manner whatsoever. The warrants so issued may likewise be funded in accordance with the terms of this act.

En. Sec. 2, Ch. 130, L. 1923.

1254.19. Funding bonds may issue when. The funding bonds authorized by this act shall be issued under the following conditions, to wit:

1. When there is not sufficient money to the credit of said school district applicable to the payment of any such outstanding indebtedness; and
2. When, in the judgment of the board of school trustees, to levy and collect a tax for the purpose of paying such indebtedness would be a hardship and burden to said school district;

Provided, it shall not be necessary to submit the question of the issuance of such bonds to fund such indebtedness to the vote of the electors of such district.

En. Sec. 3, Ch. 130, L. 1923.

1254.20. Resolution. The board of school trustees shall, by resolution, declare that the existing indebtedness shall be funded by the issuance of bonds, which said resolution shall describe the amount and kinds of the indebtedness which is to be funded and declare and certify as to the validity of such indebtedness, which resolution and certificate shall be conclusive against the district as to the validity of the indebtedness so funded in favor of innocent holders of said bonds.

En. Sec. 4, Ch. 130, L. 1923.

1254.21. Interest and terms of bond—Registration. The board of school trustees shall, by resolution, fix the rate of interest which said bonds shall bear, not exceeding six per centum per annum, payable semi-annually; the time of payment not exceeding ten years after date; if redeemable before maturity, the date thereof; and shall prescribe the denomination and form thereof; such bonds shall bear the signature of the chairman of the board of trustees and shall be signed by the clerk of said district; and the coupons attached to the bonds shall be signed by the said chairman and clerk, provided a facsimile of the signature of the chairman and clerk may be affixed to the coupon, only when so recited in the bonds, and the corporate seal of the school district shall be affixed to each of the bonds. Upon execution, the bonds shall be deposited with the county treasurer, who shall register the same in a book provided for that purpose, which shall show the number and amount of each bond, its date, the date payable and redeemable, and the person to whom the same is issued, and the county treasurer shall deliver the same to the person, or persons, to whom sold, upon their making payment for the same, or, if so directed by the board of trustees, to such person, or persons, as shall surrender an amount of warrants which, with accrued interest, shall equal the par value of such bonds, and said warrants so received by the treasurer shall be duly canceled.

En. Sec. 5, Ch. 130, L. 1923.

1254.22. Tax levy. The board of school trustees shall provide for a tax levy to pay the principal and interest of said bonds as they mature, in accordance with the provisions of section 1228 of the Revised Codes of Montana of 1921.

En. Sec. 6, Ch. 130, L. 1923.

1254.23. Sale of bonds—Advertisement—Use of proceeds. When the board issues any bonds authorized by this chapter, it is its duty to sell the same and they shall give notice by advertising in some newspaper published in this state at least once a week for four consecutive weeks, the date of the first publication to be not less than thirty days prior to the date of sale, such advertisement must state the date, hour and place where such sale will take place and shall describe the bonds to be sold, giving the amount, denomination, rate of interest, time payable, time redeemable and purpose of the proposed bond issue. The trustees are authorized to reject any and all bids and sell such bonds at private sale if they deem it for the best interest of the district, the proceeds from the sale of such bonds to be used wholly for the purpose of taking up and retiring the outstanding indebtedness of the district as described in the resolution provided by section 4 of this act; provided, however, that the board may, if in its opinion it would be to the best interests of the district so to do, effect an exchange of such school district bonds to take up such legal outstanding indebtedness by issuing the same to any person or persons holding the school district warrants or just claims against the school district as set forth in the resolution as provided in section 2 of this act, the exchange to be made dollar for dollar.

En. Sec. 7, Ch. 130, L. 1923.

1254.24. Emergency clause. There being no adequate provision by law for the funding of indebtedness of school districts, and there being a large number of districts which will be unable to continue their school operations unless their present indebtedness be funded into bonds, and this act being deemed of immediate importance, and an emergency existing in the meaning of the constitution, therefore, this act shall take effect and be in force from and after its passage and approval.

This board is also hereby empowered to exercise general supervision of matters pertaining to sterilization, over the chief physician and assistants in custodial institutions, and require from them proper records and data for the determination of the efficiency, benefits and specific efforts of eugenical sterilization.

En. Sec. 4, Ch. 164, L. 1923.

1455.5. Responsibility for sterilization. The sterilization shall be performed by, or under the supervision of the chief physician of the custodial institution of said inmate, whenever he, by his competent examination, and upon the approval of the state board of eugenics finds the said inmate or inmates, to fall within the above-named class or classes; provided, however, that before this sterilization takes place it shall be the duty of the said chief physician to fill out appropriate certificate of said inmate or inmates to be sterilized and present same to the state board of eugenics and secure that board's approval thereof, the approval to be evidenced by the appropriate indorsement on the back of said certificate by the secretary of said board.

state of Montana and if such inmate has no known kin within the state of Montana, then the consent of the custodial guardian of such inmate. In all cases when this consent is refused, it should be noted on the certificate by the chief physician, and it then becomes his duty to notify the inmate and his guardian, or nearest known kin within the state of Montana, and in case such inmate has no known kin within the state of Montana, then the custodial guardian of such inmate, of the proposed sterilization, setting a date for him or them to appear before the state board of eugenics and to show cause why the sterilization should not take place. It shall then be the duty of the state board of eugenics to withhold the approval of the sterilization of said inmate until the said board has heard and passed upon the merits of the objection. At the hearing it shall be the duty of the state board of eugenics either to approve or disapprove the sterilization.

Failure of complainants to appear at the hearing after due notice shall be considered as a waiver of all objections.

Upon the approval of the state board of eugenics, the secretary thereof shall indorse the approval on the back of the sterilization certificate of the inmate, and the chief physician shall cause sterilization to proceed as though the consent were given.

All decisions of the state board of eugenics shall be appealable to the district court of the district in which the custodial institution of the inmate is located by the objecting party or parties hereinbefore mentioned filing a petition against the state board of eugenics in the said court, in which case sterilization proceedings shall be suspended until final disposition of the case by the court.

En. Sec. 6, Ch. 164, L. 1923.

1455.7. Liability. Neither the members of the state board of eugenics, the chief physicians, nor assistants concerned, nor any other persons legally participating in the execution of the provisions of this act, shall be liable either civilly or criminally on account of said participation provided, however, that sterilization of the said inmate or inmates, by the chief physician of the custodial institution or his assistants, for other than the purpose named in the act, or by fraud or duress, or without the approval of the state board of eugenics, shall constitute a felony punishable by a fine of not more than \$1,000, or imprisonment in the state prison for no more than five years, or both.

En. Sec. 7, Ch. 164, L. 1923.

1455.8. Purpose of findings and orders. The purpose of said findings and orders of said board and any operation performed thereunder, shall be for the betterment of the physical, mental, neural or psychic condition of said inmate, or to protect society from the menace of procreation by said inmate, and not in any manner as a punitive measure.

En. Sec. 8, Ch. 164, L. 1923.

But nothing in this act shall be deemed or construed to extend to any special road district the right, power, or authority to issue bonds for any purpose whatsoever. The purpose of such road districts is to provide for the proper care, supervision, and maintenance of existing public highways within such road districts, it being the intention of this act that county commissioners and county surveyors, or special deputy county surveyors, as herein provided, shall continue to have and exercise the authority now provided by law for them, in laying out, establishing, and constructing new roads and bridges, and repairing such existing roads and bridges in

the county as the county commissioners may at any time by resolution determine; provided, however, that the county commissioners of the county shall appoint a special deputy county surveyor to do the work of the county surveyor in all cases where the work can be done more economically and efficiently by said deputy. A copy of any such resolution by said commissioners, when passed, shall be by them sent to the secretaries of the districts through which such new road or road repairs may extend. Bridges over twelve feet in length shall be known as "county bridges," and may be constructed by the county. The said work may be let to one or more contractors or all of same may be let in one contract or in separate contracts in the discretion of said local supervisors. The committee of supervisors may reject any and all bids and before the execution of any contract they shall require a bond satisfactory to them that the contractor will furnish the required material and perform the required work upon the terms specified in the contract and within the time prescribed; and as a bond of indemnity against any direct or indirect damages that shall be suffered or claimed for injury of persons or property during the construction of said improvement and until the same is accepted.

Partial payments may be provided for in the contract, and paid in the manner herein provided when certified by the county surveyor and committee of supervisors to an amount not exceeding eighty per cent of the value of the work done and the materials, provisions and supplies furnished and the said contract shall provide that at least twenty per cent

of the estimated amount shall be retained to secure the payment to laborers who have labored on such work and to those who have furnished materials, provisions and supplies (and supplies) for the prosecution of such work, and such laborers and those who have furnished materials, provisions and supplies shall have thirty days after the work has been completed or material, provisions and supplies furnished, for lien on such twenty per centum so reserved; providing, notice thereof in writing shall have been filed with the committee of supervisors within said thirty days, which lien shall be senior to all other liens, such as judgment, garnishment, or judgment liens, and no improvements or construction shall be deemed to be completed until the committee of supervisors have filed with the clerk of the board of county commissioners a statement signed by a majority of them, same to have been completed and that all labor, material, provisions and supply liens have been discharged. Such contract shall be executed in the name and on the behalf of the county by the board of county commissioners and attested with the seal thereof, for the use and benefit of said local improvement district; but such county shall not thereby be rendered subject to any claim or liability in a greater sum than that agreed upon with said proposed assessment district as provided in the order fixing the amount chargeable to said county.

SPEED AND TRAFFIC REGULATIONS.

1742. Speed regulations.

The rule as to the right and mutual duties of automobiles and bicycles and the drivers thereof under this section was stated in Pratt v. Kistler, 72 Mont. 356, 233 Pac. 600.

Sections 1742-1763, requiring the registration of motor vehicles and the payment of the prescribed fee, are not open to the constitutional objection that they are a revenue measure, but they may be justified as a reasonable police regula-

tion. State v. Pepper, 70 Mont. 596, 226 Pac. 1108.

Pedestrians and automobilists have equal rights in the use of the public highways, in the exercise of which the former must use ordinary care for their own safety and the latter must drive their automobiles in accordance with the requirements of this section. Green v. Bohm, 65 Mont. 399, 211 Pac. 320.

1743. Traffic regulation. Every person operating or driving a vehicle of any character upon a public street or highway of this state must observe the following traffic regulations:

1. Traffic must everywhere and at all times keep to the right. Vehicles moving in opposite directions must pass each other by turning to the right. Vehicles moving in the same direction must pass by turning to the left on the part of the one passing, and turning to the right on the part of the one being passed. At all (turns) curves, corners, and crossings, and particularly where the view is in any manner obstructed both

in cities and towns and in the country, vehicles must slow down and be under complete control and must keep to the right, so that if the width of the road permits, there is room on their left for the passing vehicle that may at any time suddenly or unexpectedly appear.

2. In cities, towns or villages where traffic is heavy, slow moving traffic must keep as near as possible to the curb. Vehicles turning corners to the right must keep close to the right-hand curb; in turning to the left, vehicles must keep to the right and swing full around the intersection of the center lines of the street. The operator or driver of any vehicle desiring for any reason, either at or between street crossings, to turn to the left, must warn all following by extending his arm full from the shoulder for a period of not less than two seconds, and sufficiently in advance of turning to enable anyone following to stop or make the necessary change in course. Provided, however, that if the motor vehicle operated and driven be equipped in the rear with a signal lamp with direction indicators which will indicate clearly and positively the direction the operator or driver desires for any reason to turn, whether to the right or to the left, either at or between street crossings, and warning is given all following by means of such signal lamp for a period of not less than two seconds, and sufficiently in advance of turning to enable anyone following to stop or make the necessary change in course it shall not be necessary to extend the arm and the foregoing provision relating thereto shall be of no force or effect during the period between one hour after sunset and one hour before sunrise.

3. The operator or driver of any vehicle upon a public highway, upon being overtaken by another vehicle and receiving a signal or notice from the operator or driver of the vehicle in the rear that he desires to pass must, without necessary delay make every reasonable effort to permit him to do so.

4. No motor vehicle operating upon a public street or highway of this state shall pass on either side thereof a street-car which has stopped to receive or discharge passengers at a less distance than eight feet, nor at a speed greater than six miles per hour.

Amd. Sec. 1, Ch. 80, L. 1927.

The word "crossing" as used in this section with relation of the duty of drivers at crossings, held to refer to the intersection of a highway and a railroad or of two highways, and therefore an instruction based upon that section offered by defendant, through whose negligence in driving on a private way across the highway with the intention of entering a gate on the opposite side, plaintiff was injured, was properly refused as not applicable. *Knott v. Pepper*, 74 Mont. 236, 239 Pac. 1037.

A pedestrian and the driver of an automobile have equal rights in the use of the public highway and the latter must operate his car in the manner specified in this section; failure to do so renders him liable in damages unless the person injured, through his contributory negligence, precludes his right to recover. *McGregor v. Weinstein*, 70 Mont. 340, 225 Pac. 615.

In an action by a pedestrian against the driver of an automobile for personal injuries sustained at a street crossing, an instruction based upon subdivisions 1 and 2 of this section, requiring the latter in turning corners to keep close to the curb, held prejudicially erroneous where the presence of a telephone pole in the highway about six feet from the curb near the point of the accident rendered it impossible for the driver to obey the mandate of the statute, its provisions being elastic, not rigid, to be applied in the light of physical conditions existing in the avenues of traffic. *McGregor v. Weinstein*, 70 Mont. 340, 225 Pac. 615.

Plaintiff riding a motorcycle in a city street was endeavoring to pass a truck going in the same direction to the left and sounded the horn; the driver of the truck suddenly turned to the left without giving the warning required by this section, causing a collision. There was no evidence that plaintiff had time to stop

or change his course. Held, that plaintiff was not guilty of contributory negligence as a matter of law. *Haney v. Mutual Creamery Co.*, 67 Mont. 278, 215 Pac. 656.

In an action for damages for injuries sustained in a collision between plaintiff's motorcycle and defendant's automobile, the allegation in the complaint that defendant was on the left side of the road

at the time of the accident, in disregard of the provision of the statute that vehicles must keep to the right, made out a prima facie charge of negligence. *McGinnis v. Phillips*, 62 Mont. 223, 205 Pac. 215.

Conflict between statutes and local regulations, note, 21 A. L. R. 1187.

1744.1. Drivers of motor vehicles—Duty when accident occurs—Penalties. In case of accident or injury to a person or persons or property on the public highways, due to the operation thereon of any vehicle, the person operating or driving shall stop, and upon request of the person or persons injured or whose property has suffered injury, or upon request of any other person present, must give his true name and correct place of residence, and the registration number of his vehicle, if it be a motor vehicle, and if such person operating or driving is not the owner thereof, the correct name and address of the owner of such vehicle. In the event the person injured or whose property has suffered injury, is unable to make such request, the driver of such vehicle must make such report as required by this act to the nearest sheriff's office or nearest office of chief of police within a period of twenty-four (24) hours after such accident has occurred or injury sustained.

Any person violating the provisions of this act or failing to give the information as required by this act, shall be guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine of not less than twenty-five (\$25) dollars, or more than five hundred (\$500) dollars, or not less than ten (10) days imprisonment or more than three months imprisonment or by both such fine and imprisonment.

En. Sec. 1, Ch. 12, L. 1923.

1748. Liability of owner for negligence of driver.

Under this section, the owner of a property while acting within the scope of his employment. *Rohan v. Sherman* passengers is liable for all damage done & Reed et al., 61 Mont. 519, 202 Pac. 749. by a driver in his employ to person or

1749. Regulation moving machines on highways. All persons owning, controlling, operating or managing threshing-machines, steam engines, sawmills, or any heavy loads [of] whatever kind or nature, are required in moving the same over public highways, to lay down planks, not less than one foot wide, three inches in thickness, and of sufficient length on the floors of all bridges and culverts situated on the public highways, while crossing the same, for the wheels of said threshing-machines, steam engines, sawmills, or other vehicles carrying heavy loads of any kind to run on; provided, that this section shall not apply to any threshing-machines, sawmill, steam engine, or other vehicle carrying heavy loads not exceeding six tons in weight; provided further, that owners and operators of trucks carrying a net load over and above the weight of the truck itself of more than six tons, are hereby made personally liable for breakage or damage done to bridges or culverts, when same have not been planked in accordance with the provisions of this section.

Amd. Sec. 1, Ch. 164, L. 1925.

1749.1. Sleigh runners, regulation of size. On and after the first day of January, 1924, it shall be unlawful for any person, firm or corporation in this state to sell any new or first hand draft sleigh, to any person or persons residing in this state for use herein, unless the runners of such sleigh shall measure from center to center four feet and six inches or wider. And on and after January 1, 1928, it shall be unlawful for any person or persons to use upon any of the public highways of this state any sleigh, unless the runners shall measure from center to center four feet and six inches, or wider.

En. Sec. 1, Ch. 101, L. 1923.

1749.2. Penalty. Any person, firm or corporation violating any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars (\$10) nor more than twenty-five dollars (\$25).

En. Sec. 2, Ch. 101, L. 1923.

1753. Accessories required upon motor vehicles.

In an action for damages for personal injuries sustained in a collision after dark between plaintiff's automobile, the lights of which were burning, and that of the defendant without lights, in which the negligence alleged was defendant's driving without lights when a reasonably prudent man would have had them burning, an instruction that if the accident

occurred before the hour fixed by this section, for having lights, the absence of lights could not be deemed negligence, was properly refused, the hour fixed by statute being immaterial if the conditions were such as to require the display of lights. *Knott v. Pepper*, 74 Mont. 236, 239 Pac. 1037.

CHAPTER 135.

REGISTRATION OF MOTOR VEHICLES—CERTIFICATES OF TITLE.

1755. Duties of registrar of motor vehicles—Records. 1. The warden of the state penitentiary be, and is hereby constituted the registrar of motor vehicles, of motor dealers and of chauffeurs, and that as such it shall be his duty to keep a record as hereinafter specified of all motor vehicles of every kind, of all dealers in motor vehicles, and of chauffeurs, and to assign to each a distinctive serial registration number.

2. In the case of motor vehicles the record shall show the following: Name of owner, residence by county, business address, manufacturer of car, manufacturer's designation of style of car, manufacturer's serial number, year of manufacture, character of motive power, manufacturer's horse-power rating and the distinctive serial number assigned such car, also whether or not to be used exclusively for commercial purposes, and if so, manufacturer's rating of load carrying capacity, and such other information as may from time to time be found desirable.

3. In the case of dealers the record shall show the name of the applicant, his residence, and address by town and county, his business address, and the distinctive number assigned him.

4. The registrar of motor vehicles shall qualify by giving a bond of fifty thousand dollars (\$50,000), providing for the faithful performance of his duty. He shall be entitled to one deputy at a salary not to exceed three thousand dollars (\$3,000) and two civilian clerks at a salary not to exceed one hundred fifty dollars (\$150) per month, who shall be selected by said registrar of motor vehicles, the salary of which deputy and the salaries of which clerks shall be fixed by the state board of examiners. The remaining clerical help shall be selected by the registrar of motor vehicles from among the inmates of the state penitentiary.

5. All office equipment, books, files and records belonging to the motor vehicle department as now located shall be transferred to the state penitentiary.

6. The registrar of motor vehicles shall on the twenty-fifth day of each month transmit to the state treasurer all moneys collected by him.

7. The registrar of motor vehicles shall at the end of each month prepare lists of licenses sold for the current month, showing the number of license sold, the name and address of party to whom sold, engine number and make of car. Such lists shall be distributed to the sheriffs and clerk and recorder and assessors of each county of the state by the registrar of motor vehicles.

Amd. Sec. 1, Ch. 177, L. 1925; Amd. Sec. 1, Ch. 129, L. 1927.

1759.1. Information required on application for registration of automobiles. That in addition to any information required by section 1759 of the Revised Codes of Montana of 1921, every owner of a motor vehicle operated or driven upon the public highway of this state, shall, for each motor vehicle owned, except as otherwise expressly provided, in his verified application for the registration thereof on a blank to be furnished by the registrar of motor vehicles, include the following information:

1. Whether such applicant was the owner of such motor vehicle on the first Monday of March of the year next preceding the year for which registration is applied.

2. And if so whether or not the property tax on such motor vehicle has been paid for such year.

3. And such other information relating to taxation as may be required by the state board of equalization.

En. Sec. 1, Ch. 123, L. 1927.

1759.2. List of delinquent motor vehicle taxes. The county treasurer of each county, shall, not later than the second Monday of December of each year, mail to the registrar of motor vehicles of the state of Montana, a certified list of the names of all owners of motor vehicles, who have not paid the property taxes on such motor vehicles for the current year, and which said taxes are not a lien on the real estate of the owner, as shown by the records in his office. Such list shall also include the engine number of such motor vehicle.

En. Sec. 2, Ch. 123, L. 1927.

1759.3. Procedure if property tax delinquent. The registrar of motor vehicles shall compare and check each application for registration with

the said county treasurer's list of names of delinquents of the county wherein the applicant resides, and if he finds therefrom, or from any other source, that the property tax has not been paid on such motor vehicle for the year next preceding the year for which registration is applied, he shall immediately notify the applicant by mail of such finding and further that he cannot issue the registration certificate therefor, until such delinquent property tax has been paid and the proof thereof, by receipt or certificate of the proper county treasurer, has been filed in his office. And the registrar of motor vehicles shall not issue such registration certificate until such delinquent property tax has been paid and such proof thereof has been filed in his office.

En. Sec. 3, Ch. 123, L. 1927.

1759.4. Regulation of late registrations. Whenever any application is made for the registration of a motor vehicle after the thirtieth day of April, in any year, the applicant shall be required to pay, in addition to the registration fee required therefor, a penalty of ten per centum (10%) of such registration fee for having failed to secure registration of such motor vehicle prior to such date; provided, however, that no such penalty shall be required to be paid when the applicant shall present with his application:

1. A certificate from a dealer in this state to the effect that such motor vehicle was not sold by such dealer as a used or second-hand vehicle but as a new vehicle, and that it was not delivered to the purchaser by such dealer until after the thirtieth day of April in the year in which such application for registration is made;

2. Or, a certificate from a dealer in this state to the effect that such motor vehicle was not delivered by the dealer to such purchaser until after the thirtieth day of April in the year in which application is made for registration, and that it was sold by such dealer as a used or second-hand motor vehicle, but that it had been in the possession of such dealer, as a part of his stock, at all times since the thirty-first day of December, immediately preceding.

3. Or, an affidavit of the applicant that such motor vehicle was not brought into this state until after the thirtieth day of April in the year in which application is made for registration.

En. Sec. 4, Ch. 123, L. 1927.

1759, Subd. 4. Relating to registration of motor vehicles on sale.

Rep. Sec. 22, Ch. 113, L. 1925.

1760. Registration fees. 1. Registration fee shall be paid to the registrar of motor vehicles upon registration or reregistration of dealers and motor vehicles in accordance with this act, as follows:

Dealers in motor vehicles other than motorcycles, seventy-five dollars.

Dealers in motorcycles, twenty-two dollars and fifty cents.

Dealers in automobile accessories where volume exceeds \$200 per year, ten dollars.

Motor vehicles, other than motor trucks, having a rated engine capacity not exceeding twenty-three horse-power (according to S. A. E. formula), seven dollars and fifty cents.

Motor vehicles, other than motor trucks, having a rated engine capacity exceeding twenty-three horse-power, and not more than thirty-seven horse-power (according to S. A. E. formula), fifteen dollars.

Motor vehicles, other than motor trucks, having a rated engine capacity exceeding thirty-seven horse-power (according to S. A. E. formula), twenty-two dollars and fifty cents.

Trucks not over one-half ton capacity \$7.50.

Electrically driven passenger vehicles, fifteen dollars.

Trucks not over one ton capacity, ten dollars.

Trucks over one and not over two tons capacity, twenty-two dollars and fifty cents.

Trucks over two and not over three tons capacity, thirty-seven dollars and fifty cents.

Trucks over three and not over five tons capacity, sixty dollars.

Trucks over five tons capacity, two hundred dollars.

All rates to be twenty-five per cent higher for motor vehicles when not equipped with pneumatic tires.

Bicycle with motor attachment, one dollar and fifty cents.

The registrar of motor vehicles shall first deduct from all fees paid under the provisions of this act, the actual cost of making and mailing all licenses, certificates, license plates, and identification marks, and shall transmit the remainder of the fees so paid to the county from which the registration fee came, to be used by said county for the construction, repair and maintenance of all public highways within said county, including city streets forming component parts of arterial highways within the corporate limits of cities within the boundaries of said county.

2. If any dealer or motor vehicle is originally registered after July 31st in any year, the registration fee for the balance of such year shall be one-half of the regular fee above given.

3. A dealer who shall maintain more than one place of business or who shall maintain any branch establishment or establishments, must register and pay a registration fee for each such place of business or establishment.

4. A registered dealer who may sell and dispose of his entire business to any other person may have his certificate of registration transferred to such purchaser, upon filing with the registrar of motor vehicles a statement containing the name of the registered dealer, the number under which such dealer is registered, the name of the purchaser, and the location of the place of business so sold. Upon the filing of such statement, accompanied by a filing fee of one dollar, the registrar of motor vehicles shall note upon the registration record such change of ownership. But no certificate of registration can be so transferred unless the entire business of the dealer holding such certificate of registration be sold and disposed of, and no such certificate of registration can be transferred to any person other than the purchaser of such business.

5. The provisions of this act with respect to payment of registration fees shall not apply or be binding upon motor vehicles owned or controlled by the United States of America, or by any state, city or county; but in all other respects the provisions of this act shall be applicable and binding upon cars so owned.

Amd. Sec. 1, Ch. 107, L. 1923; Amd. Sec. 1, Ch. 88, L. 1927.

The act requiring the registration of motor vehicles and the payment of prescribed fees, is not open to the constitutional objection that it is a revenue measure, but that it may be justified as a reasonable police regulation. *State v. Pepper*, 70 Mont. 596, 226 Pac. 1108.

In passing upon the contention, unsupported by evidence, that the license fee exacted by this section, as amended, is in excess of the reasonable expense of regulation, the supreme court cannot take judicial notice of the number of vehicles in the state, the amount payable for each one, the cost of administering the law, the net amount paid over to the counties or the cost of enforcing the act. *State v. Pepper*, 70 Mont. 596, 226 Pac. 1108.

Upon inspection of this act alone and in the absence of evidence showing otherwise, that the license fee exacted from the owner of an automobile used for his pleasure and convenience is not so unreasonable as to render its condemnation as a police regulation necessary, the presumption being that it is reasonable. *State v. Pepper*, 70 Mont. 596, 226 Pac. 1108.

The facts that the net automobile license fees paid over to the several counties by the state are converted into the road fund and that any expense of enforcing the act is paid from revenue

derived from general taxation is of no consequence in determining the character of the fees. *State v. Pepper*, 70 Mont. 596, 226 Pac. 1108.

The act of which this section is a part is not invalid so far as it assumes to impose a license fee upon owners of motor vehicles, for failure to indicate in its title a purpose to impose a charge of any kind, the unity of title to an act required by section 23, article V of the constitution, being observed if the various provisions of the act are germane to the general subjects expressed in the title. *State v. Pepper*, 70 Mont. 596, 226 Pac. 1108.

Validity of statutes imposing license tax on automobiles as affected by constitutional provisions in relation to taxation, note, 5 A. L. R. 759.

1760.1. What fees affected by act. The provisions of this act with respect to the transmitting of registration fees to the county from which the registration fee came, shall apply to all such registration fees undivided and in the custody of the registrar of motor vehicles at the time of the passage and approval of this act.

En. Sec. 2, Ch. 88, L. 1927.

1763.1. Definitions. The words and phrases used in this act shall be construed as follows, unless the context may otherwise require:

(a) The term "motor vehicle" shall include all vehicles impelled by power other than muscular power, except motorcycles operated by policemen or firemen when on official business, also all motor vehicles, including trucks owned and operated by municipalities, or by the state, or by any state institution: Provided, that the same shall be designated by proper signs in which department of said municipality or state, or institution, said trucks or other motor vehicles are employed, traction engines, road rollers, fire wagons, fire engines, police patrol wagons and such vehicles as run only upon rails or tracks.

(b) The term "state" as used in this act, except where otherwise expressly provided, shall also include the territories and the federal districts of the United States.

(c) The term "owner" shall also include any person, firm, association or corporation renting a motor vehicle or having the exclusive use thereof,

under a lease or otherwise, for a period of greater than thirty days, and shall also include a contract vendee.

(d) "Vehicle." Any motor vehicle as herein defined.

(e) "Used vehicle." A motor vehicle which has been sold, bargained, exchanged, given away or title transferred from, the person who first took title to it from the manufacturer or importer, dealer or agent of the manufacturer or importer, and so used as to have become what is commonly known as "second hand" within the ordinary meaning thereof.

(f) "Manufacturer." A person, firm, corporation or association engaged in the manufacture of new motor vehicles, trailers, or semi-trailers, as a regular business.

(g) "Dealer." Any person, firm, corporation or association engaged in the purchase and sale of motor vehicles, trailers or semi-trailers, or in the leasing of the same for a period of thirty or more successive days.

En. Sec. 1, Ch. 113, L. 1925.

1763.2. Certificate of title for motor vehicles. After January one, nineteen hundred twenty-six, no certificate of the registration of any vehicle or number plates therefor, whether original issues, or duplicates, shall be issued or furnished by the registrar of motor vehicles unless the applicant therefor shall at the same time make application for and be granted an official certificate or title of such motor vehicle or shall present satisfactory evidence that such a certificate covering such motor vehicle has been previously issued to the applicant. Said application shall be upon a blank form to be furnished by the registrar of motor vehicles and shall contain a full description of the motor vehicle, which said description shall contain the manufacturer's number, the motor number, and any distinguishing marks, together with a statement of the applicant's title and of any liens or encumbrances upon said motor vehicle, date of acquisition and such other information as the registrar of motor vehicles may require. The secretary of state, if satisfied that the applicant is the owner of such motor vehicle, or otherwise entitled to have the same registered in his name, shall thereupon issue to the applicant an appropriate certificate of title over his signature, authenticated by a seal to be procured and used for such purpose. Said certificates shall be numbered consecutively, beginning with number one, and shall contain such description and other evidence of identification of said motor vehicle as the registrar of motor vehicles may deem proper, together with a statement of any liens or encumbrances which the application may show to be thereon. The charge for each original certificate so issued shall be one dollar, which charge shall be in addition to the charge for the registration of such motor vehicle. Said certificate shall be good for the life of the car so long as the same is owned or held by the original holder of such certificate, and shall not have to be renewed annually, or at any other time except as herein provided. Upon the passage of this act it shall be the duty of the registrar of motor vehicles to cause to be printed copies of this act, and to mail to every person, to whom he has issued a certificate of registration for the year nineteen hundred twenty-five one of such printed copies accompanied by a blank form of application for a certificate of title.

En. Sec. 2, Ch. 113, L. 1925.

1763.3. New certificate required after sale or transfer. In the event of the sale or other transfer after January one, nineteen hundred twenty-six, of the ownership of a motor vehicle for which a certificate of title has been issued as aforesaid, the holder of such certificate shall indorse on the back of same an assignment thereof with warranty of title in form printed thereon with a statement of all liens or encumbrances on said motor vehicle, sworn to before a notary public or some other person authorized by law to take acknowledgments, and deliver the same to the purchaser or transferee at the time of the delivery to him of such motor vehicle. The purchaser or transferee, unless such person is a dealer licensed under section 14 of this act, shall, within fifteen days thereafter, present such certificate, assigned as aforesaid, to the registrar of motor vehicles, accompanied by a fee of one dollar, whereupon a new certificate of title shall be issued to the assignee. Said licensed dealer shall, on selling or otherwise disposing of said motor vehicle, execute and deliver to the purchaser thereof an affidavit of conveyance or assignment in such form as the registrar of motor vehicles shall prescribe, to which shall be attached the assigned certificate of title received by such dealer. Thereupon the purchaser of said motor vehicle shall apply for and receive from the registrar of motor vehicles a certificate of title. Said certificate, when so assigned and returned to the registrar of motor vehicles together with any subsequent assignments or reissues thereof, shall be retained by the registrar of motor vehicles and appropriately filed and indexed, so that at all times it will be possible to trace title to the motor vehicle designated therein; provided, when the ownership of any motor vehicle shall pass by operation of law, the person owning such motor vehicle may upon furnishing satisfactory proof to the registrar of motor vehicles of such ownership procure a title to said motor vehicle regardless of whether a certificate of title has ever been issued.

En. Sec. 3, Ch. 113, L. 1925.

1763.4. Certificate of title required to operate motor vehicles. Any person who shall operate a motor vehicle in this state under a registration number of this state after January one, nineteen hundred and twenty-six, without securing a certificate of title, as herein provided, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five dollars, nor more than one thousand dollars, or by imprisonment in the county jail not more than six months or both such fine and imprisonment in the discretion of the court.

En. Sec. 4, Ch. 113, L. 1925.

1763.5. Certificates of registration for motor vehicles. The registrar of motor vehicles shall furnish with each number plate for motorcycles and with each pair of number plates for motor vehicles, a receipt of registration, which shall contain upon the face thereof the following data: The name of the registered owner of the motorcycle or motor vehicle, the owner's postoffice address, the make of the vehicle, the year of model, the model or letter designated by the manufacturer, manufacturer's serial number, if any, the engine number, the registered horse-power, the registration or license number and date of issue of the receipt or registration.

In case of motorcycles, the manufacturer's serial number shall be stated in lieu of the engine number. Such receipt of registration shall contain a blank space for the signature of the registered owner and shall be signed with ink by such owner immediately upon receipt. Such receipt of registration shall contain the registration number denoted on the number plate or plates, in connection with which such receipt of registration is issued. Said receipt of registration shall also contain the engine number of the motor vehicle for which said receipt of registration is issued as denoted by certificate of title issued for said motor vehicle by the registrar of motor vehicles. The receipt of registration referred to herein shall be subject to inspection by any peace officer at any time. It shall be the duty of the registrar of motor vehicles to forward a duplicate of each certificate of registration to the county assessor of the county in which the owner resides, such duplicate to be forwarded at least once each month and such assessor shall file such duplicate certificates in his office alphabetically by name of person to whom issued.

En. Sec. 5, Ch. 113, L. 1925.

1763.6. Old certificates of registration to be returned to registrar of motor vehicles. Upon the transfer of ownership of any motor vehicle or motorcycle, registered under this act, the person in whose name such a motor vehicle or motorcycle is registered shall forthwith forward the receipt of registration to the registrar of motor vehicles with indorsement on the back thereof, or otherwise showing the name and postoffice address of the transferee, and the date of transfer. For failure to comply with this provision within fifteen days after the date of transfer, the transferor, upon conviction, shall be fined not less than five dollars or more than fifty dollars.

En. Sec. 6, Ch. 113, L. 1925.

1763.7. Transfer of ownership file to be kept by registrar of motor vehicles—Transferee of title required to make application for new certificate. Thereupon it shall be the duty of the registrar of motor vehicles to file such receipt of registration in a file to be known as "The transfer of ownership file." Unless the transferee as shown by the indorsement on the back of the receipt of registration, applies by mail, or otherwise, within ten days after the date of transfer of the motor vehicle for certificates of registration and title, the registrar of motor vehicles shall notify by registered mail or otherwise said transferee at once to do so. Unless said transferee then makes application within five days after the receipt of such notice from the registrar of motor vehicles for such certificates, he shall be considered to be driving a motor vehicle without registration, and upon conviction thereof shall be fined not less than five dollars nor more than fifty dollars.

En. Sec. 7, Ch. 113, L. 1925.

1763.8. Registrar of motor vehicles may refuse to issue certificate or revoke same if issued. If the registrar of motor vehicles shall determine at any time that an applicant for a certificate of title of a motor vehicle is not entitled thereto, he may refuse to issue such certificate or to register

such vehicle, and may for a like reason and after notice and hearing revoke registration already acquired on any outstanding certificate of title. Said notice shall be served in person or by registered mail.

En. Sec. 8, Ch. 113, L. 1925.

1763.9. Penalty for false statement in application for certificate or assignment thereof and possession of stolen motor vehicle. Any person who shall knowingly make any false statement of a material fact, either in his application for the certificate of title herein provided for, or in any assignment thereof, or who, with intent to procure or pass title to a motor vehicle which he knows or has reason to believe has been stolen, shall receive or transfer possession of the same from or to another, or who shall have in his possession any motor vehicle which he knows or has reason to believe has been stolen, and who is not an officer of the law engaged at the time in the performance of his duty as such officer, shall be deemed guilty of a felony and upon conviction shall be punished by a fine of not more than five thousand dollars or by imprisonment in any penal institution within this state for not more than ten years, or both, at the discretion of the court.

En. Sec. 9, Ch. 113, L. 1925

1763.10. Certificates for dealers and manufacturers. In the case of dealers in motor vehicles or motorcycles, including manufacturers who sell to others than dealers, all of whom are intended to be covered by this and all other provisions of this section, a separate certificate of title, either of such dealer's immediate vendor, or of the dealer himself, shall be required in the case of each motor vehicle in his possession, and the registrar of motor vehicles shall determine the form in which application for such certificates of title and assignments thereof shall be made; provided, however, that no such certificate shall be required in the case of new motor vehicles sold by manufacturers or dealers as the term "dealers" is defined in section one of this act.

En. Sec. 10, Ch. 113, L. 1925.

1763.11. Original or duplicate certificate of registration to be presented—Fee. Every person applying for a certificate of registration of any motor vehicle for which a license has previously been issued, shall present to the registrar of motor vehicles either the original or a duplicate of such certificate of registration. A charge of twenty-five cents shall be made by the registrar of motor vehicles for all duplicate certificates of title or of registration issued by him.

En. Sec. 11, Ch. 113, L. 1925; Amd. Sec. 1, Ch. 74, L. 1927.

1763.12. Alteration or forgery of certificate of title or assignment thereof and penalty therefor. The average annual value of the crop or crops that the land is capable of producing through a long series of years shall be the main basis for such valuation; but consideration shall also be given to every other known element that has a permanent bearing on the value.

In all appraisals hereafter made there shall be one and only one kind of value placed on each tract of land at the same time, and this value shall be used as the basis both for the rental and the sale of such land, subject to all constitutional limitations.

The completed appraisal of state lands for any one county shall show the average appraised value of each class of land in such county, and shall contain such additional information as the board may from time to time direct.

No re-appraisal of state lands, except of town lots, shall hereafter be made before such average appraised values in the county to be appraised have been available and considered by the board and the necessity for such re-appraisal determined by it, provided, however, that the board shall have the power to correct errors and adjust inequalities in appraisements when it has been shown to the satisfaction of the board that such errors or inequalities actually exist; and provided, further, that the board may cause mortgaged land to be re-appraised without re-appraising other state lands in the county or counties in which they are located. The board itself shall have the power to raise or lower the appraised value of any class of state land in any county on a percentage basis, uniform for the entire county, whenever it is deemed necessary to make such change in order to make the appraisal value represent the true and full value.

En. Sec. 17, Ch. 60, L. 1927.

1805.18. Board to prescribe further rules for appraisal. The board shall prescribe such further rules and regulations for the appraisal of

state lands as it may deem necessary, not inconsistent with the provisions of this act or the state constitution.

En. Sec. 18, Ch. 60, L. 1927.

1805.19. Exchange of state lands. The state board of land commissioners of the state of Montana is hereby authorized and empowered to enter into contracts or agreements with the United States, or any department thereof having jurisdiction, for the waiving and relinquishment to the United States of any and all rights of the state of Montana in and to sections 16 and 36 of any township and to any other sections of state lands when such sections are situated within or adjoining a federal forest reserve, or within or adjoining other federal land reservations, provided that the state of Montana shall in lieu of the rights so waived and relinquished receive from the United States other lands of an equal area and not inferior in value. The lands so obtained by the state of Montana from the federal government in exchange for lands to which the state has waived and relinquished its rights shall preferably be forest lands, it being the main purpose of these provisions to enable both the United States and the state of Montana to consolidate its forest holdings; but if desirable forest land cannot be obtained for such state lands, then other lands may be selected.

All contracts and agreements heretofore entered into between the state board of land commissioners and the United States, or any department thereof, waiving and relinquishing the rights of the state of Montana to sections 16 and 36 in any township in this state, and the selection of lands in lieu of those so relinquished by the state are hereby ratified, confirmed and validated.

En. Sec. 19, Ch. 60, L. 1927.

(d) Leasing of Agricultural Lands—Grazing Lands and Town, City and Other Lots.

1805.20. Leasing of agricultural and grazing lands and town and city lots. Under the general direction and control of the board, the commissioners shall lease all agricultural and grazing lands and all town and city lots open to leasing upon proper application and the payment of rental as hereinafter more specifically provided. In all cases where there is only one qualified person offering to lease any one tract of land, the lease shall be issued at the minimum rental as determined under the provisions of this act, but if there are two or more persons desiring to lease the same tract, then the lease shall be issued to the highest bidder, subject, however, to the preference right of a former lessee as provided in this act. All agricultural, grazing and town lot leases shall be subject to the condition that the board may in its discretion, offer said land for sale at any of the regular public sales of state lands held in the county where the land is situated, upon the same terms, and in the same manner as land not under lease.

En. Sec. 20, Ch. 60, L. 1927.

1805.21. Renewal of leases—Cancellation before expiration. A lessee who has paid all rentals due from him to the state and not violated the terms of his lease shall be entitled to have his lease renewed at any time within thirty (30) days prior to its expiration for an additional period of not exceeding five (5) years.

En. Sec. 21, Ch. 60, L. 1927.

1805.22. Arbitrators to fix value of improvements—Appeal. If the owner of any improvements on state lands desires to sell such improvements to the new lessee and they are unable to agree on the value thereof, such value shall be ascertained and fixed by three (3) arbitrators, one of which shall be appointed by the owner of the improvements, one by the new lessee and the third by the two (2) arbitrators so appointed. The reasonable compensation that such arbitrators may charge shall be paid in equal shares by the owner of the improvements and the new lessee. The value of such improvements so ascertained and fixed shall be binding on both parties; provided, however, that if either party is dissatisfied with the valuation so fixed, he may within ten (10) days appeal from their decision to the commissioner who shall thereupon cause the chief field agent or assistant field agent to examine such improvements and whose decision shall be final. The commissioner shall charge and collect the actual cost of such re-examination to the owner and the new lessee in such proportion as in his judgment justice may demand. The value of such improvements shall be ascertained and fixed as hereinafter and in this act provided.

En. Sec. 22, Ch. 60, L. 1927.

1805.23. Who may lease, how much, and for what length of time. No person shall be qualified to lease state lands, except one who is the head of a family, unless he or she has attained the age of twenty-one (21) years; no person or company shall be entitled to hold under lease more than one (1) section of land at any one time, and no lease to agricultural or grazing lands or town or city lots shall be for a longer period of time than five (5) years; provided, however, that any qualified lessee may lease and hold any quantity of lands acquired by the state through the foreclosure of mortgages or acquired otherwise in connection with a mortgage to the state.

En. Sec. 23, Ch. 60, L. 1927.

1805.24. Lease expiration dates. All leases for agricultural lands, grazing lands and town and city lots hereafter issued no matter on what date issued, shall expire on February 28 within five (5) years from the date on which the lease becomes effective.

En. Sec. 24, Ch. 60, L. 1927.

1805.25. Rental, how determined. The minimum annual rental for agricultural purposes shall be 5 per centum (5%) of the appraised valuation of such lands but in no case less than fifty cents (50c) per acre. The maximum annual grazing rental for state land shall not exceed one hundred dollars (\$100) per section, except where the leasing price is increased

above this sum by competitive bidding. For the purpose of determining the rental price of grazing lands they shall be classified as follows:

Class 1. Extra good grazing land seventy dollars (\$70) to one hundred dollars (\$100).

Class 2. Good grazing land, well sodded with grass sixty dollars (\$60).

Class 3. Fair grazing land, with medium grass fifty dollars (\$50).

Class 4. Poor grazing land, thinly grassed forty dollars (\$40).

Provided further that until the lands in any county have been appraised under the provisions of this act, the minimum annual rentals for grazing lands in such county shall remain six and one-fourth per centum ($6\frac{1}{4}\%$) of the so-called grazing valuation thereof according to the long-established usage of the state land office.

Rentals for fractional years, terminating on February 28 next following the date of issue, on agricultural and grazing lands shall be computed and collected as follows:

Leases beginning in:	Agricultural rental Percentage of full year's rental	Grazing rental, Percentage of full year's rental
March.....	100%	100%
April.....	100%	100%
May.....	90%	90%
June.....	80%	80%
July.....	70%	70%
August.....	50%	50%
September.....	50%	of grazing rental for both agricultural and grazing leases.
October.....	40%	of grazing rental for both agricultural and grazing leases.
November.....	30%	of grazing rental for both agricultural and grazing leases.
December.....	20%	of grazing rental for both agricultural and grazing leases.
January.....	10%	of grazing rental for both agricultural and grazing leases.
February.....	5%	of grazing rental for both agricultural and grazing leases.

Agricultural rentals shall apply and be charged and collected when the land is leased for or used for the raising of grain of any description, potatoes, beets or other cultivated crops, or for raising and harvesting alfalfa, clover, timothy or other grasses, or for other crops gathered or harvested from the land except that the grazing rates only shall be charged for summer fallowed land. Grazing rentals shall apply when the lands are used exclusively for pasture or grazing.

The minimum annual rental for town, city and other lots shall be five per centum (5%) of the appraised value thereof, calculated at the same rate per month for all seasons of the year. The appraisal of mortgage lands for purposes of fixing grazing rates shall not constitute an appraisal for purposes of sale.

En. Sec. 25, Ch. 60, L. 1927.

1805.26. Rental, when due. The rental for the first year of the lease and the fee of two dollars and fifty cents (\$2.50) for issuing the lease shall be paid at or before the time of the execution of the lease; provided, however, that in the case of all leases which take effect on and after October 1 and before the expiration of the coming February, both the rental for the fractional year and for the next full year beginning March 1, shall be paid and collected at the time of issuing the lease. The rental for each succeeding year on leases hereafter issued shall become due and payable to the commissioner of state lands and investments on December 15 next preceding the rental year to which the rental applies and if not paid on or before February 1 next following, this nonpayment shall have the effect of canceling the lease from and after February 28 of that year. The commissioner shall notify the lessee by letter addressed to the post-office address given in the lease of such cancellation, and the land shall then be open for lease to other applicants.

En. Sec. 26, Ch. 60, L. 1927.

1805.27. Land to be leased in compact bodies. All lands are to be leased in as compact bodies as possible and care shall be taken not to separate parts of any section from the section lines or public highways or from any available water supply, or in such form as to make it more difficult to lease the remaining state lands in the section in which they are located. In case there are applications or bids for renting certain land for grazing purposes and also applications or bids for renting the same land for agricultural purposes, an agricultural lease shall be issued; that bid or application shall be accepted which will bring the largest revenue to the state.

En. Sec. 27, Ch. 60, L. 1927.

1805.28. Change in terms of lease. Whenever any land is leased for grazing purposes, and the lessee desires to cultivate any part of the land, he shall before doing any such cultivation, make application to the commissioner stating how much land he desires to cultivate, showing the location in the section of such land, send his lease to the commissioner to have the necessary changes made therein, and shall pay to the commissioner one (1) year's agricultural rental for the land to be cultivated, which agricultural rental shall be additional to the grazing rental for such land, and shall be paid annually when the rentals become due for each remaining year of the lease, whether the lessee continues to cultivate such part or not, it being the intention of this provision to protect the interests of the state and to induce lessees to have the leases originally issued for the usage intended to be made of the land. In case any person shall cultivate lands leased for grazing purposes, without having first secured the right to do so in the manner herein provided, he shall be liable for twice the regular agricultural rental on the land so cultivated in addition to the grazing rental thereof. The provisions of this section shall be incorporated in every lease.

En. Sec. 28, Ch. 60, L. 1927.

1805.29. Form of lease—Bond. The general form of lease to state lands shall be prescribed by the state board of land commissioners and no

changes in the form for such leases shall be made without the approval of the said board. All leases shall be issued in duplicate, one (1) copy shall be mailed to the lessee, and one (1) copy shall be preserved by the commissioner and entered in a suitable book provided for that purpose. Unless the board decides otherwise, these leases shall be issued without bonds; but the board shall have the right to require a bond and to prescribe the form and conditions thereof whenever it deems it necessary.

En. Sec. 29, Ch. 60, L. 1927

1805.30. Share rent. The board may whenever it deems it advisable, and under such regulations as it may prescribe, authorize the leasing of agricultural lands for a share of the crops delivered at the grain elevator or market, which share shall not be less than what is commonly paid by lessees of privately owned lands as share rent in the locality where the state land is situated; and in no case shall such share rental be less than one-fifth ($\frac{1}{5}$) of the entire crop raised, delivered at the elevator.

En. Sec. 30, Ch. 60, L. 1927.

1805.31. Liens on crops and improvements. The state shall have a lien upon all crops growing upon any of its lands, and also upon such crops after they have been separated from the lands for any and all rentals and penalties due or delinquent under the lease on such lands, or becoming due during the calendar year in which such crops are harvested, for any year or part of year that the land has been held or used by the lessee; such lien shall also apply to all buildings, structures, fences and all other improvements, shall be prior and superior to all other liens, excepting threshermen's liens and seed liens as specified in sections 8355 and 8366 of the Revised Codes of Montana, 1921, which shall have priority as specified in chapter 116 of the session laws of 1925, and is hereby expressly reserved. Any person purchasing or otherwise acquiring any of such crops or improvements takes the same subject to such lien. Any agent or representative of the department, or the sheriff of the county in which the land is located, or his deputy, may demand of the lessee, or his agent, payment of the amounts due the state, and if the same are not paid upon such demand, the officer, making such demand, or any person or representative of the department, may seize, sell and dispose of, either at private or public sale, upon giving notice for not less than three (3) days of such sale, sufficient of the said crops or improvements, or of both, to pay the amounts due the state together with costs and expenses of seizure and sale. These provisions relating to liens on crops and improvements shall be embodied in all leases for agricultural and grazing lands and for town, city or other lots.

En. Sec. 31, Ch. 60, L. 1927.

1805.32. Leases may be assigned—Preference—Subleasing—Actual users to be given preference. Leases to state lands may be assigned on blanks provided for that purpose by the commissioner, but no such assignment shall be binding on the state unless the assignment is filed with the commissioner, approved by him and payment made of the assignment fee of one dollar (\$1). Preference shall always be given to the applicant

who wants the land for his own individual use so that the full advantage coming from the leasing and use of such lands may reach those who actually till the soil, and so that they shall not be compelled to pay a higher rental than that due the state. If a lessee subleases state lands on terms less advantageous to the sublessee than the terms given by the state, his lease shall be subject to cancellation by the state board of land commissioners after hearing, duly held on the facts involved.

En. Sec. 32, Ch. 60, L. 1927.

1805.33. Acquisition of water right by lessee. The lessee of state lands may at any time prior to one (1) year before the expiration of his lease make application to the board for permission to secure a water right to the land under his lease. Such application shall be in writing, shall show how much of the land can be irrigated, the permanency of the water supply and the probable cost of placing the land under irrigation. If the proposed plan meets with the approval of the board, permission shall be granted the lessee to secure the desired water right for the land and to place the same under irrigation. If such water right becomes a permanent and valuable improvement, then in case of the sale or lease of the lands to other parties, the former lessee shall be entitled to receive compensation in the amount of the reasonable value thereof, as in the case of other improvements, from the new lessee or the purchaser. These provisions shall not be so construed as to make the state liable to the lessee for the payment of the cost or value of such irrigation improvements.

En. Sec. 33, Ch. 60, L. 1927.

1805.34. Compensation for improvements. A lessee of state lands shall have the right to place a reasonable amount of improvements upon the lands leased by him, which improvements may consist of fences, cultivation and improvement of the land itself, irrigation ditches, houses, sheds, wells and reservoirs, and similar improvements. Whenever another person becomes the lessee of such lands, he shall pay to the former lessee the reasonable value of such improvements at the time the new lessee takes possession thereof. Provided, however, that if any of the improvements consists of breaking (meaning the original plowing of the land), and one (1) year's crops has been raised on the land after the breaking thereof, the compensation for such breaking shall not exceed the sum of two dollars and fifty cents (\$2.50) per acre, and that in case two (2) or more crops have been raised on the land after the breaking thereof, then in such case the breaking shall not be considered as an improvement to the land. In case the former lessee and the new lessee are unable to agree on the reasonable value of such improvements, then such value shall be ascertained and fixed as provided in this act.

In determining the value of these improvements consideration shall be given not only to the original cost but also to the present condition thereof and to their suitability for the uses ordinarily made of the lands on which they are located, and also to the general state of cultivation of the land, its productive capacity as affected by former use and also to its condition with reference to noxious weeds whether it is

infested with such weeds or free from these pests. Consideration shall be given to all actual improvements and to all known effects that the use and occupancy of the land have had upon its productive capacity and desirableness for the new lessee. The former lessee may, however, remove or dispose of the movable improvements on the land to other parties than the lessee; but if he fails to remove such improvements from the land within sixty (60) days from the date of the expiration of his lease, then all of such improvements shall become the property of the state unless the commissioner for good cause shown shall grant additional time for the removal thereof.

Before a lease is issued to the new lessee he shall show that he has paid the former lessee the value of the improvements as agreed upon by them or as fixed and determined under the provisions of section 22 of this act or that he has offered to pay the value of such improvements as so fixed and determined or that the former lessee elects to remove the improvements.

En. Sec. 34, Ch. 60, L. 1927.

1805.35. Preference right of former lessee. The holder of a lease to state lands, who has paid his rentals when due and has not in any way violated the provisions of his lease, shall at the expiration of such lease have the preference right to lease the lands covered by his former lease to the extent that he may take the lease at the highest bid made by any other applicant.

En. Sec. 35, Ch. 60, L. 1927.

1805.36. Cancellation of leases. The board shall have the power and authority in its discretion to cancel a lease for any of the following causes: For fraud or misrepresentation, or for concealment of facts relating to its issue, which if known would have prevented its issue in the form or to the party issued; for using the land for other purposes than those authorized by the lease, and for any other cause which in the judgment of the board makes the cancellation of the lease necessary in order to do justice to all parties concerned and to protect the interests of the state. Such cancellation shall not entitle the lessee to any refundment of rentals paid or exemption from the payment of any rentals, penalties or other compensation due the state.

En. Sec. 36, Ch. 60, L. 1927.

1805.37. Leasing regulations. The state board of land commissioners shall have the power, and it is hereby made its duty, to formulate and prescribe such additional rules and regulations relating to the leasing of state lands, not inconsistent with the provisions of this act, as it may from time to time deem necessary in order that the use and proceeds of these lands may contribute in the highest attainable measure to the purposes for which they have been granted to the state of Montana.

En. Sec. 37, Ch. 60, L. 1927

(e) Coal Mining Leases and Permits.

1805.38. Coal mining leases. The state board of land commissioners is hereby authorized and empowered to lease in such manner as it may deem for the best interests of the state any state lands to which the title has vested in the state and in which the coal or coal rights are not reserved by the United States for exploring for, mining, removing, selling and disposing of the coal therein upon the terms and conditions herein stated, and subject to such rules and regulations as the board may prescribe. This power and authority to lease state lands for coal mining purposes shall extend to and include all lands owned by the state no matter in what manner acquired and shall also extend to and include all those state lands which have been sold but in which the coal rights have been reserved by the state of Montana, whether such lands are under certificate of purchase or patents have been issued; but in such cases and in all cases where the lands are under lease for grazing, agriculture or similar purposes, care shall be taken in issuing the coal mining lease to protect the rights of the purchaser or lessee.

All such coal leases shall be subject to the condition that the coal must be mined, handled and marketed in such manner as to prevent as far as possible all waste of coal and shall also be subject to the condition that the mining operations shall be carried on in such systematic and orderly manner as not to make subsequent mining operations more difficult or expensive. Violations of these conditions shall constitute grounds for the forfeiture of the lease, after hearing had thereon before the state board of land commissioners.

En. Sec. 38, Ch. 60, L. 1927.

1805.39. Not more than one section may be leased to one person—Term—Fee. No person, copartnership, company or corporation shall be entitled to lease more than one (1) section of land for coal mining purposes, and no lease shall be issued for a longer term than five (5) years, but the board may establish such rules and regulations for the renewal of a lease at the expiration of the term as it may deem proper and necessary. The board shall prescribe the form of the lease; the fee for issuing the lease and approving the bond hereinafter provided shall be two dollars and fifty cents (\$2.50) payable to the commissioner.

En. Sec. 39, Ch. 60, L. 1927.

1805.40. Royalty. The compensation of the state under all coal mining leases shall be upon a royalty basis and shall be fixed and determined by the board. The amount of such royalty shall be based upon the kind, grade and character of the coal in each particular mine, upon the size, shape and nature of the coal vein, strata or body, and upon the shipping and marketing facilities for the product. Consideration shall also be given to every other known factor affecting the value of each particular coal mining lease; but in no case shall the royalty for the coal mined be less than twelve and one-half (12½) cents per ton of two thousand (2,000) pounds.

En. Sec. 40, Ch. 60, L. 1927.

1805.41. Application—Deposit. The application for a coal mining lease shall be in writing, shall state the quantity of coal that it is proposed to mine under such lease during the first year thereof and during each subsequent year as nearly as the applicant can estimate such quantity and shall contain such further information as the board may require. If the board grants the application, it shall fix the royalty per ton and shall demand from the applicant a deposit of not less than the amount of the royalty on the estimated average production for one (1) month of the lease and it may at its discretion ask for such larger deposit as it may under the circumstances deem necessary in order to protect the interests of the state; but this deposit shall in no case be less than fifty dollars (\$50).

This deposit shall be credited to the lease and held intact to the end of the first year. If all the royalties for such year have been paid and are equal to or exceed such deposit then the deposit shall be held intact for the credit of the lessee for the subsequent year or years; but if the royalties accrued and paid during the first year or any subsequent year amount to less than the amount of such deposit, then the difference between the amount of the royalties paid and the deposit shall be deducted therefrom and charged as rent or royalty for the lease for that year so that the annual rental will never be less than the amount of the cash deposit determined upon by the board and in no case less than fifty dollars (\$50) per annum. At the beginning of the second year or any subsequent year of the lease, the lessee shall make such additional deposit as will bring the unused portion of his deposit up to the original amount as fixed by the board.

En. Sec. 41, Ch. 60, L. 1927.

1805.42. Bond. The board shall also demand a surety company bond in such form and amount as it may determine conditioned for the payment of all royalties due the state and for the carrying on of the mining operations according to the terms of the lease; but a lessee may in lieu of furnishing a surety company bond increase the cash deposit hereinbefore provided for to such an amount as will in the judgment of the board make the furnishing of a bond unnecessary.

En. Sec. 42, Ch. 60, L. 1927.

1805.43. Improvements of former lessee. Whenever a coal mining lease is applied for on land where mining operations have been carried on by a former lessee and there are surface or underground improvements on the land used at such former operations, disposition shall be made of such improvements satisfactory to the board before a new lease is issued. If the owner of such improvement desires to sell the same to the new lessee, then the new lessee shall pay him the reasonable value thereof as far as they are suitable for the new mining operations. If they fail to agree, on the value of such improvements, then such value shall be ascertained and fixed as provided in section 22 of this act.

Before a new lease is issued, the applicant shall show to the satisfaction of the board that he has paid the owner for the improvements as agreed on between them, or as fixed by the aforesaid officers, or officer,

or that he has tendered payment as so fixed, or that the owner desires to remove his improvements.

En. Sec. 43, Ch. 60, L. 1927.

1805.44. Board may prescribe additional rules and regulations. The board shall have the power and authority to prescribe such additional rules and regulations and to do and perform all acts and things not inconsistent with the enabling act, the constitution and the statutes of this state as it may deem necessary and proper relating to the leasing of state land for coal mining purposes.

En. Sec. 44, Ch. 60, L. 1927.

1805.45. Report and payment of royalty. On or before the fifteenth day of each calendar month the lessee shall make a report to the commissioner in such form as may be prescribed by him, showing the number of tons mined during the preceding calendar month, the price obtained therefor at the mine, the total amount of all sales and containing such additional information as may be required by the commissioner, which report shall be verified by the oath of the lessee and be accompanied by payment of the royalty due the state for such preceding month as shown by the report.

En. Sec. 45, Ch. 60, L. 1927.

1805.46. Coal mining permits for private use and for schools. The board may in its discretion grant to any resident of this state a permit for a term of not more than one (1) year to mine coal for the use of himself and his family from any coal deposit belonging to the state of Montana and not under lease upon payment to the state of the flat sum of five dollars (\$5) as a royalty for any amount of coal mined by him not exceeding thirty (30) tons of two thousand (2,000) pounds.

The board may also grant a similar one (1) year permit to the board of trustees of any school district in this state, provided that if such school district requires more than thirty (30) tons of coal per annum then any additional amount required shall be paid for in advance at the rate of twelve and one-half ($12\frac{1}{2}$) cents per ton. Applications for such permits shall be accompanied by an affidavit to the effect that the coal is not wanted for sale or disposal to other parties but that it is wanted for the use of the applicant and his family or for the use of the school district as the case may be.

The granting of such permits shall not prevent the board from issuing the usual coal mining leases on the land from which the coal under such permit is to be taken. In cases of this kind the permittee shall remove the quantity of coal to which he is entitled as expeditiously as possible and his rights under the permit shall then automatically cease upon the issue of the lease.

En. Sec. 46, Ch. 60, L. 1927.

1805.47. Disposition of royalties and other receipts. All fees, royalties, bonuses and penalties collected under coal mining leases shall be credited by the commissioner to the same funds that such receipts under

oil and gas leases on such lands would be credited under the provisions of this act; and in the case of coal mining leases, rentals, and bonuses, if any shall be considered as royalties.

En. Sec. 47, Ch. 60, L. 1927.

(f) Prospecting Permits and Mining Leases.

1805.48. Board may grant prospecting permits. The state board of land commissioners is hereby authorized and empowered in its discretion to issue permits granting the exclusive right to prospect and explore for ores, metals, precious stones and other valuable minerals, except for coal, oil and gas, on any state lands to which the title has been vested and safely secured in the state. This right shall extend to and include all these lands which have been sold but in which such minerals have been reserved by the state of Montana, whether the lands are under certificate of purchase or patents have been issued; provided, however, that in all cases where the lands have been sold with mineral reservations and also in all cases where the lands are under lease for grazing, agriculture or for other purposes, care shall be taken in issuing such prospecting permits to protect the rights of the purchaser or lessee. Wherever deemed necessary a bond may be required for such amount as the board may fix and determine conditioned for the safeguarding of the rights of such purchaser or lessee and the rights of the state.

En. Sec. 48, Ch. 60, L. 1927.

1805.49. Term of permit—Fees—Penalties—Regulations. These permits shall be issued for such length of time as the board may determine in each individual case not exceeding five (5) years; shall describe the land on which the prospecting is permitted; not exceeding one (1) section, prescribe the minimum amount of prospecting and exploration work to be performed each year and fix the penalties to be paid the state for failure to perform such work, both as fixed and determined by the board. The minimum annual prospecting fee shall be ten dollars (\$10) per section, or part thereof, payable annually in advance. This permit shall not authorize the permittee to remove any of the ores, metals, precious stones or other minerals from the land except for the purpose of testing or assaying the same.

En. Sec. 49, Ch. 60, L. 1927.

1805.50. Mining lease. If the prospector discovers ore, metals, precious stones, or other valuable mineral deposits in the lands under his permit and submits satisfactory proof to the board to this effect he shall have the preference right to a mining lease to such land or the ores, metals, precious stones, and other minerals discovered therein on such terms and conditions as the board may prescribe; provided, however, that all such leases shall be on a royalty basis and that the royalty shall not be less than five per centum (5%) of the value of the ores, metals, precious stones or other valuable minerals at the mouth of the mine.

En. Sec. 50, Ch. 60, L. 1927.

1805.51. Disposition of royalties—Fees and penalties. All such royalties, fees and penalties shall be credited to the various funds to which they properly belong in the same manner as now provided in this act for the crediting of oil and gas royalties.

En. Sec. 51, Ch. 60, L. 1927.

(g) Leases and Permits for Limestone, Oil Shale, Clay, Stone, Gravel and Sand.

1805.52. The board may issue leases. Whenever they are found upon state lands to which the title is vested in the state and which lands have not been sold by the state under certificate of purchase or otherwise, deposits of stone, limestone, oil shale, clay, gravel, or sand valuable for building, mining or other commercial purposes, the state board of land commissioners may in its discretion issue to private persons permits or leases for the removal and disposition of such stone, gravel or sand upon such terms and conditions as the board may determine; provided, however, that all such leases shall be upon a royalty basis calculated upon the number of cubic yards removed from the land, and the rates shall be the same that ordinarily would be charged by private owners under similar circumstances, and the fee for issuing the lease shall be the same as for an oil and gas lease. No such lease shall be made for a longer term than five (5) years, and the board may demand a cash deposit to guarantee the payment of the royalties or demand a surety bond or both such cash deposit and bond as the board may determine.

En. Sec. 52, Ch. 60, L. 1927.

1805.53. Disposition of royalties and other receipts. The royalties, fees and penalties received under such leases shall be credited to the various funds to which they properly belong in the same manner as now provided in this act for the crediting of these receipts under oil and gas leases.

En. Sec. 53, Ch. 60, L. 1927.

1805.54. Land may be leased for other purposes. Such portions of the section or other subdivision of the land on which such deposits are located as are not needed for the quarrying or digging and removal of the stone, limestone, oil shale, clay, sand or gravel may be leased for grazing or agricultural purposes the same as other state lands, and in the case that grazing or agricultural leases are issued they shall provide for a right of way across the land for the removal of the stone, limestone, oil shale, clay, gravel, sand or other deposits, but the rights of the lessee shall also be duly protected.

En. Sec. 54, Ch. 60, L. 1927.

1805.55. Stone, gravel and sand permits for public use. The state board of land commissioners is hereby authorized and empowered in its discretion to issue permits upon such terms and conditions as it may determine, not inconsistent with any constitutional or statutory provision

relating to state lands, to the state highway commission, to the board of county commissioners of the several counties of the state and to the governing boards or bodies of cities or towns and of other political subdivisions of the state granting them the right to take, remove and use stone, gravel or sand from any state lands that have not been sold under certificate of purchase or otherwise for the construction, maintenance and improvement of public roads, highways, bridges, streets or alleys. The rights of lessees to the lands on which such stone, gravel or sand may be located shall be properly safeguarded under the terms of the permits.

En. Sec. 55, Ch. 60, L. 1927.

(h) Granting of Easements for Public Purposes.

1805.56. Conveyances and easements to the United States. Any land now or hereafter owned by the state of Montana, and needed by the United States in its irrigation and reclamation work, shall upon application made therefor to the state board of land commissioners be conveyed to the United States at the minimum price of ten dollars (\$10) per acre; and there is hereby granted to the United States over all the lands now owned or hereafter acquired by the state of Montana, an easement for a right of way for ditches, canals, tunnels, telephone and telegraph lines, now constructed, or to be constructed by the United States government, in furtherance of the reclamation of arid lands. All conveyances of state lands shall contain a reservation of such right of way easements. It is further provided that whenever said lands herein granted as a right of way shall cease to be used for such purposes, the same shall revert to the state upon notice to that effect being given to the proper authorities.

En. Sec. 56, Ch. 60, L. 1927.

1805.57. Easements for school sites and grounds and other public uses. The state board of land commissioners is hereby authorized and empowered to grant easements in state lands for schoolhouse sites and grounds, for public parks, community buildings, cemeteries and other public uses upon proper applications accompanied by accurate and duly verified plats from the lawfully constituted authorities having charge of such properties. All such sites, grounds or tracts of land shall be rectangular or square in form unless natural obstacles in the land render such form impractical and shall whenever feasible be located at section corners or at a corner of that portion of the section which is owned by the state, and no easement of this character shall cover more than ten (10) acres of land, the acreage to be computed up to the center of the section line. Whenever the site so granted is located at a section corner or at a corner of the part of the land in the section owned by the state, the charge or compensation for the easement in the land shall be not less than twenty-five per centum (25%) above the appraised value of the land; whenever the site is located on a section line but not at a corner the charge or compensation shall be not less than fifty per cent (50%) above the appraised value of the land. Whenever the site

is not located on the section line or lines as aforesaid, the charge or compensation to be paid to the state shall be determined by the board after examination of the land by the chief field agent or one of his assistants and report made by him. The board shall cause deeds to be issued for all such easements that it may grant.

En. Sec. 57, Ch. 60, L. 1927.

1805.58. Right of way for public highways and streets on state land section lines. There is hereby granted to the people of the state of Montana an easement for right of ways for public highways and streets along section lines on all lands now owned by the state or which may hereafter become the property of the state for all public highways and streets of which the center lines follow the section lines bounding such state lands to the extent of one-half the width of such highways or streets, on either side of the section line, or on both sides of the section line, depending upon whether there is state land on one side of the section line only, as is usually the case, or on both sides, which half shall not exceed thirty (30) feet. This easement for such right of ways for public highways and streets shall take effect when the proceedings for the laying out, opening and establishment of such public highways or streets have been completed according to law by the board of county commissioners of the county where such public highways or streets are located or by the board, council or governing body of the city or town within the corporate limits of which such public highways or streets are located; but it shall not be necessary to make the state board of land commissioners or the state of Montana a party to the proceedings for the laying out, opening and establishment of such public highways or streets along section lines bounding state lands. Whenever any such highway or street shall cease to be used as such, this easement shall automatically terminate and the state lands in which it has been granted shall automatically revert to the state.

The board of county commissioners or the governing body of the city or town, as the case may be, shall notify the commissioner of state lands whenever the proceedings for the laying out, opening and establishment of such highway or street have been completed and also when such highway or street has ceased to be used as such, and shall in both cases give an accurate and complete description of the public highway or street so established or closed on state land section lines.

En. Sec. 58, Ch. 60, L. 1927.

1805.59. Right of way easement applies to past proceedings. This grant of easements for public highways and streets of which the center lines follow the section lines bounding state lands shall also extend and apply to all such highways and streets now laid out, opened and established by the proper authorities whether or not the state board of land commissioners has been made a party to the proceedings or not, and irrespective of whether or not the right of way easements have been granted by the board, if the lands still belong to the state of Montana.

En. Sec. 59, Ch. 60, L. 1927.

1805.60. Right of way easements on section lines on state lands under certificate of purchase. In the case of right of ways for such highways or streets of which the center lines follow the section lines of state lands which have been sold under certificate of purchase but for which patents have not been issued, the owners of the certificates of purchase shall be made parties to the proceedings for the laying out of the highways or streets the same way as the owners of land in fee simple and such holders of certificate of purchase shall have the right to grant such right of way to the full extent of their interest in the land affected; but the state board of land commissioners need not be made a party to the proceedings.

En. Sec. 60, Ch. 60, L. 1927.

1805.61. Easements for right of ways outside state land section lines—Rights of purchasers. The right of way for public highways on state lands must always follow the section lines when physically practicable. The state board of land commissioners shall be the judge of whether or not it is necessary to deviate from the section lines, and the board is hereby authorized and empowered to grant easements for right of ways for highways and streets outside the state land section lines through proceedings as follows:

Application must be made by the board of county commissioners, or by the council or governing board or body of the city or town having jurisdiction, which application shall describe the proposed right of way according to the survey, show the necessity for the proposed highway or street and give such additional information as the board may require. This application shall be accompanied by two exact copies of the official plat of the proposed highway or street duly verified by the affidavit of the county surveyor or county or city engineer, or other engineer having prepared the same, indorsed thereon. These plats shall show the quantity of land taken by the proposed highway or street from each forty-acre tract or government lot of state land over or through which it passes and also the amount of land remaining in each portion of such forty-acre tract or government lot. When deemed necessary by the board, the aforesaid plats shall show all these facts for such smaller subdivisions as the circumstances may render desirable for the state.

Upon the filing of such application and plats, the commissioner of state lands and investments shall whenever he deems it necessary cause the proposed right of way to be viewed and examined by the chief field agent or some assistant field agent who shall report his findings to the board. The board shall thereupon consider the application and report and take such action as it deems proper, including the fixing of compensation and damages to be paid to the state. The compensation so fixed shall be the full market value of the estate or interest disposed of through the granting of such right of way easement, and the damages shall be the actual damages resulting to the remaining land as nearly as the same can be ascertained. If the right of way is granted according to the plat, then such plat shall become the official plat thereof, and one copy shall be retained in the office of the commissioner and the other copy shall be returned to the county, city or town from which it was received. The

board shall cause right of way deeds to be issued for all such easements that it may hereafter grant upon full payment therefor being made.

If the state land over or through which such right of way outside of section lines is applied for, is under certificate of purchase or under sales contract, the purchaser, or his assignee, must be made a party to the proceedings, and his consent in writing to the laying out and establishment of the proposed highway and to the amount of compensation and damages to be paid must be filed with the board before such right of way shall be granted. The board shall be the judge of how much of such compensation and damages shall be paid to the state and applied on the certificate of purchase or sales contract and of how much thereof, if any, shall be paid to the purchaser, as the circumstances in each individual case may warrant. The provisions of this paragraph shall apply to all grants of right of ways on state lands outside of section lines. The interest and equity of such purchaser or his assignee shall be subject to proceedings in eminent domain.

En. Sec. 61, Ch. 60, L. 1927.

1805.62. Right of way easements for railroads and other purposes. The state board of land commissioners may grant an easement for right of way across or upon any portion of state lands for any ditch, reservoir, railroad, private road, telegraph or telephone line, or for any other public use, as defined in the Code of Civil Procedure; provided, that this section shall not be construed to grant authority to convey any such land, except for the purposes above set forth; and provided further, that whenever lands granted for any of the purposes mentioned in this section shall cease to be used for such purposes, said easements shall forthwith terminate upon notice to that effect to the person to whom such grant was made, served at his last known postoffice address. The board shall charge and cause to be collected the full market value of the estate or interest disposed of through the granting of any such easement and also fix, charge and cause to be collected the amount of the actual damages resulting to the remaining land or lands from the granting of such easement as nearly as the same can be ascertained.

En. Sec. 62, Ch. 60, L. 1927.

1805.63. Settlement with lessees. Whenever any kind of a right of way easement has been granted under this act and the state land in which it is granted is under lease, the board of county commissioners, or other authority or corporation or person laying out the right of way shall give due and timely notice to the lessee and shall make just settlement with him for any damages resulting to his improvements or crops or leasehold interests. Upon such settlement being made, the lessee shall open or move any fences that may obstruct the right of way over the lands under his lease and otherwise co-operate in the opening of the right of way. Proof shall be filed with the board that such settlement has been made before the deed to the easement is issued.

En. Sec. 63, Ch. 60, L. 1927.

(i) Sale of State Lands.

1805.64. Certain state lands not subject to sale. Lands classified as timber lands shall not be subject to sale, but timber thereon may be sold and disposed of in the manner provided by law. Lands which in the judgment of the board are likely to contain valuable deposits of coal, oil, oil shale, gas, phosphate, metals, sodium and, or other valuable mineral deposits, shall not be subject to sale, either the surface land or any of such deposits therein; provided, however, that this shall not be so construed as to prohibit the sale of lands containing sand, gravel, building stone, brick clay or similar materials.

En. Sec. 64, Ch. 60, L. 1927.

For text treatment of this subject see vol. 21 Cal. Jur. 690.

1805.65. Mineral reservations in state lands. All coal, oil, oil shale, gas, phosphate, sodium and other mineral deposits, except sand, gravel, building stone and brick clay, in lands belonging to the state of Montana, or which may hereafter become the property of the state, which have not already been reserved by the United States, are hereby reserved to the state. All such deposits are reserved from sale except upon a rental and royalty basis as provided in this act. In the case of lands sold after this act takes effect, a purchaser of any lands belonging to the state or which may hereafter become the property of the state shall acquire no right, title, or interest in or to any of such deposits, except that where the oil and gas have not been reserved by the United States the purchaser of mortgage lands shall be entitled to receive a royalty of one per centum (1%) of all gas or oil produced from such mortgage lands, such royalty to be payable directly to him by the lessee either in gas or oil or in cash as the purchaser may desire and determine; provided, however, that the purchaser of the mortgage land shall not have any right to lease such land or any part thereof for oil and gas exploration or production; the state shall have the sole power to lease the land for all mineral purposes. The state also reserves for itself and its lessees the right to enter upon such lands to prospect for, develop, mine and remove such deposits and to occupy and use so much of the surface of the said lands as may be required for all purposes reasonably extending to the exploring for, mining and removal of such deposits therefrom, but the lessee shall make just payment to the purchaser for all damage done by reason of such entry upon the land and the use and occupancy of the surface thereof.

These mineral reservations shall not apply to lands that the state has acquired through the foreclosure of mortgages or otherwise acquired in connection with mortgages given to it when the mortgagor or anyone claiming under him exercises his right to repurchase such lands within the statutory period of one year and ninety days from the time that the state so acquired title. In cases of this kind all rights shall go with the land that passed with the land from the mortgagor to the state; but in case that such lands are not so repurchased, then the same shall be subject to these mineral reservations the same as other state lands.

En. Sec. 65, Ch. 60, L. 1927.

1805.66. Certain shore lands not subject to sale. There is also reserved from sale from all state lands bordering on navigable lakes or bordering on such non-navigable meandered lakes as the board may deem valuable for summer resorts and from all state lands bordering on navigable streams a strip of land which shall include all the land lying between low-water mark and high-water mark and which in addition shall extend in width landward from the line of high-water mark of such lake or stream the full width of the forty (40) acre tract or government lot abutting the line of high-water mark; provided, however, that if the width of such abutting government lot at its narrowest point is less than one hundred (100) feet, then the strip hereby reserved shall extend to and include the next adjoining forty (40) acre tract or government lot. The land reserved from sale by this section shall be subject to the granting of easements the same as other state lands.

The state board of land commissioners may in its discretion cause any part of the lands bordering on such lakes and on navigable streams which are hereby reserved from sale to be surveyed and platted into blocks and lots, the lots to be not less than one hundred and twenty-five feet (125) in width, the width to be measured in the general direction of the abutting waterfront; but in all such surveys and plats the aforesaid strip of one hundred (100) feet in width along the waterfront shall be reserved for the use and enjoyment of the public.

Such strips of land bordering on meandering lakes or on navigable streams, except the strip lying between low-water and high-water mark, whether surveyed and platted into blocks and lots or not, may, however, be leased as provided in this act for the leasing of other state lands.

En. Sec. 66, Ch. 60, L. 1927.

1805.67. Certain lands to be platted before sale. Any part of state lands adjacent to cities or towns and other state lands which in the opinion of the board may be wanted for residence or business lots shall before sale, at such time as the board may deem to be for the best interests of the state, be surveyed and laid off in blocks, lots, streets, alleys, avenues, highways, public squares, market places and parks, in conformity with the laws of the state for the survey and platting of townsites and additions thereto, conforming as nearly as may be with the ordinances of such city or town regarding the platting of additions thereto; and the state board of land commissioners must cause correct maps and plats of such lands to be made and recorded when so surveyed and not otherwise. No fee shall be charged by the county recorder, or by any city officer, for filing or recording such maps or plats, when recorded on behalf of the state.

Before the lands so surveyed and laid off are offered for sale the same shall be appraised, a separate appraisal to be placed on each lot. Such surveyed and platted land may then be sold in the same manner and upon the same terms and conditions as other state lands are sold.

En. Sec. 67, Ch. 60, L. 1927.

1805.68. Surveying and platting left to discretion of board. It shall be entirely optional with the board whether or not state lands, or any

part thereof, shall be surveyed, platted and laid off into blocks and lots as hereinabove provided, as may appear to be for the best interests of the state. All lands of the fourth class as defined by section 1, article 17, of the constitution shall, however, be subdivided into lots or tracts of not more than five (5) acres each before being offered for sale and the lots must then be sold alternately as provided by section 2, article 17, of the constitution, at regular sales of state lands.

When such tracts of five (5) acres each or less have been sold, the board shall whenever deemed necessary cause the plat thereof to be filed for record with the county clerk and recorder of the county in which the land is situated, but if the same purchaser bids in two or more adjoining lots or tracts, all the lots so purchased shall at the option of the purchaser be included in one certificate of purchase.

En. Sec. 68, Ch. 60, L. 1927.

1805.69. Lands within federal irrigation projects. Whenever state lands are located within the boundaries of federal irrigation projects, the land shall be sold in conformity with the classification of farm units as made by the United States, and all certificates of purchase issued for such lands shall show that the lands are located within a federal irrigation project and are or will be liable for their proper share of the reclamation charges.

En. Sec. 69, Ch. 60, L. 1927.

1805.70. Board to decide when to hold sales and what lands to sell. The state board of land commissioners is hereby vested with the power and authority to decide when sales of state lands are to be held and what state lands are to be offered for sale, subject to the limitations of this act, as the best interests of the state may appear to require; provided, however, that as a general rule no sale of state lands shall be held unless applications have been made for the purchase of lands within one (1) county by prospective purchasers representing at least twelve (12) families.

En. Sec. 70, Ch. 60, L. 1927.

1805.71. Who may purchase and how much. State lands shall be sold only to citizens of the United States or to persons who have declared their intentions to become citizens, or to corporations organized under the laws of this state. No person shall be qualified to purchase state land who has not reached the age of twenty-one (21) years. As far as possible to determine the lands shall be sold only to actual settlers or to persons who will improve the same, and not to persons who are likely to hold such lands for speculative purposes intending to resell the same at a higher price without having added anything to their value. No person or corporation shall be entitled to purchase more than one section of state land, and this area shall not include more than one hundred and sixty (160) acres of land susceptible of irrigation. These limitations as to area and irrigableness shall not apply to lands acquired by the state in connection with the foreclosure of its mortgages.

En. Sec. 71, Ch. 60, L. 1927.

For text treatment of this subject see vol. 21 Cal. Jur. 694.

1805.72. Sale at public auction—Where held. All sales of state lands shall be only at public auction held at the county courthouse of the county in which the lands are located; provided, however, that in case no suitable room can be found in such courthouse at the time for holding the sale, then the sale may be transferred to a more convenient place within a reasonable distance of such courthouse by public announcement made at the courthouse at the time fixed for beginning the sale; and provided further that the procedure for the sale of the so-called “mortgage lands” acquired by the state through the foreclosure of mortgages, or obtained otherwise in connection with such mortgages, shall be subject to the modifications hereinafter provided.

En. Sec. 72, Ch. 60, L. 1927.

1805.73. Notice of sale. The commissioner shall cause notice of every such sale to be given by publication in the official county paper of the county where the sale is to be held once each week through four consecutive weeks next preceding the date of sale. Such notice shall give the day, date and time of day of the beginning of the sale; shall contain a list of all the tracts to be offered for sale showing the township and range in which they are located, describing the same with reference to section number and subdivision of the section, or with reference to block and lot if surveyed, the number of acres in unplatted lands and the appraised value per acre and also the appraised value of each lot. As a general rule nonirrigable farming lands shall be listed in quarter sections; grazing lands may be listed in larger tracts not exceeding one (1) section. These limitations need not apply to mortgage lands.

For the convenience of the bidders, the commissioner may assign the tracts advertised a consecutive series of sales numbers and show the sales number of each tract in the notice of sale.

The notice shall also give the terms and conditions of sale, and such additional information as the commissioner may deem useful.

En. Sec. 73, Ch. 60, L. 1927.

1805.74. Mortgage lands to be included. Whenever a sale of state lands is held in any county of the state, all the mortgage lands owned by the state in such county shall be offered for sale at the appraised value and included in the notice of sale herein provided for, whether such mortgage lands have been previously advertised for sale or not, unless the board for good reasons shall direct that such lands shall not be included in the sale.

En. Sec. 74, Ch. 60, L. 1927.

1805.75. Sales, how conducted—Proceeds. At the time fixed for the sale, the lands shall be offered for sale at auction in the order they appear in the notice of sale under the personal direction of the commissioner or the assistant commissioner, one of whom shall be present at the sale, and sold to the highest qualified bidder; provided, however, that no lands shall be sold for less than the appraised value and in no case, except mortgage lands, for less than ten dollars (\$10) per acre; provided, further,

that in case the land is offered for sale at public auction, the old lessee need not make a higher bid than others, but shall if bidding an equal amount be given the preference. The lands shall be sold as nearly as practicable according to the subdivisions in which they are advertised, and care shall be taken not to subdivide any tract in such a way as to separate remaining portions from a water supply or from section lines or public highways. The sale may be adjourned from day to day until all the lands advertised have been offered for sale.

If any successful bidder at such sale refuses or neglects to make the initial payment required to be made on the land purchased by him, he shall forfeit to the state not less than fifty dollars (\$50) nor more than one thousand dollars (\$1,000) to be determined by the state board of land commissioners according to the circumstances of the case. If such forfeiture is not paid when notice of the amount of the forfeiture has been served by the commissioner, the attorney general shall institute a suit for the recovery thereof in the name of the state of Montana.

The proceeds from the lands sold, including all subsequent payments on the principal, shall be credited to the permanent fund arising from the grant to which it belongs and shall become and forever remain an inseparable and inviolable part thereof. All payments on interest shall be credited to the proper income fund and shall be available for use as provided by law.

En. Sec. 75, Ch. 60, L. 1927.

1805.76. Board may prescribe additional rules and regulations. The state board of land commissioners may prescribe such additional rules and regulations for the conduct of these sales as in its judgment the interests of the state may demand.

En. Sec. 76, Ch. 60, L. 1927.

1805.77. Mortgage lands may be sold on advertising for sealed bids. Mortgage lands may also be advertised and sold at other than the regular sales of state lands at county seats whenever the board so orders, and in all such cases the sale shall be at the office of the commissioner by means of sealed bids. Before mortgage lands can be so sold, notice of the sale containing substantially the same information as the notice for the sale of other state lands, must be given by publication once each week for three (3) successive weeks in the official county paper of the county where the land is located. Sealed bids shall then be received by the commissioner up to a certain date not less than twenty-one (21) days and not more than thirty (30) days from the date of the first publication of the notice of sale, and this date must be given in the notice. On such date the bids shall be opened and the highest bid accepted if it is for not less than the appraised value and is accompanied by the required initial payment and fees.

En. Sec. 77, Ch. 60, L. 1927.

1805.78. Mortgage lands may be sold at private sale. After mortgage lands have once been advertised for sale either at the office of the commissioner or at a sale of state lands at the county seat of the county

where they are located, and the same have not been sold, they may be sold by the commissioner at private sale at any time within two (2) years from the date fixed for the sale under the previous notice to any qualified person who will pay the appraised price as advertised and make the required initial payment.

En. Sec. 78, Ch. 60, L. 1927.

1805.79. Terms of payment. Every purchaser of state land of any class whatever shall pay in cash on the day of sale such portion of the purchase price as he may desire but in no case less than ten per centum (10%) of the total sales price, and in case the balance on the purchase price is not an exact multiple of twenty-five dollars (\$25), then he shall pay such additional sum as is necessary to reduce the balance to an even multiple of twenty-five dollars (\$25); he shall also in all cases pay the sum of five dollars (\$5) as a fee for each certificate of purchase to be issued to him.

The balance of the purchase price shall draw interest at the rate of five per centum (5%) per annum, payable annually, and the balance of the purchase price itself shall be payable through a period of thirty-three (33) years on the amortization plan, which is hereby defined as being that plan under which part of the principal is required to be paid each time interest becomes due and payable, and under which this part payment on the principal increases at each succeeding installment in the same amount that the interest payment decreases so that the combined amount due on principal and interest on each due date remains the same until the loan or bond is paid in full; provided, however, that the amount of the last installment may vary from the other installments to the extent resulting from disregarding fractional cents in the previous installments; provided, however, that the balance of the purchase price on town and city lots shall be payable on the amortization plan through a period of twenty (20) years; and provided further that the board may at any time fix a shorter period than twenty (20) years for the payment of such balance on town and city lots, and different periods of time may be established for different towns and cities as the best interests of the state may appear to demand.

En. Sec. 79, Ch. 60, L. 1927.

1805.80. Conversion of certain other certificates to amortization certificates. Any certificate of purchase of state lands issued prior to February 13, 1923, and now in effect may be converted into an amortization certificate on the plan set forth in this act and running for a period of thirty-three (33) years from the date of conversion in the case of agricultural and grazing lands, and for a period of twenty (20) years in the case of town and city lots, upon application of the owner of such certificate, if the state board of land commissioners deems the issuance of such new amortization certificate safe and advantageous to the state. The said board may in its discretion allow to be included in the principal of the new certificate a portion of the delinquent installments of principal and interest if any on the old certificate, but there shall be charged and paid penalty interest on all such delinquent installments at the rate of

six per centum (6%) per annum from the time they severally became due to the date of conversion; and the total amount due under the old certificate shall be reduced by payment to some multiple of twenty-five (\$25) before the issuance of the new certificate; provided, however, that all such converted certificates shall give the state the same lien upon crops and improvements on the land under the certificate as is provided in this act in the case of new certificates of purchase hereafter issued. The giving of such lien to the state in the new certificate shall be an absolute condition for the issuance of the new certificate.

En. Sec. 80, Ch. 60, L. 1927.

1805.81. Lien on improvements and crops for principal, interest, penalty interest and taxes. The state shall have a lien prior and superior to all other liens, excepting threshermen's liens and seed liens as specified in sections 8355 and 8366 of the Revised Codes of Montana, 1921, which shall have priority as specified in chapter 116 of the session laws of 1925, upon all buildings, structures, fences and all other improvements upon the lands so sold and also upon all crops growing upon any of these lands, and also upon such crops after they have been separated from the lands, for all due and delinquent installments of principal and interest, and penalty interest and taxes under the certificate of purchase and also for all installments becoming due during the calendar year in which the crop is harvested, and such lien is hereby expressly reserved. Any person purchasing or otherwise acquiring such improvements or crops or any part thereof, takes the same subject to such lien. Any agent or representative of the department or sheriff of the county in which the land is located, or his deputy may demand of the purchaser or his agent payment of the amounts due the state and if the same are not paid upon such demand, the officer making such demand, or any representative of the department, may forthwith seize such improvements and crops and upon giving three days' notice, sell and dispose of, either at private or public sale, sufficient of the said crops or improvements or of both to pay the amounts due the state together with cost and expenses of seizure and sale.

En. Sec. 81, Ch. 60, L. 1927.

1805.82. Approval or disapproval of sales. All sales of state lands, and all sales of timber on state lands, shall be subject to the approval and confirmation by the state board of land commissioners, and no sale shall be deemed completed until after such approval and confirmation. The board shall have the power and it shall be its duty to disapprove any sale which in its opinion would be disadvantageous to the state.

En. Sec. 82, Ch. 60, L. 1927.

1805.83. Settlement for improvements. Whenever any state land has been sold on which there are improvements belonging to a lessee, and some other person than such lessee becomes the purchaser he shall be required to make settlement with such lessee for all improvements on the land belonging to the lessee before the issuing of the certificate of purchase. All provisions of this act relating to the payment and settle-

ment for improvements on state lands between a former lessee and a new lessee shall apply to the settlement between a lessee and the purchaser.

En. Sec. 83, Ch. 60, L. 1927.

1805.84. Time of possession. In the case of lands under lease the purchaser shall be given possession by the state on March first next succeeding the date of sale and not before unless the lease expires prior to that date, except through special agreement between the purchaser and the lessee.

En. Sec. 84, Ch. 60, L. 1927.

1805.85. Certificate of purchase. Upon the approval of the sale and receipt of satisfactory evidence of settlement with the former lessee, if any, for improvements on the land, the commissioner shall execute and mail to the purchaser a certificate of purchase signed by the governor as president of the state board of land commissioners and by the commissioner as secretary of the board and attested by the seal of the state board of land commissioners. Such certificate of purchase shall contain the date of sale, the name and postoffice address of the purchaser, a description of the land, the total purchase price, the amount paid on the day of sale, the balance unpaid and shall also show the amount and due date of each installment of principal and interest to the time of maturity. The certificate shall reserve the easements for right of ways granted by the statutes in favor of the United States and other easements that may have been granted by the board and shall contain the reservations in favor of the state provided for in this act relating to coal, oil and mineral rights in the land.

The certificate shall also contain information in regard to the lien of the state on crops and improvements on the land for installments of principal and interest and taxes; and it shall contain such additional conditions, agreements, and information as the board may deem necessary in order to carry out the intent of this act.

En. Sec. 85, Ch. 60, L. 1927.

1805.86. Time from which balance on purchase price draws interest. The balance of the purchase price shall draw interest from the date on which the sale was confirmed and approved by the state board of land commissioners, and all installments on principal and interest shall become due and payable on that date in each succeeding year until payment has been made in full.

En. Sec. 86, Ch. 60, L. 1927.

1805.87. Payments of installments. The commissioner shall not be required to accept fractional payments of the installments on certificate of purchase, on account of the complications arising from the division of payments. The purchaser may make payment of one or more installments before the same become due but unless such payments are made at least six (6) months before the installments become due, no reduction shall be made in the interest payments. In case installments on principal and interest are paid more than six (6) months prior to the due date,

then the interest from the date of such payment shall be figured upon the balance of the principal unpaid after such advance payment has been made up to the date on which it comes due. If for any reason any installment is not paid when due, then the total of such installment, including payment on the principal and payment on interest, shall draw penalty interest at the rate of six per centum (6%) per annum from the date due until the date actually paid. Payment may be made in full at any time before maturity by paying the balance on the principal and interest accrued up to the date of such payment.

En. Sec. 87, Ch. 60, L. 1927.

1805.88. Default in payment of purchase price—Cancellation of certificate. Whenever any purchaser of state land hereafter sold, or the assignee, shall default for a period of thirty (30) days or more in the payment of any of the installments due on his certificate of purchase, the certificate shall be subject to cancellation and the board shall cause to be mailed to him at his last known postoffice address a notice of default and pending cancellation which notice shall give him sixty (60) additional days from the date of mailing such notice in which to make payment of the delinquent installment or installments with penalty interest. If he fails to make such payment within that period the certificate of purchase shall from that date and without further notice be null and void, the duplicate of the certificate in the office of the commissioner shall be canceled and the land under the certificate shall revert to the state and such land together with all buildings, fences and other improvements thereon shall become the property of the state to the same extent as other state lands and shall be open to lease and sale.

En. Sec. 88, Ch. 60, L. 1927.

1805.89. Repurchase of land upon which certificate has been canceled. In all cases where a certificate of purchase heretofore issued has been canceled as provided by section 88 of this act upon written application to repurchase said lands made by the original purchaser, his heirs, assigns or devisees [devisees] to the state board of land commissioners filed within one (1) year and ninety (90) days from the date of cancellation of said certificate of purchase by the state accompanied by a payment of ten per centum (10%) of the total amount then due the state which total amount shall include the amount remaining unpaid to the state at the time said certificate was canceled and penalty interest at the rate of six per centum (6%) upon all delinquent installments from the date due until the date of repurchase and any taxes which may have been paid by the state on said lands or which may be delinquent at the time said application to repurchase is made the state board of land commissioners shall enter into a contract with such original purchaser, his heirs, assigns, or devisees [devisees], for the sale of said lands, by which the balance of said sum shall be paid on the amortization plan during a period not exceeding thirty-five (35) years from the date of the execution of the contract as defined by this act. Payment may be made in full at any time before maturity.

Such application shall take precedence over any application to purchase said lands by any person other than said original purchaser, his heirs, assigns, or devisees [devisees]; provided, however, that the board shall have in its discretion the power to convey by deed and take a mortgage to cover the balance due on said purchase price in lieu of the sale under contract above provided. This reinstatement shall not have the effect of canceling any lease that the state may have issued on the land, but the reinstated purchaser shall be entitled to the rents under the lease from the date of such reinstatement, and he may make any arrangements satisfactory to himself and the lessee for the use and possession of the land before the date of lease expiration.

En. Sec. 89, Ch. 60, L. 1927.

1805.90. Certificates may be assigned. Certificates of purchase may be assigned to a citizen of the United States or to a person who has declared his intention to become such citizen or to a corporation organized under the laws of the state of Montana. Such assignments shall be made on forms to be prescribed by the commissioner, shall be duly acknowledged as other conveyances of real estate, and shall be executed in duplicate, one (1) copy to be filed and retained in the office of the commissioner and one (1) copy to be retained by the assignee. A person shall not be qualified to receive such assignment if the lands he has already purchased from the state together with the lands included in the assignment exceed one (1) section; the assignee must in all respects possess the same qualifications as an original purchaser.

En. Sec. 90, Ch. 60, L. 1927.

For text treatment of this subject see vol. 21 Cal. Jur. 714.

1805.91. Lost certificate. Whenever any certificate of purchase to state lands has been lost or is wrongfully withheld by any person from the owner thereof the rightful owner may make application to the state board of land commissioners for issuing of a lieu certificate. This application shall be accompanied by an affidavit from the owner of the certificate setting forth the facts in regard to the loss or unlawful withholding of the certificate and by a certificate from the county clerk and recorder of the county in which the land is located showing all instruments of record in his office affecting the title to the land under the certificate. The board shall thereupon cause a lieu certificate of purchase to be issued to the applicant if in the judgment of the board the facts warrant the issue thereof.

En. Sec. 91, Ch. 60, L. 1927.

1805.92. Land subject to taxation. The interest of the purchaser in state lands shall be subject to taxation to the full extent of such interest. The assessor shall assess the purchaser for such percentage of the full and true value of the land as the initial payment on the land and all installments of principal due on the certificate of purchase prior to the first Monday of March of the year for which the land is assessed is of the full purchase price of the land. Provided that the holder of certifi-

cate of purchase to lands within irrigation districts shall be liable for the entire tax levied against the land held thereunder on account of such irrigation district.

The improvements on the land shall be assessed and taxed as other improvements on farm lands.

On or before the fifteenth (15th) day of March of each year, the commissioner shall furnish the county assessor of each county with a complete list of all state lands sold in his county during the year ending on the first Monday of March of such year. This list shall show the name and address of the purchaser, give the legal description of the land, the acreage contained therein, the total purchase price, the amount paid thereon and the balance unpaid. It shall also contain tables, or other information, which will enable the assessor to calculate what portion of the full value of the land will be subject to taxation for each succeeding year of the certificate.

En. Sec. 92, Ch. 60, L. 1927.

For text treatment of this subject see vol. 21 Cal. Jur. 713.

1805.93. Purchaser of state lands may sign petitions relating to irrigation districts—Interest purchaser subject to lien. A purchaser of state lands is hereby authorized and empowered to sign any petition that he may desire to sign for the creation of an irrigation district and the inclusion of the land purchased from the state in such irrigation district and any other petition relating to irrigation districts affecting the land so purchased by him from the state. Such petition or petitions shall have the effect of making all the interest that he then has in such land purchased from the state and all interest which he may subsequently acquire therein subject to the same liens and charges as privately owned lands under such irrigation district; but if for any reason his certificate to such state lands and his rights thereunder are forfeited and canceled, no lien or charge of any kind shall then attach to the land.

The interest of a purchaser of state lands in the land purchased shall be subject to the same liens as other real estate; provided, however, that in the case of sale only the interest of the purchaser or of the assignee shall be sold. In the case of any sale under the provisions of this section, including the sale for taxes, the purchaser shall succeed to all the rights of the purchaser from the state under the certificate of purchase and a new certificate of purchase shall be issued to the person entitled thereto, upon satisfactory proof being submitted to the board; provided, however, that in the case of sale under execution or decree of court such new certificate of purchase shall not be issued by the board until the period of redemption from such sale has expired and the sheriff's deed has been issued. In the case of sale for taxes, the new certificate shall not be issued until the tax deed has been issued.

En. Sec. 93, Ch. 60, L. 1927.

1805.94. If lands revert. In case any lands sold under the provisions of this act shall revert to the state, for any cause whatsoever, the commissioner of state lands shall notify the assessor and the county

treasurer of the county in which the land is situated, and upon the receipt of such notice it shall be the duty of the assessor to cancel any assessment of said land for that year, and of the county treasurer to cancel all taxes remaining unpaid against the land for that and all previous years.

En. Sec. 94, Ch. 60, L. 1927.

1805.95. Patents. When the purchase price has been paid in full together with interest according to the certificate, the owner thereof shall be entitled to receive a patent for the land under such certificate.

En. Sec. 95, Ch. 60, L. 1927.

For text treatment of this subject see vol. 21 Cal. Jur. 746.

1805.96. Patents, how executed. The governor, and in the case of his absence or inability, the lieutenant-governor shall be and is hereby authorized to execute deed or patent of conveyance transferring without covenants any and all lands sold by the state board of land commissioners under the laws of this state when full payment has been made therefor. Such deed or patent shall contain the reservation of easements for right of ways to the United States, reservation of all minerals in the land as provided in this act, and all other reservations to which the particular land conveyed may be subject. In case the land is located within the boundaries of a federal irrigation project, the patent shall contain a lien clause substantially in the following form: "The land hereby conveyed is located within the boundaries of a federal irrigation project and is subject to all liens which the United States may have thereon by reason of its being located under such irrigation project." Such deed or patent shall be attested by the secretary of state, countersigned by the commissioner and have the great seal of the state and the seal of the state board of land commissioners thereto attached, but need not be acknowledged. A certified copy of the record of any such deed or patent shall be received in evidence in all courts of record of this state the same as the original.

This section shall not be so construed, however, as to require any reservation in a patent which was not an express or implied reservation in the certificate of purchase pursuant to which the patent is issued; the statutes in effect when such certificate of purchase was issued must govern.

En. Sec. 96, Ch. 60, L. 1927.

1805.97. Limitation for cancellation of patent. No action shall be brought to vacate or cancel any patent issued by the state after the expiration of two (2) years from the date of such patent, except upon the ground of fraud.

En. Sec. 97, Ch. 60, L. 1927.

(j) General Provisions Concerning Investments.

1805.98. Investment of permanent funds. All moneys belonging to the public school permanent fund and to the other permanent funds of

the educational, charitable and penal institutions of the state, and all permanent funds subject to the administration of the board under article XXI of the state constitution shall be safely invested by the state board of land commissioners in bonds of school districts within the state of Montana; in bonds of the several counties and cities of the state of Montana; in bonds of the state of Montana or of the United States; in capitol building bonds of the state of Montana, now issued or which may hereafter be issued; in bonds issued by the federal land banks, in interest-bearing warrants upon the general fund of the state and in interest-bearing warrants upon the general fund, the poor fund, the road fund, or upon the bridge fund of the several counties of the state of Montana, and in interest-bearing school district warrants, and in first mortgages on improved and crop-producing farm lands in this state free from all prior liens and encumbrances; all of such investments to be subject to the regulations and limitations of this act.

En. Sec. 98, Ch. 60, L. 1927.

1805.99. Certain securities to be payable on the amortization plan.

All bonds issued in this state in which such investments are hereafter made must be issued and payable on the amortization plan; provided, however, that in case there are not sufficient amortization bonds and amortization mortgages available to keep the aforesaid permanent funds invested; then the funds may be invested in other forms of bonds lawfully issued by the state of Montana or any of its political subdivisions; but this provision shall not be so construed as to allow the investment of any of these funds in irrigation district bonds or in any form of improvement district bonds. In negotiating for the purchase of bonds the board shall use its influence towards having the installments of principal and interest become payable semi-annually in June and December of each year as far as practicable and consistent with other statutes.

En. Sec. 99, Ch. 60, L. 1927.

1805.100. Conversion of other forms of bonds into amortization bonds. All bonds in which such permanent funds of the state are now invested or in which they hereafter may be invested, whether such bonds are due or not, may be converted into amortization bonds payable through a period of not exceeding twenty (20) years upon resolution duly passed by the board or officers of the political subdivision of the state through which such bonds were originally issued, if the state board of land commissioners deems such change to amortization bonds to be safe and advantageous to the state and authorizes such change. The interest on such converted bonds shall be such as the state board of land commissioners may fix and determine in each individual case but shall not be less than the rate of interest on the bonds to be converted and shall in no case exceed six per centum (6%) per annum.

En. Sec. 100, Ch. 60, L. 1927.

1805.101. Purchase of county warrants or school district warrants. It shall be entirely optional with the board whether or not any portion of the aforesaid permanent funds shall at any time be invested in county

warrants or school district warrants, as the circumstances in each individual case may appear to justify. In case of the investment in such warrants, such warrants must be purchased at face value without payment for accrued interest directly from the county issuing the same in amounts of not less than five hundred dollars (\$500) for each purchase; must be issued in the ordinary and regular course of business, and must be registered and drawing interest at the rate provided by law.

En. Sec. 101, Ch. 60, L. 1927.

1805.102. Investment of income funds. Moneys in the public school income fund and in other income funds for which there is no immediate demand, may be invested in state general fund warrants and in county warrants upon the general fund, the poor fund, the road fund, or school district warrants, subject to the limitations prescribed in the preceding section; provided, however, that they shall not be invested in such warrants, unless such warrants will be payable at such time as to make the income available when the funds are to be paid out for the purposes for which they are intended.

En. Sec. 102, Ch. 60, L. 1927.

1805.103. Approval of securities. The board shall not invest in any bonds unless a complete transcript of the proceedings for their issue has been submitted to the attorney general and his opinion rendered in writing finding that the bonds are lawfully issued and a valid indebtedness of the state, county, city or school district issuing the same.

En. Sec. 103, Ch. 60, L. 1927.

1805.104. Securities, how paid. Whenever the state board of land commissioners has purchased any bonds, county warrants, or school district warrants, the commissioner shall upon the final approval and receipt thereof, deliver such securities to the state treasurer, and shall at the same time write an order to the state auditor authorizing and directing him to issue his warrant or warrants upon the state treasurer, payable to the state treasurer, for the amount invested by the state in such security or securities and for the amount of accrued interest if any. Both the order to the auditor and the warrant or warrants issued by him to the treasurer shall show the fund or funds from which payment is to be made, the name and address of the person to whom it is to be made and the purpose of the payment. Upon the receipt of the securities and the warrant or warrants from the auditor the state treasurer shall promptly issue his check or checks and mail to the person entitled thereto.

En. Sec. 104, Ch. 60, L. 1927.

1805.105. Treasurer to preserve securities and keep records. The state treasurer shall safely keep and preserve all such securities and shall keep an accurate and complete record thereof; he shall notify the proper official or persons of delinquent payments, and shall keep accurate and complete account of all payments made.

En. Sec. 105, Ch. 60, L. 1927.

(k) *Management and Disposition of State Farm Loans Made Before this Act Takes Effect.*

1805.106. Conversion into amortization mortgages. Whenever any state farm loan owned by the state when this act goes into effect becomes due or delinquent, the mortgagor or the assignee or vendee may make application to the state board of land commissioners to have the loan converted into a thirty-three (33) year amortization loan and mortgage, as defined in this act, to draw interest at the rate of six per centum (6%) per annum and to be secured by a first mortgage on the land under the original mortgage and by additional lands if he has additional lands free from prior liens and encumbrances, the amortization mortgage to be in such form as the state board of land commissioners may prescribe. The board may in its discretion permit delinquent interest, penalty interest and also any sums of money that the state has advanced under the mortgage to be included in the principal of the new loan and mortgage, if the state board deems the including of such delinquent interest and other payments made under the mortgage to be safe and advantageous to the state. Nothing herein contained shall be so construed as to make it obligatory upon the board to permit a loan to be so converted into an amortization loan and amortization mortgage. The board shall at all times do what in its judgment appears to be for the best interest of the state and shall proceed to have the loan foreclosed if that appears to be the safest course to pursue. The provisions of this section shall also apply to nondelinquent mortgages as far as applicable.

En. Sec. 106, Ch. 60, L. 1927.

1805.107. Lien on crops on mortgaged lands. The state shall have a lien prior and superior to all other liens, excepting threshermen's liens and seed liens as specified in sections 8355 and 8366 of the Revised Codes of Montana, 1921, which shall have priority as specified in chapter 116 of the Session Laws of 1925, upon all crops growing on lands given it as security for any such amortization loan converted from another loan and also upon such crops after they have been separated from the land for any installment or installments of principal or interest due or delinquent on the loan together with penalty interest and also for all such installments becoming due during the calendar year in which such crops are harvested, and such lien is hereby expressly reserved. Any person purchasing or otherwise acquiring such crops, or any part thereof, takes the same subject to such lien.

Any officer, agent or person, empowered to represent the department is hereby authorized to seize such crops and upon giving three days' notice to sell, either at private or public sale, sufficient of the said crops to pay the amounts due and delinquent under the mortgage together with costs and expenses of sale. Every such amortization mortgage shall contain a reference to this lien on the crops.

En. Sec. 107, Ch. 60, L. 1927.

1805.108. Attorney general to take charge of delinquent loans and mortgages. Whenever any farm loan owned by the state when this act

goes into effect becomes delinquent for more than one (1) year, and the mortgagor and his vendees fail to pay such loan and fail to have it converted into an amortization loan and mortgage, the commissioner shall notify the attorney general of the default in the conditions of the mortgage, and the attorney general shall then take full charge of such mortgage, and of all such mortgages, and shall proceed to foreclose such mortgages in the name of the state by action in the manner provided by law for the foreclosure of mortgages upon real estate. The attorney general may, however, with the permission of the state board of land commissioners, given in writing in each particular case, permit the mortgagor or his vendee to convey the land under the mortgage by quitclaim deed or other conveyance in place of securing title through foreclosure proceedings, if the lands are free and clear of all other liens and encumbrances except liens for taxes.

En. Sec. 108, Ch. 60, L. 1927.

1805.109. Sheriff's deed may be taken by state—deficiency judgment.

If at the foreclosure sale, no person bids the full amount due on the state under the mortgage including all accrued interest on the loan, all taxes paid by the state under the mortgage and taxes unpaid on the land, if any, and any expenses incurred by the state under the mortgage together with interest on all these items, and the costs and expenses of the foreclosure sale, all as allowed by the court, then in such case the land may either be sold for whatever reasonable sum it will bring and a deficiency judgment taken against the mortgagor or mortgagors, or the state may bid in the land for what it is reasonably worth to the state and a deficiency judgment taken for the balance, as the best interests of the state may appear to demand.

En. Sec. 109, Ch. 60, L. 1927.

1805.110. The mortgagor and parties claiming under him may repurchase lands. Upon written application made by the state board of land commissioners within one (1) year from the date of the sheriff's sale of the land to the state, or within one (1) year from the date of the quitclaim deed or other conveyance to the state, by the original mortgagor or his heirs or assigns or other parties in interest of record, the state board may permit such original mortgagor or other person as aforesaid to repurchase the land for the full amount of the judgment of the state together with interest thereon at the rate of six per centum (6%) per annum from the date of judgment to the date of repurchase, or in the case of quitclaim deed or other conveyance, for the full amount of the claim of the state on the date thereof together with interest thereon at the rate of six per centum (6%) per annum up to the date of repurchase, upon the following terms and conditions, to wit:

The person so repurchasing the property shall pay in cash ten per centum (10%) of the entire judgment of the state against the land or of the claim of the state on the date of the quitclaim deed or other conveyance together with interest thereon at the rate of six per centum (6%) per annum up to the date of such repurchase, and if such ten per centum (10%) does not leave a balance which is an even multiple of

twenty-five dollars (\$25) then the purchaser shall pay such additional amount as will reduce the balance to an even multiple of twenty-five dollars (\$25); the balance of the repurchase sum shall draw interest at the rate of five per centum (5%) per annum payable annually and shall be payable on the amortization plan as defined in this act during a period of thirty-three (33) years. Such repurchase contract shall be in such form and shall contain such reservations and conditions as the state board of land commissioners may prescribe not inconsistent with law and shall be subject to the same provisions with regard to liens on crops on the land under the contract as is provided in this act in the case of former mortgages converted into amortization mortgages.

En. Sec. 110, Ch. 60, L. 1927.

1805.111. County commissioners to release certain liens. The board of county commissioners of the several counties of the state are hereby empowered and directed to release and satisfy of record any seed loan mortgage, drought relief lien, or other similar instrument appearing on the county records as a second mortgage or lien against any lands on which the state holds a first mortgage whenever the attorney general shall request such cloud on the state's title to be removed and canceled.

En. Sec. 111, Ch. 60, L. 1927.

1805.112. County attorneys to represent the state. When so requested by the attorney general, the county attorney of each county in the state shall represent the state in all foreclosure proceedings, collections of delinquent rentals, actions for trespass on state lands and in all other state land matters that may arise in his county. The county attorneys shall not be entitled to charge the state any compensation for such services beyond their regular salaries.

En. Sec. 112, Ch. 60, L. 1927.

(l) Miscellaneous Provisions.

1805.113. Acceptance of federal land grants. The federal land grants made to the state of Montana through the so-called enabling act having already been accepted as a whole through the adoption of the state constitution and specifically by subdivision 7 of Ordinance No. 1 thereof, the state board of land commissioners is hereby authorized to accept any grant of lands from the United States to the state of Montana hereafter made in carrying out the provisions of the enabling act and also any other grant for any special purpose that may be made by the United States to the state of Montana. Any acceptance by the state board of land commissioners on behalf of the state of Montana, that has taken place prior to this act, of lands granted by the United States to the state of Montana is hereby ratified, confirmed and approved.

En. Sec. 113, Ch. 60, L. 1927.

1805.114. Gifts, donations, grants, legacies and devises to the state. The state board of land commissioners is hereby authorized and em-

powered to accept on behalf of the state from any natural person gifts, donations, grants, legacies and devises having a value of not less than two hundred fifty dollars (\$250) from each person for any purpose authorized by article XXI of the constitution. All lands passing to the state under these provisions or through the operation of law, shall be managed as other state lands and the rents and earnings shall be applied in accordance with the object and purpose specified by the grantor, subject to all constitutional limitations. All money realized from the sale of such lands and from other property and all gifts, donations, grants, legacies, and devises made in money, or the equivalent of money, shall be administered by the board for the benefit of the specific purposes designated by the person from whom they were received as provided by article XXI of the constitution and as further regulated by this act. The provisions of this section shall apply to gifts, donations, grants, legacies and devises already made to the state and now under the administration of the board if not contrary to any specific provisions made therein by the persons from whom they were received.

En. Sec. 114, Ch. 60, L. 1927.

1805.115. Board authorized to correct errors. The state board of land commissioners is hereby authorized, empowered and directed to cause to be corrected any and all errors, mistakes, and misdescriptions in any and all deeds and conveyances of property to the state of Montana; and in order to carry into effect the provisions hereof all deeds or such other conveyances as may be necessary shall be made and executed in the manner provided for the execution of patents by the state. The said board is also authorized and empowered to cause to be corrected any error or errors in leases, certificates of purchase, patents and other conveyances of property from the state upon satisfactory proof that an error or mistake has been made.

En. Sec. 115, Ch. 60, L. 1927.

1805.116. Money paid by mistake to be refunded. If any money has been erroneously paid or shall hereafter be erroneously paid to the state on any permit, lease, certificate of purchase, patent or loan or in any other transaction, it shall be the duty of the state board of land commissioners to cause such money erroneously paid to the state to be refunded to the person entitled thereto from the proper fund.

En. Sec. 116, Ch. 60, L. 1927.

1805.117. Who may not buy or lease state lands. It shall be unlawful for any member of the state board of land commissioners, or any person or persons appraising lands, or in the employ of the state for the selection, classification, appraisal, sale, or leasing of any state lands or the timber thereon, or of any person connected with the state land office as an officer or employee, to purchase or lease, directly or indirectly, any of the land of the state or any timber thereon.

En. Sec. 117, Ch. 60, L. 1927.

1805.118. Violations of this act classified. Any officer, employee or representative of the state of Montana who directly or indirectly accepts any money or any other valuable thing, except his regular and lawful compensation, for performing or not performing an official act under the provisions of this act, or for modifying the performance thereof shall be guilty of a felony; any officer, employee or representative of the state who knowingly and wilfully makes any false classification or appraisal of any state land, or of any land offered the state for sale or offered as security for a loan from the state, or who falsely classifies or scales any timber on state lands or from state lands, or any timber in which the state is interested, or who knowingly and wilfully makes any false report of any such classification or appraisal or scaling shall be guilty of a felony; any officer, employee or representative of the state who otherwise violates any of the provisions of this act and such violation results in a loss to the state of one thousand dollars (\$1,000), or more, shall be guilty of a felony; but if such violation results in a loss to the state of less than one thousand dollars (\$1,000) or in no pecuniary loss, then he shall be guilty of a misdemeanor.

En. Sec. 118, Ch. 60, L. 1927.

1805.119. Punishments. Any officer, employee or representative of the state who is found guilty of a felony as defined in the preceding section shall be punishable by imprisonment in the state penitentiary for not less than one (1), nor more than ten (10) years or with a fine which shall neither be less than five hundred dollars (\$500) nor less than twice the amount of the loss that resulted to the state through the crime of which he has been convicted, or by both such imprisonment and fine. He shall also require that each merchantable sawlog, stull, tie, post, pole or other piece of timber be stamped on one or both ends with the official state timber mark, which is hereby authorized and designated thus, "S-T," signifying "state timber."

He shall require a permanent public record of scale or measurement of every log, piece or other unit of measurement of state timber products, except timber granted free to settlers for fuel and domestic purposes; and no state timber products shall pass from the title of the state until such scale or measurement has been made and recorded, and payment therefor secured to the state. LEASES AND RENTALS OF STATE LANDS.

1882. Board may lease.

Rep. Sec. 123, Ch. 60, L. 1927.

1882.1. State oil lands, how leased. The state board of land commissioners is hereby authorized and empowered to lease in such manner as it may determine, not inconsistent with the enabling act and the constitution, any state lands to which the title has vested in the state and in which the oil and gas rights are not reserved by the United States, for prospecting and exploring for oil and gas, mining, drilling, developing, and removing the same upon the terms and conditions herein prescribed, to any person, association, corporation, domestic or foreign, or municipality qualified under the constitution and the laws of the state of Montana. This power and authority to lease state lands for such purposes shall extend to and include all lands owned by the state under navigable lakes and streams, and shall also extend to and include all those state lands which have been sold but in which the oil and gas rights have been reserved by the state of Montana; but in such cases and in all cases where the lands are under lease for grazing, agriculture or

similar purposes, care shall be taken in issuing the oil and gas leases to protect the rights of the purchaser or lessee.

In every oil and gas lease granted pursuant to the terms hereof there shall be reserved unto the state of Montana the right to sell, lease, or otherwise dispose of the surface of the lands covered thereby, subject always to the rights and privileges granted unto the lessee under such oil and gas lease.

In the case of mortgage lands hereafter sold by the state in which the oil and gas rights belong to and are reserved by and for the state, when the state leases such lands for oil and gas purposes, the holder of such lands under certificate of purchase or other contract, or deed from the state, shall be allowed a royalty of one per centum (1%) of the oil and gas produced from such lands, to be calculated on the same basis as the royalty to be paid to the state as hereinafter provided and to be paid by the lessee directly to the person or persons entitled thereto, said one per centum (1%) royalty to be deducted from the royalty reserved to the state.

Oil and gas leases issued under the provisions of this act shall all be subject to the conditions that the lessee in conducting his explorations and mining or drilling operations shall use all reasonable precautions to prevent waste of oil or gas developed in the land or the entrance of water through wells drilled by him to the oil or gas sands or oil or gas bearing strata to the destruction or injury of the oil or gas deposits. Violations of any of these conditions shall constitute grounds for the forfeiture of the lease after hearing had thereon before the state board of land commissioners.

En. Sec. 1, Ch. 108, L. 1927.

1882.2. Limitation and regulation of oil leases. No person, association, corporation, or municipality shall acquire and at any one time hold, by original grant from the state, by assignment, or by operation of law, under the provisions of this act, in the aggregate, more than six hundred and forty (640) acres of land, or a section of land as defined by the public land survey of the United States containing approximately six hundred and forty (640) acres; provided, however, such maximum acreage may be so acquired and held under one or more oil and gas leases. Nothing herein contained shall be construed to prohibit the acquisition of any oil and gas lease by succession, will, judgment, decree, or otherwise by operation of law; provided, however, that any oil or gas lease so acquired by any person in excess of one section of land shall automatically terminate two years after its acquisition unless the same shall theretofore have been assigned to a qualified assignee. All leases issued hereunder shall be granted for a period not exceeding five (5) years and as long thereafter, during the term of fifteen (15) years commencing with the date of such lease or leases, as oil or gas of commercial quality and in commercial quantity shall be produced from the land covered thereby; provided, however, that all drilling, rental and other obligations are fully kept and performed by the lessee.

En. Sec. 2, Ch. 108, L. 1927.

1882.3. Rentals—Fees—New leases. The minimum annual money rentals to be paid to the state for oil and gas leases under the provisions of this act shall be seventy-five cents (75c) for each acre of land leased; provided, however, that such rental shall in no case be less than fifty dollars (\$50) per annum.

A filing fee of two dollars and fifty cents (\$2.50) for each oil and gas lease issued and a fee in the same amount for each assignment shall be paid to the register of state lands. Such filing fee and the first year's rental shall be paid before the issue of the lease. The rentals for each subsequent year of the lease shall be due and payable thirty (30) days before the beginning of such subsequent year.

The lands shall be leased in as compact bodies as the form and areas of the tracts held by the state and offered for lease will permit. No lease shall embrace noncontiguous subdivisions of lands unless such subdivisions shall be within an area comprising not more than one square mile.

In all cases where an oil and gas lease hereafter issued shall be surrendered for cancellation before its expiration, relinquished to the state, or canceled through proceedings on the part of the state, no new lease on the lands under such lease shall be issued within thirty (30) days from the date of cancellation or relinquishment. This restriction shall not apply however in case of bona fide assignment.

En. Sec. 3, Ch. 108, L. 1927.

1882.4. Royalties. In every oil and gas lease granted by the state there shall be reserved to the state as consideration therefor, in addition to the rentals as hereinbefore provided, a royalty in all oil and gas produced and saved from all lands covered thereby, and not used for light, fuel, and operation purposes on the leased premises, which shall be equivalent to the full market value, as ascertained by the state board of land commissioners at the date of such lease, of the estate or interest of the state in the lands and oil gas deposits disposed of under such lease; provided that such royalty reservation shall not be less than twelve and one-half per cent ($12\frac{1}{2}\%$) of the whole thereof. Such lease shall provide for the rendering of payment of such royalty in the following manner and upon the following terms:

The lessee shall pay to the state, in cash, for all oil and gas royalty reserved, and posted field price existing on the day such oil or gas is run into any pipe-line or storage tank to the credit of the lessee, plus any bonus actually paid, or agreed to be paid, to the lessee, for such oil or gas; or at the option of the state, exercised in writing by the state board of land commissioners not oftener than every thirty (30) days, the lessee shall deliver the state's royalty oil or gas free of cost or deductions, into the pipe-line to which the wells of the lessee may be connected or into any storage designated by the state and connected with such wells.

En. Sec. 4, Ch. 108, L. 1927.

1882.5. Reports by lessees. On or before the fifteenth day of each month every holder of an oil or gas lease shall make a report to the register of state lands for the preceding calendar month, which report

shall be in such form as the state board of land commissioners may prescribe. Such report shall show the amount of oil or gas produced and saved during such preceding month, the price obtained, the total amount of all sales, and such additional information as may be required and shall be verified by the affidavit of the lessee or some responsible person having knowledge of the facts, and shall be accompanied by payment of the amount due the state as royalty for the month covered by the report.

En. Sec. 5, Ch. 108, L. 1927.

1882.6. Leases may be canceled when. In each and every oil and gas lease granted by the state there shall be reserved unto the state board of land commissioners full power and authority to declare termination of the same upon failure of the lessee to drill at least one well upon the leased premises not less than six (6) inches in diameter to the depth of at least one thousand (1,000) feet, unless oil or gas in commercial quantity and of commercial quality shall be encountered at a shallower depth within two years after the date of the lease; provided further that if oil or gas in commercial quantities are not found at a depth of one thousand (1,000) feet or less, then in that event the lessee shall continue drilling with diligence to such depth as may be necessary to make a reasonable test for oil or gas. The board may, in its discretion, upon satisfactory showing by the lessee, extend the time for commencement or completion of such drilling obligation from year to year not exceeding five (5) years from and after date of lease upon such terms and considerations as the board may determine, and upon the payment to the register of state lands of a penalty of one dollar (\$1) per acre per year for each year beginning with the third year, payable each year in advance.

En. Sec. 6, Ch. 108, L. 1927.

1882.7. Authority of board. The board shall have the power and authority to prescribe such rules and regulations and to do and perform all acts and things not inconsistent with the enabling act, the constitution, and the statutes of this state as it may deem necessary and proper relating to the leasing of state lands for oil and gas exploration and development.

En. Sec. 7, Ch. 108, L. 1927.

1882.8. Rights of present lease holders. Any holder of an existing oil and gas lease heretofore issued shall have the right to exchange such lease for an amended lease issued under the provisions of this act and embracing the same land. When the holder of any such lease makes written application to the board in due form for such exchange, the board shall issue an amended lease, embracing the same land as the former lease, in the ordinary and regular form duly adopted by the board under the provisions of this act subject to the same royalty reservations unto the state; but there shall be deducted from the term for which such amended lease may be issued, the time that has passed from the date of the issue of the former lease to the date of the issue of the amended lease, and the lessee shall be credited on the amended lease with

development work performed on the leased premises under the former lease.

All existing oil and gas leases heretofore executed by the register of state lands on behalf of the state of Montana are hereby ratified, confirmed, and approved, provided, that the holder of any such lease shall, within ninety (90) days from the date this act goes into effect, file in the office of the register of state lands consent in writing to the amendment of such lease to contain a reservation to the state of the right at all times to take and receive its royalties in money or kind in accordance with the provisions of section 4 of this act, and failure or refusal of the holder of any such lease to file such consent within such time shall automatically deprive such lessee of all of the benefits conferred by this act.

En. Sec. 8, Ch. 108, L. 1927.

1882.9. Bonds. The state board of land commissioners shall require lessees of oil and gas leases and assigns thereof to furnish bonds to the state in form and substance prescribed by law or by regulations of the board and in amount, or amounts, adequate to indemnify the state against loss, damage or detriment by reason of failure of the lessee to fully discharge the obligations contained in any lease or assignment thereof, including the payment of any money penalties fixed by the board; provided, that no bond in excess of twenty thousand dollars (\$20,000) shall be required under any one lease for any one year.

En. Sec. 9, Ch. 108, L. 1927.

1882.10. Forfeiture of leases—Hearings. All oil and gas leases granted by the state pursuant to the terms of this act shall provide for forfeiture and cancellation thereof upon failure of the lessee to fully discharge the obligations provided therein, after written notice from the state and reasonable time allowed to the lessee for performance of any undertaking or obligation specified in such notice concerning which the lessee is in default. The state board of land commissioners is hereby granted full power and authority to order and hold hearings on any matter or question involving oil and gas leases, under such rules and regulations as it may adopt; and any lessee, upon application therefor, shall be granted a hearing on any notice or demand of the said board before any lease is declared forfeited or canceled by the board.

En. Sec. 10, Ch. 108, L. 1927.

1882.11. Drilling conditions. The lessee shall be required, upon completing a commercially productive oil or gas well upon the leased premises, to proceed with reasonable diligence to drill such additional wells to the depth of the formation found commercially productive or to such depth as may be necessary to economically test, develop and operate the deposits discovered. No lessee shall, however, be required to drill to completion more than one well under any one lease during any one calendar year, or a total number of wells under any one lease in excess of the total number of forty (40) acre subdivisions of land held under such lease; and, as to lands found valuable for gas production only,

the drilling obligation of the lessee shall be confined to a total number of wells equal to the total number of tracts comprising one hundred and sixty (160) acres of land included in the lease; except, as the drilling of offset oil or gas wells necessary to protect the leased premises and deposits from loss or depletion due to wells drilled on contiguous lands shall require greater diligence in drilling and a greater number of wells to be drilled; provided, that the performance of said well drilling operations may be suspended only by and with the consent of the state board of land commissioners during the time oil or gas previously discovered cannot be marketed at a profit or for other good cause shown.

En. Sec. 11, Ch. 108, L. 1927.

1882.12. Royalties—Payment and disposal. All fees, rentals, penalties, royalties and bonuses collected for or under such leases shall be paid to the register of state lands and by him credited as follows: All fees and penalties shall be credited to the state general fund; all rentals shall be credited to the income fund of the grant to which the lands under each lease belong; all moneys collected as royalties and bonuses shall be credited to the permanent fund arising from the grant to which the land under each particular lease belongs and become and forever remain an inseparable and inviolable part thereof; provided, however, that all royalties and bonuses collected from the lands forming part of the capitol building grant shall be available as income the same as all other receipts from such lands; and provided further that all moneys received as rentals, royalties and bonuses for or under leases on lands owned by the state of Montana and not held in trust for the public schools of the state or for any state institution shall be credited, one-half to the state general fund and one-half to the state permanent revenue fund as defined by article XXI of the constitution.

En. Sec. 12, Ch. 108, L. 1927.

1882.13. Approval of amendatory enabling act. The state of Montana, for the purpose of enabling it to take advantage of the powers to it granted by the United States, mentioned in an act of the 67th congress, No. 48, entitled: "An act to amend an act approved February 22, 1889, entitled 'An act to provide for the division of Dakota into two states and to enable the people of North Dakota, South Dakota, Montana and Washington to form constitutions and state governments, and to be admitted into the Union on an equal footing with the original states, and to make donations of public lands to such state,' " approved August 11th, 1921, hereby accepts said powers as of said date of approval of said amendatory act.

En. Sec. 13, Ch. 108, L. 1927.

1882.14. Correction of errors. The state board of land commissioners is hereby authorized to correct errors of any kind in leases, conveyances or other instruments in writing issued pursuant to the terms hereof and to cause any and all moneys erroneously paid to the state under oil and gas leases, applications therefor, or lands and the products

thereof covered thereby, to be refunded to the person or persons entitled thereto from the proper fund.

En. Sec. 14, Ch. 108, L. 1927.

1882.15. Re-leasing—Advertising. The board at the expiration of any lease granted under the terms of this act is authorized to advertise the land held thereunder for re-leasing and to lease the same to the highest responsible bidder therefor at public auction; provided, however, that any person, association, firm or corporation who held such lease at the expiration thereof on any such land shall have the privilege of re-leasing the same at such highest responsible bid offered therefor, upon such terms and conditions as may be prescribed by the said board or by the legislative assembly; and the board shall have the privilege of rejecting any and all bids.

En. Sec. 15, Ch. 108, L. 1927.

1882.16. Assignments. The assignment of any oil and gas lease issued under the provisions of this act, either in whole or as to subdivisions of land embracing not less than forty acres covered thereby, made to an assignee qualified as provided herein, shall be permitted. Such assignment shall not, however, be binding upon the state until filed in the office of the register of state lands accompanied by the required fees and bond, together with such proof of qualifications as may be required by the state board of land commissioners, and approved by said board or its lawful representative; provided, that the approval of any such assignment so filed and supported shall not be withheld in any case where the rights or interest of the state in the property assigned will not in the judgment of the board be prejudiced thereby, and the decision of the board in all cases to be subject to appeal upon proper court proceedings. All other assignments of oil and gas leases issued under the provisions of this act or interests therein shall be subject to approval by the state board of land commissioners and shall be binding upon the state in the discretion of said board.

En. Sec. 16, Ch. 108, L. 1927.

1882.17. Disposal of improvements on termination of lease. Upon the termination for any cause, of any lease issued pursuant to this act, the former lessee shall have six (6) months after the date of said termination within which to remove all machinery, fixtures, improvements, buildings and equipment belonging to him, upon said premises, except casing in the wells and other equipment or apparatus necessary for the preservation of any oil or gas well or wells; provided, however, that as to such casing, equipment and apparatus, any succeeding lessee, or in the event there be no succeeding lessee, the state of Montana, wishing to have such property left upon the premises, shall pay the reasonable value thereof, in cash, to the former lessee, but if the succeeding lessee or the state of Montana acting through its board of state land commissioners, is unable to agree with the former lessee upon the reasonable cash value of such casing, equipment and apparatus, then the succeeding lessee or the state of Montana, as the case may be, shall pay, in cash to the former

lessee therefor, such sum as may be fixed as a reasonable price by a board of three appraisers, one of whom shall be chosen by the successful bidder, one by the former lessee and the third by the two so chosen, and whose appraisal shall be reported to the respective parties, in writing, and thereupon be final and conclusive. The former lessee may remain in possession and manage the land and property formerly covered by his lease until the value of said casing, equipment and apparatus which such succeeding lessee or the state of Montana itself, desire to have left upon said premises, is fixed, in the manner hereinbefore provided, and shall have been paid to him, in cash, and during such time as such former lessee remains in such possession, he shall be entitled to retain the same share of the products of the premises as inured to him during the term of his lease. Should the state of Montana or other bidder, not desire any of lessee's property, as provided in this paragraph, the lessee shall properly plug all wells and remove all of said property from said lands.

En. Sec. 17, Ch. 108, L. 1927.

1882.18. Termination by lessee. The lessee under any oil and gas lease granted by the state shall have the right at the termination of any rental year by giving to the register of state lands thirty days' previous notice in writing, of such intended surrender, to surrender and relinquish such lease to the state in whole or as to any legal subdivision of the lands covered thereby and be thereupon discharged from any obligation not theretofore accrued as to lands so surrendered and relinquished, without prejudice to the continuance of the lease as to lands not surrendered or relinquished. Any lessee holding any oil and gas lease or leases issued prior to the passage of this act shall have the right to surrender any such lease and to accompany any such surrender with an application for a new lease or leases upon all or any portion of the land so surrendered; and, thereupon such application shall have preference over all other applications submitted for the same lands and a lease or leases upon the lands described in such application shall, subject to the terms of this act, be forthwith granted to such former lessee, upon compliance by the lessee with the requirements hereof and the regulations promulgated by the state board of land commissioners.

En. Sec. 18, Ch. 108, L. 1927.

1882.19. Offset wells—Reports. Oil and gas leases granted by the state shall contain suitable provisions imposing upon all lessees the obligation to drill offset wells wherever and whenever necessary to prevent waste and damage to the property of the state; also to make such report of operation, production and sales, as well as payments due the state, in the manner, at the time and to such representative of the state as may be required by the state board of land commissioners.

En. Sec. 19, Ch. 108, L. 1927.

1882.20. Interest by board or employees forbidden. It shall be unlawful for any member of the state board of land commissioners or any person or persons employed by the state for selecting, classifying, appraising, selling or leasing any state land or interest therein, or any officer

or employee of the state land officer to hereafter purchase or lease, directly or indirectly, or acquire any interest in any lands or oil and gas deposits under the provisions of this act.

En. Sec. 20, Ch. 108, L. 1927.

1882.21. Penalty. Any officer, employee or representative of the state of Montana, who directly or indirectly accepts any money or any other valuable thing, except his regular and lawful compensation, for performing, or not performing an official act under the provisions of this act, or for modifying the performance thereof, shall be guilty of a felony. Any officer, employee, or representative of the state who knowingly and wilfully makes any false classification or appraisal of any state land or interest of the state therein, or of any oil or gas deposits in which the state is interested, or who knowingly and wilfully makes any false report of any such classification or appraisal, shall be guilty of a felony.

En. Sec. 21, Ch. 108, L. 1927.

1882.22. Penalty for false statements. Any person who shall knowingly make and file in any department, bureau or office of the state of Montana any application, statement, or report in writing required by regulation promulgated pursuant to the provisions of this act containing any false statement of a material fact, shall be guilty of a felony.

En. Sec. 22, Ch. 108, L. 1927.

1882.23. Effect partial invalidity act. If any subdivision, section or part of section of this act shall be found to be unconstitutional, such finding of unconstitutionality shall not affect the remainder of this act, but such remainder shall be in full force and effect and shall be carried out and the state board of land commissioners is hereby specifically charged with the duty of exercising to their full extent the general grant of powers given to it by the constitution of the state in order to accomplish that purpose.

En. Sec. 23, Ch. 108, L. 1927.

1882.24. Repealing clause. All acts and parts of acts in conflict with any of the provisions of this act are hereby repealed. Provided, however, that nothing herein contained shall be construed to repeal any of the provisions of chapter fifty-six of the Session Laws of 1925, or to derogate any of the powers therein granted to, or the duties therein prescribed for, the board of railroad commissioners of the state of Montana.

Rep. Sec. 4, Ch. 134, L. 1925.

1904. Holding over and trespass. All corporations, companies or persons who shall use or occupy state lands for farming, grazing or other-

wise, contrary to the provisions of the lease, or without first having paid the register of state lands the rental price for such privilege, or who shall so use or occupy said lands for more than thirty days after the cancellation or expiration of a lease, except by authority of the state land board, shall be regarded as a trespasser, and shall be required to pay to the register of state lands, double rental for the time so used or occupied, which shall be computed for not less than one year, and the state land agent or any deputy state land agent is hereby authorized and empowered, and it shall be his duty to collect such double rental for the full time of such trespass, by the seizure and sale of any crop growing upon state lands or by the seizure and sale of any livestock found illegally grazing upon state lands, and livestock found within an enclosure upon state land shall be prima facie evidence of such trespass. Provided, that for purpose of enforcing this act the state land agent or his deputy is hereby given authority as a state officer to proceed as required by law, in the foreclosure of chattel mortgages, and any corporation, company or person who shall construct a reservoir, ditch, railroad, public highway, private road, pipe-line, telegraph or telephone line or in any manner occupy or enter upon the lands belonging to the state without first having secured the authority and permission of the state board of land commissioners to so occupy said land, for such purposes, shall be regarded as a trespasser and upon conviction thereof shall be fined in the sum of not less than twenty-five dollars and not more than fifty dollars, for each offense, and each day shall constitute a separate offense.

Amd. Sec. 1, Ch. 189, L. 1925.

NOTE.—Section 123 of Chapter 60, L. 1927, expressly repeals section 1904 of the Revised Codes of 1921. It does not, however, mention Chapter 189, L. 1925. In view of the doubt as to whether the act of 1927 effects a repeal of the act of 1925, the above section is included in this supplement.

Rep. Sec. 123, Ch. 60, L. 1927.

1912. State's preference right to purchase general fund warrants.
The state of Montana does hereby reserve to itself a preference right,

prior to the right of any person, company or corporation to purchase state general fund warrants hereafter issued with funds under the control of the state board of land commissioners and subject to investment.

Whenever the state board of land commissioners has under its control any funds subject to investment which in its judgment it would be advantageous to have invested in state general fund warrants, and there are not sufficient funds in the state general fund to pay warrants issued against such fund at the time the same are issued and presented for payment, it shall authorize and direct the state treasurer to purchase state general fund warrants, designating the fund or funds to be so invested and fixing the amount or amounts. It shall also give notice to the state auditor of the investment to be made by the treasurer, designating the fund or funds to be invested and the amount or amounts. The auditor shall thereupon cause to be attached to, or stamped, written, or printed upon each general fund warrant thereafter issued, until warrants totaling the amount or amounts so designated have been issued, a notice to the effect that the state will exercise its preference right to purchase such warrant. The state treasurer shall thereafter when such warrant is presented to him, pay the same out of the proper fund as designated by the board and the warrant so purchased shall be registered as other state warrants and bear interest as provided by law.

When the designated amounts have been invested, the state treasurer shall notify the secretary of the state board of land commissioners, who shall thereupon issue orders upon the proper funds addressed to the state auditor for warrants to be issued in favor of the treasurer.

Amd. Sec. 1, Ch. 15, L. 1927.

1916. Land board to permit redemption of bonds. The state board of land commissioners shall permit any county, school district, city, or town to redeem one or more of its bonds at the expiration of any interest period, before the maturity of such bonds, upon giving to the state board of land commissioners, thirty days' notice of its intention to redeem and pay such bonds, and upon payment thereof as herein provided, such bonds shall be delivered to such county, school district, city, or town for cancellation; provided, that this section shall not be construed to permit the issuance of refunding bonds by any county, school district, city, or town for the purpose of redeeming, before maturity, any bond or bonds owned by the state, nor to grant the right to pay, before maturity, any bond or bonds owned by the state out of the proceeds of any refunding bond issue.

CHAPTER 154.

INVESTMENT OF SCHOOL FUNDS—FARM LOANS.

1928A. Permanent common school and other educational funds, how invested—Amortization bonds. All moneys belonging to the perma-

ment common school fund and to the other permanent state educational, charitable and penal institution funds must be safely invested by the state board of land commissioners in bonds of school districts within the state of Montana; in bonds of the state of Montana or of the United States, in interest bearing warrants upon the general fund of the state; in any state capitol building bonds of the state of Montana, now issued or which may hereafter be issued; in first mortgages on good improved farm lands in the state of Montana free from all prior liens and encumbrances; in bonds issued by federal farm loan banks, or in bonds of the several counties and cities of the state of Montana in the manner prescribed by law; provided, however, that all farm mortgages in which such investments are hereafter made, and all bonds issued in this state in which such investments are hereafter made, must be issued and payable on the amortization plan. The amortization plan is hereby defined, when applied to these investments and to state land contracts or certificates, as being that plan under which part of the principal is required to be paid each time interest becomes due and payable, and under which this part payment on the principal increases at each succeeding installment in the same amount that the interest payment decreases so that the combined amount due on principal and interest on each due date remains the same until the loan or bond is paid in full. Whenever these installments are payable annually, the due date shall be December 15th; when the installments are payable semi-annually the due dates shall be June 15th and December 15th. Provided, however, that in case there are not sufficient amortization bonds available to keep the permanent school and institution funds of the state invested, then, in such case, these funds may be invested in other forms of bonds.

En. Sec. 1, Ch. 6, L. 1923.

1928B. Conversion of existing mortgages—Limit of loans. All bonds in which such permanent common school funds and the other permanent funds of the state are invested when this act becomes effective, whether such bonds are due or not, may be converted into amortization bonds running for a period of time not exceeding twenty (20) years whenever the board or officers invested with the power to issue or reissue such bonds have been duly authorized to issue amortization bonds and the state land board deems such change safe and advantageous to the state. The interest on these amortization bonds shall be fixed at such reasonable rate as the bond market may from time to time demand or justify and the state board of land commissioners determine.

En. Sec. 1, Ch. 6, L. 1923.

1930. Application for loans—Approval and rejection. All applications for loans of permanent common school or other permanent state educational, charitable, or penal institutional funds, to be secured by mortgage on farm lands, shall be made to the register of state lands as secretary of the state board of land commissioners and shall be made on forms approved by the attorney general. It shall be the duty of the state board of land commissioners to fill such applications for loans on farm lands as rapidly as such funds are available and in the order in

which the abstracts of title submitted in connection with such applications are finally completed and approved by the attorney general, provided, however, that the applicant must be an actual farmer and that in passing on loan applications the state board of land commissioners shall satisfy itself both in regard to the amplexness of the security and as to the character and earning capacity of the applicant. It shall reject any and all applications for loans that it may regard as unsafe or undesirable.

Amd. Sec. 2, Ch. 6, L. 1923.

1932A. Mortgages—Plan—Expiration — Term — Interest. All mortgages in which such funds are invested shall be in the name of the state of Montana as mortgagee; shall be payable on the amortization plan during a period of not more than thirty-five (35) years, and shall draw interest at the rate of six (6) per centum per annum; installments of principal and interest to be paid annually or semi-annually. Any loan may be paid in full before maturity, but if paid before the expiration of five (5) years from the date of the loan, a fee equal to one (1%) per cent of the original amount shall be required and paid before the mortgage is satisfied. If prepayment in full is made between five (5) and ten (10) years from the date of the loan, a fee equal to one-half ($\frac{1}{2}$) of one (1) per cent of the original loan shall be required. All payments shall be made to the register of state lands.

Amd. Sec. 3, Ch. 6, L. 1923.

1932B. Conversion of mortgages—Limit of loan—Costs. All farm mortgages in which such funds are invested when this amendment becomes effective may be converted into amortization mortgages conforming to the requirements of section 1932A and other legal requirements, upon application by the mortgagor or his successor in interest, whenever the state board of land commissioners deems such change safe and advantageous to the state. Provided, however, that no loan shall be made for more than forty (40) per cent of the actual value of the land. The state land board may in its discretion include in the principal of the new loan delinquent interest and other liens and charges against the land covered by the mortgage, whenever such action is deemed to be for the best interest of the state. There shall be charged for converting the old farm mortgages into amortization mortgages the reasonable cost of such work to the state to be fixed by the state board of land commissioners.

tion within this state. State ex rel. Rankin v. Harrington, 68 Mont. 1, 217 Pac. 681.

CHAPTER 159.

CLASSIFICATION OF TAXABLE PROPERTY.

1999. Classification of property for taxation.

Under the rule that in determining the class into which property falls within the Classification Act the use to which the property is devoted and its productivity is the criterion, the use to which machinery, though usable for manufacturing purposes, is actually put is the controlling factor. Chicago etc. Ry. Co. v. Powell County, 76 Mont. 596, 247 Pac. 1096.

Machinery and electric appliances located in a substation and used by a railway company in the transformation of electric current employed in the propulsion of its trains, an engine, pumps and pipes used for the pumping of water for use in the substation, shop machinery and movable shop tools used for repairing equipment, properly fall within class 2 of sections 1999 and 2000, and within the designation "implements and machinery" and are therefore assessable at twenty per cent of their true value, and not within class 4, "manufacturing and mining machinery" assessable at thirty per cent of their value. Chicago etc. Ry. Co. v. Powell County, 76 Mont. 596, 247 Pac. 1096.

Where money invested by individual citizens in bonds, notes or other evidences of indebtedness is not employed in competition with the business conducted by national banking corporations, it does not constitute "moneyed capital" within the meaning of section 5219, United States

Revised Statutes, and the state properly could, as it did by section 1999, tax shares of stock in a national bank at a higher rate (but on the same basis on which shares in state banking corporations are assessed) than moneys loaned by individuals upon promissory notes secured by mortgages, or loans made by a building and loan association or by a real estate and investment business, and its action in that regard is not open to the charge that it thereby unlawfully discriminated against national banks as such in contravention of the provisions of section 5219. Commercial Nat. Bank of Miles City v. Custer County, 76 Mont. 45, 245 Pac. 259.

A tax upon the moneyed capital of a state bank imposed under the Classification Act is a property tax and not an occupation or franchise tax. East Helena State Bank v. Rogers, 73 Mont. 210, 236 Pac. 1090.

The "moneyed capital" of a state bank for purposes of taxation must, under this section, be ascertained by deducting from the moneys and credits of the bank the amount of deposits and any money borrowed for use in the conduct of its business. East Helena State Bank v. Rogers, 73 Mont. 210, 236 Pac. 1090.

Coal lands purchased from the federal government must be taxed under section 3, article XII of the constitution at the price paid therefor, and not at thirty

per cent of such purchase price, the rate at which real property is taxable under the classification act. *State ex rel. Hinz v. Moody*, 71 Mont. 473, 230 Pac. 575.

Improvements on a railroad right of way for purposes of taxation fall within class 4 of this section, providing for taxation of all land, with improvements thereon, and therefore are assessable at thirty per cent of their true and full value under section 2000, and not within class 7, embracing all property not included in the preceding six classes, and assessable at forty per cent of their true value. *State ex rel. Northern Pacific Ry. Co. v. Duncan*, 68 Mont. 420, 219 Pac. 638.

Section 5194 provides that towns may levy taxes for general municipal purposes, not to exceed ten mills on the assessed value of their taxable property. Under sections 1999, 2000 the "taxable value" of property of different classes is fixed at a certain percentage of the assessable value, that of real property being fixed at thirty per cent of its assessed value. Defendant town assumed to levy a tax of twenty mills, contending that on the value as fixed by section 2000 the tax so imposed did not exceed ten mills on the assessed value as fixed by section 5194. Held, in an action to recover taxes paid on real property under protest, that section 5194 and sections 1999, 2000, being in irreconcilable conflict, and sec-

tions 1999, 2000 being the later enactment, are controlling to the extent of the repugnancy, that the taxable value as fixed by said sections, and not the assessed value fixed by section 5194, is the standard prescribed for computing taxes, and that therefore the tax in excess of ten mills on the dollar of taxable value was invalid. *Wibaux Improvement Co. v. Breitenfeldt*, 67 Mont. 206, 215 Pac. 222.

In an action to recover taxes paid under protest, held, under the above rules, that the term "supplies" used in this section, in declaring that machinery, fixtures and "supplies" shall fall under class 4 of the property designated therein for taxation purposes, was employed in its ordinary sense, and that railroad ties kept on hand for replacement or new construction fall fairly within its meaning, and were therefore unlawfully assessed under class 7 of the section, comprising all property not included in the six preceding classes, and taxable at a higher rate than that enumerated in class 4. *Northern Pacific Ry. Co. v. Sanders County*, 66 Mont. 608, 214 Pac. 596.

Cited with section 2000 in *Heckman v. Custer County et al.*, 70 Mont. 84, 223 Pac. 916; *First Nat. Bank v. County of Dawson*, 66 Mont. 321, 334, 213 Pac. 1097.

For text treatment of this subject see vol. 24 Cal. Jur. 130.

2000. Basis for imposition of taxes.

In an action brought by a national bank to recover taxes paid under protest, on the ground of an alleged illegal discrimination against it in favor of building and loan associations by reason of the difference in classification imposed by this section, it was decided that the contention was without merit, the court holding that building and loan associations are not banking institutions, that the record did not show that the moneyed capital of the association was employed in competition with the bank, and that the state may, if it desires, favor building and loan associations in the matter of taxation without such action being deemed an unfriendly discrimination against national banks. *First Nat. Bank*

v. County of Dawson, 66 Mont. 321, 213 Pac. 1097.

Applied with section 1999 in *Chicago etc. Ry. Co. v. Powell County*, 76 Mont. 596, 247 Pac. 1096.

Cited in *Commercial Nat. Bank of Miles City v. Custer County*, 76 Mont. 45, 54, 245 Pac. 259; *Heckman v. Custer County et al.*, 70 Mont. 84, 223 Pac. 916; *East Helena State Bank v. Rogers*, 73 Mont. 210, 236 Pac. 1090; *Butte Electric Ry. Co. v. McIntyre*, 71 Mont. 21, 24, 227 Pac. 61; *Wibaux Improvement Co. v. Breitenfeldt*, 67 Mont. 206, 210, 215 Pac. 222; *Northern Pacific Ry. Co. v. Sanders County*, 66 Mont. 608, 610, 214 Pac. 596.

2000.1. Taxable value, how ascertained. Wherever, by statute, rule, or law, it is or shall be provided that any tax shall or may be levied to the extent of a given number of mills on the property, within any county, or tax district or unit, or on the dollar, or on the value of such property, or on the taxable value or assessed value thereof, or similar expressions, or wherever it is or shall be provided, as aforesaid, that a tax may be levied not exceeding a given number of mills levied as aforesaid, or not exceeding a given percentage of the value, or taxable value, or assessed

value of property, or similar expressions, the said expressions shall be taken to mean the value of the taxable property in such county, tax district, or tax unit, as ascertained or determined by taking a percentage of the true and full value, provided, or to be provided, by law, rule, or practice, for the purposes of taxation, unless a meaning otherwise expressly and clearly appears to the contrary.

En. Sec. 1, Ch. 158, L. 1923.

2000.2. Determination percentage basis taxable value. The percentage basis of true and full value as provided for in section 2000, Revised Codes of Montana of 1921, shall be determined and assigned by the county assessors of the various counties of the state of Montana, when they make their annual assessments, and copies of such assessments as provided for in section 2005, Revised Codes of Montana of 1921, shall show the taxpayer the percentage class to which the assessor has assigned his various classes of property for taxation.

En. Sec. 1, Ch. 61, L. 1925.

2000.3. Taxpayer may appeal. If any taxpayer shall feel aggrieved at the percentage assignment so made by the county assessor, he shall have the right to appeal to the county board of equalization, on the percentage assignment the same as he now has on valuations, and also, the right to appeal from the county board of equalization to the state board of equalization, whose findings shall be final except as to, the right of review in the proper courts.

En. Sec. 2, Ch. 61, L. 1925.

2000.4. Board of equalization to make determination. The percentage basis of true and full value as provided for in section 2000, Revised Codes of Montana of 1921, shall be determined and assigned by the state board of equalization, when it makes its annual assessment of the property, which it is required to assess under the constitution or the laws of this state and shall transmit such determination and assignment to the various county clerks with the assessments so made, and its determination shall be final except as to the right of review in the proper court.

En. Sec. 3, Ch. 61, L. 1925.

2000.5. County clerk to apply percentage. The county clerk and recorder of the various counties shall apply the percentage after the delivery of the assessment-roll to him, provided, however, that the assessor shall give the basis of taxation on all personal property he certifies to the county treasurer, for collection of personal property taxes.

En. Sec. 4, Ch. 61, L. 1925.

2000.6. Assessor's blanks and rolls. It shall be made the duty of the state board of equalization to prescribe such forms of assessment blanks and assessor's rolls as will comply with the above provisions, grouping all the same percentage class as nearly as possible in one group on blanks and assessor's roll.

En. Sec. 5, Ch. 61, L. 1925.

2002.1. Valuation of real estate for assessment in 1927. All real estate and all improvements on real estate, in this state, subject to taxation, except such as is required to be assessed by the state board of equalization, shall be separately valued for assessment and taxation purposes in the year 1927, and biennially thereafter in each odd-numbered year, with reference to the value thereof at 12 o'clock noon on the first Monday of March preceding the assessment, and such valuation in each such odd-numbered year shall constitute the assessed valuation thereof until the next biennial assessment, except as hereinafter provided; provided, however, that nothing contained herein shall be construed as preventing or prohibiting county boards of equalization or the state board of equalization from either increasing or decreasing the assessed valuation of any real property or improvements in any year, or as preventing or prohibiting the state board of equalization from increasing or decreasing the assessment of any one or more classes of property in any county or counties in any year, for the purpose of equalizing the value of property for taxation.

En. Sec. 1, Ch. 110, L. 1927.

2002.2. Valuation by assessor—Effect destruction improvements. Each assessor shall annually value and assess all real estate that shall have become subject to taxation since the last previous valuing and assessing of real estate in the county, or which has escaped taxation the preceding year, and he shall also annually value and assess all buildings, structures and other improvements on real estate which shall not have been previously valued and assessed. In case of the destruction of any building, structure, or other improvement on real estate, valued and assessed in the assessment for the year immediately preceding such destruction, such building, structure, or other improvement shall be struck from the assessment and shall not thereafter be assessed.

2006. General powers of assessor.

Where plaintiff, in an action to recover taxes paid under protest, had not refused to furnish a statement of his taxable property but had furnished an incorrect one, the assessor was without power to make the arbitrary assessment provided for in section 2007, but the assessor should have proceeded to ascertain the

facts under the powers granted him by this section, by citing plaintiff to appear before him and answer as to his property. *Story v. Dixson*, 64 Mont. 206, 208 Pac. 592.

For text treatment of this subject see vol. 24 Cal. Jur. 175.

2007. Method of making assessment upon refusal of statement.

This section, providing that upon refusal or neglect of a taxpayer to furnish to the assessor a statement of his property subject to taxation, the assessor may make an arbitrary estimate which shall

be final, being highly penal, its scope should not be extended to a case not clearly within its provisions. *Story v. Dixson*, 64 Mont. 206, 208 Pac. 592.

A curative statute of the nature of sections 2024–2031, which is intended to be retroactive and does not impair the obligation of contract, but the purpose of which is to enable a county to pay just claims which it could not pay because of a constitutional defect in the act under which incurred, applies even

though it was passed after the claims had been presented to the board of county commissioners for approval or rejection. *State ex rel. Lockwood v. Tyler*, 64 Mont. 124, 208 Pac. 1081.

TAXATION OF BANKS.

2064. Assessment of stock in banking corporations.

This and the three following sections were cited as chapter 81, L. 1921, in *Union Bank & Trust Co. v. Moore*, 62 Mont. 132, 135, 204 Pac. 361.

Cited in *First Nat. Bank v. County of Dawson*, 66 Mont. 321, 330, 213 Pac. 1097.

2066. Statements to be furnished by officers.

The fact that a bank furnished to an assessor the information upon which an unlawful assessment was made did not estop it to thereafter attack the validity of the tax, where the act under which

the assessment was made, provided a penalty for failure to furnish it and the information was thus given under compulsion. *Union Bank & Trust Co. v. Moore*, 62 Mont. 132, 204 Pac. 361.

2067. Taxation of state and private banks—Statements. Every state bank or banking corporation located and doing business in this state, and every private banker doing business in this state, shall be taxable upon the value of all real estate and personal property owned by such bank,

banking corporation or private banker, and also upon the moneyed capital employed in such business; such moneyed capital to be ascertained as provided by section 1999 of the Revised Codes of Montana of 1921; and the cashier or secretary of every such bank or banking corporation, and every such private banker, shall furnish to the assessor of the county in which its or his bank is located, within five days after demand therefor, a statement verified by his oath, showing all the resources and liabilities of such bank as disclosed by its books, at twelve o'clock noon on the first Monday of March in each year; if such cashier, secretary or private banker shall fail to make the statement hereby required, the assessor shall forthwith obtain such information from any other available source, and for this purpose he shall have access to the books of such bank, banking corporation or private banker. The assessor shall thereupon make an assessment of the real estate and personal property owned by such bank, banking corporation or private banker, and of the moneyed capital employed in the business of such bank, banking corporation or private banker, which assessment shall be as fair and equitable as he may be able to make from the best information available, or said assessor may, for the purpose of said assessment, adopt the figures disclosed by any prior report made by such bank, banking corporation or private banker to any state or federal officer pursuant to any state or federal law. Any person required by this section to make the statement hereinabove provided, who shall fail to furnish the same, shall be guilty of a misdemeanor and shall be punished accordingly.

All shares of stock in any such bank or banking corporation shall be assessed at their full cash value, except to the extent that that value is represented in property which is assessable and taxable to such bank or banking corporation in this state, and shall be taxable to the owners of such shares in the county, school district, city, town, or place where such bank or banking corporation is located and not elsewhere, whether or not the owners of such shares are residents of such county, school district, city, town or place. The cashier or secretary of any such bank or banking corporation shall furnish to the assessor, upon his demand therefor, the name of each stockholder with his residence and the number of shares belonging to him at twelve o'clock noon of the first Monday in March of each year; and if such cashier or secretary, for more than five days after such demand, shall fail to furnish such information, he shall be guilty of a misdemeanor and the assessor may obtain such information from any other available source, and for such purposes shall have access to the books of such bank or banking corporation. For convenience the assessment of such shares shall be entered on the personal property assessment list under the name of the bank or banking corporation concerned, but in the assessment list the names of the owners of such shares shall be set forth and the number of shares owned by each, and such assessment, when so entered, shall have all the force and effect as if made in the names of the owners of such shares individually. The bank or banking corporation in which such shares are owned shall be liable for the payment of taxes assessed against such shares, and such taxes shall be payable by and may be collected from such bank or banking corporation in the same manner and under the same penalties as other taxes;

provided that such bank or banking corporation may recover from such owners of shares any taxes so paid on such shares, and shall have a lien therefor upon such shares and upon any dividends accrued or to accrue thereon.

CHAPTER 163.

BOUNTY FUND—TAXATION OF LIVESTOCK BROUGHT INTO STATE TO GRAZE.

2069. Assessment of migratory livestock.

Under the proviso in this section, livestock moved from one county within the state to a neighboring county for winter feeding and not for the purpose of running at large or grazing in the latter county, is assessable in its home county and not in the county in which

the feeding is done; the provisions of section 2070 relating to migratory stock having no application to animals falling within the proviso in the former section. *Peterson v. Granite County*, 76 Mont. 214, 245 Pac. 946.

2070. Duty of owner when livestock is removed from home county to another county.

Applied with section 2069 in *Peterson v. Granite County*, 76 Mont. 214, 245 Pac. 946.

2081. Bounty fund and tax levy. There is hereby created a fund, to be known as the "bounty fund." The tax commission, or the department of state whose duty it is to fix tax levies, shall annually prescribe the levy recommended by the livestock commission to be made against livestock of all classes, for the purpose of paying for the destruction of wild animals killed within the state, which tax in any one year shall not exceed one and one-half ($1\frac{1}{2}$) mills on a dollar upon the assessed valuation of such livestock, and such moneys so received shall be used and applied only to the payment of claims for the destruction of wild animals and to the administration of the provisions of this act, approved by the livestock commission, and the moneys received for the taxes so levied shall be transmitted annually with other taxes for state purposes to the state treasurer by the county treasurer of each county, and when received by the state treasurer shall be placed to the credit of the bounty fund, and such moneys shall thereafter be paid out on claims approved as aforesaid, duly and regularly presented to the state board of examiners, in accordance with the law governing the payment of claims allowed by said board, and all moneys in said fund are hereby appropriated for such purposes.

Amd. Sec. 4, Ch. 73, L. 1923.

2081.1. Time of bounty payment. The livestock commission may, at their discretion, pay such bounty for the destruction of wild animals at such times of the year as they deem advisable.

En. Sec. 4½, Ch. 73, L. 1923.

2083. Petition—Signers and filing—Bounties and bounty inspectors. The petition provided for in section 2082 of the Revised Codes of Montana,

1921, shall be signed by the owners, agent, or agents of not less than fifty-one per cent of the livestock of such county as ascertained from the assessment-books of such county, and shall recommend to the board of county commissioners the bounties to be paid on such predatory animals, which shall not exceed the following: On each wolf or mountain lion, one hundred dollars; on each wolf pup or mountain lion kitten, twenty dollars; on each coyote, five dollars; on each coyote pup, two dollars fifty cents.

Such petition shall be presented not later than the first day of August of each year, and the board of county commissioners on determining the sufficiency of such petition shall make an order granting such petition, which said order shall fix the levy for that year, and the amount of the bounties to be paid for the killing of each such predatory animal, which shall not exceed the amounts recommended in such petition, and appoint not less than ten, nor more than twenty, stockholders of such county to be bounty inspectors under this act, without compensation, who shall hold their offices for one year.

Amd. Sec. 1, Ch. 37, L. 1923.

2087.1. License tax imposed on stock coming into state to graze. A license tax of forty cents (40c) per head on horses, mules and cattle and ten cents (10c) per head on sheep, or any other livestock, is hereby imposed upon all such livestock coming into this state to graze for any length of time whatsoever, provided, however, that no livestock on which the regular annual tax is levied by any county of the state shall pay said license tax.

En. Sec. 1, Ch. 101, L. 1927.

2087.2. Owner to notify county treasurer. It shall be the duty of every person, whether he be the owner or agent of the owner bringing livestock into this state, for grazing purposes as hereinbefore provided, to immediately notify in writing the county treasurer of the county in which said livestock is being grazed, the number of livestock and the location of the land on which said livestock is being grazed.

En. Sec. 2, Ch. 101, L. 1927.

2087.3. Assessor to ascertain stock liable to tax. It shall be the duty of the county assessor to ascertain if there is any livestock from without this state temporarily grazing within his county and to report the number of such livestock, their location and the name of the owner, or person in charge, to the county treasurer, who shall immediately after receipt of such notice from the assessor or owner of such livestock proceed to collect the sum of money due and payable from the person, so keeping and herding said livestock, or his agent, and in the event that it is necessary for the said treasurer to collect the taxes due upon said livestock by distress and sale of said livestock he may proceed without any further warrant for that purpose, and all necessary expenses and costs accruing from such sale shall be deducted in the same manner as is now

provided by law for the collection of taxes assessed upon personal property.

En. Sec. 3, Ch. 101, L. 1927.

2087.4. Penalty. Any person named in paragraph two of this act, or his agent, who shall bring any livestock into this state for grazing purposes and shall keep and herd the same in any county of this state without having first notified in writing the county treasurer of the county in which said livestock is grazing, of such entry into this state of said livestock, and without paying the amount of money per head, as hereinbefore provided, shall be fined in the sum of not less than ten dollars (\$10) nor more than one hundred dollars (\$100) to be imposed and collected in the same manner as other penalties for violations of laws of this state are imposed and collected.

En. Sec. 4, Ch. 101, L. 1927.

2087.5. Disposal of moneys. All moneys collected under this act shall be divided equally between the general fund of the school district, or districts, in which the livestock is being grazed and the general fund of the county.

En. Sec. 5, Ch. 101, L. 1927.

CHAPTER 164.

TAXATION OF MINES—NET PROCEEDS TAX.

2088. Taxation of mines.

By sections 2088 to 2096 the legislature has prescribed a definite and fixed method for arriving at the net proceeds of mines. This it has done by adopting the actual

cost basis for deductions. *Anaconda Copper Mining Co. v. Junod*, 71 Mont. 132, 227 Pac. 1001.

2089. Statement gross yield of mines. Every person, corporation or association engaged in mining upon any quartz vein or lode, or placer mining claim or mining from or upon any mine whatsoever containing gold, silver, copper, lead, petroleum or other valuable mineral or minerals deposit must on or before the thirty-first day of March in each year make out a statement of the gross yield of the above named metals or minerals from each mine owned or worked by such person, corporation or association during the year preceding the first day of January, and the value thereof. Such statement shall be in the form prescribed by the state board of equalization and must be verified by the oath of such person or the manager, superintendent, agent, president or vice-president of such corporation, association or partnership and must be delivered to the state board of equalization on or before the thirty-first day of March. Such statement shall show the following:

1. The name and address of the owner or lessee of the mine, together with the names and addresses of any and all persons, corporations or associations owning or claiming any royalty interest in the mineral product of such mine or the proceeds derived from the sale thereof, together with the amount of such interest so owned or claimed on the first Monday of March of the year in which said statement is made, and

the amount or amounts paid or yielded as royalty upon such royalty interest or interests during the period covered by the statement.

2. The description and location of the mine.

3. The number of tons of ore, barrels of petroleum or other mineral products or deposits extracted and treated or sold from the mine during the period covered by the statement.

4. The amount and character of such ores, mineral products or deposits, and the yield of such ores, mineral products or deposits from such mine in constituents of commercial value; that is to say, the number of ounces of gold, or silver, pounds of copper or lead, tons of coal, barrels of petroleum or other crude or mineral oil, or other commercially valuable constituents of said ores or mineral products or deposits measured by standard units of measurement yielded to such person, corporation or association so engaged in mining, and to said royalty holders and each of them, if any, during the period covered by the statement.

5. The gross yield or value in dollars and cents.

6. Actual cost of extracting same from mine.

7. Actual cost of transporting to place of reduction or sale.

8. Actual cost of reduction or sale.

9. Actual cost of marketing the product and conversion of same into money.

10. Cost of construction, repairs and betterments of mines, and cost of repairs and replacements of reduction works.

11. The assessed valuation of reduction works for the calendar year for which such return is made.

Immediately upon receipt of the list or schedule setting forth the names and addresses of any and all persons, corporations and associations owning or claiming royalty and the amount of such interest or interests and the amount or amounts paid or yielded as royalty to such royalty owners or claimants during the year for which such return is made, the state board of equalization shall certify such list or schedule to the county clerk of each county in which such mines and mining claims are located, and thereupon such royalty shall be assessed and taxed in the manner provided by law.

Amd. Sec. 1, Ch. 191, L. 1925; Amd. Sec. 1, Ch. 139, L. 1927.

Under sections 2088-2096, the lessee of a (coal) mine, i. e., the person engaged in mining, and not the owner, is the proper party to whom net proceeds are assessable. *Northern Pacific Ry. Co. v. Musselshell County*, 74 Mont. 81, 238 Pac. 872.

The legislature could properly add powers additional to those specifically conferred by section 15, article XII, of the constitution, upon the state board of equalization, as it did by sections 2089-2096, by imposing upon the board the duty to assess net proceeds of mines. *Butte & Superior Mining Co. v. McIntyre*, 71 Mont. 254, 229 Pac. 730.

By the enactment of sections 2089-2096, making net proceeds of mines assessable by the state board of equaliza-

tion and repealing sections 2563-2571, Revised Codes of 1907, under which the duty of assessing such proceeds had been placed upon the county taxing officers, a county assessor was without authority to assess net mine proceeds, and mandamus did not lie to compel him to obey an order of the county board of equalization that he do so. *State v. State Board of Equalization*, 67 Mont. 340, 215 Pac. 667.

The state board of equalization is a special tribunal with limited powers and must, in making an assessment of net proceeds of mines, pursue the method of procedure prescribed by sections 2089-2096; in it is lodged no discretion to permit deductions from the gross proceeds other than those specifically provided for, or to allow reimbursement to the taxpayer for taxes paid by him by mistake

in previous years, and mandamus lies to compel the board to follow the law. State v. State Board of Equalization, 67 Mont. 340, 215 Pac. 667.

Cited in *Anaconda Copper Mining Co. v. Junod*, 71 Mont. 132, 135, 227 Pac. 1001.

2090. Net proceeds—how computed. The state board of equalization shall thereupon calculate and compute from said returns the gross product yielded from such mine, and its gross value in dollars and cents for the year preceding the first day of January, and also shall calculate and compute the net proceeds in dollars and cents of said mine yielded to such person, corporation or association so engaged in mining, which said net proceeds shall be ascertained and determined by subtracting from the value in dollars and cents of the gross product thereof the following, to wit:

1. All royalty paid or apportioned in cash or in kind by the person, corporation or association so engaged in mining.

2. All moneys expended for necessary labor, machinery and supplies needed and used in the mining operations and developments.

3. All moneys expended for improvement, repairs and betterments necessary in and about the working of the mine.

4. All moneys expended for costs of repairs and replacements of the milling and reduction works used in connection with the mine.

5. Depreciation in the sum of six per cent (6%) of the assessed valuation of such milling and reduction works for the calendar year for which such return is made.

6. All moneys expended for transporting the ores, and mineral products or deposits from the mines to the mill or reduction works or to the place of sale, and for extracting the metals and minerals therefrom, and for marketing the product and the conversion of the same into money.

No moneys invested in the mines and improvements during any year, except the year for which such statement is made, shall be included in such expenditures; and such expenditures shall not include the salaries, or any portion thereof, of any person or officer not actually engaged in the working of the mine or superintending the management thereof.

Provided, further, that if any such report contains any wilfully false or fraudulent statements as to the gross amount received by any person, corporation or association so engaged in mining as aforesaid, for any mine's product, then the said state board of equalization shall compute the gross value of such mine's product, and such gross value shall be based upon the average quotations of the price of such mine's product in New York City, or the relative market value at the point of delivery, as evidenced by some established authority or market report, such as the Engineering and Mining Journal-Press, of New York City, or some other standard publication, giving the market reports for the year covered by the statement; and, provided, further that if any such person, corporation, or association has sold or otherwise disposed of any of its mine's product at a price substantially below the true market price of such product at the time and place of such sale or disposal, then the state board of equalization shall compute the gross value of such portion of said mine's product, so sold or disposed of substantially below the market price as aforesaid, which gross value shall be based upon the

quotations of the price of such mine's product in New York City, or the relative market value at the point of delivery at the time such portion of the product was so sold or otherwise disposed of, as evidenced by some established authority or market report, such as the Engineering and Mining Journal-Press, of New York City, or some other standard publication, giving the market reports for the year covered by such statement. Should there be no quotation covering any particular product, then the state board of equalization shall fix the value of such gross product, or such portion thereof as shall have been sold or otherwise disposed of at a price substantially below the true market price at the time and place of such sale or disposal in such a manner as may seem to be equitable.

Amd. Sec. 2, Ch. 191, L. 1925; Amd. Sec. 2, Ch. 139, L. 1927.

Since the legislature in its definition of the term "net proceeds" of mines has designated the deductions from the gross yield allowable in arriving at such proceeds, no others are permissible; hence amounts paid as rent or royalties by the lessee of the mine to the owner, not

therein enumerated as items of cost of mining property deductible, may not be deducted. Northern Pacific Ry. Co. v. Musselshell County, 74 Mont. 81, 238 Pac. 872.

Cited in Anaconda Copper Mining Co. v. Junod, 71 Mont. 132, 136, 227 Pac. 1001.

2091. Certification of net proceeds to county clerk.

Sections 2091, 2092 and 2095 were cited in Northern Pacific Ry. Co. v. Mussel- shell County, 74 Mont. 81, 86, 238 Pac. 872.

2095. Levy and collection of tax. The taxes on such net proceeds must be levied as the levy of other taxes are provided for, and every such tax is a lien upon the mine or mining claim from which the ore or mineral products or deposits are mined or extracted, and is a prior lien upon all personal property and improvements used in the process of extracting such ore or mineral products or deposits; provided, however, that such personal or real property is owned by or under lease by the person, partnership, association or corporation who extracted said ore, or mineral products or deposits.

The tax on such net proceeds may be collected, and the payment thereof, enforced, by the seizure and sale of the personal property upon which the said tax is a lien, in the same manner as other personal property is seized and sold for delinquent taxes, or by the sale of the mine or mining claim and improvements, as provided for the sale of real property for delinquent taxes, or by the institution of a civil action for its collection in any court of competent jurisdiction; provided, however, that a resort to any one of the methods of enforcing collection, as herein provided for, shall not bar the right to resort to either or both of the other methods, but that any two or all of the methods herein provided for may be used until the full amount of such tax is collected.

Amd. Sec. 1, Ch. 143, L. 1925.

2096. Surface ground and improvements not exempt.

Cited in Anaconda Copper Mining Co. 1001; State v. State Board of Equaliza- v. Junod, 71 Mont. 132, 136, 227 Pac. tion, 67 Mont. 340, 348, 215 Pac. 667.

2096.1. Owners royalty interests in mines to make statement. Every person, corporation or association engaged in mining upon any quartz vein or lode or placer mining claim or mining from or upon any mine whatsoever containing gold, silver, copper, coal, lead, petroleum or other valuable minerals or mineral deposits, shall, on or before the thirty-first day of March of each year, make and deliver to the state board of equalization a full, true and complete verified statement, setting forth the name and address of the owner or lessee of the mine, together with the names and addresses of any and all persons, corporations or associations owning or claiming any royalty interest in the mineral product of such mine, or the proceeds derived from the sale thereof, together with the amount of such interest so owned or claimed on the first Monday of March of the year in which such statement is made and the amount or amounts paid or yielded as royalty upon such royalty interest or interests during the preceding calendar year.

En. Sec. 1, Ch. 140, L. 1927.

2096.2. Assessment by board of equalization. Upon receipt of such statement the state board of equalization shall proceed to the assessment of all such royalty interests and shall assess the same at the full cash value thereof, which shall be the full cash value of the money or product yielded as royalty during the preceding calendar year, which royalty interests shall be taxed on the same basis as net proceeds of mines are taxed as provided by section 1999 of the Revised Codes of Montana of 1921. The state board of equalization shall certify such list or schedule, together with the said assessments to the county clerk of the county in which such mines and mining claims are located, and such county clerk shall thereupon, for convenience, enter such assessment on the personal property assessment list under the name of the operator of such mine or mines, but in the assessment list the names of the owners of such royalty shall be set forth and such assessment when entered shall have all the force and effect as if made in the names of the owners of such royalty individually. Immediately upon the spreading of such assessment the county clerk shall deliver to such operator a full and complete list showing all assessments against such royalty owners and each thereof. The operator and the royalty holder shall be jointly and severally liable for the payment of the taxes assessed against such royalty and such taxes shall be payable by, and may be collected from such operator in the same manner and under the same penalties as provided for the collection of taxes upon net proceeds of mines and such assessment shall also be and constitute a lien upon such royalty and royalty interests. 2103. Statement gross earnings and tax to be mailed companies—Protests. third Monday in June, file with said state board of equalization a protest in writing, against such determination or assessment, or both, and the state board of equalization may, on the filing of such protest, or on its own motion, review and correct its findings in such manner as it may deem to be just and proper; provided, however, that no action of any kind shall be instituted or maintained by any freight line company to enjoin the collection of any tax, or to enjoin the sale of any property seized by the state treasurer on account of nonpayment of any such tax, or to recover any tax, or any portion thereof, paid under protest, unless such freight line company shall have filed with said board a protest, in writing in the manner and form and within the time provided in this section.

COUNTY BOARDS OF EQUALIZATION.

2113. County commissioners—When to equalize assessment.

Sections 2113-2121 were cited in *Belknap Realty Co. v. Simineo et al.*, 67 Mont. 359, 361, 215 Pac. 659.

2114. Board may equalize assessments—Notice. The board has power, after giving notice in such manner as it may by rule prescribe, to increase or lower any assessment contained in the assessment-book, so as to equalize the assessment of the property contained therein, and make the assessment conform to the true value of such property in money, and immediately after reaching a decision the board shall notify the taxpayer, in writing, of such decision, specifying the change, if any, made in the assessment; said notice to be given by registered mail, addressed to the taxpayer at his last known place of residence.

Amd. Sec. 1, Ch. 43, L. 1927.

2115. The person aggrieved must apply.

Failure of the complaint in an action to recover taxes paid under protest to allege that plaintiff before bringing suit had filed written application to the county board of equalization for reduction of the taxes claimed to be excessive and that upon its refusal to act he had appealed to the state board of equalization, renders the pleading insufficient. *Belknap Realty Co. v. Simineo*, 67 Mont. 359, 215 Pac. 659.

Where taxes upon lands were valid, but are complained of as excessive, the question of their excessiveness must primarily have been presented to the county board of equalization under this

section before resort may be had to the statutory remedies. *Thwing v. Weiser et al.*, 65 Mont. 28, 210 Pac. 750.

The portion of a complaint in an action to set aside a tax certificate, relating to alleged excessive taxation, was insufficient to state a cause of action in the absence of an allegation that the precedent preliminary steps had been taken entitling plaintiff to maintain action for their cancellation. *Thwing v. Weiser et al.*, 65 Mont. 28, 210 Pac. 750.

The secretary shall keep full and correct minutes of the transactions and proceedings of said board, shall have authority to administer oaths and perform such other duties as may be required of him.

The board may make all needful rules for the orderly and methodical performance of its duties as a board of equalization or otherwise and for conducting hearings and other proceedings before it.

En. Sec. 5, Ch. 3, L. 1923.

2122.6. Office expenses. The board shall keep its office at the capitol, and shall be provided with suitable and necessary offices and office furniture, printing, supplies, stationery, books, periodicals, and financial and commercial reports.

En. Sec. 6, Ch. 3, L. 1923.

2122.7. Continuity of action of former board. All records, books, documents, reports, and correspondence, received and kept by the former state board of equalization, and all other property in its possession, shall immediately, upon the organization of the new board, be transferred to it for its use and convenience. The board shall have and possess all the powers and authority and be subject to all the duties heretofore possessed by and imposed upon the former state board of equalization. The board shall continue and complete any and all work undertaken or commenced and not completed by its predecessor. All acts of the former state board of equalization initiated and completed in whole or in part since the adoption of the constitutional amendment creating the new board are hereby ratified and confirmed in such manner as to preserve the continuity of all action taken by the state board of equalization regarding taxation or any other duties imposed upon it relating to public revenue. En. Sec. 7, Ch. 3, L. 1923.

(2) To prepare and enforce the use of forms in relation to the assessment of property.

(3) To annually assess the franchise, roadway, roadbeds, rails, and rolling stock, and all other property of all railroads, and the pole lines and rights of way and all other property of all telegraph and telephone lines, electric power and transmission lines, ditches, canals and flumes, and other similar property, constituting a single and continuous property operated in more than one county in the state, and to apportion such assessments to the counties in which such properties are located on a mileage basis; provided, however, that lots and parcels of real estate not included in right of way, with the buildings, structures and improvements

thereon, dams and power-houses, depots, stations, shops, and other buildings, erected upon right of way, furniture, machinery, and other personal property, shall not be considered as a part of any such single and continuous property, but shall be considered as separate and distinct therefrom, and shall be assessed by the county assessor of the county wherein they are situate.

(4) To transmit to the county clerk of each county its apportionment of all assessments made by such board.

(5) To adjust and equalize the valuation of taxable property among the several counties, and the different classes of taxable property in any county and in the several counties and between individual taxpayers; supervise and review the acts of county assessors and county boards of equalization; change, increase or decrease valuations made by county assessors or equalized by county boards of equalization; and exercise such authority and do all things necessary to secure a fair, just and equitable valuation of all taxable property among counties between the different classes of property and between individual taxpayers.

(6) To have and exercise general supervision over the administration of the assessment and tax laws of the state, and over assessors, county boards of equalization, boards of county commissioners, and other officers of municipal corporations, having any duties to perform under any of the laws of this state relating to taxation to the end that all assessments of property be made relatively just and equal at true value in substantial compliance with law, and to supervise the administration of all revenue laws of the state and assist in their enforcement, and for that purpose may visit each county in the state whenever deemed necessary, and may call, not to exceed one meeting of the county assessors each year at the capitol, for consultation and instruction, the expense of such attendance to be paid by the respective counties.

(7) To confer with, advise and direct officers of municipal corporations as to their duties, with respect to taxation, under the statutes of the state.

(8) To direct proceedings, actions and prosecutions to be instituted to enforce the laws relating to the penalties, liabilities and punishment of public officials and persons, or their agents, for failure or neglect to comply with the provisions of the statutes governing the revenue of the state or municipal corporations; and to cause complaints to be made against assessors and other public officers to the proper district court for their removal from office for official misconduct or neglect of duty.

(9) To require county attorneys to assist in the commencement and prosecution of actions and proceedings for penalties, forfeitures, removals and punishment for violations of the laws of the state in respect to the assessment of property and other revenue laws, in their respective counties.

(10) To collect annually from the proper officers of municipal corporations information as to the assessment of property, collection of taxes, receipts from licenses and other sources, the expenditure of public funds for all purposes, and such other information as may be needful and helpful in the work of the board in such form and upon such blanks as the board shall prescribe; and it shall be the duty of all public officers so

called upon to fill out properly and return promptly to the board all blanks so transmitted and in every way aid the board in its work; to examine the records of all municipal corporations for such purposes as are deemed needful or helpful by the board.

(11) In its discretion, to inspect and examine, or cause an inspection and examination of the records of the officers of any municipality, whenever such officer shall have failed, neglected or refused to return properly the information required by this section within the time set by the board. Upon completion of such inspection and examination the board shall transmit to the clerk, or other proper official of the municipality, a statement of the expenses incurred by the board to secure the necessary information. A duplicate of such statement shall be filed in the office of the state board of examiners and when approved and allowed shall be paid the same as other expenses of the board. Within sixty days after the receipt by the municipality of the above statement, the same shall be audited, as other claims of the municipal corporation are audited and shall be paid into the state treasury and if the same is not so paid the attorney general shall institute an action, in the proper court, against the municipality to recover the same.

The officers responsible for the furnishing of the information collected pursuant to this section, shall be jointly and severally liable for any loss the municipality may suffer, through their delinquency; and no payment shall be made to them for salary, or on any other account, until the cost of such inspection and examination as provided above shall have been paid into the treasury, or to the proper officers of such municipality. They also shall be subject to such other fines and penalties as prescribed by law.

(12) To require persons, as defined above, to furnish information concerning their capital, funded or other debt, current assets and liabilities, cost and value of property, earnings, operating and other expenses, taxes and all other facts which may enable the board to ascertain the value of the relative burdens borne by all kinds of property and occupations in the state.

(13) To summon witnesses to appear and give evidence, and to produce records, books, papers and documents relating to any matter which the board shall have authority to investigate and determine.

(14) To cause the deposition of witnesses residing within or without the state, or absent therefrom, to be taken upon notice to the interested party, if any, in like manner that depositions are taken in actions pending in the district court, in any matter which the board shall have authority to investigate and determine.

(16) To investigate the tax systems of other states and countries and to formulate and recommend legislation for the better administration of the fiscal laws so as to secure just and equal taxation and improvement in the system of taxation and the economical expenditure of public revenue in the state.

(17) To consult and confer with the governor of the state upon the subject of taxation, the administration of the laws relating thereto and the progress of the work of the board, and to furnish the governor such assistance as he may require.

(18) To transmit to the governor and to each member of the legislature twenty days before the meeting of the legislature a report of the board, showing all the taxable property of the state and the value of the same in tabulated form, with recommendations for improvement in the system of taxation, together with such measures as may be formulated for the consideration of the legislature.

(19) To exercise and perform such further powers and duties as are or may be granted to or imposed upon the board by law.

En. Sec. 8, Ch. 3, L. 1923.

Cited in *State ex rel. Northern Pacific Ry. Co. v. Duncan*, 68 Mont. 420, 424, 219 Pac. 638.

2122.9. Appeal to state board of equalization. Any person, firm or corporation or the board in behalf of the state, or any municipal corporation, aggrieved by the action of any county board of equalization, may appeal to the state board of equalization by filing with the county board a notice of appeal, and a duplicate thereof with the state board of equalization, within five days after the action of the said county board, which notice shall specify the action complained of, and the reasons assigned for such complaint. The state board may require the county board to certify the minutes of its proceedings resulting in such action, and all testimony taken in connection therewith and may hear further testimony and may consider the weight of the testimony already certified, and may reverse, modify or affirm the action complained of.

En. Sec. 9, Ch. 3, L. 1923.

2122.10. Notice of intention to change assessment. When the state board of equalization shall contemplate making any change in the assessment of any property assessed to any particular person (except in a case where an appeal has been filed with the state board) said board shall, before making any change in such assessment, fix a time and place for a hearing thereon, and to give such taxpayer written notice of such hearing by registered letter deposited in the postoffice, postpaid, and directed to said taxpayer at his last known place of residence, at least ten days before the day fixed for such hearing. Such notice shall state the purpose of such hearing and the time and place when the same will be held.

When the state board of equalization shall contemplate raising or lowering the assessed valuation of any one or more classes of property in any county, it shall give notice of its contemplated action to the board of county commissioners of the county in which such class or classes of property is situated, in such manner as it shall deem proper and sufficient, and shall fix a time and place within the county in which such change of assessment is proposed for a hearing thereon; provided, however, that if the change affects one or more classes of property common to more than one county the board shall fix the time and place of hearing so as

to accommodate the counties interested. At the time and place fixed for such hearing any taxpayer or any officer of any municipal corporation interested therein may appear and be heard.

En. Sec. 10, Ch. 3, L. 1923.

2122.11. Assessment of omitted property. Whenever the state board of equalization shall, in any year, discover that any taxable property of any person has not been assessed in such year, or that it has been omitted from taxation during any previous year or years, the state board may assess the same for such year or for such previous years. The order making the assessment shall contain the name of the person to whom the property is assessed, a general description of such property, its assessed valuation, the year for which it is assessed and the county in which the same is assessed. A copy of such order shall be transmitted to the officer of the county, in whose possession the assessment-books of such county are at the time of the making of such order by the board, and such officer shall immediately after receiving such copy, enter the assessment on the tax books of the county for the year in which such order is made, and thereupon such assessment shall have the same force and effect as though originally made by the county assessor; provided, however, that before making any such assessment the state board of equalization shall give the person to whom such property is proposed to be assessed, notice of its intention to make such assessment, and the time and place when a hearing will be had thereon; such notice to be given either by registered letter or personal service at least ten days before the date so fixed for such hearing; and provided further that all assessments of omitted property must be made within three years after the end of the calendar year in which the same should have been assessed.

En. Sec. 11, Ch. 3, L. 1923.

This act, empowering the state board of equalization by section 11 thereof to assess property which theretofore escaped taxation, provided the assessment be made within three years after the end of

the calendar year in which the same should have been assessed, is not open to the objection that it is retroactive in its operation. *Butte & Superior Mining Co. v. McIntyre*, 71 Mont. 254, 229 Pac. 730.

2122.12. Statement of changes to be sent to county clerk. The secretary of the board shall transmit to each county clerk a statement of the changes made by the board in the assessment-book of the county, or any assessment contained therein, which shall be prima facie evidence of the regularity of all proceedings of the board resulting in the action which is the subject matter of the statement.

En. Sec. 12, Ch. 3, L. 1923.

2122.13. Determination of state rate of taxation—Notice of. Between the first and third Mondays of August of each year, the board must determine the rate of state tax to be levied and collected upon the assessed valuation of the property in the state, which, after allowing twelve per cent for delinquencies in the collection of taxes, must be sufficient to raise the specific amount of the revenue required by the legislative assembly for state purposes. The board must immediately thereafter transmit to the county clerk of each county a statement of such rate, and

upon its receipt the county clerk must, in writing, notify the state board of equalization thereof.

En. Sec. 13, Ch. 3, L. 1923.

2122.14. Penalty for refusal to furnish information. If any person shall refuse inspection of any books or records when requested by the board or its authorized agent, or shall refuse or neglect to furnish any information called for by the board in the performance of its official duties relating to the assessment and taxation of property the board shall make such determination and assessment of his or its property as in its judgment appears to be just and equitable, and may add to its assessment thus made not more than twenty per cent thereof as a penalty for such refusal or neglect. The board shall immediately notify the person so assessed of its action, either by registered mail or by personal service of such notice. Such action of the board and the assessment so made shall be final and conclusive unless the party so assessed, (1) shall, within twenty days after receiving such notice, furnish all information requested by the board and show cause before the board why such assessment and penalty should be modified or annulled, when the board shall then from all information presented to it or from its own investigation make such assessment as to it seems just and equitable; or, (2) unless the party assessed shall within sixty (60) days after receiving such notice, appeal to the district court of Lewis and Clark county from the action of the board in making such assessment and imposing such penalty by serving on the board and filing in the office of the clerk of said district court notice of appeal therefrom together with a bond conditioned for the payment of such amount as the judgment of said court may require within thirty (30) days after the entry of such judgment. Upon the hearing of such appeal the court shall determine whether the board of equalization was entitled to inspect such books or records, or was entitled to the information requested by the board, and if the court shall find that the board was entitled to inspect such books or records or was entitled to the information requested by the board, the court shall not change or modify in any manner the assessment as made or the penalty added to such assessment by the board but if the court shall find that the board was not entitled to inspect such book or records, or was not entitled to the information requested by the board, then the court shall enter a judgment changing and modifying the assessment made by the board by striking out the penalty added thereto by the board.

En. Sec. 14, Ch. 3, L. 1923.

2122.15. Duties of public officers. It shall be the duty of all public officers of the state and of any municipality to give to the board information in their possession relating to taxation when required by the board, and to co-operate with and aid the board in every manner in its efforts to secure a fair, equitable and just enforcement of the taxation and revenue laws of the state.

En. Sec. 15, Ch. 3, L. 1923.

2122.16. Hearings, witnesses, contempt, fees and subpoenas. Oaths to witnesses in any investigation by the board may be administered by the secretary or a member of the board. In case any witness shall fail to obey any summons to appear before said board, or shall refuse to testify, or answer any material question, or to produce records, books, papers or documents when required to do so, such failure or refusal shall be reported to the attorney-general, who shall thereupon institute proceedings in the proper district court to compel obedience to any summons or order of the board, or to punish the witness for such neglect or refusal. Any person who shall testify falsely in any material matter, under consideration by the board shall be guilty of perjury and punished accordingly. Witnesses attending shall receive like compensation as witnesses in the district court. Such compensation shall be charged to the proper appropriation for the board.

En. Sec. 16, Ch. 3, L. 1923.

2122.17. Seal. The state board of equalization shall have a seal and such seal shall have the following words engraved thereon, "Board of Equalization of the State of Montana." The board shall authenticate all of its orders, records and proceedings with such seal, and the courts of this state shall take judicial notice of such seal.

En. Sec. 17, Ch. 3, L. 1923.

2122.18. Unconstitutionality or Invalidity. If any clause, sentence, paragraph or part of this act shall for any reason, be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of the act, but shall be confined, in its operation to the clause, sentence, paragraph, or part thereof, directly involved in the controversy in which such judgment shall have been rendered. No caption of any section or set of sections shall in any way affect the interpretation of this act, or of any part thereof.

En. Sec. 18, Ch. 3, L. 1923.

2122.19. Board of equalization to collect certain taxes. The duty of collecting the nonresident inheritance taxes, all gross earning taxes on freight lines, and the following license taxes, to wit: The corporation license tax, taxes on express companies and sleeping-car companies, coal mines, and dealers license taxes, metaliferous mines license tax, cement producers and dealers, license taxes, the gasoline distributors and dealers license tax, the oil producers' license tax and all other license taxes determined by the state board of equalization, the responsibility for collection of which has heretofore been imposed upon the state treasurer are hereby transferred from the state treasurer to the state board of equalization; such collections to be turned over to the state treasurer on the tenth and twenty-fifth day of each and every month, and it is further provided that all duties heretofore imposed by law upon the state treasurer, with reference to the collection and issuance of receipts for any of the above named license taxes, or other taxes above enumerated, are hereby imposed upon the state board of equalization.

En. Sec. 1, Ch. 79, L. 1927.

2122.20. Assessment and apportionment of net proceeds of mines and other property. The state board of equalization must, on or before the third Monday in July of each year, assess the net proceeds of all mines and all property required by law to be assessed by such board, and must apportion to the counties and to the cities, towns, school districts and other taxing districts therein, in the manner provided by law, the total assessment of each of the properties so assessed by such board.

En. Sec. 1, Ch. 180, L. 1925.

2122.21. Transmission statement to county clerk. The state board of equalization must, on or before the fourth Monday in July of each year, transmit to the county clerk of each county to which any such apportionment is made, a statement with reference to each property so assessed and apportioned, containing a description thereof sufficient for identification, and stating the kind and character and the amount, quantity and extent of such property and the value thereof in each city, town, school district and other taxing district within the county, and the total value thereof in the county, and such board must, at the time of transmitting such statement to the county clerk, transmit a copy thereof to the owner of such property or to the person to whom the same is to be assessed.

En. Sec. 2, Ch. 180, L. 1925.

2122.22. Clerk to enter assessment. The county clerk must, on the receipt of each such statement from the state board of equalization, immediately enter on the assessment-books of the county the assessment of such property as contained in such statement, and the same shall constitute the assessment of such property for taxation purposes in such county and in such cities, towns, school districts and other taxing districts of such county; provided that if any city of town in such county shall have provided by ordinance for the collection of its taxes by its own officers the county clerk must immediately after entering such assessment on the assessment-books of the county, transmit a copy of so much of such statement as affects such city or town to the clerk thereof, and such city or town clerk shall on receipt thereof enter such assessment on the assessment-books of such city or town. All such property is taxable upon such assessment at the same rate, by the same officers, and for the same purposes as other taxable property within such counties, cities, towns, school and other taxing districts, respectively, and such taxes must be collected in the same manner and by the same officers as other taxes are collected.

En. Sec. 3, Ch. 180, L. 1925.

2122.23. Procedure for correction or change of assessment. At any time after the assessment of any property by the state board of equalization, and before the fourth Monday in August of the year in which such assessment is made, the owner of such property, or the person to whom the same is assessed, may make written application to the state board of equalization to have such assessment changed or corrected in any respect or particular, or to have the assessment set aside and a reassessment made by such board, which application must set forth specifically the grounds and reasons of [on] which such application is based. On receipt of any such

application the board must make an order fixing a day for hearing the same, giving the applicant at least ten days' notice in writing of the day so fixed for such hearing. And the state board of equalization may, on its own initiative, when it believes that an error or mistake has been made in an assessment made by it, or that it is for the best interests of the state so to do, at any time before the fourth Monday in August of the year in which such assessment is made, make an order for a hearing thereon, giving the owner of or person to whom such property is assessed, at least ten days' written notice of the day so fixed for such hearing, in which said notice and order must be stated briefly, the mistake or error believed to exist by such board and the manner in which it is proposed to correct the same, or wherein the interests of the state require a change to be made in such assessment and the nature of the change proposed therein. On any such hearing, whether held on application of the owner or person to whom the property is assessed or on the initiative of the state board of equalization, such board, after hearing and considering all evidence introduced on such hearing, may make such changes or corrections in such assessment as it may deem necessary and proper, or may set aside such assessment and make a reassessment of such property; provided that all such hearings must be held and all such changes, corrections or reassessments made by the state board of equalization before the second Monday in October. When any change or correction is made in any assessment, or any reassessment is made as the result of such hearing the board of equalization must, within fifteen days thereafter, transmit to the county clerk of each county to which such property has been apportioned, or which is affected by such changes, corrections or reassessments a statement shall be in the same form and contain the same details as the statement required by section 2 of this act. On receipt of any such statement the county clerk must immediately make the necessary and proper changes in the assessment of such property on the assessment-books of the county as shown by such statement, and if any change or correction in such assessment of such reassessment affects any city or town which collects its taxes by its own officer, the county clerk must, after entering the same on the assessment-books of the county, transmit to such city or town clerk so much of such statement as affects such city or town and such city or town clerk must thereupon make such changes and corrections on the assessment-books of such city or town.

2124. Appeal to state board of equalization.

Rep. Sec. 19, Ch. 3, L. 1923.

In the absence of fraud or the adoption of a fundamentally wrong principle of assessment by the taxing officers, a taxpayer may not have recourse to the courts in the first instance to rectify an

alleged excessive or erroneous assessment, the remedy for adjustment by boards of equalization being exclusive in the absence of the contingencies referred to. *Belknap Realty Co. v. Simineo*, 67 Mont. 359, 215 Pac. 659.

CHAPTER 169.

ASSESSMENT OF RAILROADS BY STATE BOARD OF EQUALIZATION.

2131. Assessment of railroads. The president, secretary, or managing agent, or such other officer as the state board of equalization may designate, of any corporation, and each person or association of persons, owning or operating any railroad in more than one county in this state, must, on or before the first day of April of each year, furnish the said board a statement, signed and sworn to by one of such officers, or by the person or one of the persons forming such association, showing in detail for the year ending on the thirty-first day of December, immediately preceding:

(1) The whole number of miles of railroad in the state; and, where the line is partly out of the state, the whole number of miles without the state, and the whole number within the state, owned or operated by such corporation, person, or association.

(2) The value of the roadway, roadbed, and rails of the whole railroad, and the value of the same within the state.

(3) The width of the right of way.

(4) The number of each kind of all rolling stock used by such corporation, person, or association in operating the entire railroad, including the part without the state.

(5) Number, kind and value of rolling stock owned and operated in the state.

(6) Number, kind and value of rolling stock used in the state, but now owned by the party making the returns.

(7) Number, kind and value of rolling stock owned but used out of the state, either upon divisions of road operated by the party making the returns, or by and upon other railroads.

(8) The whole number of side-tracks in each county, including the number of miles of track in each railroad yard in the state.

(9) The number of each kind of rolling stock used in operating the entire railroad, including the part without the state, which must include a detailed statement of the number and value thereof, of all engines, passenger, mail, express, baggage, freight, and other cars, or property owned or leased by such corporation, persons, or association.

(10) The number of sleeping and dining cars not owned by such corporation, person, or association, but used in operating the railroads of such corporation, person, or association in the state, or on the line of the road without the state during each month of the year for which the return is made; also the number of miles each month said cars have been run or operated within and without the state.

(11) A description of the road, giving the points of entrance into and the points of exit from each county, with a statement of the number of miles in each county. When a description of the road shall have once been given, no other annual description thereof is necessary, unless the road shall have been changed. Whenever the road, or any portion of

the road, is advertised to be sold, or is sold for taxes, either state or county, no other description is necessary than that given by, and the same is conclusive upon, the person, corporation, or association giving the description. No assessment is invalid on account of a misdescription of the railroad, or the right of way for the same. If such statement is not furnished as above provided, the assessment made by the state board of equalization upon the property of the corporation, person, or association failing to furnish the statement is conclusive and final.

(12) Also showing in detail for the year preceding the first of January:

- (a) The gross earnings of the entire road;
- (b) The gross earnings of the road within the state, and where the railroad is let to other operators, how much was derived by the lessor as rental;

LEVY OF TAXES.

2147. The Levy.

Cited in Butte Electric Ry. Co. v. McIntyre, 71 Mont. 21, 23, 227 Pac. 61.

2148. State tax levy of three and one-half mills—Support of university of Montana.

The agricultural experiment station and the agricultural extension service are not parts of the agricultural college or component parts of the University of Montana; hence appropriations made for them cannot be charged to receipts from the mill and a half levy for state purposes authorized by this section for the maintenance of the University. State ex rel.

Jones v. Erickson, 75 Mont. 429, 244 Pac. 287.

The title of this act is not open to the objection that it contains more than one subject, contrary to the provisions of section 23, article V, of the state constitution. State ex rel. Jones v. Erickson, 75 Mont. 429, 244 Pac. 287.

(NOTE.—The holdings of the court on the various constitutional questions involved in the above case are annotated under the constitution.)

2149. Rate of taxation fixed by state board.

Sections 2149, 2150 were cited in *Butte Electric Ry. Co. v. McIntyre*, 71 Mont. 21, 23, 227 Pac. 61.

2152. Tax operates as a judgment or lien.

This section, providing that "every lien created by this title" (relating to taxation) has the force and effect of an execution against the personal property of a delinquent taxpayer, has reference only to the collection of taxes for state and county government purposes and has no application to special taxes or assess-

ments levied by an irrigation district for the payment of its bonds or interest thereon. *State v. Nicholson*, 74 Mont. 346, 240 Pac. 837.

For text treatment of this subject see vol. 24 Cal. Jur. 217.

2153. Lien of personal property taxes. Every tax due upon personal property is a prior lien upon such personal property assessed, which lien shall have precedence over any other lien, claim, or demand, and every tax due upon personal property is a lien upon the real property of the owner thereof, from and after 12 M. of the first Monday in March in each year; provided, however, that any owner of a mortgage on real estate upon which personal property taxes are by this act made a lien and where the owner of such real estate and personal property has failed to pay taxes due upon such real estate and personal property for one or more years, may file with the county assessor of the county in which such property is located a written request to have the personal property and real estate of the owner separately assessed. Such request must be made by registered mail at least ten days prior to the first Monday in March in the year for which property is assessed. Upon receipt by the assessor of such request it is hereby made the duty of the county assessor to make a separate assessment of real and personal property of the owner thereof and such personal property taxes shall not be a lien upon the real estate so mortgaged of the owner thereof and the said personal property taxes shall be collected in the manner provided by law for other personal property.

Amd. Sec. 1, Ch. 113, L. 1927.

Under this section and section 2154, delinquent taxes do not become a lien on the property against which originally assessed, immediately on delinquency, but on the first Monday in March of each

year. *County of Hill v. County of Liberty*, 62 Mont. 15, 203 Pac. 500.

For text treatment of this subject see vol. 24 Cal. Jur. 218.

2154.1. Filing notice federal tax liens. Notices of liens for taxes payable to the United States of America and certificates discharging such liens shall be filed in the office of the county clerk of the county or counties in this state, within which the property subject to such lien is situated. No fee shall be charged for such filing.

En. Sec. 1, Ch. 8, L. 1927.

2154.2. Index of tax liens. When a notice of such lien is filed, the county clerk shall forthwith enter the same in an alphabetical federal tax lien index, showing on one line the name and residence of the taxpayer named in such notice, the collector's serial number of such notice, the date and hour of filing, and the amount of tax with the interest and

penalties; he shall file and keep all original notices so filed in numerical order in a file or files and designated, federal tax lien notices.

En. Sec. 2, Ch. 8, L. 1927.

2154.3. Certificate of discharge. When a certificate of discharge of any tax lien issued by the collector of internal revenue or other proper officer, is filed in the office of the county clerk, where the original notice of lien is filed, said county clerk shall enter the same with date of filing in said federal tax lien index, on the line where notice of the lien so discharged is entered, and permanently attach the original certificate of discharge to the original notice of lien.

En. Sec. 3, Ch. 8, L. 1927.

2154.4. Furnishing of files. Said federal tax lien index and file or files for said federal tax lien notices shall be furnished to the county clerk of each county in this state, in the manner now provided by law for the furnishing of books in which deeds are recorded.

En. Sec. 4, Ch. 8, L. 1927.

2154.5. Purpose of act. This act is passed for the purpose of authorizing the filing of notices of liens in accordance with the provisions of section 3186 of the Revised Statutes of the United States, as amended by the act of March 4, 1913, 37 Statutes at Large, page 1016, and any acts or parts of acts amendatory thereof.

En. Sec. 5, Ch. 8, L. 1927.

2154.6. Interpretation of act. This act shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it.

En. Sec. 6, Ch. 8, L. 1927.

2154.7. Act how cited. This act may be cited as the uniform federal tax lien registration act.

En. Sec. 7, Ch. 8, L. 1927.

CHAPTER 172.

DUTIES OF COUNTY CLERK IN RELATION TO TAXES.

2159. To follow directions of state board of equalization.

Sections 2159–2161 were cited in Butte
Electric Ry. Co. v. McIntyre, 71 Mont.
21, 23, 227 Pac. 61.
This and the following section were

cited as sections 2607, 2608, Revised
Codes, in Anderson v. McClenethan, 62
Mont. 387, 391, 205 Pac. 230.

2161. Delivery assessment-book and affidavit. On or before the third Monday of October he must deliver the original assessment-book to the county treasurer, with an affidavit attached thereto, and by him subscribed as follows:

“I,, county clerk of the county of, do swear that I received the assessment-book of the taxable property of the county from the county assessor with his affidavit thereto affixed, and

that I have corrected it and made it conform to the requirements of the county and state board of equalization; that I have reckoned the respective sums due as taxes, and have added up the columns of valuations, taxes and acreage, as required by law, and the said assessment-book to which this affidavit is affixed is full, true and correct, and made in the manner prescribed by law."

Amd. Sec. 9, Ch. 96, L. 1923.

Since under this section the date on which the county assessment-roll must be completed was changed from the first Monday of October to the third Monday of that month, the board of county commissioners to which a petition for the creation of a new county had been submitted on October 10, 1923, in determining whether the proposed new county was possessed of property of the assessed valuation of at least four million dollars as shown by the last preceding assessment, did not err in taking into

consideration the assessment-roll for 1922. *Garry v. Martin*, 70 Mont. 587, 227 Pac. 573.

Cited as section 2609, Revised Codes, in *State ex rel. Bullock v. District Court*, 62 Mont. 600, 601, 205 Pac. 955.

This section and section 2164 were cited as sections 2609-2612, Revised Codes, in *Anderson v. McClenethan*, 62 Mont. 387, 392, 205 Pac. 230.

For text treatment of this subject see vol. 24 Cal. Jur. 213.

2163. Clerk to charge treasurer. On delivering the original assessment-book to the county treasurer, as provided in section 2161, the county clerk must charge the treasurer with the full amount of taxes levied.

Amd. Sec. 10, Ch. 96, L. 1923.

2165. Clerk to charge and credit collectors. The county clerk, if the original assessment-book or the delinquent tax list is transferred from one collector to another, must credit the one and charge the other with the amount then outstanding on the tax-book.

Amd. Sec. 11, Ch. 96, L. 1923.

2165.1. Special poll tax—Collection and receipt. Whenever any special poll tax shall be imposed as provided by the laws of this state, whether for road, poor or any other purpose, it shall be the duty of the county clerk to have suitable receipts for the same printed and to deliver said receipts to the county treasurer charging him with the same and it shall be the duty of the county treasurer to proceed to collect such poll tax as provided by law. The receipts herein provided for shall be bound in book form and shall be printed and written in triplicate. One copy of such receipt shall be delivered to the person paying the tax, one copy of each and all receipts shall be turned over to the county clerk at the end of each month to be preserved in his office; and one copy of each and all such receipts shall be permanently preserved in the office of the treasurer.

En. Sec. 1, Ch. 81, L. 1923.

CHAPTER 173.

COLLECTION OF PROPERTY TAXES—TAX SALES—REDEMPTIONS.

2169. Treasurer to publish notice of delinquency. Within ten days after the receipt of the assessment-book, the county treasurer must publish a notice specifying:

1. That one-half of all taxes levied and assessed will be due and payable before six o'clock P. M. on the thirtieth day of November next thereafter, and that unless paid prior thereto the whole amount of said taxes will be delinquent and will draw interest at the rate of one per cent per month from and after such delinquency, and ten per cent will be added to the amount thereof as a penalty, and that one-half of all taxes levied and assessed will be due and payable on or before six o'clock P. M., on the thirty-first day of May next thereafter, and that unless paid prior to said date said taxes will be delinquent and will draw interest at the rate of one per cent per month from and after such delinquency, and five per cent will be added to the amount thereof as a penalty.

2. The time and place at which payment of taxes may be made; and he must send to the last known address of each taxpayer a postcard or other written notice, postage prepaid, showing the amount of taxes due the current year, and the amount due and delinquent for other years; but any failure to give either notice will not affect the legality of the tax.

Amd. Sec. 2, Ch. 96, L. 1923.

The title to this act, "An act to fix the time and method of collecting taxes and interest thereon," sufficiently expresses the subject of the act—authorizing the semi-annual payment of taxes—to meet the requirements of section 23, article V, of the constitution. *Thomas v. City of Missoula et al.*, 70 Mont. 478, 226 Pac. 213.

The general repealing clause found in this act repeals subdivision 2 of section 5039 and section 5203 as well as ordinances enacted in pursuance of said sections. *Thomas v. City of Missoula et al.*, 70 Mont. 478, 226 Pac. 213.

In the collection of tax or assessment levied by an irrigation district for the payment of the interest on bonds issued

by it, the county treasurer is not authorized to seize and sell personal property of a delinquent owner of lands within the district, but must proceed in the manner prescribed by chapter 173, part III of the Revised Codes of 1921, as amended by chapter 96 of the Laws of 1923 for the collection of state and county taxes made a lien upon real property. *State v. Nicholson*, 74 Mont. 346, 240 Pac. 837.

Cited in *Butte Electric Ry. Co. v. McIntyre*, 71 Mont. 21, 23, 227 Pac. 61; *County of Hill v. County of Liberty*, 62 Mont. 15, 17, 203 Pac. 500.

For text treatment of this subject see vol. 24 Cal. Jur. 256.

2169.1. Taxes, when payable—Interest on delinquent. All taxes levied and assessed in the state of Montana shall be payable as follows: One-half of the amount of such taxes shall be payable on or before 6 o'clock P. M. on the thirtieth day of November of each year and one-half on or before 6 o'clock P. M. on the thirty-first day of May of each year; provided, that unless one-half of such taxes are paid on or before 6 o'clock P. M. on the thirtieth day of November of each year, then, and in that event, the whole amount of taxes so levied and assessed shall become delinquent, and all delinquent taxes shall draw interest at the rate of one per cent per month from the time they are first delinquent until paid. All taxes not paid on or before 6 o'clock P. M. of the thirty-first day of May of each year will be delinquent, and will draw interest at the rate of one per cent per month until paid. A penalty of five per cent shall be added to all delinquent taxes.

En. Sec. 1, Ch. 96, L. 1923.

This section, providing for the semi-annual payment of "all taxes levied and assessed in the state," applies to city taxes as well as to county taxes. *Thomas v. City of Missoula et al.*, 70 Mont. 478, 226 Pac. 213.

Assessment for special improvement fall within the meaning of "taxes" as used in this act, authorizing the semi-annual payment of taxes. *Thomas v. City of Missoula et al.*, 70 Mont. 478, 226 Pac. 213.

2171. Treasurer to note date and amount of payment. The county treasurer must note the date and the amount of the payment of any tax in the assessment-book opposite the name of the person paying.

Amd. Sec. 3, Ch. 96, L. 1923.

2172.1. County treasurer to collect and receipt for irrigation and drainage district taxes. It shall be the duty of the county treasurer of each county in which any irrigation or drainage district is located, in whole or in part, to collect and receipt for all taxes and assessments, levied by any such district, in the same manner and at the same time, and on the same receipt, as is required in the collection of taxes upon real estate for county purposes. Such county treasurer shall not collect or receive or receipt for any taxes or assessments levied for county purposes upon real estate situated wholly or in part within any irrigation or drainage district upon which an assessment for the purposes of such irrigation or drainage district has been levied, unless the said assessment levied for such irrigation or drainage district purposes be paid at the same time.

En. Sec. 1, Ch. 71, L. 1923.

2174. Quarterly settlement by county treasurer. On the first Monday of January, April, July and October of each year the county treasurer must settle with the board of county commissioners for all moneys collected and on said days must deliver to said board of county commissioners a statement under oath showing: An account of all receipts and disbursements since the last quarterly settlement together with sworn affidavits verifying the reconciliation of the balance on hand in the county treasury. After the approval of such statement and the accompanying affidavits, one copy of such report shall be filed with the county clerk of said county, one copy shall be retained by the county treasurer and one copy shall be transmitted to the state examiner.

2176. Report by county treasurer to clerk. On the third Monday of December and on the third Monday of June of each year the county treasurer must make a report to the county clerk in detail, showing the amount of taxes collected and a complete delinquent list of all persons and property then owing taxes, and the county clerk shall compare such report with the books of the county treasurer, and shall keep a record of such report in his office.

Amd. Sec. 5, Ch. 96, L. 1923.

This and section 2177 were cited as sections 2623, 2624, Revised Codes, in *An-*

derson v. McClenethan, 62 Mont. 387, 392, 205 Pac. 230.

2180. Treasurer charged with delinquent taxes. After settlement with the county treasurer, as prescribed herein, the county clerk must charge the treasurer then acting with the amount of taxes then due on the delinquent tax list, and within three days thereafter deliver the list, duly certified, to the county treasurer.

Amd. Sec. 6, Ch. 96, L. 1923.

2181. Statement to be transmitted to the state board of equalization by the county clerk. Within ten days after each settlement the county clerk must transmit by mail a statement to the state board of equalization, in such form as it may require, of each kind of property assessed and delinquent, and the total amount of delinquent taxes.

Amd. Sec. 7, Ch. 96, L. 1923.

2182. Publication of notice of tax sale. On or before the last Monday of December and the last Monday of June of each year the county treasurer and city treasurer must publish in the manner and for the time prescribed by sections 2184, 2185 and 2186 of the Revised Codes of Montana of 1921, a notice specifying:

1. That at a given time and place (to be designated in said notice) all property in the county, or city respectively, upon which delinquent taxes are a lien will be sold at public auction, unless prior to said time said delinquent taxes, together with all interest, penalties, and costs due thereon are paid:

2. That a complete delinquent list of all persons and property in the county, now owing taxes, is on file in the office of the county treasurer, or city treasurer, and is subject to public inspection and examination.

Amd. Sec. 8, Ch. 96, L. 1923.

For text treatment of this subject see vol. 24 Cal. Jur. 273.

This section and sections 2184 and 2186 were cited as sections 2629-2631, 2633, Revised Codes, in *Anderson v. McClenethan*, 62 Mont. 387, 392, 205 Pac. 230.

2183. Notice of sale appended to delinquent tax list.

Rep. Sec. 12, Ch. 96, L. 1923.

2188. Additional sum collected to defray costs.

Rep. Sec. 12, Ch. 96, L. 1923.

2191. Designations of portions to be sold, purchase of least quantity or interest—Sale to county—Title. The owner or person in possession of any real estate offered for sale for taxes due thereon, may designate, in writing to the county treasurer, prior to the sale, what portion of the property he wishes sold, if less than the whole, but if the owner or possessor does not, then the treasurer may designate it, and the person who will take the least quantity of the land, or in case an undivided interest is assessed, then the portion of interest, and pay the taxes and interest and costs due, including fifty cents to the treasurer for the duplicate certificate of sale, is the purchaser. But in case there is no purchaser in good faith for the same, as provided in this chapter, on the first day that the property is offered for sale, then when the property is

offered thereafter for sale and there is no purchaser in good faith for the same, the whole amount of the property assessed must be struck off to the county as the purchaser, and the duplicate certificate delivered to the county treasurer and filed by him in his office. No charge must be made for the duplicate certificate when the county is a purchaser; and in such case the county treasurer must make an entry, "sold to the county," on the assessment-book, opposite the tax, and he must be credited with the amount thereof in the settlement. The county treasurer is hereby authorized to assign the interest of the county in any property purchased at a tax sale upon the payment of the amount for which the property was sold with interest thereon from the date of sale, at the rate of twelve per cent per annum and the amount of all taxes then due upon said property. All certificates of sale heretofore issued to any county on the purchase by such county of real property sold at any delinquent tax sale and which certificates of sale are now held by such county, are hereby declared to be valid and subsisting certificates of sale for all purposes, notwithstanding any irregularities in the manner of publishing the delinquent tax list, or in holding such sale, or in selling such property or in the issuance of such certificates of sale, or in the form thereof, provided the taxes for which such property was sold were taxes authorized by law to be assessed against such property, and were lawfully assessed against the same and have not been paid, and provided further that such property was correctly described in a notice of delinquent tax sale which was actually published at least one time in a newspaper of general circulation in the county in which such property is situated.

Amd. Sec. 1, Ch. 46, L. 1923.

2197.1. Refund of money to purchasers of certain tax titles. Where a sale of land for delinquent taxes thereon, is declared void by judgment of court for irregularity in the assessment, levy or sale, the money paid by the purchaser at the sale, or by any assignee of the state, county, city, town, or district, upon taking the assignment, shall, with interest at the rate of eight (8) per cent per annum, from the date of such payment, be refunded to the purchaser or owner of such tax certificate, upon the order of the chairman of the board of county commissioners of the county in which such lands lie; and the county shall then have a lien upon said property for the legal taxes on said property for the year in which it was sold together with the penalty and interest, and so much of so much money as has been paid to the state, city, town or district by the treasurer of such county shall be charged to the state, city, town or district by such treasurer, and deducted from the next money due the state, city, town or district respectively on account of taxes paid or collected; provided, further, that purchasers of such certificate or owners thereof by assignment, where sales have been made by cities or towns, which by resolution or ordinance collect their own taxes, instead of having the same collected by the county treasurer, shall be reimbursed, in similar manner and in similar circumstances, out of the city or town treasury, upon order of the mayor, with proper changes and deductions against the respective funds of the said city or town, upon the next collection of taxes by said city or town; and, provided, further, that if such

purchaser or owner of such certificate, after such purchase or assignment from the state, county, city, town or district, have paid the taxes, penalty and interest upon such piece or parcel of land, he or his assignee thereof, shall have a lien upon such piece or parcel for the amount of taxes, penalty and interest so paid, with interest as now provided by law to be collected upon delinquent taxes, which lien shall have the same priority as is now provided by law; and if he is in possession of such piece or parcel of land, he shall not be ejected therefrom until such amount and interest and penalty shall be paid.

En. Sec. 1, Ch. 131, L. 1927.

2200.1. Remission 1922 tax delinquencies. No property upon which taxes of any sort have been levied in the state of Montana for the year 1922 shall be sold for such delinquent taxes until the first day of October, 1923.

En. Sec. 1, Ch. 1, L. 1923.

2200.2. Publication notice postponement. All county and city treasurers are required to publish a notice once in the official newspapers in their respective counties or cities to the effect that the time of such tax sale in their respective counties or cities is postponed until the first day of October, 1923, and all existing laws of the state relative to the place and manner of sale of property for delinquent taxes shall apply to and cover said tax sales made on said date, provided, that no further publication of delinquent tax lists shall be made.

En. Sec. 2, Ch. 1, L. 1923.

2200.3. Remission and refund penalties—Interest rate. That the penalty of ten (10) per cent heretofore added to all taxes delinquent for the year 1922 is hereby remitted until the first day of October, 1923, at which time such penalty shall be added to all such taxes then remaining unpaid; provided that in all cases where such penalty has been paid on taxes delinquent for the year 1922, such penalty shall be refunded by the board of county commissioners or the city council, as the case may be, upon claims filed therefor in the same manner as other claims are filed, as required by law; provided further, that no such claim for refund shall be allowed on any claim filed after June 1, 1923; provided further, that all delinquent taxes for the year 1922 shall bear interest at the rate of one per cent per month from November 30, 1922, until paid.

En. Sec. 3, Ch. 1, L. 1923.

NOTE.—In the case of *Sanderson v. Bateman*, 78 Mont. 235, 253 Pac. 1100, the court held unconstitutional chapter 63, L. 1923, providing for relieving delinquent taxpayers of penalties and interest on delinquent taxes.

2209. Notice of application for tax deed.

The provision of this section, requiring the purchaser of property sold for delinquent taxes to serve upon the owner or occupant thereof the written notice specified therein, thirty days before applying for the deed, is as binding upon

a county as it is upon an individual. *Harrington v. McLean*, 70 Mont. 51, 223 Pac. 912.

Where the affidavit of a purchaser of real property at a delinquent tax sale, upon asking for a deed, recited that the

property was occupied, but failed to state by whom or that the notice required by this section, had been served upon such occupant, the deed issued thereon was void. *Harrington v. McLean*, 70 Mont. 51, 223 Pac. 912.

2209.1. Municipalities may procure tax deed how. Whenever a county, city or town has become the purchaser of property sold for delinquent taxes, and is the holder of the certificate of sale when the time for redemption expires, the board of county commissioners, city or town council or commission, at any time thereafter deemed proper, may order and direct the county clerk, city or town clerk, to apply to the county, city or town treasurer, as the case may be, for the issuance to the county, city or town, of a tax deed for such property, and it shall then be the duty of the county clerk, city or town clerk, to give or post and cause to be published the proper notice of the application for such tax deed and to make the proper proof thereof, all in the manner required by section 2209, Revised Codes of Montana 1921.

En. Sec. 1, Ch. 92, L. 1927.

2209.2. Validation of certain tax deeds. All tax deeds heretofore issued to counties, cities and towns, if in all other respects issued in conformity with law, shall be deemed and held to be legal, valid and subsisting deeds and sufficient in law to convey the legal title to the premises therein described to the county, city or town to which issued, and shall be received in evidence in all of the courts of this state, notwithstanding the fact that notice of application for any such deed was given or posted and caused to be published and proofs thereof made by the county, city or town treasurer, or by some person acting at his direction, or by some other person acting in behalf of the county, city or town, provided such notice was actually given or posted and caused to be published and proof thereof made by some officer of the county, city or town, or by some person acting in behalf of such county, city or town.

En. Sec. 2, Ch. 92, L. 1927.

2210. Redemption from tax sales.

Cited in *Thwing v. Weiser et al.*, 65 Mont. 28, 31, 210 Pac. 750.

2211. Redemption from tax sales by mortgagees and lienholders—Apportionment. Whenever any person, firm, copartnership, corporation, or association shall desire to redeem from a tax sale and pay all subsequent taxes upon any lots, piece or parcel of real estate, which said person, firm, copartnership, corporation, or association shall own or hold a mortgage or other lien against or have any interest in such property, it shall be the duty of the county treasurer of the county in which such real estate is situated to permit such redemption and payment; and in case the said real estate shall have been assessed or sold, together with other real estate, or in case the tax assessed against any other property shall be a lien thereon, then it shall be the duty of said county treasurer to compute and apportion the tax that should have properly been assessed against the said real estate sought to be redeemed, and upon which the taxes are sought to be paid, the same as if said property had been sepa-

rately assessed. Any personal property tax which is a lien upon said real estate shall be likewise computed and apportioned on the same percentage basis as the tax assessed against the real estate is apportioned.

Amd. Sec. 1, Ch. 48, L. 1923.

2212. No deed to issue under certain circumstances.

The affidavit required by this section, show whether the property was occupied to be filed by a purchaser of property, or not, and if occupied, that the person at a delinquent tax sale who asks for upon whom the notice was served was a tax deed must be in strict compliance at the time occupying it. *Harrington v. McLean*, 70 Mont. 51, 223 Pac. 912.

2214. Of what deed is evidence—Action to annul. Such deed, duly acknowledged or proved is (except as against fraud) conclusive evidence of all other proceedings from the assessment by the assessor up to the execution of the deed, both inclusive, and no action can be maintained to set aside or annul a tax deed or to assert a title hostile to a tax deed upon any ground whatever, whether on the ground that said deed, or any prior proceeding, was irregular or void, other than that the deed was void because no taxes were delinquent on said lands, or because redemption had been made from said tax sale, unless the action is commenced within one year from and after the date of the issuance of said tax deed; provided that any such action as regards any tax deed heretofore issued shall be barred unless instituted within one year from and after the passage and approval of this act; and, provided further that in any action now pending, or hereafter brought to set aside or annul any tax deed, or to quiet title, or to determine the rights of such purchaser, including the county, or his successors, to real property claimed to have been acquired by reason of tax proceedings or a tax sale, the purchaser or his successor upon filing an affidavit may obtain from the court an order directed to the person claiming to own the property, or to have any interest in or lien upon said property or a right to redeem the same, or claiming rights hostile to the tax title (which said person is herein, for convenience, called the true owner), commanding him to deposit in court, to the use of the tax purchaser or his successors, the amount of all taxes, interest and penalties which would have accrued if said property had been regularly and legally assessed and taxed as the property of said true owner and sold for delinquent taxes and was about to be redeemed by him, and the amount of all sums reasonably paid hereafter by said purchaser or his successors after three years from the date of said tax sale in preserving said property or in making improvements thereon while in possession thereof, as the total amount of said taxes, interest, penalties and improvements is alleged by the plaintiff and shall appear in said order, or to show cause on a date to be fixed in said order, not exceeding thirty days from the date thereof, why such payments should not be made. Said affidavit shall set forth the place of residence of said true owners and whether they are in the state of Montana, if known to the plaintiff, or that the same is not known to the plaintiff. Said order shall be filed with the clerk and a copy served personally upon all persons shown in said affidavit to be residents of and in the state of Montana, and jurisdiction shall be acquired over all other persons by publishing the same once in a newspaper

in the county, and by posting the same in three public places in the county at least ten days before the day fixed for the hearing and by leaving a copy with the county treasurer. Upon the hearing of the order to show cause the court shall have jurisdiction to determine said amount and to make an order that the same be paid into court within a given time, not exceeding thirty days after the making of said order. If such amount, when so determined, shall not be paid within the time fixed by said court, then said true owner shall be deemed to have waived any defects in the tax proceedings and any right of redemption, and thereupon, irrespective of any irregularities, defects or omissions or total failure to observe any of the provisions of the statutes of Montana regarding the assessment, levying of taxes, or sale of property for taxes, and the giving of notices, including notices of redemption, or concerning tax deeds, whether or not such omissions or failures makes said proceedings void (other than that the taxes were not delinquent or have been paid), the title of such true owner shall not be quiet as against said purchaser or his successors, and a decree shall be entered in said action quieting the title of said purchaser or his successor as against said true owner. If such payment shall be made into court, and said true owner shall be successful in said action and said tax proceeding shall be held void, said sum shall be paid to the purchaser or his successors. If said true owner shall not be successful in said action and the title of said purchaser or his successors shall be sustained, said money shall be returned to said true owner. In actions to quiet title, when brought by the purchaser or the county, or their successors, several tracts of land contiguous or noncontiguous, and whether owned by different defendants, may be set forth in one complaint, and all persons claiming any title to or interest in or lien upon any of said premises, or any part thereof, although their said claims are independent and not in common, and do not cover the same tracts, may be joined as defendants. The procedure in said action shall follow, as near as may be, the procedure specified in sections 9479 to 9488. In the final judgment the court shall also determine the rights growing out of any additional taxes on said property accruing or being paid by either party during the pendency of said suit and, in said suit, the court shall have complete jurisdiction to fix the amount of taxes which should have been paid and to determine all questions necessary in granting full relief, including the power, in appropriate cases to order any assessor or other tax officer to make and certify to the court a corrected or new assessment or to do any other act or thing necessary to enable the court to do complete justice in the premises. Errors may be reviewed on appeal from the final judgment.

Amd. Sec. 1, Ch. 85, L. 1927.

For text treatment of this subject see vol. 24 Cal. Jur. 379.

2215. Title conveyed by deed. All deeds heretofore or hereafter executed more than three years after any tax sale shall be deemed to convey to the grantee the absolute title to the lands described therein as of the date of the expiration of three years following the date of sale, including all the right, title, interest, estate, lien, claim and demand of the state of Montana, and of the county, in and to said real estate, and including

the right of, if said tax deed or tax sale, or any of the tax proceedings upon which said deed may be based, shall be attacked and held irregular or void, to recover the unpaid taxes, interest and penalties which would accrue if said tax proceedings had been regular and it was desired to redeem said property, free of all encumbrances, except the lien for taxes which may have attached subsequent to the sale, and except when the land is owned by the United States or the state, in which case it is prima facie evidence of the right of possession accruing as of the date of the expiration of such period for redemption. If any tax deed or deed purporting to be such has been or shall be issued more than three years and thirty days after any tax sale or attempted tax sale, the grantee may publish in any newspaper in the county published at the county seat or if none, in any other newspaper once a week for two weeks a notice entitled "a notice of claim of a tax title" which shall set forth a description of any property claimed to have been acquired by a tax deed, an estimate of the amount due thereon for taxes, interest and penalties, and a statement that for further particulars reference is made to the records in the office of the county treasurer; also the name of the person claiming to have obtained a tax deed to said property and the name of the person in whose name said property was assessed or taxed and a statement that demand is made that such person shall, within (30) thirty days after the first publication of said notice, pay to said claimant or to the county treasurer to his use the amount of the taxes, interest and penalties as the same may appear in the records of the county treasurer or bring a suit to quiet his title or to set aside said tax deed or deeds. Any mistake in the amount or in any name specified in said notice shall not invalidate the same. If, within said period of (30) thirty days, said taxes, interest, and penalties shall not have been paid or said suit brought, all defects in the tax proceedings and any right of redemption shall be deemed waived and thereupon, irrespective of any irregularities, defects, or omissions, or total failures to observe any of the provisions of the statutes of Montana regarding the assessment, levying of taxes, or sale of property for taxes, and the giving of notices including notices of redemption, whether or not such omissions or failures make said proceedings void (other than that the taxes were not delinquent or have been paid) the title to said property described in said notice and in the tax deed shall be valid and binding.

Amd. Sec. 2, Ch. 85, L. 1927.

For text treatment of this subject see vol. 24 Cal. Jur. 387.

2235. Sale of Unredeemed property by county commissioners. Whenever the county has become, or attempted to become, the purchaser of any property, real or personal, sold for delinquent taxes, and said property has not been redeemed by the person entitled to do so, and a tax deed or instrument purporting to convey title has been issued to the county, whether the same was regular or irregular, valid or invalid, the board of county commissioners may, at any time, by an order entered upon the minutes of its proceedings, sell such property at public auction at the front door of the courthouse; provided, however, that thirty (30) days notice of such sale shall be given by the board of county commissioners

by publication in a newspaper printed in the county and by posting copies of such notice in at least five public places in the county; and provided further, that no sale of any property shall be made for a price less than the fair market value thereof, as determined and fixed by the board of county commissioners at the time of making the order for sale, and which value shall be stated in the notice of sale.

Such sale may be made for cash, or, in the case of real property, on such terms as the board of county commissioners may approve; provided, however, that if such sale is made on terms at least twenty per cent (20%) of the purchase price shall be paid in cash at the date of sale, and the remainder may be paid in installments extending over a period of not to exceed five years, and all such deferred payments shall bear interest at the rate of six per cent per annum.

If a sale is made on terms the chairman of the board of county commissioners shall execute a contract containing such terms as shall be provided by a uniform contract prescribed by the board of equalization. Upon payment of the purchase price in full, together with all interest which may become due on any installments or deferred payments, the chairman of the board of county commissioners shall execute a deed to the purchaser, or his assigns, or such other instrument as will be sufficient to convey all of the title of the county in and to the property so sold.

On the first Monday in March following the execution of such contract, or deed, as the case may be, the property shall be subject to taxation in the name of the purchaser or his assignee, and the purchaser, or his assignee shall thereafter pay all taxes and assessments lawfully laid against such property.

All sales heretofore made, or attempted to be made, by counties of property purchased for taxes, and the deeds to purchasers from such counties, whether or not irregular or void for any reason, or because of any irregularity or failure to follow the directions or comply with the provisions of any statute relating to such deeds, or relating to the taxation or sale of such property for taxes, or the time or manner of redeeming property or of securing a tax deed, are hereby confirmed, and said deeds and any deed or contract executed under this section shall vest in the purchaser, as of the date of said deed or contract, all the right, title, interest, estate, lien, claim and demand of the state of Montana, and of the county, in and to said real estate, including the right to recover unpaid taxes, interest and penalties if the tax sale or any of the tax proceedings or tax deed shall be attached and held irregular or void.

The proceeds of every such sale shall be paid over to the county treasurer who shall apportion and distribute the same in the following manner:

1. If such proceeds are in excess of the aggregate amount of all taxes and assessments accrued against such property for all funds and purposes, without penalty or interest, then so much of such proceeds shall be credited to each fund or purpose, as the same would have received had such taxes been paid before becoming delinquent, and all excess shall be credited to the general fund of the county.

2. If such proceeds shall be less in amount than the aggregate amount of all taxes and assessments accrued against such property for all funds,

and purposes, without penalty or interest, then such proceeds shall be prorated between such funds and purposes in the proportion that the amount of taxes and assessments accrued against such property for each such fund or purpose bears to the aggregate amount of taxes and assessments accrued against such property for all such funds and purposes.

Amd. Sec. 3, Ch. 85, L. 1927.

2235.1. Repealing clause—Proviso. All acts and parts of acts in conflict herewith are hereby repealed; provided, however, that this act is not intended, and nothing herein shall be deemed to be intended, either to repeal or displace chapter 89 of the laws of the Nineteenth Legislative Assembly of the state of Montana.

En. Sec. 4, Ch. 85, L. 1927.

CHAPTER 174.

COLLECTION OF PERSONAL PROPERTY TAXES NOT A LIEN ON REAL ESTATE.

2238. Duty of assessor. It shall be the duty of the assessor, upon discovering any personal property in the county the taxes upon which are not in his opinion a lien upon real property sufficient to secure the payment of such taxes, to immediately, and in any event not more than ten days thereafter, make a report to the treasurer setting forth the nature, amount and assessed valuation of such assessed property, where the same is located, and the name and address of the owner, claimant or other person in possession of the same. The county assessor shall file with the state board of equalization a duplicate of each of such reports so made to the county treasurer.

Amd. Sec. 1, Ch. 102, L. 1923; Amd. Sec. 1, Ch. 24, L. 1925.

For text treatment of this subject see vol. 24 Cal. Jur. 153.

2239. Duty of treasurer. The county treasurer must collect the taxes on all personal property, and in the case provided for in the preceding section, it shall be the duty of the treasurer immediately upon receipt of such report from the assessor to notify the person or persons against whom the tax is assessed that the amount of such tax is due and payable at the county treasurer's office. The county treasurer must at the time of receiving the assessor's report, and in any event within thirty days from the receipt of such report, levy upon and take into his possession such personal property against which a tax is assessed and proceed to sell the same, in the same manner as property is sold on execution by the sheriff, and the county treasurer may for the purpose of making such levy and sale, designate and appoint the sheriff as his deputy, and such sheriff shall be entitled to receive the same fees, as entitled in making a seizure and sale under execution. For the purpose of determining the taxes due, on such personal property, the treasurer must use the levy made during the previous year, if the levy for the current year has not yet been made. The county treasurer and his sureties are liable on his official bond for all taxes on personal property remaining uncollected, by reason of the wilful failure and neglect of such treasurer to levy upon

and sell such personal property for taxes levied thereon. The county treasurer must on or before the first day of December of each year report to the state board of equalization in detail all personal property taxes reported to him by the county assessor under the provisions of section 2238, showing the amount of such taxes paid or collected, the amount uncollected and the reasons for his failure to collect the same in each instance. In case of the failure of the county treasurer to make such report to the state board of equalization, or of the failure to give sufficient reasons for the noncollection of such taxes, it shall be the duty of the state board of equalization to require the attorney general of the state, or the county attorney of the county, to institute an action against the treasurer and his sureties on his official bond for such amount of money not so collected. Nothing herèin shall be so construed as to prevent the county treasurer from collecting taxes due on personal property by seizure and sale thereof at any time after the expiration of the ninety day period hereinbefore mentioned.

Amd. Sec. 2, Ch. 102, L. 1923.

This section, relating to the collection of taxes on personal property, held not open to the objection that it is unconstitutional on the ground that the title of chapter 119, Laws of 1903, amending, among others, section 3941, Codes of 1895, does not enumerate section 3941

as among those amended, such objection having been removed by the adoption of the Revised Codes of 1907. *Averill Machinery Co. v. Freebury Bros.*, 59 Mont. 594, 198 Pac. 130.

CHAPTER 176.

SETTLEMENT WITH STATE AUDITOR AND STATE TREASURER.

2255. Settlement of county treasurer with state treasurer. The county treasurer, between the first and twentieth days of each month, must remit to the state treasurer, all moneys belonging to the state of Montana which were collected by such treasurer during the preceding month. Such remittance shall be accompanied by a detailed report upon such form as the state treasurer may prescribe, and for all such moneys by him collected and not remitted by him to the state treasurer within five days from the time herein required he shall pay interest at the rate of ten per cent per annum.

2256. Penalty imposed on treasurers neglecting to settle.

Rep. Sec. 3, Ch. 47, L. 1925.

2257. Report of county clerk to auditor. The county clerk, between the first and twentieth days of each month, must make a report to the state auditor in such form as the state auditor may prescribe, showing specifically the amount of moneys due the state from each particular source of revenue for the collection of the preceding month.

CHAPTER 177.

PAYMENT OF TAXES UNDER PROTEST—ACTIONS TO RECOVER.

2269. Payment of taxes under protest—Action to recover. In all cases of levy of taxes, licenses or other demands for public revenue which are deemed unlawful by the party whose property is thus taxed, or from whom such tax or license is demanded or enforced, such party may before such tax or license becomes delinquent pay under written protest such tax or license, or any part thereof, deemed unlawful, to the officers designated and authorized to collect the same; and thereupon the party so paying, or his legal representatives, may bring an action in any court of competent jurisdiction against the officer to whom said license or tax was paid, or against the county or municipality in whose behalf the same was collected, to recover such tax or license, or any portion thereof, paid under protest; provided, that any action instituted to recover any license or tax paid under protest shall be commenced within sixty days after the date of payment of the same; provided further, that when any such license or tax is payable in installments the first installment, or so much thereof as may be deemed unlawful, may be so paid under written protest and suit commenced to recover the same within the time herein prescribed, and if any subsequent installment of such license or tax shall become due or payable before the final determination of the suit commenced to recover the first installment, or portion thereof, so paid under protest, then such subsequent installment, or portion thereof deemed unlawful, may also be paid under written protest, and no suit or action need be commenced to recover the same, but the determination of the suit or action commenced to recover the first installment, or portion thereof, paid under protest, shall determine the right of the party paying such subsequent installment to have the same, or any part thereof refunded to him. All such license and taxes, when so paid under protest, shall be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as protest fund, and no part thereof shall be paid over to any officer, or placed in any other fund or used for any purpose whatever, but the whole thereof shall be retained in such protest fund until the final determination of any suit or action to recover the same. If no action is commenced within the time herein specified, or if such action be commenced and finally determined in favor of the county or municipality, or treasurer thereof, the amount of such license or tax shall be taken from such protest fund and deposited to the credit of the fund or funds to which the same properly belongs, but if such action is finally determined adversely to such county or municipality, or the treasurer thereof, then the treasurer shall, upon receiving a certified copy of the final judgment in said action, refund the amount of such license or tax, with costs of suit without interest, to the person in whose favor such judgment is rendered; provided, that if such action was commenced for the purpose of recovering the first installment, or any portion

thereof, of any such license or tax, and any subsequent installment thereof, has been paid under protest, as herein provided, then the county treasurer shall, at the time of refunding the amount of such first installment required by such judgment also refund such portion of any subsequent installment as the person holding such judgment is entitled to recover, without interest.

Amd. Sec. 1, Ch. 142, L. 1925.

The complaint in an action to recover taxes paid under protest need not allege that suit was brought within the sixty-day period prescribed in this section, it being sufficient if it be made to appear affirmatively that it was so brought, by recitals showing when the tax was paid and when the complaint was filed. *Belknap Realty Co. v. Simineo et al.*, 67 Mont. 359, 215 Pac. 659.

Under this section, one who pays taxes under protest is not required to file a claim with the board of county commissioners for the amount paid, before commencing an action to recover them. *Story v. Dixon*, 64 Mont. 206, 208 Pac. 592.

For text treatment of this subject see vol. 24 Cal. Jur. 311.

2270. Assessment for taxation—Increase over statement of owner. Whenever any person has delivered to the assessor a sworn statement of his property subject to taxation as now provided by law, and giving the estimated value of such property, and the assessor shall increase such estimated value, or add other property to such assessment list, he shall, at least ten days prior to the meeting of the county board of equalization, give to such person written notice of such change which notice shall be substantially in the following form:

“(Date)

Mr.

A change has been made in your assessment list as follows:
(Set out and describe specifically changes made in list.)

.....,
Assessor of County, Montana.”

Such person may then appear before the county board of equalization and contest the same; and if the assessment of any such person has been added to or changed, either by the assessor or by the county board of equalization, and such person has not been notified thereof and given an opportunity to contest the same before the county board of equalization, the tax on such increased value or added property shall, upon such facts being established, be adjudged by the court to be void, and such facts and all questions relating thereto, when said tax has been paid under protest, may be heard and determined in the action provided for in section 2269. When any person has appeared before the county board of equalization, and has contested the increase in the estimated value of his property, or the addition of other property to his assessment list, and has appealed to the state board of equalization from any action or decision with reference thereto by the county board of equalization and such person is aggrieved at the final action of the state board of equalization in making or allowing such increase or addition, he may pay the tax on such increase or addition or the installments thereof if payable in installments, under protest in the manner provided by section 2269, and thereupon, and within the time prescribed and in the manner provided by said section 2269, may commence an action to recover such

tax, or installments, and in such action contest and litigate the payment of such taxes on such increased value or added property, on the same grounds and for the same reasons that he has contested the same before the county and state boards of equalization, and for no other reasons and on no other grounds; provided, that all of the provisions of section 2269 for the retention or refunding of taxes paid under protest shall apply to taxes paid under protest under this section; and provided, further, that when any action is instituted to recover any tax, or installment thereof, paid under protest, if the value of the property as increased by the assessor or county board of equalization and finally determined by the state board of equalization is an overvaluation of such property, the jury in the case shall determine the actual value of such property at the time the same became liable for taxes, and if the value as fixed by the jury is less than the value as fixed by the county assessor or county board of equalization, and finally determined by the state board of equalization then the plaintiff shall be entitled to recover taxes on the difference between such value as fixed by the jury and the value as fixed by the county assessor or county board of equalization and finally determined by the state board of equalization and if the value as fixed by the jury shall exceed the value on which taxes were levied the plaintiff shall be liable in damages equal to the product obtained by multiplying the proper percentage of such excess valuation as found by the jury by the rate per cent at which taxes were levied on such property.

En. Sec. 1, Ch. 149, L. 1923.

2272.2. Board of examiners to seek legislation. That if the board of examiners of the state of Montana finds that there is no federal statute or law now existing providing for the payment of such funds into the treasury of the state of Montana, it is hereby directed to seek, in such manner as to it shall appear necessary and proper, legislation at the hands of the congress of the United States, providing for the payment of such moneys into the treasury of the state of Montana.

En. Sec. 2, Ch. 149, L. 1923.

2272.3. Disposal of moneys. That all such moneys, so collected and paid by the government of the United States, shall be paid into the treasury of the state of Montana, less the commission for the collection thereof, and shall be held by the state of Montana for a period of five years in trust for the claimants of such funds.

En. Sec. 3, Ch. 149, L. 1923.

2272.4. Employment counsel—Proviso. That the board of examiners of the state of Montana is hereby authorized to employ counsel and to enter into the necessary contracts and agreements with such counsel for the propounding and prosecution of such claim against the government of the United States of America, and fixing the commission to be allowed said counsel for such work, such commission to be contingent upon the collection of such moneys from the United States and to be payable out of same, and not to exceed the ten per centum thereof, provided that the state shall incur no cost or expense in the propounding or prosecution of such claim other than such commission. Provided further that ten per centum of the moneys so collected from the United States shall be paid to the state of Montana to compensate the state for its services in assisting in such collection.

En. Sec. 4, Ch. 149, L. 1923.

2272.5. Notice to claimants. That upon receipt of such funds from the United States by the treasurer of the state of Montana, it shall be his duty to give notice to all claimants thereof by publication once each week for a period of eight successive weeks in a newspaper published in each of the counties of the state of Montana, and, if there be no newspaper in any county, by posting at the front door of the courthouse of such county for such period of time which notice shall set forth that such moneys have been collected and shall notify all claimants of same to propound their claim in writing by filing same with the treasurer of the state of Montana, and shall warn all claimants and persons interested therein that a failure so to file their claims within a period of two years from the date on which such moneys were paid into the treasury of the state of Montana, shall forever bar their right to such funds or any part thereof, and that in default of the filing of such claims, such funds shall escheat to and become the absolute property of the state of Montana.

En. Sec. 5, Ch. 149, L. 1923.

2272.6. Assertion of claims—Payment—Appeals. That all such claimants of such moneys shall file their claims in writing with the state treasurer of Montana on such forms as shall be provided and shall submit their proofs and evidence to the board of examiners of the state of Montana. If such claims are approved by said board of examiners, the auditor of the state of Montana shall draw a warrant on the treasurer of the state of Montana, payable to the order of such claimant and the treasurer shall pay such warrants out of the funds so collected from the government of the United States and held in trust for such purpose. Either such claimants, or the state of Montana, through its attorney general, may appeal from the decisions of the state board of examiners to the district court of the first judicial district of the state of Montana, in and for the county of Lewis and Clark. Such appeal may be taken by a notice of appeal served on the secretary of state for the state board of examiners, where the appeal is taken by a claimant, and where it is taken by the state, by a like notice served on the claimant, in the manner provided by law for the service of notices. In either case, the notice of appeal shall be filed with the clerk of said court within sixty days after the decision

of the board of examiners. Any judgment rendered on such appeal in the district court shall be subject to appeal to the supreme court.

En. Sec. 6, Ch. 149, L. 1923.

2272.7. Escheat of funds. That at the end of a period of five years from the date on which said moneys so collected from the United States shall be paid into the treasury of the state of Montana, said funds, to the extent to which no claims have been filed against same, shall escheat to and become the absolute property of the state of Montana. Said funds, to the extent that any claims have been filed against same, shall remain in the state treasury subject to the final determination of such claims, and all such funds not finally determined to belong to the claimants thereof shall at that time escheat to and become the absolute property of the state of Montana.

En. Sec. 7, Ch. 149, L. 1923.

POLL TAX.

2273. Persons liable to poll tax.

This section, levying a per capita tax of three dollars, in addition to a poll tax of two dollars for county purposes upon every male inhabitant of a given age who is not the head of a family, is invalid as in contravention of section 4, article XII, of the constitution, vesting the power to levy taxes upon persons and property of counties, cities, etc., in the municipal authorities but prohibiting the legislature from doing so. (Mr. Justice Holloway dissenting.) State ex rel.

Pierce v. Gowdy, 62 Mont. 119, 203 Pac. 1115.

The "Bachelor's Tax Law" is a revenue measure and not maintainable as an attempted exercise of the police power of the state by the imposition of an exaction upon county inhabitants for the protection of the public health, the public morals or the public safety. (Mr. Justice Holloway dissenting.) State ex rel. Pierce v. Gowdy, 62 Mont. 119, 203 Pac. 1115.

CHAPTER 179.

CORPORATION LICENSE TAX.

2296. Corporation license tax—Organizations not liable for same.

Sections 2296 to 2299, providing for a corporation license fee, allow certain deductions from the gross income of a corporation in determining its net income upon which the fee is to be computed, if "engaged in business" wholly in Montana. Plaintiff, a foreign corporation engaged in the business of coal mining in this state, maintained its general office in Minneapolis, where the meetings of the stockholders and directors were held and from where the business was directed, to which office moneys were sent for deposit and where it received interest and dividends from invested funds and disbursed same to its stockholders. The

state treasurer, claiming that the corporation by reason of the above facts was partly engaged in business in Montana and partly in Minnesota, and therefore subject to a higher fee, refused to allow the deductions. Held, in plaintiff's action to recover the excess fee paid under protest, that by doing the things done by the company at its general office in Minneapolis it was not "engaged in business" in the state of Minnesota within the meaning of the statute, was therefore not partly engaged in business in this state and partly in Minnesota but wholly engaged in the business of coal mining in Montana, and hence entitled

to the deductions claimed. *Cottonwood Coal Co. v. Junod*, 73 Mont. 392, 236 Pac. 1080.

Sections 2296-2304 were cited in *East Helena State Bank v. Rogers*, 73 Mont. 210, 213, 236 Pac. 1090.

2297. Method of ascertaining net income of corporation doing business wholly within state.

Cited as section 4, Chapter 79, L. 1917, in *Cottonwood Coal Co. v. Junod*, 73 Mont. 392, 394, 236 Pac. 1080.

2299. License fee, how computed—Return of income. The license fee shall be computed upon the total net income of the corporation received within each preceding calendar year ending December 31st; provided, that any corporation subject to this license fee may designate the last day of any month in the year as the day of the close of its fiscal year, and shall be entitled to have the license fee payable by it computed upon the basis of the net income ascertained as herein provided for the year ending on the day so designated in the year preceding the date of assessment, instead of upon the basis of the net income for the calendar year preceding the date of assessment, and it shall give notice to the state board of equalization of the day it has thus designated as the close of its fiscal year, at any time not less than thirty days after the first day of January of the year in which its return would be filed if made upon the basis of the calendar year. Every corporation, subject to the license fee herein imposed, shall, for the year ending on the thirty-first day of December, or for its fiscal year selected under the provisions hereof, in each year hereafter beginning with the year 1923, render a true and accurate return of its annual net income in the manner and form to be prescribed by the state board of equalization, and containing such facts, data and information as are appropriate and in the opinion of the state board of equalization necessary to determine the correctness of the net income returned and to carry out the provisions of this act. For the purpose of fixing the license fee to be paid for the year of 1923, every corporation, subject to the license fee herein imposed, shall make the required return as to its annual net income for the year 1922 on or before the first day of May, 1923. The return shall be sworn to by the president, vice-president or other principal officer, and by the treasurer or assistant treasurer, and shall be filed with the state board of equalization on or before the first day of March in each year, except the year 1923, when it shall be filed on or before the first day of May. In cases wherein receivers, trustees in bankruptcy, or assignees are operating the property or business of a corporation subject to the license fee imposed by this act, such receiver, trustee, or assignee shall make the return in the same manner and form as such corporation is hereinbefore required to make return, and any license fee due on the basis of such returns made by the receiver, trustee, or assignee, shall be assessed and collected in the same manner as if assessed directly against the corporation of whose business or property they have custody and control, and shall be paid by such receiver, trustee, or assignee out of the property of the company in his hands, prior to the claims of creditors or stockholders.

Amd. Sec. 1, Ch. 146, L. 1923.

Cited as section 4, Chapter 79, L. 1917, in *Cottonwood Coal Co. v. Junod*, 73 Mont. 392, 395, 236 Pac. 1080.

2300. Assessments, how made—Payment fee—Penalty. All assessments shall be made by the state board of equalization, and the several corporations shall be notified of the amounts for which they are respectively liable, on or before the first day of June of each successive year, and said assessments shall be paid on or before the fifteenth day of June; provided, that every corporation computing its license fee upon the income of the fiscal year which it may designate in the manner hereinbefore provided, shall pay the fee due under its assessment within thirty days after the date upon which it is required to file its list or return of income for assessment. In cases of refusal or neglect to make such return, and in cases of erroneous, false, or fraudulent returns, the state board of equalization shall, upon the discovery thereof at any time within three years after said return is due, make a return upon information obtained as provided for in this act, and the assessment made by the state board of equalization shall be paid by such corporation immediately upon notification of the amount of such assessment. If the license fee assessed thereunder shall not be paid by any corporation liable to pay the same under the provisions of this act on or before the fifteenth day of June in any year, or within thirty days from the date on which the return of income is required to be made by the corporation, there shall be added the sum of ten per cent on the amount of the license fee unpaid, and interest at the rate of one per cent per month upon said license fee from the time the same becomes due, and the state shall have a lien for the payment of such license fee, penalty, and interest, which said lien shall attach to any and all property owned or possessed within the state by such corporation, which lien may be enforced in the same manner as liens are enforced at law.

Amd. Sec. 2, Ch. 146, L. 1923.

2302. Filing returns. When the assessment shall be made as provided in this act, the returns, together with any corrections thereof which may have been made by the state board of equalization, shall be filed in the office of said board, and shall constitute public records and be open to inspection as such only upon the order of the governor, and under rules and regulations to be prescribed by the state board of equalization.

Amd. Sec. 3, Ch. 146, L. 1923.

2303. Procedure on understatement—Forms—Determination and payment tax—Disclosures. If the state board of equalization has reason to believe that the amount of any income returned is understated it shall give notice in writing of not less than five days to the corporation making the return to show cause why the amount of the return should not be increased, and upon proof of the amount understated may increase the same accordingly. Such corporations may furnish sworn testimony to prove any relevant fact bearing upon said return. The state board of equalization shall have power to prescribe forms for the returns and notices and such other regulations as may from time to time be found necessary for the purpose of carrying into effect the provisions of this act. Jurisdiction is hereby conferred upon the district court of the first judicial district of the state of Montana, in and for the county of Lewis

and Clark, to compel attendance of witnesses to testify before the state board of equalization, together with the production of books and such other testimony by appropriate process. Upon the determination by the state board of equalization of the amount of tax due from any and all corporations under the provisions of this act, the state board of equalization shall certify the amount to the state treasurer, at the same time mailing a notice of the amount of taxes thus determined to be due to the corporation making such return. Such corporation shall thereupon remit the amount of such tax to the state treasurer. When the state board of equalization has reason to believe that the business of any corporation is so conducted as either directly or indirectly to distort the true net income of the corporation and the net income properly attributable to this state, whether by the arbitrary shifting of income, through price fixing, charges for service, or otherwise, whereby the net income is arbitrarily assigned to one or another corporation carrying on business under a substantially common control, it may require the disclosure of such facts as it deems necessary for the proper computation of the entire net income and the net income properly attributable to this state, and in determining the same, the board shall have regard to the fair profits which would normally arise from the conduct of the business.

Amd. Sec. 4, Ch. 146, L. 1923.

2303.1. Effect of repeal. All acts and parts of acts in conflict herewith are hereby repealed, provided, however, that the amendment of the sections as amended by this act shall not be construed to relieve or release any corporation from the payment of any license fee which such corporation should have paid under the provisions of such sections before the amendment thereof by this act, or of any penalty or interest which has heretofore or may hereafter attach to or become due thereon, but all such license fees, penalties and interest shall be fixed and determined under the provisions of such sections as amended and shall be paid and collected as though such sections had not been amended by this act.

En. Sec. 5, Ch. 146, L. 1923.

CHAPTER 181.

SLEEPING-CAR COMPANY LICENSE TAX.

2313.1. Definitions. The term "board" when used in this act shall mean the state board of equalization.

Any person, persons, copartnership, joint stock company, association, or corporation (not being a railroad company or a lessee of a railroad company) wherever organized or incorporated, owning and operating, or operating any cars known as dining, buffet, chair, parlor, palace or sleeping-cars, which are used upon railroads within this state, unless the ownership of such cars be identical with that of the lines of railroads on which they are operated, shall be deemed a sleeping-car company for the purposes of this act.

En. Sec. 1, Ch. 64, L. 1923.

2313.2. Reports. Every sleeping-car company shall annually on or before the first day of March and in such forms and covering such period as the state board of equalization shall prescribe, make and file with it a statement verified by the oath of the person, agent or officer making the same, setting forth the facts called for. Such report shall contain:

(1) The name of the company.

(2) The nature of the company, whether a person, agent, trustee, lessee, receiver, or other person, or a joint stock company, partnership, association, or corporation.

(3) The location of its principal office, and under the laws of what state or country organized, and when.

(4) The name and address of the president, secretary, auditor, treasurer and superintendent or general manager.

(5) The name and address of its chief officer or managing agent in Montana.

(6) Its capital stock.

(a) The amount authorized.

(b) The amount issued.

(c) The amount of capital stock invested in its sleeping-car business.

(7) The number of shares of stock.

(a) Outstanding.

(b) Not issued.

(c) Treasury; and whether common or preferred.

(8) The amount of the bonds outstanding; when issued; when due, and the rate of interest of each issue.

(9) The par and market value of the stocks and bonds issued and outstanding.

(10) The whole length and the names of railroad lines over which its cars were transported in the state of Montana.

(11) The total car mileage and the car mileage within this state.

(12) The gross and net earnings during the year.

(13) Such other facts and information as such company or the state board of equalization may deem material upon the question of the true and full value of said property within this state. Said board shall furnish forms upon which to make such reports.

En. Sec. 2, Ch. 64, L. 1923.

2313.3. Assessment. The state board of equalization shall carefully consider all reports made pursuant to section 2 and all other facts and evidence collected and available, and shall fix the valuation of the property of sleeping-car companies operating in the state for the purpose of levying and collecting license taxes thereon, as hereinafter provided.

En. Sec. 3, Ch. 64, L. 1923.

2313.4. Method of determining valuation. (1) It shall find, ascertain and determine the actual value in money of the entire amount of capital stock of each such company invested in its sleeping-car business, and when the value of the capital stock cannot be reliably ascertained it shall find, ascertain and determine the value of the entire property used in said business. From the amount so obtained, it shall deduct the

actual value of its real estate situate without this state not used in said business, and also the actual value of all its personal property, not used in said business. The remainder shall be taken and considered as the actual value of the capital stock of such company invested or used in its business.

(2) The board shall then divide the amount so obtained by the total car mileage on railroads over which the company did business to obtain the value per car mile, and shall then multiply the value per car mile thus obtained by the total number of car miles within this state. The result shall be taken and considered as the actual value of the property of such company subject to the license tax in this state, subject to review as provided in section 5.

En. Sec. 4, Ch. 64, L. 1923.

2313.5. Notice of hearing. The board shall thereupon give notice to the officer of such company attesting its report of the time and place such company may appear and be heard in respect to such valuation to be made upon its property. After such hearing the said board may make such changes in its valuation as shall appear just and reasonable.

En. Sec. 5, Ch. 64, L. 1923.

2313.6. License tax. The board shall thereupon levy a license tax upon the property of such sleeping-car company at the rate of one and one-half per cent ($1\frac{1}{2}\%$) on the valuation thus found by it for the use of the state, and the board shall certify such assessment and levy to the state treasurer, who shall thereupon, by registered letter, notify the officer attesting the report of such company, of the amount of the assessment, the rate of levy and the amount of the tax; and such company shall have thirty days after the mailing of such notice within which to pay said tax to the state treasurer. And such tax when paid shall be turned into the general fund of the state treasury.

En. Sec. 6, Ch. 64, L. 1923.

2313.7. Failure to report—Nonpayment—Action for collection. (1) If any sleeping-car company shall fail to make the report required of it by this act, the board shall proceed upon the best information it may be able to obtain to fix the valuation against such company and shall notify it by letter of the action taken in that behalf. Thereupon the company so notified may appear and be heard as above provided.

(2) All taxes remaining unpaid after notice from the state treasurer, as above provided, shall draw interest at the rate of fifteen per centum per annum after they are due, and upon such failure to pay, the attorney general shall proceed by action in the name of the state against such company to collect the same, together with interest and the cost of the suit.

(3) Any such company claiming to be aggrieved by the levy of a license tax upon its property, may, within six months from the payment of the tax, and not thereafter, bring and maintain an action against the state in the district court of Lewis and Clark county to recover such part of the tax so paid as shall exceed the amount the company should have paid. The state may be served with the summons in such action

by delivering a copy thereof to the attorney general or leaving it at his office in the capitol with one of his assistants.

(4) But no such company shall be permitted to contest the validity of any tax assessed and levied against it, unless at or before the time of serving its complaint or answer, as the case may be, it shall deposit with the state treasurer the amount of such tax, together with interest thereon at the rate of fifteen per cent per annum as above provided. In case the amount of the tax justly and equitably due from such company shall be finally determined to be less than the amount so paid, the excess shall be refunded to such company by direction of the court by the state treasurer.

En. Sec. 7, Ch. 64, L. 1923.

2313.8. Estoppel. (1) If any company described in section 1, or its officers or agents shall unreasonably refuse or neglect to make any report required by law or by the said board, or shall unreasonably refuse or neglect to answer any material question, or to permit an inspection of its records, books, accounts or papers when requested by said board, it shall be estopped to question or impeach the action or determination of the board, except upon satisfactory proof of fraud or mistake injurious to it.

(2) No such company shall be allowed in any action or proceeding to question the amount or valuation of its property and franchises as assessed by the board, unless it shall have made and filed with the board a full and complete report of the facts and information prescribed by law, and called for by the board; provided, that the refusal or neglect of such company to file its report in time may, on verified petition and for good cause shown, be excused by the board on condition that such company make a full and complete report disclosing all facts and information required of it within fifteen days after leave is given to file such report, and shall appear before the board and make full disclosure of all property liable to assessment and taxation under this act.

En. Sec. 8, Ch. 64, L. 1923.

2313.9. First tax, when due. The license tax shall be first imposed and paid for the whole calendar year 1923, and shall be based upon the reports as prescribed in section 2 for the year 1922, and such report shall be made to the board by April 1, 1923.

En. Sec. 9, Ch. 64, L. 1923.

2313.10. License. The receipt by the state treasurer of the license tax paid in full shall serve as a license to the sleeping-car company to conduct its business in the state of Montana during the year when issued.

En. Sec. 10, Ch. 64, L. 1923.

2313.11. Repeals—Exceptions. Sections 2314 and 2315 of the Revised Codes of 1921 are hereby repealed. Provided, however, that no person or corporation shall be relieved or released from the payment of any license tax which such person or corporation should have paid under the provisions of such sections so repealed, and the state of Montana shall have the right to collect and receive from any such person or corporation any such

license tax; and for such purpose may maintain and prosecute to final determination any suit, action or proceeding heretofore instituted for such purpose and now pending, and may institute and commence any such suit, action or proceeding for such purpose after the taking effect of this act.

En. Sec. 11, Ch. 64, L. 1923.

2314. License of sleeping-car company.

A city ordinance exacting a fee of one dollar from coal dealers and in addition five cents per ton for every ton of coal sold, without incorporating therein the clause limiting the payment of the five cents to coal upon which the mine license fee exacted by section 2317 had not been paid to the state, was invalid as in excess of the power of the city to impose. CHAPTER 183.

METALLIFEROUS MINES LICENSE TAX.

2344. "Person" Defined.

Rep. Sec. 17, Initiative Measure No. 28, L. 1925, page 497.

Taxes and fire insurance premiums paid upon milling and reduction works owned and operated by a mining company in connection with its mining operations are not deductible as a part of the cost of extracting the minerals and metals from ores taken from its mines in computing

the net proceeds of mines for the purpose of arriving at the amount of license tax payable under sections 2344-2355, construed in the light of the provisions of sections 2088-2096, relating to the taxation of mines and net proceeds. Anaconda Copper Mining Co. v. Junod, 71 Mont. 132, 227 Pac. 1001.

2344.1. "Person" defined. The term "person," as used in this act, shall mean and include any individual, firm, copartnership, association, joint stock company, common-law company, business trust, syndicate, and corporation.

En. Sec. 1, Initiative Measure No. 28, effective December 9, 1924.

2344.2. License tax. Every person who engages in or carries on the business of working or operating any mine or mining property in the state of Montana from which gold, silver, copper, lead or any other

metal or metals, or precious or semi-precious gems or stones of any kind shall be mined, extracted or produced, whether such person shall carry on such business or engage in such work or operations as owner, lessee, trustee, possessor, receiver, or in any other capacity, must for the year 1925, and each year thereafter, when engaged in or carrying on such business, work or operations, pay to the state treasurer, for the exclusive use and benefit of the state of Montana, a license tax for engaging in and carrying on such business, work or operation in this state, and shall pay to such state treasurer for such annual license the taxes hereinafter prescribed, provided, however, that nothing contained in this act shall be construed as requiring laborers or employees hired or employed by any person to mine or to work in or about any mine or mining business or property, to procure such license or to pay such license taxes, nor shall any discovery work required to be done in prospecting for or locating any mining claims, or any annual assessment work, or work required in the obtaining of title to mining property from the United States, or required by the laws of the United States or of this state in order to hold possessory title to any mining claims, be deemed the engaging in or carrying on of the business of working or operating any such mine or mining property.

En. Sec. 2, Initiative Measure No. 28, effective December 9, 1924.

2344.3. Gross value of product, how determined. The total "gross value of product" as used in this act, shall mean the market value of all merchantable metals, precious and semi-precious gems and stones extracted or produced, each year from any mine or mining property in the state of Montana or recovered from the smelting, milling, reduction, or treatment in any manner of ores extracted from any such mine or mining property or from tailings resulting from the smelting, reduction or treatment of any such ores. That whenever the ores require smelting, reduction or treatment to ascertain the metal contents of such ores, the gross value of the product thereof shall be determined by taking the market value of all merchantable metals or mineral products extracted or recovered thereby, as shown by the gross smelter returns of such metals or mineral product in dollars and cents, without any deductions for costs of smelting, reduction or treatment, or otherwise, based upon the average quotations of the price of such metals, or mineral products, in the city of New York, as evidenced by some established authority or market report, such as the Engineering and Mining Journal of New York City, or other standard publications, giving the market reports during the calendar year immediately preceding. Should there be no quotation covering any particular product, then the state board of equalization shall fix the value of such gross product, or such portion thereof, in such a manner as may seem equitable.

En. Sec. 3, Initiative Measure No. 28, effective December 9, 1924.

2344.4. Amount of tax. The annual license tax to be paid by such person engaged in or carrying on the business of working or operating any mine or mining property in this state from which gold, silver, copper, lead or any other metal or metals, precious or semi-precious gems or stones

are produced, shall be one dollar, together with an additional sum or amount equal to an amount computed on the gross value of product which may have been derived by such person from such business, work or operation within this state during the calendar year immediately preceding, at the following rates:— $\frac{1}{4}$ of 1% of the amount by which such gross value of products exceeds \$100,000 and does not exceed \$250,000; $\frac{1}{2}$ of 1% of the amount by which such gross value of product exceeds \$250,000 and does not exceed \$400,000; $\frac{3}{4}$ of 1% of the amount by which the gross value of product exceeds \$400,000 and does not exceed \$500,000 and 1% of the amount by which the gross value of product exceeds \$500,000.

En. Sec. 4, Initiative Measure No. 28, effective December 9, 1924.

2344.5. Computation of gross value of product. Every person engaged in or carrying on the business of working or operating any mine or mining property in this state from which gold, silver, copper, lead or any other metal or metals, precious or semi-precious gems or stones are produced, must, not later than the fifteenth day of April, in such year when engaged in or carrying on any such business, work or operation, make out a statement of the gross value of product from all mines and mining properties worked or operated by such person during the calendar year immediately preceding. Such statement shall be in the form prescribed by the state board of equalization, and must be verified by the oath of such person, or the manager, superintendent, agent, president or vice-president of the corporation, joint stock or other company or syndicate and must be delivered to the state board of equalization not later than the fifteenth day of April. Such statement shall show the following:

1. The name and address of the owner or lessee of the mine or mining property.
2. The description and location of the mine or mining property.
3. The number of tons of ore or other mineral products or deposits extracted from the mine or mining property during the period covered by the statement.
4. The name and location of the smelter, mill or reduction works to which such ore has been shipped or sold during the period covered by the statement and such other information as the state board of equalization may require.
5. The gross yield of such ores, mineral products or deposits in constituents of commercial value, that is to say, the number of ounces of gold or silver, pounds of copper, lead or zinc, or other commercially valuable constituents of said ores or mineral products or deposits, measured by standard units of measurement during the period covered by the statement.
6. The gross value of product in dollars and cents.

En. Sec. 5, Initiative Measure No. 28, effective December 9, 1924.

2344.6. Computation and notice of tax. The state board of equalization shall examine each such statement and return filed and determine and ascertain therefrom, and compute and assess the amount of the license tax to be paid by the person making and filing the same, and shall, not

later than the first day of June, certify to the state treasurer the name of each person subject to the payment of license taxes under the provisions of this act, the amount thereof to be paid by such person. The said board shall at the same time mail to each person making and filing such statement and return, a written notice of the amount of the license tax to be paid by each, respectively, that the same is due and payable to the state treasurer, and that it will become delinquent at five o'clock P. M. on the thirtieth day of November, immediately following, and that if the same becomes delinquent a penalty of ten per centum will be added thereto, and that the whole amount of such license tax, with penalty added, will bear interest at the rate of twelve per centum per annum from the date the same becomes delinquent until paid. If any such person has sold or otherwise disposed of any of its mine's products at a price substantially below the true market price of such product at the time and place of such sale or disposal, then the state board of equalization shall compute the gross value of such portion of said mine's product, so sold or disposed of substantially below the market price as aforesaid, which gross value shall be based upon the quotations of the price of such mine's product in New York City, at the time such portion of the product was so sold or otherwise disposed of as evidenced by some established authority or market report, such as the Engineering and Mining Journal, of New York, or some other standard publication, giving the market reports for the year covered by such statement. Should there be no quotation covering any particular product, then the state board of equalization shall fix the value of such gross product, or such portion thereof, as shall have been sold or otherwise disposed of at a price substantially below the true market price at the time and place of such sale or disposal in such a manner as may seem to be equitable.

En. Sec. 6, Initiative Measure No. 28, effective December 9, 1924.

En. Sec. 7, Initiative Measure No. 28, effective December 9, 1924.

2344.8. Penalty for failure to file statement. If any person shall fail, refuse or neglect to make and file such statement and return within the time prescribed, the state board of equalization, shall, immediately after such time has expired, ascertain and determine as nearly as may be possible from any returns or reports filed with any state or county officer or board under any law of this state, and from any other information which the board may be able to obtain, the total gross value of product of such person from such business during the calendar year immediately preceding the year in which the license tax is to be paid, and license issued, and shall make and file a statement showing the amount of such gross value of

product and shall ascertain and determine and compute and assess the amount of the license taxes due from, and to be paid by such person, and shall immediately certify the same to the state treasurer, and give notice to such person in the same manner as though such statement had been filed within time, and the state shall proceed to collect such license tax adding thereto and collecting therewith, if the same is delinquent, the same penalty and interest as provided for herein for other delinquencies.

En. Sec. 8, Initiative Measure No. 28, effective December 9, 1924.

2344.9. Production of evidence. Should the state board of equalization have reason to believe that any statement and return is false, or erroneous in any particular, it may require the person, or if made by a corporation, association or company, the officers thereof, and the employees of any such person, corporation, association or company, to appear before the board and testify concerning the same and any statement contained therein, and may examine all books, records, papers and documents of such person pertaining to such business, upon giving five days' written notice to such persons, or officers or employees thereof having custody of such books, records, papers and documents, and any person failing, refusing or neglecting to so appear, or refusing to be sworn or to testify, or refusing to answer any material question propounded by the board or any of its members, or refusing to permit the board, or its members, employees or accountants to examine such books, records, papers or documents, or any thereof, pertaining to such business, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one thousand dollars, or by imprisonment in the county jail for a term not exceeding six months, or by both such fine and imprisonment. If the board, after hearing such evidence and after such examination of the books, papers, documents and records of such person, shall find and determine that such statement and return is erroneous or false in any material matter, the board shall change and correct the same so as to show the true gross value or product and shall reassess the amount of the license tax due from such person, and may add thereto a penalty of not exceeding fifty per centum, and shall thereupon immediately certify the amount of such license tax with the penalty added thereto to the state treasurer, and shall at the same time mail to such person a written notice of the corrections and changes made in such statement and return and the amount of the license tax and penalty certified to the state treasurer. The state treasurer shall collect such license tax with penalty added, and if the same has become delinquent he shall also collect interest thereon from the date of delinquency until paid at the rate of twelve per centum per annum. Provided further, that in order to verify such statement and return the state board of equalization may require any person, corporation, association, or company engaged in the business of smelting, milling, reduction or treatment in any manner of ores extracted or produced from any mine or mining property in the state of Montana to appear before the board and testify concerning the gross mineral content of any such ore, or at the request of said board to furnish sworn statements showing the gross yield of such ores, mineral products or deposits in constituents of commercial value, that is to say, the number

of ounces of gold, silver, pounds of copper, lead or zinc, or other commercially valuable constituents of said ores or mineral products or deposits, measured by standard units of measurement during the period covered by such statement, without any deductions whatsoever for smelting, milling, reduction or treatment of such ores or mineral product. The books, records, papers and documents of such person, corporation, association or company engaged in the business of smelting, milling, reduction or treatment in any manner of ores extracted or produced by any mine or mining property in the state of Montana shall be open to inspection and examination by the said state board of equalization, or its members, employees, or accountants at any time or place, that said board may designate. If any person required by this act to make or file any statement, or to verify, under oath any statement, shall make such statement false in any material respect, or shall verify, under oath, any statement false in any respect or shall fail, neglect or refuse to file any statement required by said state board of equalization or shall refuse to appear before the board to testify concerning the gross mineral content of any such ore, or shall refuse to allow the board, its members, employees or accountants at any time or place to inspect or examine the books, records, papers and documents of such person, corporation, association or company engaged in the business of smelting, milling, reduction or treatment in any manner of ores extracted or produced by any mine or mining property in the state of Montana, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not exceeding one thousand dollars, or by imprisonment in the county jail for not exceeding six months, or by both such fine and imprisonment.

Upon the filing of such petition, if it appears to the satisfaction of the board therefrom that the board has erred in any manner in ascertaining and determining the amount of the gross value of product, or the amount of the license tax, or both, the board shall immediately correct such error, or errors, and if such correction shall be in conformity with the request contained in the petition for a rehearing the board shall take no further steps in connection with such petition, other than to certify steps in connection with such petition, other than to certify to the state treasurer the amount of the license tax due from such person after the making of such correction, and notifying such person thereof. If, from such examination, it does not appear to the satisfaction of the board that it has erred in any manner the board

shall grant such rehearing, fix a day when the board will take up and hear such matter, and give notice to such person of such date of hearing as the board may deem reasonable. On such hearing such person, and taxpayer interested, and the board may introduce witnesses and take testimony on any material matters connected with such return and license tax, and after considering such evidence the board shall fix and determine the gross value of product, and reassess the amount of the license tax to be paid by such person, and giving notice thereof in the manner required by section 6 of this act.

En. Sec. 10, Initiative Measure No. 28, effective December 9, 1924.

2344.11. Lien of tax. The license tax assessed against any person under this act, together with all penalties and interest thereon, shall be a lien upon any and all property owned by such person within this state and used by such person in connection with such business, which lien shall attach to such property on the date when the license tax is certified to the state treasurer by the state board of equalization and such lien may be enforced in the name of the state of Montana, in the same manner as other liens are enforced at law.

En. Sec. 11, Initiative Measure No. 28, effective December 9, 1924.

If any person shall, after the first day of January of any year, engage in or commence the carrying on of the business of working or operating a mine or mining property in this state, from which any merchantable metal, precious, and semi-precious gems and stones are extracted and produced, such person must, within sixty days after so engaging in or commencing to carry on such business, notify both the state board of equalization and the state treasurer of such fact.

En. Sec. 13, Initiative Measure No. 28, effective December 9, 1924.

2344.14. The license taxes herein provided for shall be in addition to all other taxes, licenses, and other fees, now required to be paid by persons subject to the provisions of this act.

2368. CHAPTER 185.

GASOLINE DISTRIBUTORS' AND DEALERS' LICENSE TAX.

2381. "Person," "distributor" and "dealer" defined.

Sections 2381-2396 were cited in *State v. Sunburst Refining Co.*, 73 Mont. 68, 75, 235 Pac. 428.

2382. Gasoline distributors' license tax. Every distributor shall pay for the year 1927 and each year thereafter to the state treasurer a license tax for engaging in and carrying on such business in this state in an amount equal to three cents for each gallon of gasoline refined, manufactured, produced, or impounded by such distributor and sold by him to this state, or shipped, transported or imported by such distributor into and distributed and sold by him within this state after it has arrived in and is brought to rest within this state, whether sold in the original packages or in the broken packages during such year, provided that all gasoline delivered by any distributor to any of his service stations in this state shall be deemed to have been sold and shall be treated and considered in computing such license tax in the same manner as though the same had been sold to dealers or to other persons.

Amd. Sec. 1, Ch. 150, L. 1923; Amd. Sec. 1, Ch. 186, L. 1925; Amd. Sec. 1, Initiative Measure No. 31, effective January 1, 1927.

In an action by the state to recover the tax imposed by this section, upon dealers in gasoline and distillate, commenced upon the theory that since the decision in *State v. Sunburst Refining Co.*, 73 Mont. 68, holding chapter 160, L. 1923, amendatory of such section, unconstitutional as so arbitrary, unjust and unreasonably discriminatory against dealers in Montana manufactured gasoline and distillate as to render it void as denying to them the equal protection of

the law, the original sections remain in force, held that the sections prior to amendment are likewise unconstitutional for the same reason. *State v. Sunburst Refining Co.*, 76 Mont. 472, 248 Pac. 186.

This section as amended by chapter 150, L. 1923, was so arbitrary, unjust and unreasonably discriminatory against dealers in Montana manufactured gasoline and in favor of those manufacturing gasoline imported into the state, that it is void as denying to the former the equal protection of the law. *State v. Sunburst Refining Co.*, 73 Mont. 68, 235 Pac. 428.

2383. Gasoline dealers' license tax. Every dealer shall, for the year 1927 and each year thereafter, when engaged in such business in this state, pay to the state treasurer for the exclusive use and benefit of the state of Montana a license tax for engaging in such business in this state equal to three cents for each gallon of gasoline sold or distributed by such dealer in this state during such year, provided, however, that no gasoline sold by such dealer, which was purchased by him from a producer or distributor, who had paid the tax thereon, shall be included or considered in determining the amount of such license tax to be paid by such dealer, but only such gasoline as was shipped, transported or imported into this state and purchased by such dealer before it had arrived in and was brought to rest within this state and then resold by such dealer, whether

in the original packages or in broken packages, shall be included or considered for the purpose of computing such license tax.

Amd. Sec. 2, Ch. 150, L. 1923; Amd. Sec. 2, Ch. 186, L. 1925; Amd. Sec. 2, Initiative Measure No. 31, effective January 1, 1927.

This section as amended by chapter 150, L. 1923, imposing a license tax upon distributors of and dealers in gasoline, is so arbitrary, unjust and unreasonably discriminatory against dealers in Montana

manufactured gasoline and in favor of those handling gasoline imported into the state, that it is void as denying to the former the equal protection of the law. State v. Sunburst Refining Co., 73 Mont. 68, 235 Pac. 428.

Applied with section 2382 in State v. Sunburst Refining Co., 76 Mont. 472, 248 Pac. 186.

2384. Quarterly payment of tax—Delinquencies. Such license tax shall be paid in quarterly installments for the quarters ending, respectively March 31st, June 30th, September 30th, and December 31st, in each year, beginning with the quarter ending June 30, 1925, and the amount of such license tax becoming due for each quarter shall be paid to the state treasurer within thirty days after the end of the quarter for which the same is due. Any such taxes not paid within the time herein provided for shall be delinquent and a penalty of ten per cent thereof shall be added thereto, and the whole thereof shall bear interest at the rate of one per cent per month from the date of delinquency until paid.

Amd. Sec. 3, Ch. 186, L. 1925.

2389. Penalty for failure to make statement—Suit for collection. If any distributor or dealer shall fail, neglect, or refuse to make any statement required by section 2386 within the time therein provided, the state board of equalization shall, immediately after such time has expired proceed to inform itself as best it may, regarding the matters and things required to be set forth in such statement, and from such information as it may be able to obtain, to make a statement showing such matters and things, and determine and fix the amount of the license tax due the state from such delinquent distributor or dealer for such quarter adding to the amount of such license tax a penalty of five per cent thereof for the first failure, neglect, or refusal; ten per cent for the second; fifteen per cent for the third, and twenty-five per cent for the fourth and each subsequent failure, neglect, or refusal and deliver such statement to the state treasurer, who shall proceed to collect the amount of such license tax with penalty added thereto, and interest on the whole thereof, at the rate of twelve per cent per annum from the date of the making of such statement by the state board of equalization until paid. Upon request of the state treasurer it shall be the duty of the attorney general to commence and prosecute the final determination in any court of competent jurisdiction, an action at law to collect the same. All license taxes due from any distributor or dealer under the provisions of this act, together with all penalties and interest thereon shall be a prior lien upon any and all property used by such distributor or dealer in connection with such business or operation subject to such license taxes, whether such property is owned by such distributor or dealer or not, which lien shall have precedence over any other lien, claim or demand, and may be enforced in the name of the state of Montana in the same manner as other liens are enforced at law. No action shall be maintained by any such

distributor or dealer to review, revise or change such statement in any particular or to enjoin the collection of the license tax, or any part thereof, and such distributor or dealer shall have no right to pay such license tax, or any part thereof, under protest, and maintain any action to recover the same.

Amd. Sec. 4, Ch. 186, L. 1925.

2392. Expenditure proceeds tax in highway construction. All money received by the state treasurer in payment of license taxes under the provisions of this act shall be deposited by him and credited to the state highway fund. All money so collected and deposited in the state highway fund shall be used and expended by the state highway commission in the construction, reconstruction, betterment, maintenance, administration and engineering on the federal highway system of highways in this state selected and designated under the provisions of the federal aid act, approved July 11, 1916, and the federal highway act approved November 9, 1921, and all amendments thereto, and for the purpose of construction, reconstruction, betterment, maintenance, administration and engineering of highways leading from each county seat in the state to said federal highway system of federal aid roads where such county seat is not on said system, and for the purpose of construction, reconstruction, betterment, maintenance, administration and engineering of such other roads as have been or may be authorized by the laws of Montana. Provided, that the total net cost to the state for administration and engineering on the federal aid work contemplated by this act shall not exceed for any fiscal year eight per cent of the total of state, federal aid and other available funds expended under the supervision of the state highway commission. It shall be the duty of the state highway commission, in expending such money, to carry forward construction from year to year, using the money expended through the matching up of federal aid allotments to Montana upon the said federal highway system of highways in the various parts of the state, so far as it may be possible within a reasonable development of the whole federal highway system, in proportion to the amount of mileage still to be constructed in the various sections of that system.

CHAPTER 186.

OIL PRODUCERS' LICENSE TAX.

2397. "Person" defined.

The tax of one per cent of the gross value of crude oil exacted from persons engaged in producing petroleum within the state, by sections 2397-2408, is not a property tax or imposed for regulatory purposes under the police power, but is a revenue measure and the exaction is a license or occupation tax. *Mid-Northern Oil Co. v. Walker et al.*, 65 Mont. 414, 211 Pac. 353.

An oil company operating under leases from the United States government and

assigned to it, under the terms of which the lessees were given the exclusive right to explore for, extract and dispose of oil and gas in lands covered by homestead entries for which patents had not issued, is not such an agency or instrumentality of the federal government as to render the license or occupation tax imposed by sections 2397-2408 invalid. *Mid-Northern Oil Co. v. Walker et al.*, 65 Mont. 414, 211 Pac. 353.

2398. Oil license tax—Amount—Development work excluded. Every person engaging in or carrying on the business of producing, within this state, petroleum, or other mineral or crude oil, or engaging in or carrying on the business of owning, controlling, managing, leasing or operating within this state any well or wells from which any merchantable or marketable petroleum or other mineral or crude oil is extracted or produced, sufficient in quantity to justify the marketing of the same, must, for the year 1923, and each year thereafter, when engaged in or carrying on any such business in this state, pay to the state treasurer, for the exclusive use and benefit of the state of Montana, a license tax for engaging in and carrying on such business in an amount equal to two per centum of the total gross value of all petroleum and other mineral or crude oil produced by such person within this state during such year; but in determining the amount of such tax there shall be excluded from consideration all petroleum, or other crude or mineral oil produced and used by such person during such year in connection with his operations in prospecting for, developing and producing such petroleum, crude or mineral oil; provided, however, that nothing in this act shall be construed as requiring laborers or employees, hired or employed by any person, to drill any oil well, or to work in or about any oil well, or prospect or explore for, or do any work for the purpose of developing any petroleum or other mineral or crude oil to pay such license

tax, nor shall any work be done, or the drilling of any well or wells, for the purpose of prospecting or exploring for petroleum or other mineral or crude oils, or for the purpose of developing same, be deemed to be engaging in or carrying on of any such business; provided, further, that in the doing of any such work, or in the drilling of any oil well, or in such prospecting, exploring or development work, any merchantable or marketable petroleum or other mineral or crude oil in excess of the quantity required by such person for carrying on such operation shall be produced sufficient in quantity to justify the marketing of the same, than [then] such work, drilling, prospecting, exploring or development work shall be deemed to be the engaging in and carrying on of such business within this state within the meaning of this section.

Amd. Sec. 1, Ch. 67, L. 1923.

2399. Payment and distribution of tax. Such license tax shall be paid in semi-annual installments for the semi-annual periods ending respectively June 30th and December 31st of each year, beginning with the semi-annual period ending June 30, 1923, and the amount of the license tax for each semi-annual period shall be paid to the state treasurer within thirty (30) days after the end of each semi-annual period. On January 31st of each year, the state treasurer shall transfer to the common school interest and income fund of the state a sum equal to twenty-five per cent (25%) of the total amount of such license taxes collected during the preceding twelve months, the same to be apportioned in the same way as other moneys in the said fund and at the same time; the state treasurer shall also apportion a sum equal to twenty-five per cent (25%) of such license taxes collected during such preceding twelve months to the county and district high schools of the state on the basis of the aggregate number of days' attendance during the preceding school year in each of said high schools respectively; and fifty per cent (50%) of such taxes shall be credited to the general fund of the state when received by the state treasurer.

Amd. Sec. 2, Ch. 67, L. 1923.

2400. Gross value of product—How determined. The total gross value of all petroleum, and other mineral or crude oil produced each year shall be determined by taking the total number of barrels thereof produced or for pumping said petroleum, or other mineral value at the mouth of the well during the month the same is produced, as determined by the state board of equalization; provided, however, that in computing the total number of barrels of petroleum, and other mineral or crude oil produced, there shall be deducted therefrom so much thereof as is used by such person in connection with the operation of the well from which said oil is produced or for pumping said petroleum, or other mineral or crude oil from the said well to a tank or pipe line.

2402. Record of product. Every such person shall keep a record in such form as the state board of equalization may require, of all petroleum and other mineral or crude oil extracted or produced by such person in this state, and such records shall at all times during the business hours of the day be subject to inspection by the state board of equalization, its members, agents, or employees. It shall be the duty of railroad companies, pipe-line and transportation companies carrying crude or mineral oil, to furnish to the state board of equalization, whenever requested so to do, all data relative to the shipment of said products, that may be required to properly enforce the provisions of this act. The failure of any railroad company, pipe-line, and transportation companies to comply with the provisions of this section shall make such companies liable to a penalty of one hundred (\$100) dollars for each day it shall fail to furnish such statement.

The state treasurer shall receive and file all such statements and collect and receive from such person making and filing a statement with him the amount of tax payable by such person, if any, as the same shall appear from the face of the statement. The state treasurer shall indorse on each statement as soon as the same is received by him, the date when so received, the name and postoffice address of the person from whom received; and the amount of tax, if any, paid by such person; and he must number such statement consecutively, beginning with number one (1) for each year followed by the year. CHAPTER 191.

MISCELLANEOUS LICENSES.

2441. Architects, builders, contractors, manufacturers.

A company conducting a bakery is a "manufacturer" within the meaning of this section, providing for the payment of a license of ten dollars per quarter by every "manufacturer doing a business of more than \$15,000 per quarter"; a manufacturer being one who produces articles for use from either raw or manufactured materials by giving to them new forms, qualities, properties or combinations. State v. Hennessy Co., 71 Mont. 301, 230 Pac. 64.

The tax imposed by this section upon

a manufacturer is the license or occupation tax provided for by the last sentence of section 1, article XII, of the constitution, and is not controlled by the uniformity clause contained in section 11 of the same article; hence such license tax may be graduated according to the amount of business done and is not open to attack as being discriminatory because one doing a business of \$15,000 or less a year is relieved from payment thereof. State v. Hennessy Co., 71 Mont. 301, 230 Pac. 64.

The state board of education is authorized, empowered and directed to administer the expenditure of such federal appropriations as may be made for the construction and maintenance of schools and the education of the Montana Indians. The state bureau of child and animal protection is authorized, empowered and directed to administer the expenditure of such federal appropriations as may be made for the relief of aged, infirm, and indigent Indians throughout the state of Montana. Subject to such limitations as the congress of the United States or the secretary of the interior may lawfully impose upon the administration of such funds, the several state departments above mentioned are authorized to expend the same for the purposes within their respective jurisdictions which in the opinion of the respective heads of said departments will best conserve the interests and welfare of all the Indians residing within the state of Montana.

En. Sec. 2, Ch. 65, L. 1927.

2460.3. Budgets. If the congress of the United States shall require the submission of budgets to the secretary of the interior or any other federal agency before authorizing the expenditure of federal funds, such state agencies are hereby authorized to prepare budgets showing the amounts necessary during each year to carry out the purposes for which such federal appropriations may be made, and shall submit such budgets when prepared to the state board of control who shall co-ordinate the same so far as possible and approve them before they are forwarded to the federal agency charged with receiving them by congress. Thereafter said state agencies shall account directly to the federal disbursing and auditing officers and employees of each of said departments shall be responsible upon their official bonds to such federal disbursing and auditing officers for a proper accounting for all funds so disbursed.

It is further provided that any person so appointed shall work under the direction of the state board of entomology or its duly authorized representative in any county concerned.

En. Sec. 1, Ch. 24, L. 1923.

2561.2. Spotted fever control fund—Creation and use. The board of county commissioners in any county in which there are any such control districts may create a "Rocky mountain spotted fever control fund," either by appropriating money from the general fund of the county or at any time fixed by law for the levy and assessment of taxes, levy a tax not exceeding one-half mill on the dollar of assessed valuation, upon all property in the county, the proceeds of which shall be used solely for the purpose of providing for the shooting, poisoning, trapping or otherwise catching or killing of rodents in said county. The fund to be provided, to be raised in accordance with this section, shall be denominated the "Rocky mountain spotted fever control fund," and shall be kept separate and distinct by the county treasurer, and shall be expended by the board of county commissioners, and at such times and at any place in the county, and in such manner as is desired by the state board of entomology to secure the abatement or extermina-

tion of rodents which are hosts of any tick transmitting Rocky mountain spotted fever.

En. Sec. 2, Ch. 24, L. 1923.

2561.3. Report and pay of appointee. Any person appointed by the board of county commissioners under the provisions of this act shall at the end of each month, make a sworn statement to the county of the time expended in shooting, poisoning, trapping or otherwise catching and killing rodents, exclusive of time going to and returning from work, and such person shall be paid at the rate not to exceed three dollars and fifty cents (\$3.50) per day of eight hours.

En. Sec. 3, Ch. 24, L. 1923.

2561.4. Purchase of material. The board of county commissioners of any county may, from time to time, purchase such quantities and amounts of poisons, traps or other materials as may be necessary to carry out the provisions of this act to shoot, poison, trap or otherwise catch or kill rodents in any Rocky mountain spotted fever control districts of the state board of entomology within the limits of the county concerned.

En. Sec. 4, Ch. 24, L. 1923.

2561.5. Rodents—Defined. The term "rodents" as used within the limits of this act shall include such rodent or rodents as are known to be hosts of any tick which transmit Rocky mountain spotted fever and are required to be exterminated by those regulations of the state board of entomology which are in force in any county concerned in the year during which the appropriation shall be made.

En. Sec. 5, Ch. 24, L. 1923.

2561.6. Act supplemental. All acts or parts of acts in conflict herewith are hereby repealed; provided, however, that except as herein otherwise specified this act shall be construed as supplemental to and a part of all laws of this state relating to the control of Rocky mountain spotted fever.

CHAPTER 198.

CONTROL OF VENEREAL DISEASES.

2564. Venereal diseases dangerous to public health.

Evidence showing that a woman had been plying her trade as a prostitute within a short time prior to her arrest by the county health officer under sections 2564-2577 and detention in quarantine on the ground that she was affected with

gonorrhea, was a constant associate of prostitutes, etc., held sufficient to warrant her detention until such time as it was safe to allow her to go at large. In re Caselli, 62 Mont. 201, 204 Pac. 364.

CHAPTER 199.

PURE FOOD AND DRUG ACT.

2589. License for manufacturers and purveyors of food and drinks.

Offered evidence to show that plaintiff did not have the license required by this section, authorizing him to conduct his restaurant business, at the time he was evicted by his landlord before expiration of the lease, was immaterial, since that fact alone would not tend to prove that

he could not have procured one upon placing the premises in a sanitary condition. *Quong et al. v. McEvoy et al.*, 70 Mont. 99, 224 Pac. 266.

Cited in *State v. Hennessy Co.*, 71 Mont. 301, 307, 230 Pac. 64.

The fee for such license shall be \$250 (two hundred fifty dollars) for a license to sell at wholesale and \$75 (seventy-five dollars) for a license to sell at retail. Said amount or amounts shall be paid at the beginning of each quarter of the calendar year, or at the time when application for license is made, and a license shall be issued to cover the following quarterly period or such part of it as remains at the time such license is issued. Such license shall be posted in a conspicuous place in each store or place of business for the inspection of the public and may be revoked by the commissioner of agriculture, labor and industry for failure of the holder thereof to comply with the laws of the state of Montana. 2630. Unfair discrimination. Any person, firm, copartnership or corporation engaged in the business of buying milk, cream or butter fat for the purpose of manufacture or sale, who shall discriminate between different sections, localities, communities, or cities of this state, by purchasing such commodity at a higher price or rate in one locality than is paid for the same commodity by said person, firm, copartnership, or corporation in another locality, after making due allowance for the difference, if any, in the quality of such commodity or commodities, and the actual cost of transportation from the locality of purchase to the locality of manufacture, shall be deemed guilty of unfair discrimination and upon conviction thereof shall be punished by a fine of not less than two hundred dollars nor more than ten thousand dollars, or by imprisonment for not less than thirty days, nor more than twelve months in the county jail, or by both such fine and imprisonment for each offense.

2778.4. Burning permits—Granting and suspension. To insure the protection of lives and property, no person shall burn any forest material of the kind defined by this act within the state of Montana during the period from May 1 to September 30, inclusive, of each year, which period is hereby designated as the closed season, without first obtaining written permission to burn, from the state forester or his authorized representative, a fire warden, or a ranger. Said permit shall fix the time for setting out fires and the particular period within which a fire may be set out and allowed to continue burning, and no fire shall be set without reasonable precaution having been taken and without having equipment and tools present at time of setting the fire to control the same, and the said fire shall be watched by the person setting the fire until it is out. Anyone violating any provisions of this section shall, upon conviction thereof, be fined not less than twenty-five dollars (\$25) nor more than five hundred dollars (\$500), or be imprisoned in the county jail not less than ten (10) nor more than ninety (90) days, or by both such fine and imprisonment.

The state forester, any of his assistants, any fire warden or ranger, may during the closed season, refuse to grant permits, or may revoke any permit, or may require any permittee to postpone the burning authorized by permit when in his judgment such action is necessary.

In times and localities of unusual forest fire hazard, the governor, upon the advice of the state forester, may suspend any or all permits authorized by this section.

En. Sec. 4, Ch. 95, L. 1927.

2778.5. Cutting right of way—Piling brush. Everyone clearing right of way for any railroad, public highway, public trail, private highway, private road, trail, ditch, dike, pipe line or wire line, or any other transmission or transportation utility right of way, except temporary roads, chutes or trails used in actual logging operations, shall pile and burn all refuse timber, brush, slash or debris cut for such clearing or resulting from the cutting of material for the construction of said public or private utility unless exempted by the state forester.

The piling shall be done as rapidly as cutting or clearing progresses, and burning shall be completed within one (1) year from time of cutting. If burning be done during the closed season it must be done in compliance with all the provisions of this act relative to burning permits during the closed season.

The provisions of this section shall apply to all clearing of rights of way on behalf of the state, county, highway districts and road districts, whether the work be done by day labor, or by contract, and less [unless] unavoidable emergency prevents, provisions shall be made by the proper officials conducting, directing, or letting said work for withholding until it is complete, a sufficient portion of the payment therefor to assure compliance with this act.

Violations of any of the provisions of this section shall be deemed a misdemeanor and be punishable by a fine of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000).

In addition to the penalty herein provided, the offender may be enjoined, at the instance of the state forester, or of the fire warden of the district, from proceeding with such work until the provisions of this section shall have been complied with; and, upon application of the state forester, or of the fire warden of the district, to any court of competent jurisdiction, a writ of mandate shall issue compelling the offender to fully comply with the provisions hereof.

En. Sec. 5, Ch. 95, L. 1927.

2778.6. Duty of those cutting timber to remove fire hazards. Every person, firm or corporation who shall hereafter cut any timber, logs, ties, posts, poles, cordwood, or pulpwood or any other forest product upon lands within the state of Montana shall remove any fire hazard to the property of others created by the slashings, incident to such cutting, by partial or complete disposal of said slashings, or by other procedure, to the extent and in the manner required by the state forester under the conditions obtaining, provided that expenditures in excess of fifteen (15) cents per thousand (1,000) feet board measure, or the equivalent thereof, of any merchantable timber cut shall not be required.

The state forester and fire wardens acting under his authority shall enforce the provisions of this section and the requirements of the state forester made thereunder.

En. Sec. 6, Ch. 95, L. 1927.

2778.7. Removal of slash hazards required—Slashings lien. If any person, firm or corporation shall fail, refuse or neglect to remove slash hazards hereafter created in accordance with the requirements of the state forester for a period of thirty (30) days after the date of a written

order to remove such slash hazards forwarded by registered mail to the person, firm or corporation required by this act to remove said slash hazards, by the state forester or his authorized representative, the state forester may procure the removal of the slashings, or such part thereof as he shall deem necessary and he shall immediately afterwards notify the person, firm or corporation that had failed to remove the slash hazards of the cost of their removal and demand payment of the cost thereof, which shall not be in excess of fifteen (15) cents per thousand (1,000) feet board measure, or equivalent thereof, of any merchantable timber cut plus ten (10) per cent to cover additional costs incurred by the state. If payment of the sum demanded be not made to the state forester within thirty (30) days after the date of such demand, the state forester must transfer all papers relative to the unsatisfied demand for payment to the attorney general of the state, who shall bring legal action on behalf of the state to recover the debt. If the amount expended by the state forester for the removal of the slashings be not paid within the time herein required, a lien as security for the amount of the debt shall attach to the land on which the slashings were created and or the timber or other forest products cut or produced from such land from and after the date that notice of such lien shall be filed by the state forester in the office of the clerk and recorder of each county in which said land is situated.

The lien shall be known and recorded as a "slashings lien."

Upon the filing of such notice in the office of the clerk and recorder of the proper county it shall immediately and thereafter constitute a lien upon said land and or timber or other forest products until it shall have been released or satisfied.

En. Sec. 7, Ch. 95, L. 1927.

2778.8. Effect partial invalidity act. If any section, subdivision, sentence, or clause of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act.

En. Sec. 9, Ch. 95, L. 1927.

CHAPTER 213.

WORKMEN'S COMPENSATION ACT—INDUSTRIAL ACCIDENT BOARD.

2816. Name of act—What each part to contain.

The operation of an electric passenger elevator is not a hazardous employment within the provisions of the Workmen's Compensation Act. Page v. New York Realty Co., 59 Mont. 305, 196 Pac. 871.

The question as to what persons or accidents come within the provisions of the Workmen's Compensation Act is one of law rather than one of fact. Page

v. New York Realty Co., 59 Mont. 305, 196 Pac. 871.

This and following sections of the Workmen's Compensation Act were cited as chapter 96, L. 1915, in State ex rel. Lockwood v. Tyler, 64 Mont. 124, 139, 208 Pac. 1081.

For text treatment of this subject see vol. 27 Cal. Jur. 250.

2836. Defenses excluded in personal injury action.

The Workmen's Compensation Act, in so far as it provides compensation to an injured employee for injuries received from an accident growing out of and in

the course of his employment, is exclusive of all other remedies. *Wirta v. North Butte Mining Co. et al.*, 64 Mont. 279, 30 A. L. R. 964, 210 Pac. 332.

Cited in *Miller v. Granite County Power Co. et al.*, 66 Mont. 368, 372, 213 Pac. 604.

This and the two following sections were cited as sections 3 a, b and c, chapter 96, L. 1915, in *Page v. New York Realty Co.*, 59 Mont. 305, 312, 196 Pac. 871.

2837. Defenses not excluded in personal injury action against employer in nonhazardous occupation and certain other occupations. The provisions of section 2836 shall not apply to actions to recover damages for personal injuries sustained by household and domestic servants or those employed in farming, dairying, agricultural, viticultural, and horticultural, stock or poultry raising, or engaged in the operation and maintenance of steam railroads conducting interstate commerce, or persons whose employment is of a casual nature.

Amd. Sec. 1, Ch. 121, L. 1925.

An employer who elects not to come under the provisions of the Workmen's Compensation Act may, under this section invoke the common-law defenses of contributory negligence, negligence of a fellow-servant and assumption of risk in an action for personal injuries sustained

by an employee, if the injuries were sustained while the latter was engaged in an employment of a casual nature, even though such employment was hazardous within the meaning of the act. *Miller v. Granite County Power Co. et al.*, 66 Mont. 368, 213 Pac. 604.

2838. Employers not liable for death or injury other than herein defined—Employees who elect not to come under law.

To create liability under the Workmen's Compensation Act, there must have been an accident causing injury to the employee which arose out of his employment and in the course thereof. *Wirta v. North Butte Mining Co. et al.*, 64 Mont. 279, 30 A. L. R. 964, 210 Pac. 332.

The test to be applied in determining whether plaintiff employee and defendant mining company were subject to the Workmen's Compensation Act is whether plaintiff could enforce liability against defendant under the act for the injuries sustained by him. If so, he as well as

the company were bound by its provisions. *Wirta v. North Butte Mining Co. et al.*, 64 Mont. 279, 30 A. L. R. 964, 210 Pac. 332.

Sections 2838, 2839 were cited in *Miller v. Granite County Power Co. et al.*, 66 Mont. 368, 373, 213 Pac. 604; *Bruce v. McAdoo*, 65 Mont. 275, 288, 211 Pac. 772.

This and section 2839 were cited in *Wirta v. North Butte Mining Co. et al.*, 64 Mont. 279, 287, 30 A. L. R. 964, 210 Pac. 332.

2839. Employers not liable for death or injury other than herein defined—Employees who elect not to come under act.

Where a coal mining company and its employees had elected to operate under plan 3 of the Workmen's Compensation Act, and plaintiff employee received injuries in the course of his employment at the company's plant because of a defective brake on a car furnished his employer by defendant railroad company, the remedy afforded him by the provisions of the Compensation Act was exclusive, depriving him of the right to maintain action for damages against the railroad company for its negligent failure to have the car equipped with a reasonably safe

appliance. *Black v. Northern Pacific Ry. Co.*, 66 Mont. 538, 214 Pac. 82.

The provisions of the Compensation Act with relation to compensation are exclusive of any other remedy, except where the injury was caused by the negligence of a third person away from the plant of the employer, in which case alone the employee or his beneficiaries in case of death are given the right of election whether to take under the act or seek damages from such third person. *Bruce v. McAdoo*, 65 Mont. 275, 211 Pac. 772.

2841. Employers engaged in hazardous industries—Election.

This and the following section were cited as sections 3 f and g, chapter 96,

L. 1915, in *Page v. New York Realty Co.*, 59 Mont. 305, 313, 196 Pac. 871.

2847. Act applies to all inherently hazardous occupations as enumerated.

Cited in *Miller v. Granite County Power Co. et al.*, 66 Mont. 368, 373, 213 Pac. 604; *Bruce v. McAdoo*, 65 Mont. 275, 289, 211 Pac. 772.

were cited as sections 4 a, b, c, d, e, chapter 96, L. 1915, in *Page v. New York Realty Co.*, 59 Mont. 305, 313, 196 Pac. 871.

2852. Hazardous occupations not enumerated or hereafter arising.

Under the rule of statutory construction that where general words follow an enumeration of particular subjects, they must be held to include only such objects or things as are of the same general character of those specifically mentioned, the provision of this section making it applicable to any hazardous

occupations, other than those enumerated, which might thereafter arise, held to apply only to such employments or industries as are of the same nature as those specifically mentioned in the act. *Page v. New York Realty Co.*, 59 Mont. 305, 196 Pac. 871.

2856. Mill defined.

Amd. Sec. 6, Ch. 121, L. 1925.

2888. "Casual employment" defined.

Defendant's business was that of generating and disposing of electric power. A watchman at its plant employed a minor to dig a well to secure water for use at the watchman's dwelling-house. The minor was killed while doing so. The company had elected not to come under the Workmen's Compensation Act.

Held, that the employment of decedent was not in the usual course of business of the company but was casual and therefore the defenses of contributory negligence and assumption of risk were available to defendant. *Miller v. Granite County Power Co. et al.*, 66 Mont. 368, 213 Pac. 604.

2889. "Plant of the employer" includes what.

Where a railroad company delivered empty cars and transported loaded ones over a spur-track constructed to a point near a coal mine, and the portion of the track where the coal company placed loaded cars was indispensable to the conduct of its business, and one of the latter company's employees was injured while attempting to set a defective brake on

a loaded car which he was moving in the course of his employment, the injury occurred at the "plant" of his employer, within the Workmen's Compensation Act, entitling him to compensation under that act. *Black v. Northern Pacific Ry. Co.*, 66 Mont. 538, 214 Pac. 82.

In case an applicant for a certificate of registration has been admitted to practice optometry in any state, and has secured an average of seventy-five (75) per cent in his examination in such other state, he may, in the discretion of the said board, be granted a certificate to practice his profession in Montana, without examination, upon his payment of all fees, provided the state from which said applicant comes offers equal privileges to applicants for certificates of registration from this state.

Amd. Sec. 4, Ch. 171, L. 1925.

Cited in *Swanz v. Clark*, 71 Mont. 385, 387, 229 Pac. 1108.

3161. Renewal of registration—Penalty. Every registered optometrist who desires to continue the practice of optometry in this state shall annually on or before the second day of July of each year pay to the secretary of said board a renewal fee not to exceed the sum of ten dollars (\$10) in return for which a renewal of registration shall be issued. If any person shall fail or neglect to procure his annual renewal of registration, his certificate of registration shall be revoked by said board; provided, however, that no certificate of registration shall be revoked without ninety days notice having been given to the delinquent who within such period shall have the right to the renewal of his certificate of registration on the payment of the renewal fee with a penalty of twenty-five dollars (\$25).

Amd. Sec. 4½, Ch. 171, L. 1925.

3165. Use of funds—Duty of secretary. Out of the funds coming into the possession of said board, each member thereof may receive as

compensation, the sum of fifteen dollars (\$15) and necessary expenses for each day actually engaged in the duties of his office. Such sums shall be paid from the fees received by said board under the provisions of this act, and no part of the salary or other expenses of the board shall ever be paid out of the state treasury. All moneys received in excess of said expenses, as above provided for, shall be held by the secretary as a special fund for meeting expenses of said board, and carrying out the provisions of this act, and he shall give such bonds as the board shall from time to time direct, and the secretary of said board shall make an annual report of its proceedings to the governor on the first Monday in January of each year, which report shall contain an account of all moneys received and disbursed by them pursuant to this act.

Amd. Sec. 5, Ch. 171, L. 1925.

3166. Procedure and grounds for revocation of license. Said board shall have the power to revoke any certificate of registration granted by it under this act for conviction of crime, habitual drunkenness, contagious or infectious disease, gross immorality, gross ignorance or inefficiency in his profession, or for unprofessional conduct. Unprofessional conduct shall mean: obtaining any fee by fraud or misrepresentation; employing directly or indirectly any suspended or unlicensed optician or optometrist to perform any work covered by this act; permitting another to use his certificate of registration; soliciting or sending a solicitor from house to house; treatment or advice in which untruthful or improbable statements are made; professing to cure disease; advertising in which ambiguous or misleading statements are made; the use in advertising of the expression "eye specialist" or "specialist on eyes" in connection with the name of an optometrist; provided, that this act shall not prohibit legitimate or truthful advertising by any registered optometrist and provided that before any certificate shall be revoked, the holder thereof shall have notice in writing of the charge or charges against him, and, at a day specified in said notice, at least ten days after the service thereof, be given a public hearing, and have opportunity to produce testimony in his behalf, and to confront the witness against him. Any person whose certificate has been revoked may appeal to the courts or may after the expiration of ninety days apply to have the same regranted and the same shall be regranted him upon a satisfactory showing that the disqualification has ceased.

Amd. Sec. 6, Ch. 171, L. 1925.

Cited in Swanz v. Clark, 71 Mont. 385, 389, 229 Pac. 1108.

3166A. Second revocation. Any optometrist convicted a second time for violation of the provisions of this chapter or whose certificate of registration or examination has been revoked a second time shall not be permitted to practice optometry in this state.

En. Sec. 2, Ch. 44, L. 1927.

3167. Penalty. Any person who shall violate any of the provisions of this act shall be decreed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than two hundred dollars (\$200) and

not more than five hundred (\$500) dollars, or by imprisonment in the county jail not exceeding one year, or by both fine and imprisonment as the court may determine. All fines thus received shall be paid into the common school fund of the county in which such conviction takes place.

CHAPTER 227.

PHARMACY REGULATIONS—SALE OF OPIATES.

3186. Sale of opium, morphine, mariahuana, and their derivatives.

It shall be unlawful for any person to sell, furnish, or dispose of any opium, morphine, alkaloid-cocaine, or alpha or beta eucaine, or codeine, or heroin, or mariahuana (*Cannabis Indica*), or any derivative, mixture, or preparation of any of them except upon the signed prescription of a physician or veterinarian duly licensed under the laws of the state; which prescription should be retained by the person dispensing the same, shall be filled but once, and of which no copy shall be taken by any person except as hereafter provided. The person dispensing the same at the time thereof shall indorse on the back of such prescription, the name, street, and house number of the person to whom dispensed; and the proprietor or manager of the store where dispensed shall keep the prescriptions in a permanent file, separate from other prescriptions, in his place of business for the period of two (2) years after the same should have been dispensed, and at any time shall allow the same to be inspected and copies thereof to be made by any peace officer, prosecuting attorney of the county where sold, or any authorized instructor [inspector] of drugs, provided that nothing herein contained shall prohibit any manufacturer or licensed druggist from selling or delivering any of the above named to a person known to be a licensed physician, licensed veterinarian, or licensed druggist, nor prohibit a physician or veterinarian from dispensing the same in good faith to his patients, nor prohibit the sale of patent or proprietary or medicinal preparations containing opium or morphine in combination or compound with other active elements, where the dose of opium is less than one-quarter grain, or morphine in more than one-twentieth grain, or codeine in more than one-quarter grain, or heroin in more than one-twelfth grain, or in which mariahuana (*Cannabis Indica*) is present in quantities not greater than one-fourth grain of the solid extract to the fluid or avoirdupois ounce.

To the extent of any conflict between them, this section is superseded by section 3189 as enacted by chapter 202,

3188. Penalty for violation of act.

Cited in *State v. Wong Fong*, 75 Mont. 81, 84, 241 Pac. 1072.

3189. Regulation sale of opium and other narcotics.

This section, prohibiting the sale, inter alia, of coca leaves or a derivative thereof, supersedes section 3186, enacted in 1911, and section 11239, enacted in 1895, so far as it comprehends or conflicts with the subject matter of the two latter sections, and that the trial court's holding that an information charging the unlawful sale "of cocaine, a derivative of coca leaves" was based upon that section was correct. *State v. Wong Fong*, 75 Mont. 81, 241 Pac. 1072.

In the prosecution for the illegal sale of morphine under this section, the information need not contain the negative averment that the drug was not sold upon prescription; if it does contain such an allegation it is surplusage, rendering

proof thereof unnecessary, the fact that it was so sold being a matter of defense. *State v. Finley*, 72 Mont. 42, 231 Pac. 390.

An information charging a violation of the narcotic law was insufficient for failure to state the name of the purchaser of the drug and that the sale was made at retail or to a consumer. *State v. Hem*, 69 Mont. 57, 220 Pac. 80.

The intent of the legislature to prohibit the possession and use of narcotics under certain conditions is sufficiently expressed in the title of chapter 202, L. 1921 (secs. 3189-3202). *State v. Mark*, 69 Mont. 18, 220 Pac. 94.

Sections 3189-3202 were cited in *State v. Mun*, 76 Mont. 278, 280, 246 Pac. 257.

3190. Remedies excepted from act.

Under the rule that an indictment or information need not negative an exception contained in the statute under which the prosecution is had, unless the exception is necessary to a complete definition of the offense sought to be charged, an information charging unlawful possession of opium was sufficient as against the objection that the failure of the pleader

to negative the exception contained in this section, providing that the act should not apply to the possession of preparations and remedies which do not contain more than two grains of opium to the ounce, rendered it insufficient to charge a public offense. *State v. Mun*, 76 Mont. 278, 246 Pac. 257.

3192. Use of opiates by physicians, veterinary surgeons and dentists.

Cited in *State v. Mun*, 76 Mont. 278, 282, 246 Pac. 257.

3200. Regulation of possession or control of drugs.

Under this section it is unlawful for any person (other than those permitted by the act to have lawful possession of them) to have in his possession any of the drugs mentioned therein, and the possession or control of any of such drugs shall be presumptive evidence that the drug is possessed or controlled in violation of the law; hence the contention that the presumption of guilt from possession does not arise until it be first proved that the possession was obtained contrary to the provisions of the act is without merit. (Dictum in *State v. Mark*, 69 Mont. 18, to the contrary, disapproved.) *State v. Mun*, 76 Mont. 278, 246 Pac. 257.

The provision of chapter 202, L. 1921, placing upon defendant charged with the unlawful possession of narcotics the burden of proving that his possession thereof came within one of the exceptions enumerated in the act and was therefore lawful, did not deprive him of any constitutional guaranty and that an instruction in keeping with the statutory provision was properly given, the evidence clearly showing unlawful possession. *State v. Mark*, 69 Mont. 18, 220 Pac. 94.

Cited in *State v. Finley*, 72 Mont. 42, 47, 231 Pac. 390.

3202. Penalty for unauthorized possession or sale of narcotic drugs.

Any person, either principal or agent except such persons as are duly authorized by law, having possession or control of any drug mentioned in sections 3189 to 3201, both inclusive, of the Revised Codes of Montana of 1921, shall, upon conviction, be punished by a fine of not less than five hundred dollars (\$500), nor more than three thousand dollars (\$3,000), and by imprisonment in the state prison for not less than one year, nor more than five years.

Any person, either principal or agent, who sells, barter, exchanges, distributes, gives away, or in any manner disposes of any of the drugs mentioned in sections above designated to a person over the age of eighteen (18) years, contrary to the provisions of said sections of the Revised Codes of Montana of 1921, shall upon conviction, be punished by a fine of not less than one thousand (\$1,000), nor more than three thousand dollars (\$3,000), and by imprisonment in the state prison for not less than five (5) years, nor more than ten (10) years.

Any person, either principal or agent, who sells, barter, exchanges, distributes, gives away, or in any manner disposes of any of the drugs mentioned in the sections above designated, contrary to the provisions of said sections of the Revised Codes of Montana of 1921, to any person of the age of eighteen (18) years, or under, shall upon conviction be punished by imprisonment in the state prison for not less than five years nor more than life.

Amd. Sec. 1, Ch. 36, L. 1923; Amd. Sec. 1, Ch. 38, L. 1925.

This section before amendment provided that the jury may fix the punishment by their verdict by a fine not exceeding \$1,000 or "by imprisonment for not more than three years, or by both such fine and imprisonment." The court instructed the jury that in case they found defendant guilty they must assess a fine of not less than \$500 nor more than \$3,000 and imprisonment in the state prison for not less than one nor more than five years. Held, prejudicially erroneous. *State v. Mark*, 69 Mont. 18, 220 Pac. 94.

The title of chapter 36, L. 1923, amend-

ing "section 3202 of chapter 202 of the Revised Codes of 1921, providing a penalty," is so defective as to render the chapter void, it being impossible to determine therefrom what act it was intended to amend nor what offense a penalty was provided for. *State v. Mark*, 69 Mont. 18, 220 Pac. 94.

Where, as in this section before amendment, the law does not fix the place of imprisonment, the place is in the county jail or city prison, and therefore a judgment not prescribing where the imprisonment shall be served is not invalid. *State v. Toy*, 65 Mont. 230, 211 Pac. 303.

Cited in *State v. Wong Fong*, 75 Mont. 81, 83, 241 Pac. 1072.

3202.1. Sale of peyote and mescal button forbidden. That it shall be unlawful for any person, firm, corporation or association to sell, furnish, or give away, or offer to sell, furnish or give away, or to have in his or its possession peyote (pellote), botanically known as *Lophophora Williamsii*; or *Agava Americana*, commonly known as the mescal button; or any compound, derivative, or preparation thereon [thereof].

En. Sec. 1, Ch. 22, L. 1923.

The provisions of section 4 of article III of the constitution of Montana, guaranteeing the free exercise and enjoyment of religious profession and worship, cannot be invoked as a protection against

legislation prohibiting the unlawful possession of peyote (a narcotic) under the claim that the drug was possessed for use by members of a church, for sacramental purposes. *State v. Big Sheep*, 75 Mont. 219, 243 Pac. 1067.

3202.2. Penalty. Any person who shall violate any of the provisions of this act shall be guilty of a misdemeanor and upon conviction thereof shall be fined not to exceed five hundred (\$500) dollars, or imprisonment in the county jail for a period of not to exceed six months, or by both such fine and imprisonment.

En. Sec. 2, Ch. 22, L. 1923.

CHAPTER 228.

NURSING—REGULATION OF PRACTICE.

3210. Requirements of applicants for registration. All applicants for registration under the provisions of this act shall furnish satisfactory evidence that he or she is at least twenty-one years of age, of good moral character, and has been graduated from a training school of nurses connected with a general hospital approved by the board, where a systematic course of at least three years' instruction is given, except in the cases hereinafter provided for; provided, that the board may grant proper credit upon such three year period to any student for previous training and study, under such rules and regulations as the board may prescribe. No training school for nurses shall accept students under eighteen years of age nor students who have not had a preliminary education of at least two years of high school; provided, that such training schools may accept students who have not had a preliminary education of at least two years of high school upon the recommendation of the board of examiners for nurses, each recommendation to be given by the board only when such students submit evidence, satisfactory to the said board, that they have educational qualifications equivalent to at least two years of high school. All persons registered under the provisions of this act shall pay to the secretary of said board a registration fee of fifteen dollars.

Amd. Sec. 1, Ch. 123, L. 1925.

3211A. Renewal of registration—Fees. During the month of June of each year, every registered nurse shall renew his or her certificate of registration, for the year beginning June first, with the board of examiners for nurses, for which renewal a fee of one dollar shall be paid to the treasurer of said board. The board may grant renewal, without fee, for reasons which are satisfactory to it, and upon granting such renewal the secretary of such board shall issue a certificate of renewal of registration.

En. Sec. 3, Ch. 123, L. 1925.

CHAPTER 233.

REGULATION OF LIVESTOCK INDUSTRY—DAIRY LICENSES.

CHAPTER 234.

THE LIVESTOCK SANITARY BOARD AND STATE VETERINARY SURGEON—QUARANTINE, INSPECTION, AND DESTRUCTION OF DISEASED STOCK.

3267.1. Governor may prohibit importation of diseased animals. Whenever the governor has good reason to believe that any disease dangerous or inimical to the livestock or poultry industry, or dangerous to dogs or other animals, had become epidemic in certain localities in any other state, territory, District of Columbia, or other country, he shall issue a

proclamation designating such localities, and prohibiting the importation therefrom into this state, except under such restrictions as he may deem proper, of any livestock, poultry, dogs or other animals, or articles, or commodities likely to convey such disease or diseases.

En. Sec. 1, Ch. 31, L. 1925.

3267.2. Penalty. Any person who, after the publication of such proclamation knowingly receives any livestock, dog, fowl, or other animal, or article, or commodity designated in such proclamation as likely to convey disease from any of the prohibited districts, and transports or conveys the same within the limits of this state, is punishable by imprisonment in the county jail, for not less than sixty days, nor more than eight months, and by a fine of not less than \$300, nor more than \$5,000, or by both such fine and imprisonment, and is further liable for any and all damages and loss that may be sustained by any person or persons by reason of the disobedience of such proclamation.

En. Sec. 2, Ch. 31, L. 1925.

3282. Licenses for producers of dairy products. It shall be unlawful for any persons, firm or corporation to conduct any dairy or milk plant, condensed milk factory, powdered milk factory, where either whole or skimmed milk is used for purposes of manufacture into powdered milk within the state of Montana, without first securing a license issued by the livestock sanitary board, which license shall expire on the last day of December of the current year in which it is issued; provided, also that said license may be revoked at any time by the livestock sanitary board or state veterinary surgeon when they, or he, shall determine that the person to whom a license is issued has failed to comply with the rules and regulations of the livestock sanitary board or failed to conduct such an establishment in a sanitary manner. All license fees collected under the terms of this section shall be paid into the general fund. The following schedule of license fees shall be charged for all licenses issued under the provisions of this section by the livestock sanitary board.

Amd. Sec. 11, Ch. 35, L. 1923.

3282.1. Effect unconstitutionality act. If any section of this act shall be declared unconstitutional for any reason, the remainder of the act shall not be affected thereby.

CHAPTER 239.

INSPECTION OF LIVESTOCK ON REMOVAL FROM ONE COUNTY TO ANOTHER.

3324. Inspection of cattle on transfer—Duty of railroads. From and after the passage of this act, it shall be the duty of any and all persons, associations or corporations removing or taking livestock or meat cattle from one county to another within this state by railroad, or in any other manner whatsoever, to cause the same to be inspected for brands by a state stock inspector, and no railroad company shall accept such livestock for shipment, unless the shipper shall produce a certificate of their inspection for brands as herein required: (provided, however, that the livestock commission may authorize said shipments to be made without said inspection, in the event there is an inspection made at destination; and, provided, further, that the provisions of this act shall not apply to the said stock when driven by the owner from one county to another for the purpose of pasturing, feeding, or changing the range thereof, nor to any stock so removed or taken by any person, association, or corporation, when such stock is used in the ordinary conduct of his business, and such person, association, or corporation has been the owner of said stock to be removed for at least three months.)

Amd. Sec. 1, Ch. 26, L. 1923.

3327.1. Authority to inspect and seize stolen stock. From and after the passage and approval of this act, all state stock inspectors inspecting any livestock either before or after shipment or removal from one county to another within the state of Montana, shall, in addition to the powers heretofore granted them by law, possess the further authority to inspect and seize, either at the point of shipment or at destination, any livestock or the proceeds thereof, which said inspector may have reason to believe is stolen, or upon which brands have been altered or obliterated, or which does not conform to the description contained on the tally sheet furnished by the shipper thereof, or to the description contained in any certificate of inspection issued before shipment or removal of said livestock.

En. Sec. 1, Ch. 37, L. 1927.

3327.2. Disposal of seized property. Upon taking possession of any such livestock in the exercise of the authority granted by this act, the inspector may retain same in his possession for not to exceed fifteen days at the expense of the owner, for the purpose of making further investigation relative to its ownership, or may either at once or at any time within said period of fifteen days, sell said livestock in the open market for the best available price and remit the proceeds, less the cost of keeping

and sale, to the state livestock commission, together with a full description of the animal or animals sold, giving marks or brands, if any, and a statement of the reason for the seizure and sale thereof. Said proceeds shall be turned over by the livestock commission to the state treasurer, and by the latter be deposited in the estray stock fund where it shall be subject to claim by the owner of the livestock in the same manner and for the same length of time as is provided by law for the making of claims against said fund.

En. Sec. 2, Ch. 37, L. 1927

CHAPTER 241.

ESTRAYS.

3338. Publication of description of estrays sold. Disposition of proceeds remaining in state treasury. A full description of estrays for which the proceeds derived from the sale remains in the hands of the treasurer unclaimed shall be published for the period of two consecutive weekly or semi-monthly issues next after May first of each year in not more than four weekly or semi-monthly publications in the state of Montana, said publications to be designated by the state livestock commission, and when such publication shall have been made and the proceeds from the sale of such animals shall have remained in the hands of the state treasurer for a period of two years, it shall be, by the treasurer, upon request of the state livestock commission, at once placed to the credit of the state livestock commission fund.

Amd. Sec. 1, Ch. 63, L. 1927.

For text treatment of this subject see vol. 2 Cal. Jur. 41.

3341. Shipment of estrays—Tally lists—Duty of railroads. Every person, agent, firm, corporation, pool or roundup association, who shall ship cattle from this state to any market where Montana livestock inspectors are maintained, may ship with their own cattle any estrays which may be among them, but they shall, before shipment, or at the time of loading same on the cars for shipment, carefully and as accurately as possible inspect or tally the brand on such cattle, whether their own or estrays, making a list in duplicate, which list shall state the date of loading, name of shipper, description of brands on each animal, number and class of the cattle bearing each brand, destination, name of the commission firm to whom consigned, and the name of the person in charge of the shipment. It shall be the duty of the railroad agent at the point of loading to require from the shipper tallies as described in this act, and to forward, within twenty-four (24) hours after loading, one copy to the livestock commission at Helena, Montana, and another copy to the Montana brand inspector at the point of destination.

Amd. Sec. 1, Ch. 29, L. 1923.

hundred dollars (\$300), or imprisonment in the county jail not to exceed six (6) months, or both such fine and imprisonment.

En. Sec. 2, Ch. 29, L. 1923.

CHAPTER 242.

INSPECTION OF SLAUGHTERED CATTLE.

3346. Hides of slaughtered cattle to be kept.

Rep. Sec. 8, Ch. 75, L. 1923.

In a prosecution for the larceny of cattle, admission of testimony tending to show that defendant had slaughtered cattle other than those alleged to have been stolen and thus had violated the provisions of this section, in failing to keep

the hides for ten days, was error, under the rule that upon the trial of one accused of crime, evidence of a distinct and separate offense is not admissible. *State v. Broadwater*, 75 Mont. 350, 243 Pac. 587.

3347 to 3350 inclusive. Relating to hides of slaughtered cattle.

Rep. Sec. 8, Ch. 75, L. 1923.

3350.1. Duty of purchasers of hides of cattle—Inspection. Any person, firm or corporation who shall purchase or receive any hides of cattle, shall obtain from the owner thereof, or from his legally authorized agent, at the time of purchasing or receiving the same, a bill of sale in writing, which bill of sale shall recite in full the date of receiving the hide or hides, the name of the person, firm or corporation selling such hides, a description of each hide which shall include the marks and brands on each hide, the weight thereof, and whether the same is dry or green, and shall keep a permanent record of all such purchases. Such records and bills of sale shall be exhibited for examination at any time upon demand of any stock inspector or peace officer of this state. All such hides so purchased shall be submitted for examination and inspection at any time within ten days after purchase, at the purchaser's residence or place of business, upon demand of any stock inspector or peace officer of this state. Any person, firm or corporation who shall fail to comply with the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished as hereinafter provided. It being expressly provided, that purchases of hides may be made in quantities exceeding ten (10) in number, in one purchase, from a seller who is regularly engaged in the slaughter of cattle, at a fixed place of business, who has already complied with the law regulating the slaughter of cattle, without a compliance with the foregoing provision of this section, if the seller shall deliver to the purchaser a copy of the record of the slaughter of the animals from which said hides were taken and none other.

En. Sec. 1, Ch. 61, L. 1923.

3350.2. Penalty for falsifying bill of sale. Any person, firm or corporation selling or disposing of hides in any manner, or any person, firm or corporation purchasing such hides, who shall wilfully or intentionally falsify the bill of sale covering such hides, shall be deemed guilty of a misdemeanor and shall be punished as hereinafter provided.

En. Sec. 2, Ch. 61, L. 1923.

3350.3. Other penalties. Any person, firm or corporation who violates any of the provisions of this act, shall upon conviction thereof, be punished by a fine of not less than twenty-five dollars, nor more than two hundred dollars, or by imprisonment in the county jail, for a period of not less than ten days nor more than sixty days, or by both such fine and imprisonment.

En. Sec. 3, Ch. 61, L. 1923.

3350.4. Mutilation or concealment hides forbidden. Every person who wilfully or maliciously mutilates, destroys, or conceals the hide from any horse, mare, colt, mule, jack, jennet, bull, steer, cow, calf, goat, hop or sheep with intent to or for the purpose of removing evidence of ownership of such hide or the animal from which said hide was removed, is guilty of a felony, and punishable as hereinafter provided.

En. Sec. 1, Ch. 76, L. 1923.

3350.5. Sufficiency of pleading. In any prosecution for the violation of the provisions of this act, it shall not be necessary for the state to allege in the complaint or information or proof, the ownership of the hide, or of the animal from which said hide was removed, but it shall be sufficient to allege in the complaint or information or proof that the owner of said hide or of the animal from which said hide was removed, is unknown and not the property of the defendant.

En. Sec. 2, Ch. 76, L. 1923.

3350.6. Penalty. Any person or persons who violates any of the provisions of this act shall be deemed guilty of a felony, and upon conviction thereof, shall be punished by imprisonment in the state prison for not less than one year nor more than ten years.

En. Sec. 3, Ch. 76, L. 1923.

3350.7. Butchers and meat peddlers defined. Every person, firm, corporation or association who, at a fixed location, slaughters or causes to be slaughtered neat cattle for the purpose of selling or distributing any of the meat or by-products of such cattle in this state, or who at a fixed place of business deals in or sells dressed meats, shall for the purpose of this act be designated as a "butcher." Every other person, firm, corporation or association who slaughters or causes to be slaughtered any neat cattle, or who deals in the selling of dressed meats elsewhere than at a fixed place of business, shall for the purpose of this act be deemed a "meat peddler."

En. Sec. 1, Ch. 121, L. 1927.

3350.8. Licenses. Every butcher shall pay to the county treasurer of each county wherein such butcher sells or distributes any meat or by-products of neat cattle, an annual license of five dollars, payable in advance in the month of January of each year. Every meat peddler shall pay to the county treasurer of each county wherein such peddler sells or distributes any meat or by-products of neat cattle, an annual license of one hundred dollars. This section shall not apply to the sale of meat

by any person, firm, corporation or association who may slaughter or cause to be slaughtered any neat cattle of his own raising. The moneys collected from said license fees shall be placed in the general fund of the county to which they are paid.

En. Sec. 2, Ch. 121, L. 1927.

3350.9. Inspection and stamping of hides. Cross-cuts between the entries, except where the same are within the confines of shaft bottom pillars, or are hereafter provided for, shall be made not exceeding sixty (60) feet apart, unless sufficient brattice is used to keep the air current up to the entry face, in which case they shall not exceed one hundred (100) feet apart. Where entries or rooms are being driven by entry driving machines, or any other mechanical loading device, or where local mechanical methods of ventilation are installed to furnish air to the workmen at the face, cross-cuts may be driven at not exceeding three hundred (300) feet apart, provided that brattice, tubing or some other device is used sufficient to give at the face twice the amount of air per man and animal provided for in section 3501, Revised Codes of Montana of 1921, and to clear said face of powder smoke before the men are required to return to work therein. In mines or sections of a mine where no local mechanical methods of ventilation are installed, when there is a solid block on one side of a room, cross-cuts shall be made between such room and the adjacent room not to exceed sixty (60) feet apart; where there is a breast or group of rooms, a cross-cut shall be made on one side or the other of each room, except the room adjoining said block, not to exceed fifty (50) feet from the outside corner of the cross-cut to the nearest corner of the entrance of the room, and on the opposite side of the same room a cross-cut shall be

made not to exceed ninety (90) feet from the outside corner of the cross-cut to the nearest corner of the entrance of the room, and thereafter cross-cuts shall be made not to exceed eighty (80) feet apart on each side of the room. The required air current shall be conducted to the cross-cut nearest the face of each entry or room.

Brattices between permanent inlet and outlet airways shall hereafter be constructed in a substantial manner of brick, blocks, masonry, concrete, or nonperishable material. Rooms must not be worked in advance of the ventilating current.

Amd. Sec. 1, Ch. 28, L. 1927.

3524. System of blasting. A workman who is about to explode a blast with a squib shall not shorten the match, saturate it with oil, or ignite it except at the extreme end. He shall see that all persons are out of danger from probable effects of such shots, and shall take measures to prevent anyone from approaching by shouting "Fire" immediately before lighting the fuse or squib.

When firing shots in close proximity to other workmen on rib or in cross-cut driven for air or other purposes, he or they, firing such shots, shall notify in person or by signals the workmen in adjoining rooms or other place or entry.

When a squib is used and a shot misses fire, no person shall return until five minutes shall have elapsed. When a fuse is used and a shot misses fire, no person shall return until one hour for each foot of fuse used shall have elapsed. When it is necessary to tamp dynamite, nothing but a wooden tamper shall be used.

No hole shall be drilled to a greater depth than the cut or shearing, neither shall fine coal, coal dust, or any combustible material be used for tamping any hole.

No workman shall put off any blast in any mine known as a "following shot."

At all coal mines where the coal is loaded by hand by individual miners or loaders the firing of shots shall be restricted to a specific time at the end of each shift, except that in entries, slants and room necks, when necessary, one snubbing shot may be fired in each at the middle of the shift. No miner shall fire a shot until the time appointed for him to do so, and then only in such rotation as designated by the proper authority. After each blast he shall exercise great care in examining the roof and coal and shall secure them safely before beginning to load coal. Where shooting is done by shift work the same precaution shall be used by some person or persons designated by the operator.

In any coal mine, or any section of a coal mine, where the coal is loaded out by any mechanical means, conveyor, power shovel, entry driving machine, scraper loader or other loading device, or where new methods of mining are being developed that require shooting more than once per shift, the firing of shots may take place at any time during the shift, when necessary, after proper inspection by competent men as may be designated by the operator, provided that efficient means are employed to carry the powder smoke as directly and as quickly as possible to the return airway and also that the workmen are not required to work in a smoky atmosphere.

When draw slate is over the coal, the miner shall not go underneath the draw slate until it is made safe from falling by securely posting it, and he shall not remove the posts until the coal is removed and he is ready to take down the draw slate. He shall not place in the gob or refuse pile any fine coal or coal dust but shall load same into cars. When more than one shot is to be fired at the same time with fuse, in the same working place, different lengths of fuse shall be used so as to prevent any possibility of the shots going off simultaneously.

[NOTE.—The title of the above chapter states that it amends section 3569, Revised Codes of 1921, as amended by chapter 35, L. 1923. The body of the act, however, contains no reference to the above section and it is doubtful whether this section does more than to amend by implication the schedule of license fees contained in section 3569.]

3569.2. Regulation of rooms—Boilers. The room in which any milk or cream buying or collection station shall hereafter be operated in this state shall contain floor space large enough for all equipment in said station, including cooling tank of sufficient size to hold all cream bought or collected at such station on each day.

cans. No stove or heating apparatus other than a steam boiler shall be permitted to be used for the purpose of heating water with which to cleanse utensils used in a cream station collecting more than fifteen hundred (1,500) pounds of butter fat per month, providing the provisions of this section shall not apply to forwarding stations in which no testing for butter fat is made.

En. Sec. 2, Ch. 142, L. 1927.

3569.3. Penalty. Any person, firm or corporation violating any of the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than twenty-five dollars (\$25) and not more than one hundred dollars (\$100) or imprisonment in the county jail for not to exceed six months or by both such fine and imprisonment.

En. Sec. 3, Ch. 142, L. 1927.

3570. Babcock test adopted. The Babcock test is hereby adopted as the official dairy test for use in the state of Montana.

Examination to operate the test. Any person operating the Babcock test in any creamery or cheese factory, or other place where milk or cream is bought and paid for on the basis of its fat content, shall be required to pass such examination as the commissioner of agriculture shall prescribe, upon successful completion of which examination he shall receive a certificate signed by said commissioner, or his authorized agent, stating his competency to operate said test.

Fee for certificate. A fee of two dollars shall be paid to the commissioner by the applicant for said certificate. Said money shall be turned in by said commissioner to the state treasurer for the use and benefit of the general fund of the state.

Method of conducting Babcock test. The following is the method which shall be adopted as the standard for the operation of the Babcock test for the state of Montana and shall be used by persons, firms, or corporations paying for milk or cream on the basis of the butter fat content of such commodity or commodities.

Testing milk. The milk from which the sample to be tested is taken shall be thoroughly mixed by pouring from one vessel to another, three times and by stirring with an instrument suitably for the purpose. The sample to be tested shall consist of eighteen grams by weight, or seventeen and six-tenths cubic centimeters, as measured in a standard pipette. The standard strength of the acid used for all testing of milk or cream shall be indicated by the specific gravity, which shall be not less than one and eighty-two hundredths, nor more than one and eighty-three hundredths, as determined by a standard hydrometer. After properly mixing the sample of milk and acid, in the test bottle, centrifuging shall be for periods of five minutes, two minutes, and one minute. After the first period of centrifuging, water shall be added, sufficient to fill the test bottle up to the base of the neck and after the second centrifuging, water shall be added sufficient to raise the fat in the neck of the test bottle to near the top of the graduation. The water used to fill the test bottles shall be at a temperature of one hundred and forty degrees Fahrenheit

or more. After the last period of centrifuging, the test bottles shall be immersed in a bath prepared for the purpose, which shall consist of water at not less than one hundred and thirty-five degrees nor more than one hundred and forty degrees Fahrenheit, and they shall remain immersed for at least ten minutes and the temperature of the bath shall be kept between the temperatures before named for the full period of immersion. The test shall be read immediately after the test bottles are taken from the bath. Dividers shall be used to determine the length of the fat column in the neck of the test bottles.

The reading shall be from the bottom of the lower meniscus to the top of the upper meniscus of the fat column.

Testing cream. The method of testing cream shall be the same as for milk, except that all samples of cream tested shall be eighteen grams by weight, and the reading of the fat column in the neck of the test bottle shall be from the bottom of the lower meniscus to the bottom of the upper meniscus. If glymol is used to destroy the upper meniscus, the reading shall be from the bottom of the lower meniscus to the bottom of the glymol on the top of the fat column.

Alternate method of testing cream. If the operator prefers, he may use the alternate method of testing cream, hereinafter described. Before taking the samples of cream for testing, the whole body of cream shall be thoroughly mixed, as by the preceding method. All samples of cream taken for testing shall be homogenous samples of the whole body of cream from which they are taken and shall be eighteen grams by weight. After properly mixing the acid and sample of cream to be tested, the test bottle shall be filled to the base of the neck with water at a temperature of not less than one hundred and eighty degrees Fahrenheit, placed immediately in the testing machine and centrifuged for not less than five minutes. The test bottle shall then be filled to near the top of the graduation with water, at one hundred and eighty degrees Fahrenheit, replaced in the machine and centrifuged for two minutes or more. The water bath shall then be used and the reading made in the same way as in the preceding method. A standard thermometer shall be used for determining temperatures in making the Babcock test.

Use of test bottles. All test bottles, pipettes and other glassware used in connection with the Babcock test, where the fat forms a basis for the payment of the product, shall be handled and calibrated by the commissioner of agriculture or his deputies, as often as the commissioner may prescribe, such testing or calibrating to be done on the premises where such glassware is used. All bottles used for the purpose of making the Babcock test shall be standard bottles, and shall be designated as such by the word "standard" stamped thereon. All glassware found to be not standard in capacity shall be seized and destroyed by the commissioner of agriculture or his authorized agent.

False determination of test. No owner, manager, agent or employee of a cheese factory, creamery, or other place where the fat content of milk or cream is determined by test, shall falsely manipulate or under-read or over-read the Babcock test or any other contrivance used for determining the quality of milk or cream or make any false determination of the said Babcock test or other test.

Regulation of cream stations. between the bailor and bailee which could not be contradicted by parol testimony, in *State v. Broadwater Elevator Co. et al.*, 61 Mont. 215, 201 Pac. 687.

3588. Regulation of delivery of grain by warehousemen—Sampling.

Upon the return of the receipt to the proper warehouseman, properly indorsed, and upon payment or tender of all advances and legal charges, grain of grade, quality and quantity equal to that placed by him in store, shall be delivered to the holder of such receipt within forty-eight hours after the facilities for receiving the same have been provided, or at the option of the owner, such warehouseman shall deliver such grain at terminal, or if mutually agreed, the equivalent market value thereof on said date, less any freight and storage charges to terminal, and such other charges as may be allowed by the commissioner of agriculture.

Owners of warehouse receipts surrendered for shipment shall furnish the warehouseman with written instructions regarding the capacity of cars to be ordered from the transportation company, and as to the manner of loading and billing shipments made in such cars as are furnished by the transportation company.

The warehouseman shall load and bill all such shipments in exact accordance with instructions given, and shall be liable to the owner of the warehouse receipt so surrendered for the amount of any excess freight paid, or for other damages suffered by the owner of the warehouse receipt, resulting from the failure of the warehouseman to follow accurately the loading and billing instructions as given him, provided that the owner of said warehouse receipt shall immediately furnish to said warehouseman a duplicate copy of the original state weight-master's certificate of weight of said car lot shipment at terminal. If any dispute or disagreement arises between the party receiving and the party delivering the grain at any public warehouse in this state as to the proper grade or dockage, or both, of any grain, in accordance with standards at terminal points, an agreed average sample of at least two quarts of said grain in dispute may be taken by the parties interested, and forwarded in a suitable container, mail or express charges prepaid, with the names and addresses of the parties, to the chief grain inspector, Great Falls, Montana, or the state grain laboratory, Bozeman, Montana, who will, upon request examine said grain and adjudge what grade said sample is entitled to under the inspection rules and which amount of dockage it contains, and the findings of such inspection shall be binding upon both parties, subject to appeal as hereinafter provided. If the grain in question is damp, musty or otherwise out of condition, this fact with any other necessary information must accompany sample.

laws of the state and the regulations of the department of agriculture relating to the handling of stored grain. Any person, firm, association or corporation owning or operating more than one public warehouse in this state shall be permitted to make delivery of wheat from one warehouse in settlement of warehouse receipts issued for grain stored in another warehouse, when grain for storage has been presented at any warehouse in excess of its available storage capacity. Provided, that this shall not be construed as conferring upon such warehouseman a right to make delivery of grain of substantially lower value than that delivered for store, though of the same technical grade, in settlement of warehouse receipts; and provided further, that such warehouseman shall, at all times, keep on hand in bonded warehouses grain of quality and quantity sufficient to settle all outstanding storage receipts. Provided, further, that freight and other charges shall be figured on the basis of the point of receipt.

En. Sec. 4, Ch. 40, L. 1923.

3588B. Storage deemed bailment—Exemption from seizure. Whenever any grain shall be delivered to any person, association, firm or corporation doing a grain, warehouse or grain elevator business in this state, and the receipt issued therefor provides for the delivery of a like amount and kind, grade and quality to the holder thereof in return, such delivery shall be a bailment and not a sale of the grain so delivered, and in no case shall the grain so stored be liable to seizure upon process of any court in an action against such bailee, except action by owners of such warehouse receipts to enforce the terms thereof, but such grain shall at all times in the event of failure or insolvency of such bailee be first applied exclusively to the redemption of outstanding storage warehouse receipts for grain so stored with such bailee, and in such event grain on hand in any particular warehouse or elevator shall first be applied to the redemption and satisfaction of receipts issued by such warehouse.

En. Sec. 4, Ch. 41, L. 1923.

3589. Reports and bonds of warehousemen — Licenses — Penalties. On June 30th of each year every warehouseman shall make report, under oath to the commissioner of agriculture, on blanks or forms prepared by him, showing the total weight of each kind of grain received and shipped from such warehouse licensed under the laws of Montana, and also the amount of outstanding storage receipts on said date, and a statement of the amount of grain on hand to cover the same. The commissioner of agriculture may also require special reports from such warehouseman at such times as the commissioner may deem expedient. The commissioner may cause every warehouse and business thereof and the mode of conducting the same to be inspected by his authorized agent, whenever deemed proper, and the books, accounts, records, papers and proceedings of every such warehouseman shall at all times during business hours be subject to such inspection. Any person, firm, or corporation, who shall knowingly falsify any of its reports to the department of agriculture, or who shall refuse or fail to make such reports when requested to do so by the commissioner of agriculture or his agents, or who shall refuse

or resist inspection as provided in this section, shall be guilty of a misdemeanor and be punished by a fine of not less than fifty (\$50) dollars nor more than five hundred (\$500) dollars.

Every person or persons, firm, copartnership, corporation, or association of persons, operating any public warehouse or warehouses, and every track buyer, dealer, broker, commission man, person or association of persons merchandising grain in the state of Montana, shall, on or before the first day of July of each year, pay to the state treasurer of Montana, a license fee in the sum of fifteen (\$15) dollars for each and every warehouse, elevator, or other place, owned, conducted, or operated by such person or persons, firm, copartnership, corporation or association of persons, where grain is received, stored and shipped, and upon the payment of such fee of fifteen (\$15) dollars for each and every warehouse, elevator or other place, where grain is merchandized within the state of Montana, the commissioner of agriculture shall issue to such person or persons, firm, copartnership, corporation or association of persons, a license to engage in grain merchandising at the place designated within the state of Montana, for a period of one year. Any person, firm, association or corporation who shall engage in or carry on any business or occupation for which a license is required by this act without first having procured a license therefor, or who shall continue to engage in or carry on any such business or occupation after such license has been revoked (save only that a public warehouseman shall be permitted to deliver grain previously stored with him), shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than twenty-five (\$25) dollars nor more than one hundred (\$100) dollars, and each and every day that such business or occupation is so carried on or engaged in shall be a separate offense.

Amd. Sec. 5, Ch. 41, L. 1923.

3589A. Insolvent warehousemen — Intervention by department.

Whenever any warehouseman, grain dealer, track buyer, broker, agent or commission man is found to be in a position where he cannot, or where there is a probability that he will not meet in full all storage obligations or (other obligations resulting from the delivery of grain, it shall be the duty of the department of agriculture, through the division of grain standards, to intervene in the interests of the holders of warehouse receipts (or other evidences of delivery of grain for which payment has not been made,) and the department of agriculture shall have authority to do any and all things lawful and needful for the protection of the interests of the holders of warehouse receipts or other evidences of the delivery of grain for which payment has not been made, and when

examination by the department of agriculture shall disclose that for any reason it is impossible for any warehouseman, grain dealer, track buyer, broker, agent or commission man to settle in full for all outstanding warehouse receipts or other evidences of delivery of grain for which payment has not been made, without having recourse upon the bond filed by said warehouseman, grain dealer, track buyer, broker, agent or commission man, it shall then be the duty of the department of agriculture for the use and benefit of holders of such unpaid warehouse receipts or other evidences of the delivery of grain for which payment has not been made, to demand payment of its undertaking by the surety upon the bond in such amount as may be necessary for full settlement of warehouse receipts or other evidences of delivery of grain for which payment has not been made. It shall be the duty of the attorney general or any county attorney of this state to represent the department of agriculture in any necessary action against such bond when facts constituting grounds for action are laid before him by the department of agriculture.

Game fish shall be taken only by angling, that is by hook and line in hand or rod in hand; this does not prevent, however, the use of a landing net or gaff to land a game fish after the same has been hooked by angling as above specified, nor does it prevent the taking of minnows other than game fish variety by the use or aid of a small hand net.

The fish and game commission is hereby granted authority to regulate, supervise and prohibit the use as fish bait of salmon eggs or salmon spawn, or any imitations or substance prepared therefrom, in any stream in this state whenever they deem necessary. No person shall engage in the business of guiding, as the term is commonly understood, without first having procured from the state fish and game warden a guide's license. Any competent person, who is a bona fide citizen of the state of Montana shall upon the presentation of an affidavit, stating that the applicant is of good moral character and responsible, and signed by three taxpayers of the county in which the applicant lives; and by the applicant making the payment of ten dollars (\$10) to the state game warden, receive from said state game warden a guide's license, which shall be good for one year only; provided that upon the payment of ten dollars (\$10) annually said license may be renewed. Such license shall state the name, age, and place of residence of the holder, and shall further recite that the holder of such license is a person of good moral character.

Amd. Sec. 17½, Ch. 77, L. 1923.

3751. Taxidermists to procure license. Any person who shall engage in, or who is at the present time engaged in conducting any taxidermist business, as the term is generally understood, or any person who conducts a business for the purpose of mounting, preserving or preparing any of the dead bodies of any birds, or animals, or any part thereof, mentioned in the game laws of this state, must first obtain from the state fish and game warden a taxidermist's license, and shall pay an annual license fee of fifteen dollars (\$15) therefor. Such person shall, on the first day of each month, make a written report to the state fish and game warden, of all the articles of game, the kind and number of each, by whom owned, and the residence of owner, received during the past month, also of all the articles of game shipped and to whom and where shipped during the last month;

also the amount and kind of each on hand on the last day of the month, and by whom owned and owner's address. Any person violating the provisions hereof shall be deemed guilty of a misdemeanor and upon conviction shall be punished accordingly, and in all cases of conviction their licenses shall be revoked.

All fines, bonds, and penalties mentioned in any section of this act may be collected by civil action in the name of the state of Montana in any court of competent jurisdiction upon proper complaint being filed, and the amount of all fines and bonds collected under the provisions of this act shall be paid to the state game warden, and by him paid to the state treasurer and by him placed to the credit of the fund to be known as the fish and game fund. All such fines, bonds and costs shall be collected without stay of execution, and the defendant, or defendants, may by order of the court be confined in the county jail of the county until such fine and costs are served out at the rate of \$2 per day.

CHAPTER 257.

REGULATION OF RAILROADS—BOARD OF RAILROAD COMMISSIONERS.

3779. Creation of Commission.

The remedies prescribed by this and following sections for recovery of damages caused by the exaction of discriminatory or unreasonable freight charges, are exclusive, and that therefore a complaint based upon the common-law remedy and drawn in entire disregard of the provisions of the statute did not state a cause of action, the common-law remedies having been superseded by said

chapter. *Doney v. Northern Pacific Ry. Co. et al.*, 60 Mont. 209, 199 Pac. 432.

The act creating the railroad commission was cited as chapter 257, Revised Codes of 1921, in *State v. Johnson*, 75 Mont. 240, 248, 243 Pac. 1073.

For text treatment of this subject see vol. 22 Cal. Jur. 4.

3787. Salary of senior safety appliance inspector. The salary of the senior inspector appointed by, and working under, the board of railroad commissioners of the state of Montana shall be, and the same is hereby fixed at, the sum of two thousand five hundred dollars (\$2,500) per annum, payable monthly.

Amd. Sec. 1, Ch. 90, L. 1927.

3794. Power of board to fix rates, schedules and classifications.

Since the presumption obtains that the railroad commission fixed and established reasonable rates in obedience to this section, and that the rate as established is in accordance with the approved and

published tariff, a complaint which fails to allege that freight charges were not in accordance with such tariff is defective. *Doney v. Northern Pacific Ry. Co. et al.*, 60 Mont. 209, 199 Pac. 432.

3802. Attorney-general as attorney for board.

Cited in *State v. Board of Railroad Commrs.*, 73 Mont. 1, 4, 234 Pac. 834.

3803. Court review of action of board—Pleadings.

Cited in *State v. Board of Railroad Commrs.*, 73 Mont. 1, 5, 234 Pac. 834.

3804. Prohibition against rebates and discrimination.

This and sections 3805, 3808, 3809, 3810 and 3811 were cited as sections 4385, 4386, 4389, 4390, 4391 and 4392, Revised Codes, in *Doney v. Northern Pacific Ry. Co. et al.*, 60 Mont. 209, 229, 230, 234, 199 Pac. 432.

3806. Jurisdiction to enforce orders of board.

Cited in *State v. Board of Railroad Commrs.*, 73 Mont. 1, 4, 234 Pac. 834.

3808. Actions to recover excess charges. Any sum or amount of money paid to any railroad by any person or shipper in excess of the rates, tolls, or charges fixed and established by the board for such service, may be recovered from such railroad by the person or shipper in any action instituted and maintained in the district court of the county in which such payment was made, provided such action shall be brought within three years from the date of such payment. No contract or agreement, written or otherwise, between such person or shipper and the said railroad, shall be admissible in evidence for the purpose of showing a waiver of the right given by this section. No voluntary payment by any person or shipper of any such excess or overcharge to any railroad shall be, or held to be, a waiver on the part of such person or shippers of the right to sue and recover for such excess or overcharge, as provided for in this section. If, upon the trial of such action, it shall satisfactorily appear to the court or jury that such overcharge was wilfully made, the person or shipper bringing the said action shall be awarded damages in treble the amount of such excess or overcharge, together with the costs and expenses of such action, including a reasonable attorney's fee, to be taxed and collected as other costs in the action.

Amd. Sec. 1, Ch. 155, L. 1925.

Under this section an allegation that payment of alleged discriminatory or unreasonable freight charges was made in

the county in which the action is brought is jurisdictional. *Doney v. Northern Pacific Ry. Co. et al.*, 60 Mont. 209, 199 Pac. 432.

3808.1. Limitation of actions. All actions at law by carriers subject to this act for recovery of their charges, or any part thereof, shall be begun within three years from the time the cause of action accrues and not after.

En. Sec. 2, Ch. 155, L. 1925.

3809. Action to determine reasonableness of rates or classification.

Cited in *Chicago etc. Ry. Co. v. Board of Railroad Comms.*, 76 Mont. 305, 312, 247 Pac. 162; *State v. Board of Rail-*

road Comms., 73 Mont. 1, 5, 234 Pac. 834.

3810. Action by shippers.

On application for a writ of certiorari to annul an order of the board of railroad commissioners directing the station facilities at a certain town to be removed to another town, relator had a sufficient remedy under this section by an action in the district court to determine whether the order was just and reasonable, and therefore certiorari did not lie. *State v. Board of Railroad Comms.*, 73 Mont. 1, 234 Pac. 834.

A shipper deeming himself aggrieved by a rate fixed by the railroad commission because unjust, unreasonable or discriminatory, must proceed under this section if he desires to have it declared

so; where no rate has been fixed or the one established is considered excessive, he must apply to the commission for investigation and determination of his contention, under section 3796, before he can maintain an action in the courts; and if his case is predicated upon freight charges made in excess of those fixed and established by the commission, his complaint must so allege and the action must be brought within twelve months from the date of payment, under section 3808. *Doney v. Northern Pacific Ry. Co. et al.*, 60 Mont. 209, 199 Pac. 432.

Cited in *State v. Board of Railroad Comms.*, 73 Mont. 1, 5, 234 Pac. 834.

3812. Recovery of penalties and forfeitures.

Cited in *State v. Board of Railroad Comms.*, 73 Mont. 1, 4, 234 Pac. 834.

3817. Existing rights of action not affected by law.

The provision of this section that the Railroad Commission Act shall not have the effect of releasing or waiving "any right of action . . . by any person for any right, penalty or forfeiture which may have arisen or may hereafter arise under any law of this state," etc., does

not have the effect of saving the common-law remedy for recovery of excess freight rates, but refers to the remedies provided by the act itself. *Doney v. Northern Pacific Ry. Co. et al.*, 60 Mont. 209, 199 Pac. 432.

3827. Rules for equipment of cars, trains and engines.

Sections 3827-3829 were cited in *Chicago etc. Ry. Co. v. Board of Railroad*

Commrs., 76 Mont. 305, 315, 247 Pac. 162.

3833. Power to compel construction of commercial spurs.

This section, authorizing the board of railroad commissioners to order railway corporations to construct commercial or industrial spur-tracks under such rules and regulations as the board may establish, without even in the most general terms prescribing the conditions under

which it could compel obedience to its order and without requiring the giving of notice to the carrier or providing for a hearing, is void. *Chicago etc. Ry. Co. v. Board of Railroad Commrs.*, 76 Mont. 305, 247 Pac. 162.

3842. Railroad commission may order electric signal bells installed.

Sections 3842, 3843 were cited in *Knott v. Pepper*, 74 Mont. 236, 244, 239 Pac. 1037.

Sections 3842-3846 were cited in *Normandin v. Payne*, 65 Mont. 543, 548, 212 Pac. 285.

CHAPTER 257A.**REGULATION OF MOTOR TRANSPORTATION COMPANIES.**

3847.2. Custody of plates. The engraved stone plate from which the editions of said map are from time to time made, and in which the state of Montana now has an investment of more than eight thousand (\$8,000) dollars shall be and remain in the custody of said board of railroad commissioners, and shall be corrected from edition to edition by said board by the inclusion thereon of all proper current map data in accordance with the basic plan of such map.

En. Sec. 2, Ch. 9, L. 1927.

3847.3. 1927 edition — Distribution — Price. The board of railroad commissioners of the state of Montana shall, during the year 1927, cause to be issued in 1927 an edition of said map, containing all necessary corrections since the 1921 edition, and particularly including new counties, new governmental surveys, new inland towns, new railroad towns, new railroad stations and depots, new postoffices, new rail construction and new historical data to make said 1927 edition a complete, final and useful map when issued. Said board of railroad commissioners shall distribute said maps free of charge to state, county and municipal officers for official use and to the public and high schools of the state. In all

other cases, said board of railroad commissioners shall collect a sum of money not in excess of fifty (50c) cents per map for all other maps distributed on request, and all receipts from such collections shall be deposited weekly with the state treasurer of the state of Montana to the credit of the general fund of said state.

CHAPTER 258A.

REGULATION OF TRANSPORTATION BY MOTOR VEHICLE.

3858.1. Definition of terms. The term "corporation" when used in this act means a corporation, company, association or joint stock company;

(b) The term "person" when used in this act means an individual, firm, or copartnership;

(c) The term "transportation company" when used in this act means every corporation, person, their lessees, trustees, receivers, or trustees appointed by the court whatsoever, owning, controlling, operating, or managing any motor vehicle, motor truck, motor bus, bus trailer, semi-trailer or other trailer in connection therewith, used in the business of transportation of persons or property or as a common carrier for compensation over any public highway in this state between fixed termini, or over regular or irregular routes not operating exclusively within the limits of any incorporated city or town;

(d) The term "public highway" when used in this act means every public street, road, highway or way in this state;

(e) The words "for compensation" shall be construed to mean transportation of any person for hire in any motor vehicle; provided, that the railroad commissioners may exempt from the operation of this act the transportation of freight or passengers by motor vehicle in rural communities when not done on a commercial basis;

(f) The term "motor vehicle" when used in this act shall mean any self-propelled vehicle moving over the highway of this state, excepting road rollers, farm tractors, traction engines, fire-extinguishing engines and police or hospital busses or ambulances; provided that every motor vehicle equipped with more than four wheels shall be declared to be a motor vehicle used in connection with a trailer or sub-trailer.

En. Sec. 1, Ch. 154, L. 1923.

Chapter 154, L. 1923, providing for the regulation of the transportation by motor vehicle of persons and property for compensation over the public highways of the state, does not apply to a single, isolated act of transportation for hire in a rural community, and that therefore such an act of transportation without the operator having first obtained a license from the state railroad commission so to do, does not constitute a public offense. *State v. Flagg*, 75 Mont. 424, 242 Pac. 1023.

Chapter 154, L. 1923, in granting the state railroad commission power to impose reasonable rules and regulations for the conduct of the business of motor vehicle transportation of persons or property for compensation and to determine matters of detail in carrying out the legislative will in enacting the measure, neither violates section 1, article IV of the constitution, prohibiting the exercise of powers reposed in one department of government by either of the other two, nor the fundamental principle of constitutional law which prohibits the legislature from delegating its power to any board or commission. *State v. Johnson*, 75 Mont. 240, 243 Pac. 1073.

While every person has the right to travel upon the public highway and transport his property thereon, use of it for the purpose of carrying on the business of motor vehicle transportation is not a vested right but a mere privilege or license which the legislature may grant or withhold in its discretion, or grant upon such conditions as it sees fit to impose; hence chapter 154, L. 1923, regulating such business, is not open to the constitutional objections that it takes private property for public use without due process of law, or denies to the people the right of enjoying their property. *State v. Johnson*, 75 Mont. 240, 243 Pac. 1073.

Only persons who operate motor vehicles on a commercial basis come within the regulatory provisions of chapter 154, above, and under them persons residing in rural communities occasionally carrying passengers or freight for or without compensation and not as a regular business are exempted; hence the proviso in subdivision (e) of section 1 of the act, that the public service commission "may" exempt persons falling within the latter class is construed to mean "must," depriving the commission of any discretion in the matter. *State v. Johnson*, 75 Mont. 240, 243 Pac. 1073.

The fact that chapter 154 above does not exempt the operator of a commercial motor vehicle carrying the United States mail does not render it invalid as an interference with the functions of the federal government; nor does the fact that ambulances or police busses are

exempt affect its validity. *State v. Johnson*, 75 Mont. 240, 243 Pac. 1073.

The provision of chapter 154 fixing a maximum fee for the license required by it for operating a motor vehicle for hire at \$10 per annum and leaving it to the state railroad commission to fix the amount to be paid by each licensee within that limit, held not a delegation of legislative power. *State v. Johnson*, 75 Mont. 240, 243 Pac. 1073.

In the absence of a showing to the contrary, the license fees required to be paid by chapter 154, L. 1923, and the rules and regulations promulgated by the railroad commission, must be presumed to be reasonable. *State v. Johnson*, 75 Mont. 240, 243 Pac. 1073.

Under the rule that one charged with an offense cannot question the validity of an act as to provisions which do not apply to his case, one accused of operating an automobile, motor vehicle and motor-bus, the proof showing that he operated a motor-bus, could not complain of the insufficiency of the definition of "motor vehicle" as given in this section. The other two designations of the vehicle in the information must be treated as surplusage. *State v. Johnson*, 75 Mont. 240, 243 Pac. 1073.

Where congress has acted in the matter of regulation of interstate commerce, the state cannot interfere, but in the absence of regulation by it as respects such commerce carried on by motor vehicles, the state may, as it has done by this act, in the exercise of its police power prescribe rules and regulations for such traffic, and the state board of railroad commissioners has the power to carry its provisions into effect, provided its acts in that regard are not arbitrary or capricious. *Interstate Transit Co. v. Derr et al.*, 71 Mont. 222, 228 Pac. 624.

A city imposed a license fee of \$25 for the first taxi operated for hire and \$12 for each additional one. Held that in the absence of a showing that the railroad commission had exercised the powers given it by this act, the fee exacted by the city cannot be said to exceed the fee imposed by the state for the same purpose contrary to the provisions of section 5039. *State ex rel. City of Bozeman, v. Police Court*, 69 Mont. 435, 219 Pac. 810.

Under this act cities and towns are authorized to enact ordinances licensing and regulating the motor vehicle business for hire, and therefore the contention that such business is not subject to nor requires police regulation is without merit. *State ex rel. City of Bozeman v. Police Court*, 68 Mont. 435, 219 Pac. 810.

Jurisdiction over carriers transporting by motor trucks or busses, notes, 1 A. L. R. 1460; 9 A. L. R. 1011.

3858.2. Class of transportation subject to act. No corporation or person, as defined in section one of this act, their lessees, trustees, receivers, trustees appointed by the court whatever, shall operate any motor vehicle, motor truck, motor bus, bus trailer, semi-trailer, or other trailer in connection therewith for the transportation of persons or property for compensation of any highway or public highway in this state except in accordance with this act.

En. Sec. 2, Ch. 154, L. 1923.

The word "operate" as employed in this section, in providing that no person shall "operate" a motor vehicle for transportation purposes without a license first obtained, held to mean "conduct as a busi-

ness," in view of other provisions of the act which make such a definition of the word necessary for the purpose of harmonizing the requirements of the act as a whole. *State v. Flagg*, 75 Mont. 424, 242 Pac. 1023.

3858.3. Supervision by railroad commission—Regulation by cities. The railroad commissioners of Montana are hereby authorized to supervise every transportation company as defined in section one of this act and on complaint to inquire into rates, fares, and charges to be charged by such transportation company, and to prescribe in each case so brought before said commission an equitable rate, fare, or charge and to require such transportation companies to provide adequate facilities for the conveyance and transportation and to regulate the service and safety of operation of each such transportation company, to require such transportation company to file annual reports and from time to time to furnish such other data as said commission may require in order to administer this act. Cities and towns may enact and enforce reasonable regulations and regulatory ordinances including the imposing of regulatory licenses not destructive of the general purposes of this act. Nothing in this act shall empower the railroad commissioners of Montana to restrict the operation of such transportation company or companies, as have complied with the provisions of this act, in the use of the public highways.

En. Sec. 3, Ch. 154, L. 1923.

Sections 3858.3 to 3858.11 were cited as sections 3 to 11 of chapter 154, L. 1923,

in *Interstate Transit Co. v. Derr et al.*, 71 Mont. 222, 228 Pac. 624.

3858.4. Certificate of permission—Permits. No transportation company, as defined in section one of this act, shall hereinafter operate any motor vehicle, motor truck, motor trailer, bus trailer, semi-trailer or other trailer in connection therewith for the purpose of transportation of persons or property for compensation on any public highway of this state without first having obtained from the railroad commissioners of Montana a certificate which shall set forth the special terms and conditions under which permission is granted to operate any of the vehicles above mentioned. No permit held or owned or obtained by any transportation company shall be assigned, leased or transferred except upon the authority or authorization of the railroad commissioners of Montana. A permit issued by the railroad commission to operate any motor vehicle or any other vehicle prescribed by this act for compensation over any of the highways of the state of Montana shall not be an exclusive right or license to operate over any route, road, highway or between any fixed terminals, but said commission shall have the power after hearing,

when the applicant requests a certificate to operate in a territory already served by a certificate holder or licensee, under this act, only when the existing auto transportation company or companies serving such territory, route or stage line, does not provide adequate transportation facilities and service to the satisfaction of the commission, and in all other cases with or without hearing, to issue said certificate as prayed for, or for good cause shown to refuse to issue same or to issue it for the partial exercise only of the said privilege sought, and may attach to the exercise of the rights granted by said certificate such terms and conditions as in its judgment the public convenience and necessity may require.

En. Sec. 4, Ch. 154, L. 1923.

3858.5. Revocation of permits. The railroad commission of Montana shall have the power to revoke any permit or license issued under the powers granted by this act, and may revoke any such permit or license when the holder or holders thereof or his or [of] their agents, or representatives shall be guilty of repeated violations of this act or of the motor vehicle laws of the state of Montana, but no action shall be taken without notice, as the railroad commission shall deem sufficient, and upon a hearing thereon.

En. Sec. 5, Ch. 154, L. 1923.

3858.6. Bond required — Conditions. No transportation company shall, subsequent to the taking effect of this act, operate any motor vehicle, motor bus, bus trailer, semi-trailer or other trailer in connection therewith, for the transportation of persons or property for compensation on any public highway in this state without first having filed with the railroad commission of Montana a good and sufficient bond with such surety or sureties and conditions satisfactory to the railroad commission, or a public liability and property damage policy written by a casualty company, satisfactory to the board of railroad commissioners of Montana, in such an amount as the railroad commission may deem necessary to adequately protect the interests of the public, with due regard to the number of persons and amount of property involved, which surety bond or public liability and property damage policy shall be conditioned to insure the transportation company against its legal liability for injury to the public and damage to property thereof resulting from the negligent operation of such motor vehicles.

The foregoing shall not prevent the acceptance of cash or its equivalent in lieu of bonds or insurance policies. Said railroad commissioners shall also require a satisfactory bond in such penal sum and conditioned upon the payment of all fees or charges which may be due the state under any permit for operation and for the faithful carrying out of any permit granted by the railroad commissioners and which it has authority by law to grant, and no transportation company which shall fall within the terms of this act, and has given the bonds herein required shall be required to give any other bond or security by any city or town, or other agency of the state. Personal sureties shall not be accepted by the railroad commission upon any bond provided by this act.

En. Sec. 6, Ch. 154, L. 1923; Amd. Sec. 1, Ch. 103, L. 1925. judicial power in the railroad commission is without merit. State v. Johnson, 75 Mont. 240, 243 Pac. 1073.

3858.6A. Effect partial invalidity act. If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The legislative assembly declares that it would have passed this act and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that any one or more section, subsections, sentence, clauses, or phrases be declared unconstitutional.

En. Sec. 2, Ch. 103, L. 1925.

3858.7. Procedure before commission—Appeals. In all matters in which the railroad commission of Montana has the power and authority under the constitution and laws of this state or of this act, application and complaints may be made to the railroad commissioners of Montana, processes issued, hearings held, opinions, orders and decisions made and filed, petitions for rehearing filed and acted upon, and proceedings instituted in the district court of any county in Montana, and appeals taken to the supreme court of Montana, in the manner, under the conditions, and subject to the limitations and with the effect specified in the laws applicable to or regulating the railroad commission of Montana, as such laws may provide.

En. Sec. 7, Ch. 154, L. 1923.

3858.8. License fee—Expenses. The railroad commission of Montana is hereby authorized and empowered in the regulation of the persons and corporations as defined in this act, to require the payment of an annual license fee to be paid by each transportation company doing business within the meaning of this act, in accordance with the number and weight and size of such vehicle or vehicles owned or operated by it, such license fee, not to exceed the sum of ten dollars (\$10) per vehicle, to be imposed for the purpose of defraying the expenses of administration of this act and the regulation of the businesses herein described. Such license fees so imposed and collected shall be by the railroad commission paid into the state treasury of Montana monthly and there shall be placed to the credit of the general fund; and any such payment or payments when so made shall constitute and be considered as and are hereby made, an appropriation of such sums or amounts from the general fund for the purpose of carrying out the provisions of this act. All expenses of whatsoever kind or nature of the railroad commissioners incurred in carrying out the provisions of this act shall be audited by the state auditor and passed by the board of examiners of this state and paid out of the moneys hereby appropriated upon the presentation of the duly verified claims therefor after approval by the railroad commissioners of Montana in the same manner as other claims against the state are audited and paid.

En. Sec. 8, Ch. 154, L. 1923.

In a prosecution of the operator of a commercial motor vehicle for failure to pay the license fee prescribed by this section, the state need not prove that the vehicle in question was not one of

those exempted from the act, since an exception need not be negatived, unless it is a constituent part of the offense. State v. Johnson, 75 Mont. 240, 243 Pac. 1073.

3858.9. Penalties. Every officer, agent or employee of any corporation and every other person who violates or fails to comply with or procures, aids or abets in the violation of any provision of this act, or who fails to obey, observe or comply with any order, decision, rule or regulation, direction, demand, or requirement, or any part or provision thereof of the railroad commission of Montana, or who procures, aids or abets, any corporation or person in its failure to observe or comply with any such order, direction, decision, rules, demand or requirement, or any part or provision thereof, shall be guilty of a misdemeanor and shall be punishable by a fine of not less than fifty dollars (\$50) and not exceeding one thousand dollars (\$1,000) or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment in the discretion of the court.

En. Sec. 9, Ch. 154, L. 1923.

3858.10. Scope of act. Neither this act nor any provisions thereof shall be applied or be construed to apply to commerce with foreign nations or commerce among the several states of this union except in so far as the same may be permitted under the constitution of the United States, treaties made thereunder and the acts of congress.

En. Sec. 10, Ch. 154, L. 1923.

3858.11. Effect partial invalidity act. If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The legislative assembly declares that it would have passed this act and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that any one or more section, subsections, sentences, clauses, or phrases be declared unconstitutional.

En. Sec. 11, Ch. 154, L. 1923.

CHAPTER 259.

REGULATION OF NAVIGATION—INSPECTION OF BOATS AND VESSELS BY RAILROAD COMMISSION.

3859. Appointment of inspectors of water craft. That each inspector of boilers, appointed by the industrial accident board under the provisions of section 2712, shall be appointed and designated by the board of railroad commissioners of the state of Montana as ex-officio inspector of steam vessels, other boats propelled by machinery, sailing craft, ferry-boats and barges, other than private pleasure boats, on any of the navigable waters of the state of Montana.

Amd. Sec. 1, Ch. 105, L. 1923.

3875. Compensation of inspectors—Inspection and license fees. Inspectors of boilers shall not be entitled to any additional compensation for services performed by them as inspectors of water craft. The fees for such inspection shall be paid at the time of the inspection. All fees for licenses shall accompany the application for such license, and in case such license is not issued, the fees shall be returned to the applicant.

All fees must be accounted for and paid over to the state treasurer for use of general fund.

Amd. Sec. 1, Ch. 105, L. 1923.

CHAPTER 260.

REGULATION OF PUBLIC UTILITIES—PUBLIC SERVICE COMMISSION.

3879. Creation of public service commission.

The act creating the public service commission confers upon the commission the power, within the lawful exercise of its authority, to change the rates, tolls and charges in public utility contracts, even though they existed prior to the passage of the act. *City of Billings v. Public Service Com.*, 67 Mont. 29, 30, 214 Pac. 608.

The public service commission has jurisdiction to relieve a street railway company of its contract obligation to operate its line during the period covered by its franchise, on the ground that its operation entailed a loss, but, until the

state has acted, the obligation to run is a continuing one and must be discharged. *City of Helena v. Helena Light & Ry. Co.*, 63 Mont. 108, 207 Pac. 337.

An irrigation company organized for the purpose of supplying water for the irrigation of agricultural lands is not a "public utility" within the meaning of sections 3879-3913 and is therefore not subject to supervision and regulation by the public service commission. (Mr. Chief Justice Brantly and Mr. Justice Galen dissenting.) *State ex rel. Thatcher v. Boyle et al.*, 62 Mont. 97, 204 Pac. 378.

3880. Railroad commissioners ex-officio commission.

This and the following section were cited as sections 2 and 3, chapter 52, L. 1913, in *State v. Boyle et al.*, 62 Mont. 97, 102, 204 Pac. 378.

3887. Right to examine books, records, etc.

Cited as section 7, chapter 52, L. 1913, in *State v. Boyle et al.*, 62 Mont. 97, 106, 204 Pac. 378.

3888. Failure to make reports or permit examinations.

Cited in *City of Billings v. Public Service Com.*, 67 Mont. 29, 37, 214 Pac. 608.

3891. Schedules of rates, tolls and charges.

Cited in *City of Billings v. Public Service Com.*, 67 Mont. 29, 36, 214 Pac. 608.

3892. Greater or less charges than those prescribed—Rebates and privileges.

The last sentence in this section creating the public service commission: "This, however, does not have the effect of suspending, rescinding, invalidating or in any way affecting existing contracts," refers to the preceding sentence and not to the entire act, and means that, until changed by the commission, the rates, toll and charges were to remain as fixed in existing contracts, even though such

contracts granted rebates, concessions and special privileges, and that pending change by the commission the public utility was protected from prosecution; overruling the decision in *Helena L. & Ry. Co. v. Northern Pac. Ry. Co.*, 57 Mont. 93, in so far as it conflicts with the above holding. *City of Billings v. Public Service Com.*, 67 Mont. 29, 30, 214 Pac. 608.

3905. Enforcement of rates or charges.

Rates fixed by the public service commission for a public utility furnishing hot-water heat in a city are *prima facie* lawful, can be attacked in court on the sole ground that they are unlawful or unreasonable, and must be deemed reasonable and just until final determination by the courts, the burden of proof resting upon the party attacking the order of

the commission. *Billings Utility Co. v. Public Service Com. of Montana et al.*, 62 Mont. 21, 203 Pac. 366.

This and the following section were cited as sections 25, 26, chapter 52, L. 1913, in *Billings Utility Co. v. Public Service Com.*, 62 Mont. 21, 32, 203 Pac. 366.

CHAPTER 260A.

said county attorney to assist in investigations under the provisions hereof and to ascertain the facts with respect thereto.

3913.5. Names and grades to be indicated. All of the commodities enumerated herein must be sold under and through names and grades respectively, and such names and grades must be impressed indelibly, painted or stamped, or otherwise plainly marked upon the barrel, can, carboy, vessel or other container in which the same are stored, sold, offered or exposed for sale or shipped, respectively, or upon a label conspicuously and securely fastened thereto, giving the true name and grade and content of the product and the name and address of the manufacturer or dealer who sells the same.

It shall be unlawful, in violation of this act to sell or offer or expose for sale any commodities unless the same are properly marked as herein provided and unless the said commodities shall, in all respects, meet the tests and standards herein prescribed. It shall be the duty of every wholesaler of gasoline to furnish with each delivery of gasoline to a retailer, a statement that the said gasoline conforms with the standards by this act prescribed.

3913.6. Gasoline standards. The standards of quality and strength for gasoline kept for sale or offered for sale within the state of Montana, shall at all times be identical with the then current specifications of gasoline known as United States government motor gasoline as promulgated by the bureau of mines of the department of the interior of the United States, or by other competent federal authority.

En. Sec. 6, Ch. 109, L. 1927.

3913.7. Kerosene standards. The standards of quality, purity, and strength for all kerosene kept, offered or exposed for sale within the state of Montana shall be as follows: The flash-point of all kerosene shall not be less than one hundred ten degrees Fahrenheit, measured in the Tagliabue open cup, and said kerosene shall contain no water or other foreign matter.

En. Sec. 7, Ch. 109, L. 1927.

3913.8. Public service commission to prescribe tests. The public service commission is hereby empowered to make and cause to be made, such inspections as may be necessary to secure compliance with this act and the safe handling and use of the commodities enumerated herein.

The state chemist shall receive no compensation for his services, nor shall he charge any fee for testing or analyzing any samples required to be analyzed by him under the terms of this act; provided, however, that neither the state chemist nor the department of chemistry of the State College of Agriculture and Mechanic Arts shall be required to receive for analysis any unofficial samples submitted by any agency other than the public service commission of Montana.

En. Sec. 9, Ch. 109, L. 1927.

3913.10. Assistants may make analyses. All analyses herein directed to be made by the state chemist may, in the discretion of such state chemist, be made by any competent assistant acting under his supervision; provided, however, that such assistant shall be appointed under the rules and regulations of the state board of education.

En. Sec. 11, Ch. 109, L. 1927.

3913.12. Dealers to post notices. All dealers shall post in at least two conspicuous public places in each and every plant, filling station or distribution agency operated by and through them, a notice to the public, on forms to be prescribed by the public service commission, advising the public in plain terms of the grade and character of commodities offered for sale or sold therein. If such dealers are engaged in selling more than one grade, quality or character of commodity under the description "high test" or "winter gasoline" or "high power gasoline" or "more mileage gasoline," or under any term indicating that the commodity has been specially treated to produce special results and secure particular effects, said notice shall plainly state the difference in the character, grade or quality of the commodity.

It is hereby made the duty of every dealer subject to the provisions of this act, to submit to the public service commission for transmission by said commission to the state chemist for analysis and report, such

quantity of the commodity to be tested as the commission shall require, accompanied by such data with respect thereto as the commission may prescribe and upon the completion of each test required to be made, the state chemist shall certify to the public service commission of Montana, on forms which said chemist and said commission shall prescribe, report of the analysis made by said state chemist, together with any remarks respecting the commodity analyzed.

3913.13. Engine distillate excepted. Nothing in this act contained shall prevent the manufacture or sale of engine distillates, power distillates, or kerosene distillates of a lower specific gravity on the Beaume scale than gasoline, and which do not conform to the standards of quality, purity, and strength prescribed by this act; provided, however, that the package or other container in or from which the same are sold, or offered for sale, shall be plainly labeled in a conspicuous manner easily visible to the purchaser in such a manner as to indicate the name and character thereof; and the packages, containers and dispensors thereof shall be plainly marked in the manner prescribed by the public service commission.

En. Sec. 13, Ch. 109, L. 1927.

3913.14. Registration of trade name. Any dealer within the provisions of this act or any other seller or distributor of the commodities named herein, selling or offering for sale under any trade name, designation or description any of the commodities named herein may make application to the public service commission of Montana for registration of said trade name, designation, description or device, and if the same shall, in the judgment of the commission be a fair name, and not confusing to users and buyers of commodities named herein, and if the same shall not conflict with any previously registered name, said commission shall register such name and the same shall be the exclusive property of the dealer so registering the same, and any infringement thereof in public advertisement or competitive salesmanship shall constitute cause for revocation of the license of the infringer after due hearing as in this act provided.

En. Sec. 14, Ch. 109, L. 1927.

3913.15. Revocation of license for misrepresentation. It shall be unlawful for any dealer under this act to misrepresent the quality, essential characteristics or brand of any of the enumerated commodities sold by him or to substitute without the knowledge and consent of the purchaser a different quality or brand of commodity than that ordered by such purchaser, and a violation of these requirements shall constitute cause for revocation of license.

En. Sec. 15, Ch. 109, L. 1927.

3913.16. Definition of misbranding. For the purpose of this act, the term "misbranded" shall be construed as follows: All articles, the package or labels of which shall bear any statement, design, or device

regarding the same, or regarding ingredients or substances therein, or regarding the properties of such articles, which are false or misleading in any particular whatsoever, shall be deemed misbranded.

En. Sec. 16, Ch. 109, L. 1927.

3913.17. Sampling and employment of inspectors. For the purpose of obtaining information regarding suspected violation of this act, said public service commission or any member thereof, or duly authorized representative shall have access to all places where the commodities enumerated herein are sold, offered for sale or kept for sale, manufactured, transported, or stored, and may take samples therefrom for analyses tendering payment therefor.

Any user or customer shall have the right, upon tendering payment therefor to receive from any dealer, a sample of any commodity sold for purpose of having analysis and test thereof made by the state chemist through the public service commission.

Any member of said commission, or any duly authorized representative thereof shall have the right to inspect any of the commodities enumerated herein, whether the same originate at points without the state or otherwise and whether the same are in transport or at rest in places where they are dangerous to human life or public safety.

Any person obstructing any entry or inspection authorized by this section, or failing upon request to assist therein shall be guilty of a misdemeanor and shall be punished therefor in accordance with law. The public service commission shall employ from time to time such inspectors as said commission shall deem necessary to carry out the provisions of this act, and said commission shall fix the compensation of such inspectors. The inspectors herein provided for shall be paid from the "gasoline inspection fund" provided for in this act and all expenses of carrying out the provisions of this act shall be paid from said fund.

En. Sec. 17, Ch. 109, L. 1927.

En. Sec. 18, Ch. 109, L. 1927.

3913.19. Cancellation of license—Hearing. If the commission shall find that any dealer operating under this act has violated any of the provisions hereof, or of any lawful order or decision of the commission, promulgated pursuant to the provisions of this act, the commission shall, after due hearing thereon, noticed for not less than ten days, revoke, cancel, or suspend any license that it has theretofore granted; and such revocation, cancellation or suspension, may be conditioned on such terms as to the commission may seem just and proper.

En. Sec. 19, Ch. 109, L. 1927.

3913.20. Penalty. If any person, firm, copartnership or corporation coming within the provisions of this act shall violate any of the provisions of this act or shall do any act herein prohibited, or shall fail or refuse to perform any duty enjoined upon it, for every such violation, failure or refusal such person, firm, copartnership or corporation shall, in addition to the forfeiture of license as hereinbefore provided, be for the first offense punished by a fine of not less than ten dollars (\$10) and not to exceed one thousand dollars (\$1,000), and shall be punished for any subsequent offense by a fine of not less than fifty dollars (\$50) nor more than five thousand dollars (\$5,000), or by imprisonment in the county jail for a term not exceeding one year, or by both such fine and imprisonment.

3947. Creation of commission.

This and the following sections of this act were cited as chapter 13, L. Extra. Sess. 1919, in State v. Boyle et al., 62 Mont. 97, 104, 204 Pac. 378.

CHAPTER 263.

ORGANIZATION AND CONTROL OF IRRIGATION DISTRICTS BY PUBLIC SERVICE COMMISSION.

3956. Procedure for organizing irrigation district—Petition—Map—Bond—Examination and report. For the purpose of establishing and organizing an irrigation district hereunder, a petition in duplicate, signed by sixty per centum of the number of the holders of title, or evidences of title to lands susceptible of irrigation from the same general source, and by the same general system of works, such holders of title or evidence of title also representing sixty per centum in acreage of said lands shall be filed with the clerk of the district court of the county in which the lands of the proposed district, or the greater portion thereof, are situate, accompanied by written instructions that one of the copies of the petition shall be forwarded to the secretary of the public service commission of Montana; provided, that if there are three or more counties embraced

in the proposed district, and no one county embraces fifty per cent (50%) or more of said lands, then and in that event shall be filed in the county which embraces a greater portion of said lands than any one of the other counties embraced in said proposed district; provided, however, that when any of such land sought to be included in such irrigation district is covered by mortgages or other lien, then the owner or owners of such land shall first procure the written consent of the holder of such mortgage or other lien before proposing the establishment and organization of such irrigation district. The county assessment-roll or rolls of the year last preceding, or the roll or rolls which have been last equalized at the time of the filing of the petition, or the certificate of the county clerk and recorder or the certificate of the register of the state land office shall be sufficient evidence of title for the purpose of this act. Such petition shall set forth: (1) The name suggested for the proposed district; (2) A general description of the lands to be included in the proposed district; (3) The names of the holders of title or evidence to the lands in the proposed district ascertained in the manner hereinbefore mentioned; and if any holder is a nonresident of the county or counties in which the proposed district lies, the postoffice address of such nonresident owner, if known; (4) Generally the source from which the land in the proposed district is to be irrigated, the character of the works, water rights, canals, and other property proposed to be acquired or constructed for irrigation purposes in the proposed district; (5) A statement that signers will pay any and all expenses incurred and any tax or taxes that may be levied against their lands for the purpose of paying the expense of organizing or attempting to organize the proposed district, retiring any bonds that may be issued and the interest thereon; (6) A prayer that the lands embraced within the proposed district be organized as an irrigation district according to the provisions of this act.

The petition shall be accompanied with (1) a map or plat of the proposed district, and (2) a good and sufficient bond or undertaking to be approved by the district court or judge thereof of the county in which the petition is filed, equal in amount to the probable cost of organizing such district, to be filed under the provisions of this act, to pay all costs in and about the proceeding preliminary to the organization of the district in the event that said organization shall not be effected.

Mere error or omission in the description of any land or in the names of any of the holders of title or evidence of title to lands, shall not operate to render invalid any proceedings hereunder or to deprive either the district court or the commission of jurisdiction in the subject matter; provided, such misdescribed lands or misnamed persons shall not be included in said district.

It shall be the duty of the clerk of the district court in which such petition is filed to forward one copy of the petition, properly certified by him, to the secretary of the public service commission, who shall refer the same to its chief engineer, who shall advise the commission of the estimated amount of his expenses in making preliminary examination of the lands to be included in the proposed district and the source from which the lands are to be irrigated. The secretary of the commission shall thereupon advise the party or parties filing the petition for the proposed irrigation district, of the amount of the preliminary expenses

of the engineer, which amount shall forthwith be paid to the secretary of the commission and by him turned over to the state treasurer to be credited to the Montana irrigation fund, hereby created.

Upon payment of such amount to the secretary of the commission, the engineer shall make a preliminary examination of the lands to be included in the proposed irrigation district, and the source from which the lands are to be irrigated, and shall make a report to the commission as to the feasibility and advisability of the creation of such proposed district. The expenses of the engineer (not including his salary, but including the salaries of the necessary assistants) shall be paid out of the funds so deposited with the secretary of the commission and any surplus over and above said expenses shall be returned to the petitioners by a warrant drawn on the Montana irrigation fund. Upon the report of the engineer being filed with the commission, showing an estimate of the amount of water available for irrigating the lands to be served thereby, the number of acres that can be irrigated by such water and the approximate cost per acre and annual maintenance cost, the commission shall thereupon make a recommendation as to whether or not the estimated cost of the construction or acquisition of the irrigation works will be disproportionate to the benefits to be derived therefrom.

The commission is authorized to call upon and it is hereby made the duty of the state engineer to make an investigation and report to said commission, within not more than one hundred twenty (120) days after demand therefor, as to the available water supply and the right of the district to use the water as proposed, said report, or true copy thereof, to be included in and made a part of the said preliminary report of the commission.

The secretary of the commission shall therefor transmit to the clerk of the district court in which the original petition was filed, a certified copy of such estimate and recommendations, under the seal of the commission. The district court shall examine and consider the estimate and recommendation of the commission before establishing any irrigation district, such estimate and recommendation being hereby made competent and relevant testimony. The petitioners shall have the right to subpoena and cross-examine any members of the commission or its engineers at the initial and all subsequent hearings pertaining to the district; provided, however, that the provisions of this act shall not apply to any irrigation district organized for the purpose of co-operating with the reclamation service of the United States government.

3958. Hearing of petition — Adjournment — Amendment — Order of Court.

Where a petition for the creation of an irrigation district is regular and the statutory notice has been given, the court acquires jurisdiction of both the subject matter of the petition and of all

persons named therein as owners of land in the proposed district. *In re East Bench Irr. Dist.*, 70 Mont. 186, 224 Pac. 859.

3960. Meeting of directors—Election secretary—Office. The compensation of the secretary and all other employees authorized under this act shall be fixed by the board.

The board shall also at this meeting designate the place where the office of the board shall be established and maintained and its records kept, which place shall be in the county containing the major portion of the lands of the district; and such place shall not be changed except by resolution of the board, of which notice shall be given by at least one publication in some newspaper published, or of general circulation, in the county wherein the office of the district is located, and by posting in at least three public places in each division.

Amd. Sec. 2, Ch. 147, L. 1923.

3964. Powers of board of directors.

allowance of a claim, the claimant's only remedy lies in the ordinary judicial proceeding. *State ex rel. Haley v. Dilworth*, 76 Mont. 218, 246 Pac. 167.

3965. Plan of reclamation—Final report of commission. It shall be the duty of the commission to assist and co-operate with the board of directors in the proceedings for the confirmation of any bond issue. Upon receipt of the copy of the district engineer's report, plans, estimates and maps, the commission shall thereupon cause to be made by its own engineers such additional surveys and field investigations as may be necessary and approve or disapprove of all or any portion of such proposed plans, estimates and specifications, and shall have the authority to order such changes or alterations in such plans, estimates and specifications as may in its judgment be necessary; when the plans are complete to the satisfaction of the commission and are formally adopted, they shall thereafter be known as "the plan of reclamation" a copy so certified shall be forwarded to the secretary of the board of directors and no change of major importance shall thereafter be made without an express order from the commission in each case. The commission shall submit a final report in writing upon such matters as it may deem essential and particularly upon the following points:

(a) The sufficiency of the water supply available for the project and the right of the district to so much of the water as may be needed.

(b) The nature of the soil as to its fertility and susceptibility to irrigation, the probable amount of water needed for its irrigation and the probable need of drainage.

(c) The feasibility of the proposed irrigation or storage system and of the specific project for which the bonds under consideration are desired or have been used, whether such system and project be constructed, projected or partially completed.

(d) The reasonable market value of the water, water rights, canals, reservoirs, reservoir sites or other irrigation works owned by such dis-

trict or to be acquired or constructed by it with the proceeds of such bonds.

(e) The reasonable market value of the land included within the boundaries of the district, both before and after the proposed irrigation plans have been completed.

(f) A discussion of the crops and value thereof as related to the estimated annual assessments for all purposes that may be levied against the district.

(g) Its conclusions, findings, and recommendations as to the entire feasibility of the district and a result of all investigations and advisability of carrying out the plans as adopted.

The commission is authorized to call upon and it is hereby made the duty of the state engineer to make an investigation and report as to the available water supply and the right of the district to use the water as proposed, said report, or true copy thereof to be included in the final report of the commission as outlined in paragraph (a) above, and to be furnished by the state engineer not later than sixty (60) days after demand therefor.

The final report of the commission shall be filed with the clerk of the district court in which the petition was originally filed, and one copy shall be sent to the secretary of the district board. Such report from the public service commission shall be signed by the chairman and the secretary of the commission and have affixed thereto the seal of the commission, and shall be considered by the district court as competent and relevant testimony in subsequent hearings upon the confirmation of bonds proceedings. The order of confirmation shall not be made unless such report is favorable and shall have been filed with the clerk and considered by the court.

Amd. Sec. 3, Ch. 147, L. 1923.

3968. Bonds—Form and terms—Legal investments. The bonds shall be numbered consecutively, commencing with number one and following in numerical order and may be either serial or straight maturity in nature. They shall be negotiable in form and payable in gold coin of the United States of the present standard weight and fineness, or in its equivalent; provided, however, that bonds shall be issued so as to include a sum sufficient to pay the first three years' interest to accrue on said bonds.

Serial bonds may mature annually in such amounts that the total annual payments for principal plus interest shall be approximately equal; provided that the maturity dates shall spread over a term of not less than ten (10) nor more than thirty (30) years, and that the earliest maturity shall be not less than five (5) years and the latest maturity not more than forty (40) years from the date of issue.

Straight maturity bonds shall mature in forty (40) years or less as the board of directors may determine.

The bonds shall bear interest at the rate of not to exceed six per centum (6%) per annum, payable semi-annually on the first days of January and July of each year, and the principal and interest shall be payable at the office of the county treasurer of the county in which the office of the district board is located. Said bonds shall be each of

the denomination of not less than one hundred dollars nor more than one thousand dollars, shall be signed by the president and secretary of the board of directors of the district, and the seal of the district shall be affixed thereto. The interest to become due on each bond shall be evidenced by interest coupons attached to such bond, which interest coupons shall bear the engraved facsimile signatures of the president and secretary of the board of directors of the district. Said bonds shall be registered in the office of the treasurer of the county in which the office of the board of directors of the district is situated, and in the office of the public service commission of Montana, in books kept in their respective offices for that purpose, and therein must be stated the number, date, amount of bond, time and place of payment, rate of interest, number of coupons attached and any other description proper for future identification of each bond, and such commission shall indorse on each such bond a certificate substantially in the following form:

The within bond may also be used as security for the deposit of public money in the banks of said state.

All bonds certified in accordance with the terms of this act shall be legal investments for all trust funds, and the funds of all insurance companies, banks, both commercial and savings, trust companies in the state of Montana, state permanent common school funds and other permanent state education, charitable and penal institution funds of the state of Montana; and whenever any money or funds may, by any law now or hereafter enacted, be invested in bonds of cities, counties, school districts or municipalities in the state of Montana, such money or funds may be invested in said bonds of irrigation districts organized under, or subject to the provisions of this act, and whenever bonds of cities, counties, school districts or municipalities may, by any law or hereafter enacted, be used as security for the performance of any act, said bonds

of irrigation districts under the limitations of this act provided may be so used.

Amd. Sec. 4, Ch. 147, L. 1923.

3969. Delivery of bonds to contractor in lieu of sale—Sale of bonds.

The board may, with the consent and approval of the commission, elect not to sell such bonds but to deliver the same to the person, persons or corporation contracting to construct the works in payment, thereof, and the board may provide in the contract therefor that the bonds shall be delivered to such contractor as the work progresses, or upon the completion thereof, provided, however, that no bonds shall be delivered to such contractor in excess of the amount of work actually done at the time of delivery, nor shall the total amount issued and delivered to such contractor be in excess of the amount due such contractor upon the completion of his contract, and no bonds shall be delivered or received in payment at less than face value unless approved by the public service commission, providing none of such bonds shall be disposed of for less than ninety per cent of their face value.

If the board elects to sell the bonds which have been authorized by the confirmation order of the court, the board may sell the same from time to time, and in such quantities as may be necessary and most advantageous, and it shall be the duty of the commission to assist in the sale of the bonds of the district, by advertising in newspapers or periodicals or in any other manner they see fit. Before making any sale the board shall, at a meeting, by resolution, declare its intention to sell a specified amount of bonds and the day and hour and place of such sale, and shall cause such resolution to be entered on the minutes and one copy to be forwarded to the secretary of the commission, and notice of sale to be given by publication thereof once a week for at least two successive weeks in two newspapers published in the state, one of which shall be a newspaper published in the county in which the office of the board of directors is situated, if there be a newspaper published in said county, and in any other newspaper or periodical at their discretion; the notice shall state that sealed proposals will be received by the board at their office for the purchase of the bonds until the day and hour named in the resolution.

At the time appointed, and in the presence of a member or representative of the public service commission, who shall participate therein in any advisory capacity, the board shall open the proposals and either accept the most favorable bid received from responsible parties, or may reject any and all bids. After offering said bonds for sale, as above provided, if no satisfactory bid is received, the board may use said bonds for any purpose for which the proceeds from the sale of bonds may be used, either by way of sale, exchange or otherwise, at public or private sale, with or without advertisement or public notice, but such board shall in no event sell or dispose of any of said bonds for less than face value without the approval of the commission, providing none of such bonds shall be disposed of for less than ninety per cent of their face value, and provided further, that the board may, by resolution duly entered on its records cancel any bonds which may have been voted or issued which have not been sold, disposed of, or deposited as security for

funds advanced or to be advanced and against which the state, United States, or any other person, firm or corporation shall have no claim to or equity in, and after the cancellation of said bonds the same shall not be sold or otherwise disposed of and shall be invalid and of no effect.

Nothing herein contained shall be construed to prohibit the board of directors from advertising for the sale of bonds, and at the same time for the delivery or exchange of bonds, in the alternative, to the end that proposals for purchase of the bonds or exchange of bonds for construction work, otherwise, may be received and passed upon at one and the same time, if the board so elects.

Amd. Sec. 5, Ch. 147, L. 1923.

3970. Payment of bonds—Liability of property—Lien. Said bonds and the interest thereon due or to become due to the United States under any contract between the district and the United States, and all bonds and obligations for the payment of money authorized and incurred under this act, shall constitute a general obligation of the district and shall be paid by the revenue derived from the annual assessments upon the land in the district, and all the lands in the district shall be and remain liable to be assessed for such payments as herein provided, subject to the provisions of this act.

In addition to the provisions for the payment of said bonds and interest by taxation and other provisions of this act, all the property of the district, including irrigation and other works, shall be liable for the indebtedness of the district, and the holder or holders of the bonds of the district, may in case of default in the payment of interest or principal on the bonds, upon the order of the court, take possession of the irrigation and other works of the district and operate the same until the amount in default shall have been fully paid.

All bonds issued hereunder shall be a prior lien upon all the lands originally or at any time included in the district for the irrigation and benefit of which said irrigation district was organized and said bonds issued, except as to such lands as may at any time have been included in such district on account of the exchange or substitution of water under the provisions of this act, if any there be; and all such lands shall be subject to a special tax or assessment for the payment of principal and interest of such bonds; and said special tax or assessment shall constitute a first and prior lien on the lands against which levied to the same extent and with like force and effect as taxes levied for state and county purposes.

The bonds issued under the provisions of this act, rights of way, ditches, flumes, pipe lines, dams, water rights, reservoirs, and other property of like character, belonging to any irrigation district, shall not be taxed for state, county or municipal purposes.

Amd. Sec. 6, Ch. 147, L. 1923.

3973. Sinking fund and tax levy. Where straight maturity bonds are issued, it shall be the duty of the board of directors of the district to create and maintain a sinking fund sufficient to pay and discharge said bonds at maturity. If said bonds shall be issued for twenty years or less, there shall be annually levied for such sinking fund a special

tax or assessment as aforesaid, sufficient to produce a net amount represented by the quotient found by dividing the aggregate amount of the principal of the bonds by the number of years the bonds have to run; but if said bonds are issued for more than twenty years, then it shall not be necessary to levy a special tax or assessment for sinking fund until the twentieth year prior to the maturity of the bonds, at which time and each year thereafter there shall be levied and collected a special tax or assessment sufficient to produce a net sum equal to one-twentieth part of the aggregate amount of the principal of the bonds.

The board shall have power and authority, with the approval of the commission, to direct the investment of funds in any bond sinking fund in interest bearing securities, whenever in their judgment the same may be to the best interests of the district. But all such securities shall be such as will be paid and converted into cash in time to meet the principal on the bonds payable from such sinking fund promptly at their maturity.

Amd. Sec. 7, Ch. 147, L. 1923.

3974. Determination annual administrative expenses—Levy and collection of tax. The board of directors shall on or before the second Monday in July of each year, determine the total amounts of money necessary to be raised by said district for the ensuing year, for any and all purposes whatsoever in carrying out the provisions of this act, including interest on and principal of the bonded or other indebtedness of the district, maintenance and repairs, and may increase said amounts by not to exceed fifteen per cent, for the purpose of taking care of any delinquencies or contingencies.

The board of directors shall levy against each forty acre tract or fraction thereof, as designated by the United States public surveys, that portion of the said amounts so to be raised which the irrigable area of each tract bears to the total area of all the irrigable lands of the district, said irrigable area to be determined by a careful topographic survey and map of all lands in the district, or by the best available information before the completion of such survey and map. Should it be found that a substantial error has been made in the determination of any assessment, proper adjustment may be made at the next annual assessment by increasing or decreasing the amount any land owner shall pay.

Provided, however, that no assessment for interest and principal of bonded or other indebtedness shall be made or levied against any lands which may have been included within the district on account of the exchange or substitution of water under the provisions of this act but all such lands shall be assessed for all administrative, maintenance and operating purposes, including the payment of interest upon warrants issued therefor, the same as other lands in the district. Not less than five days thereafter copies of the assessment list as outlined herein shall be transmitted by registered mail to the secretary of the public service commission and to the county clerk of each county in which lands of the district are situated, showing the various items of expense the assessment is designed to cover, the various funds required therefor and the distribution to said funds. In case the commission finds it necessary to change the levy as made by the board, the secretary shall transmit such

change to the county clerk in each county containing acreage within the district not later than the third Monday in August; immediately thereafter the county clerk shall cause to be entered in the assessment-book of said county or counties, and prior to the delivery of the said assessment-books to the county treasurer, the assessment-roll as transmitted by the commission, or in the event the commission has seen fit to make no change in the assessment as made by the board of directors, the original assessment-roll as submitted by the board shall be taken as the true and correct assessment against each tract for that year.

In the event that the board of directors shall fail to make such levy or make a levy insufficient in amount for the carrying out of the provisions of this act including sinking fund requirements, bond interest and annual maintenance charges, it shall be the duty of the public service commission to certify the amount of the necessary levy to the county clerk in which any part of such irrigation district is located, who shall thereupon levy the same.

In case both the board of directors and the public service commission shall fail to certify such levy to the county clerk on or before the third Monday in August, it shall be the duty of the said county clerk to enter in the assessment-books of said county the same levy as made for the preceding year, if any.

The tax thus determined by the irrigable area of each such tract shall become a lien upon the whole of said tract and shall attach thereto as of the first Monday of March of that year. The county treasurer shall thereafter collect such taxes or assessments at the same time and in the same manner as county and state taxes, and shall place said moneys in the respective funds as provided for by the levy.

In the event that the ownership of any tract of land in the district shall be divided after any tax or assessment against the same has been levied, each or either of the owners of such divisions shall be entitled to have such tax or assessment equitably apportioned to and against such divisions, so that each such owner shall be enabled to pay such tax or assessment against his portion of such tract, and have the same discharged from the lien thereof.

In the event that for any reason, any special tax or assessment hereinabove provided for cannot or shall not be levied and collected in time to meet any interest falling due on any bonds issued hereunder, then the board of directors shall have the power and authority and it shall be its duty to provide for and pay such interest when due either out of any of the funds, except sinking fund, in hand in the treasury of the district not otherwise appropriated, or by warrants (which may bear interest at a rate not to exceed six per centum per annum) drawn against the next district tax or assessment levied or to be levied. The aggregate amount of such warrants outstanding at any one time shall not exceed one dollar per irrigable acre of land in the district. Said warrants shall be in addition to those mentioned in section 9 of this act.

Amd. Sec. 8, Ch. 147, L. 1923.

3975. Limitation of powers of directors to incur debt. The board of directors or other officers of the district, shall have no power to incur any debt or liability whatever either by issuing bonds; or otherwise,

except as provided in this act; and any debt or liability incurred, in excess of such express provision, shall be and remain absolutely void, except that for the purposes of organization, or for any of the immediate purposes of this act, or to make, or purchase surveys, plans and specifications, or for stream gauging and gathering data, or to make any repairs occasioned by any calamity or other unforeseen contingency, the board of directors may, in any one year, incur an indebtedness of as many dollars as there are gross acres in the district, and may cause warrants of the district to issue therefor, bearing interest at the rate of not to exceed six per cent per annum.

3985. Transfer of moneys from construction fund.

Under this section and 3986, the board of directors of an irrigation district has no power to transfer moneys in the construction fund to any other fund, except where a surplus remains upon completion of the project. After warrants for work done had been issued to the contractor, the directors ordered a transfer to certain other funds and directed the county treasurer not to pay the warrants but to register them. The contractor brought action against the treasurer to compel their payment, whereupon the district

asked leave to file a complaint in intervention setting forth its reasons for ordering the transfer. Held, that the transfer having been unlawful the status of the construction fund was not changed by it, and payment of the warrants not having been revoked, the complaint did not state facts sufficient to entitle the district to intervene, and that refusal to permit its filing was proper. 3990. Election of directors—Bond—Organization. The regular election for directors in each district shall be held annually of [on] the first Saturday in April of each year; the term of office of directors shall commence on the third Saturday in April following the election. At the first regular election following the creation of a district there shall be elected one director from the first division who shall hold his office for a term of one year; one director from the second division who shall hold his office for a term of two years; one director from the third division, who shall hold his office for a term of three years; if there be five divisions in a district, one director shall be elected from the fourth division who shall hold his office for two years and one director shall be elected from the fifth division who shall hold his office for three years and if there be seven divisions in a district, one director shall be elected from the sixth division who shall hold his office for two years and one director shall be elected from the seventh division who shall hold his office for three years. At the regular elections held thereafter each year, there shall be elected for a term of three years or until his successor is elected and qualified, one director for each vacancy caused by the expiration of the term of office of a director that year; each director so elected must be an owner of land within the division for which elected

and must be a qualified elector and a resident of the county in which the division of the district for which said director is elected, or some portion thereof, is situated.

Directors shall be chosen by the electors of the entire district, and each director-elect before taking office shall take and subscribe the official oath to be administered by the held-over members of the board, and file same in the office of the board of directors. Each member of the board of directors shall execute an official bond in the sum of two thousand (\$2,000) dollars, which said bond shall be approved by the judge of the district court of said county where the organization was effected, and shall be recorded in the office of the county recorder thereof and filed with the secretary of said board. All official bonds of directors shall be in the form prescribed by law for the official bonds of county officers.

On the third Saturday in April following each regular election, the board shall meet and organize by electing a president from their number and a secretary who may or may not be a director and who shall hold office during the pleasure of the board.

The board of directors may submit any proposal of major importance to a vote of the electors of a district at any regular or special election for decision; provided that such proposal when passed upon at an election shall be final and binding upon said board, unless reversed at a later election.

In addition the owner of the grain shall pay to the inspector the regular mileage allowed to the sheriff of his county for the number of miles necessarily traveled to make such inspection in all cases where said inspector provided his own conveyance and travels at his own expense; in such cases the inspector shall retain said fees as reimbursement for his expense. Before entering upon the discharge of his duties each inspector shall take an oath for the faithful and impartial discharge of his duties, and shall give bond to the county for the faithful discharge of his duties in a sum to be fixed by the county board, not less than \$5,000; said bond to be approved by the county board.

En. Sec. 5, Ch. 59, L. 1923.

(a) Upon application as provided herein, the inspector shall proceed to make said inspection as provided herein within a reasonable time. He shall carefully examine all such warehouses as to roofs, windows, doors and other openings, foundation and construction and after such examination, shall either approve or reject such structure as a farm storage warehouse, and shall make a written report in triplicate describing the same, the original to be filed with the county clerk, the duplicate to be left with the license holder and the triplicate for the files of the inspector. Said report shall bear the signature of the license holder as well as that of the inspector.

(b) If such warehouse is approved the inspector shall then proceed to take a probe test of the bin in which grain upon which inspection is desired is located; said probe tests to be not more than three feet apart and must go to the bottom of the bin tested, provided, however, that if it be impractical to get a probe test that will go to the bottom of the bin or bins, he shall write upon the report above required, the notation "No Bottom." He will then determine the quantity of grain so inspected by measurement or weight.

(c) He shall make up a sample as required by law covering the inspection of grain, and shall forward same in a suitable container, together with his report on condition thereof, to the state inspector of grain, or to the place where nearest deputy state inspector is located, for grading.

It shall then be the duty of the state inspector, or his deputy to issue a certificate of grade, showing the kind of grain, grade, dockage and moisture content, together with the percentage of each kind of grain contained in the sample, provided it should grade mixed grain. As soon as the inspector has received the state inspector's grade, it shall then be his duty to issue to the license holder the warehouse certificate on the form as provided in this act, showing the amount, kind, grade, moisture content, percentage of mixture, etc., of the grain in question.

(d) When such examination and inspection has been completed by the inspector, he shall carefully seal all openings with a seal furnished by the state of Montana and said seal shall remain upon said warehouse until the owner shall have complied with the provisions of this act, and regulations issued under the authority thereof, providing for the removal of the grain stored in such warehouse. He shall then post on the door of said warehouse a notice to the effect that this is a farm warehouse and warning all persons under penalties of this act from in any manner tampering with the seals or in any other manner entering upon said premises without the consent of the inspector or his duly authorized agents. Any violation of this paragraph be and is hereby defined as grand larceny and subject to all the penalties attaching to the crime of grand larceny in this state.

(e) The inspector shall make weekly reports to the county clerk of the County in which he lives of all inspections made during that week a copy of which must also be mailed to the commissioner of agriculture of the state of Montana, showing the names of the parties inspected, the locations of warehouse or warehouses, the kind and amount of grain so inspected, also the amount of fees and mileage collected.

En. Sec. 6, Ch. 59, L. 1923.

4138.7. Certificate—Redemption. In case the owner of such warehouse certificate issued under the provisions of this act shall negotiate said certificate as collateral to loans or advances, the value of which is fixed by a note attached to this certificate and shall fail to pay said amount when due then and in that case the holder of his certificate shall be entitled to recover under the chattel mortgage law of this state and shall be entitled to all protection in matters of this kind, the same as though the obligation were a bona fide chattel mortgage. It shall be the duty of the commissioner of agriculture to prescribe regulations governing the manner of delivery of such stored grain, and the settlement of advances and other charges against it, to the end that the interest of all parties shall be fully protected, but this shall not be construed as giving the commissioner of agriculture the power to make rules and regulations which would in any manner endanger the rights of those making loans and advances on warehouse certificates in accordance with this act.

En. Sec. 7, Ch. 59, L. 1923.

4138.8. Insurance at full value. Any person to whom warehouse certificates are issued shall keep the grain in such warehouse or warehouses owned or controlled by him insured against loss by fire, tornado

En. Sec. 8, Ch. 59, L. 1923.

4138.9. Co-operative associations not within act. Nothing in this act shall be construed to prevent farmers in any county or community from forming among themselves local co-operative credit associations whenever such associations are required in order to secure advances upon grain stored in farm warehouses as contemplated in this act and such associations shall be entitled to full protection of this act, the same as any other person, firm, corporation or bank, making loans and advances under this act.

En. Sec. 9, Ch. 59, L. 1923.

CHAPTER 270.

REGULATION OF WAGE BROKERS.

4173. Wage broker to procure license and give bond.

In an action by a bank as assignee of a contractor for a balance due on a contract assigned as security for a loan, an allegation in the answer that the assignment had not been acknowledged nor filed with the county clerk as required by sections 4173-4182, regulating the business of wage brokers, was properly stricken, it appearing affirmatively that the assignor was neither a wage-earner nor an employee but a contractor, and therefore the assignee was not a wage broker. *Security State Bank of Roy v.*

Melchert et al., 67 Mont. 535, 216 Pac. 340.

One who parts with money either directly or indirectly, in consideration of the assignment of wages, is a wage broker within the meaning of this and following sections. *Costello v. Great Falls Iron Works*, 59 Mont. 417, 196 Pac. 982.

An assignment to a wage broker of wages not theretofore earned but thereafter to be earned, is void as against the creditors of the assignor. *Idem*.

Apples carrying extra fancy color requirements characteristic of the variety showing either fine pin point scab in cavity or basin; limb rub, not to exceed one-half inch in diameter; or two healed-over worm stings may be permitted in this grade.

"C" grade. Apples are defined as all those merchantable apples which are mature, free from infection, soft bruises and broken skin. Provided, that this grade may include healed-over stings and scab spots not to exceed one-quarter inch in the aggregate. Color requirements not considered in this grade. Combination grades must contain at least twenty-five (25) per cent of apples which belong to the higher grade in the combination.

"Orchard run" grade shall consist of extra fancy, fancy and "C" grade apples packed in combination. Boxes so marked must contain at least fifteen (15) per cent of apples of extra fancy grade and not more than fifty (50) per cent of "C" grade. No apples failing to meet the requirements of "C" grade shall be permitted in this grade.

No apples smaller than two (2) inches in diameter shall be permitted in any grade. Small apples which are under the size requirements as prescribed may be shipped marked "small," provided such apples are free from injurious insect pests and diseases.

Lake County was created by petition and election effective August 10th, 1923, L. 1923, p. 623.

4337.1. Petroleum county. Beginning at a point at the middle of the main channel of the Missouri river opposite the middle of the main channel of the Musselshell river, running thence up the middle of the main channel of the Musselshell river to its intersection with the township line between townships 11 and 12 north; thence west along said township line to the range line between ranges 24 and 25 east, which is the southwest corner of township 12 north of range 25 east of the Montana Principal Meridian; thence north to the northwest corner of said township; thence east to the southwest corner of township 13 north of range 25 east of the Montana principal meridian; thence north to the southeast corner of township 16 north of range 24 east, Montana principal meridian; thence west to the southwest corner of said township and range; thence north to the northwest corner of said township and range; thence east to the southwest corner of township 17 north of range 24 east; thence north to the northwest corner of said township and range; thence east to the southwest corner of township 18 north of range 25 east; thence north approximately two and one-half miles to the quarter corner on the west side of section 19 in township 18 north of range 25 east; thence east along the median line a distance of approximately twelve miles to the quarter corner on the east line of section 24 in township 18 north of range 26 east; thence north approximately one-half mile to the southwest corner of section 18 in township 18 north of range 27 east; thence east to the southeast corner of said section in said township and range approximately one mile; thence north approximately fifteen miles to the northeast corner of section 6 in township 20 north of range 27 east; thence along the township line between townships 20 and 21 north to the southwest corner of township 21 north of range 27 east; thence north along the range line between ranges 26 and 27 east to the intersection of said range line with the middle of the main channel of the Missouri river; thence down stream along the middle of the main channel of the Missouri river to the place of beginning.

Petroleum County was created by petition and election, effective February 22, 1925, L. 1925, p. 505.

4358.1. Establishment boundary line Yellowstone and Carbon counties. That the boundary line between Yellowstone county and Carbon county of the state of Montana, be and the same is hereby established and shall hereafter be known as follows:

Beginning at that point on the Yellowstone river where the west line of section twenty-one (21), township two (2) south, range twenty-four (24) east, intersects the said river, thence south along the west line of section twenty-one (21) and the west line of section twenty-eight (28)

and thirty-three (33) in said township to that point on the Clark Fork river where it is intersected by said line; thence in a southwesterly direction along the said Clark Fork river to that point thereon where it is intersected by the west line of section eight (8), township three (3) south, range twenty-four (24) east; thence south along the west line of said section eight (8), and the west line of sections seventeen (17) and twenty (20) of said township to the southwest corner of said section twenty (20) township three (3) south, range twenty-four (24) east; thence east along the south line of sections twenty (20) and twenty-one (21) of said township to the southeast corner of said section twenty-one (21) of township three (3) south, range twenty-four (24) east; thence south along the west line of sections twenty-seven (27) and thirty-four (34) of said township to the southwest corner of said section thirty-four (34), township three (3) south, range twenty-four (24) east; thence east along the south line of said township to the southeast corner thereof; thence south along the line between ranges twenty-four (24) and twenty-five (25) east to the southeast corner of section twenty-four (24) township four (4) south, range twenty-four (24) east; thence east along the north line of sections thirty (30) and twenty-nine (29), township four (4) south, range twenty-five (25) east to an intersection with the west boundary line of the Crow Indian reservation, township four (4) south range twenty-five (25) east; this point being common to the boundary lines of Carbon county, Yellowstone county and Big Horn county.

En. Sec. 1, Ch. 30, L. 1925.

4358.2. Alteration boundaries Yellowstone County. The boundaries of Yellowstone county are hereby altered to conform to the boundaries of Carbon county as established by this act.

En. Sec. 2, Ch. 30, L. 1925.

CHAPTER 4.

LOCATION OF COUNTY SEATS.

4386. Canvass of returns—Result of election.

Held, on appeal from an order granting a temporary restraining order enjoining the removal of a county seat, that the provisions of this section that within ten days after the declaration of the result of a county seat election the records and county offices must be removed to the new county seat, and of other sections imposing a penalty upon officers who fail to keep their offices at the permanent county seat, etc., are suspended pending final determination of the election contest. *Atkinson v. Roosevelt County et al.*, 66 Mont. 411, 214 Pac. 74.

Where the board of commissioners of a county a portion of which was thereafter included in a new county, in order to obtain favorable action by the electors of that portion on a proposed issue of road bonds, passed a resolution, amount-

ing to a promise merely, that in the event the bonds were authorized, a certain proportion of the receipts would be devoted to road improvement in their district, their breach of trust in thereafter failing to carry out their promise could not be remedied by writ of mandate to compel the board of adjusters of the indebtedness between the old and the new county to charge the old county with the amount the district should have received under the resolution, the New Counties Act not authorizing the adjusters to take such action. *State ex rel. Judith Basin County v. Poland et al.*, 61 Mont. 600, 203 Pac. 352.

For text treatment of this subject see vol. 7 Cal. Jur. 411.

CHAPTER 5.

CREATION OF NEW COUNTIES BY PETITION AND ELECTION.

4390. Creation of new counties—Debts and assets prorated.

Where the county commissioners of one of two counties out of which a new county was created, instead of dividing the new county into a convenient number of school districts as required by the New Counties Act, established a district a portion of which lay in the new county and a portion in one of the old counties,

their action was a nullity. *State ex rel. School Dist. No. 28 v. Urton*, 76 Mont. 458, 248 Pac. 369.

Cited in *State ex rel. Missoula County v. Brown*, 73 Mont. 371, 373, 236 Pac. 548; *State ex rel. Foot v. Burr et al.*, 73 Mont. 586, 238 Pac. 585; *Garry v. Martin*, 70 Mont. 587, 590, 227 Pac. 573.

4393. Petition for creation of new county—Attached affidavits.

Under the rule that where a notice is required to be published at least once a week for a period next preceding a certain date, the word "for" means "throughout" or "during the continuance of" the period prescribed, that the provision of this section, requiring publication of notice of hearing of a petition for the creation of a new county "at least once a week for two weeks next preceding the date fixed for such hearing" means that two full weeks' notice, fourteen days, shall be given, and therefore publication made for a shorter period of time is insufficient. *Garry v. Martin*, 70 Mont. 587, 227 Pac. 573.

The board of county commissioners is without jurisdiction to proceed with a hearing of a petition for the creation of a new county unless publication of the notice as required by this section has been made; if not so made and the board proceeds with the hearing, its action is void. *Garry v. Martin*, 70 Mont. 587, 227 Pac. 573.

Under this section petitions for the exclusion of territory and protests against the exclusion must, but protests against the creation of a new county need not, be filed at least one day before the date set for hearing to entitle them to consideration by the board of county commissioners, it being sufficient if such

latter protests are filed on or before the time fixed for the hearing. *State ex rel. Faragher v. Moulton et al.*, 68 Mont. 219, 216 Pac. 804.

Designation by the county clerk of a newspaper by the wrong name, in which to publish notice of the date of hearing of petitions for the creation of a new county, amounted to noncompliance with the statutory direction in that regard. *State ex rel. Stevens v. McLeish*, 59 Mont. 527, 198 Pac. 357.

Publication of notice of hearing on petitions for the creation of a new county required by this section, in certain newspapers for at least once a week for two weeks next preceding the date fixed for it, is jurisdictional, and therefore failure of publication in one of the papers designated in the week immediately preceding the date of the hearing was fatal to jurisdiction and rendered all subsequent proceedings, including the election, invalid. *State ex rel. Stevens v. McLeish*, 59 Mont. 527, 198 Pac. 357.

The requirement of this section that notice of the hearing of new county petitions shall be published "at least once a week for two weeks next preceding the date fixed for such hearing" means two weeks immediately preceding the hearing. *State ex rel. Stevens v. McLeish*, 59 Mont. 527, 198 Pac. 357.

4394. Duty of commissioners when findings justify new county, etc.

Pac. 369; *Garry v. Martin*, 70 Mont. 587, 590, 227 Pac. 573.

4395. Measures to be taken after election—Officers—Effect of adverse vote.

Under this section a new county is not fully created until the expiration of ninety days after the date of the filing with the secretary of state of the certified copy of the resolution of the board

of county commissioners of the parent county declaring it duly formed as a county. *County of Hill v. County of Liberty*, 62 Mont. 15, 203 Pac. 500.

4396.1. Election state senator on creation new county. At the special election held for the purpose of voting on the creation of a new

county, a state senator shall be elected, who will hold office until the next general election.

En. Sec. 1, Ch. 106, L. 1925.

4396.2. Election county commissioners on creation new county. At the special election held for the purpose of voting on the question of the creation of a new county, a board of county commissioners shall be elected, who shall hold office until the next general election.

En. Sec. 2, Ch. 106, L. 1925.

4397. Commission to adjust indebtedness of old and new counties.

Cited in *State ex rel. Missoula County v. Brown et al.*, 73 Mont. 371, 373, 236 Pac. 548.

4398. Determination of amount of indebtedness and value of property—Taxation.

Since a completed and used bridge belongs to the state and therefore is not "property of the county" within the meaning of section 3, article XVI, constitution, prescribing the method by which, in the creation of a new county out of an old one the proportion of the net indebtedness of the old county chargeable to the new one shall be ascertained, the legislature was without power to authorize the commissioners appointed to adjust the indebtedness between a new and an old county to take into consideration steel bridges constructed and in use for a period of less than ten years, in determining the value of county property. *State ex rel. Missoula County v. Brown et al.*, 73 Mont. 371, 236 Pac. 548.

Under the New Counties Act, providing for the apportionment of property and debts between a new and the old county or counties out of which it is created, taxes upon property situated in that portion of the parent county or counties incorporated in the new county, which are delinquent upon creation of the new one or were delinquent and remain unpaid for previous years, are collectible by and belong to the new county. *County of Hill v. County of Liberty*, 62 Mont. 15, 236 Pac. 500.

Delinquent taxes paid on property incorporated in a new county, in the in-

terim between the passing of the resolution by the board of commissioners of the parent county and the expiration of the ninety-day period after its filing with the secretary of state, belong to the parent and not to the new county. *County of Hill v. County of Liberty*, 62 Mont. 15, 203 Pac. 500.

Public records of a county are not county property to be taken into consideration by a board of adjustment of county indebtedness between an old and a new county. *State v. Poland et al.*, 61 Mont. 600, 203 Pac. 352.

A completed bridge used by the public is a part of the public highway and belongs to the state, and is therefore not county property such as may be considered in adjusting the indebtedness between an old and a new county. *State v. Poland et al.*, 61 Mont. 600, 203 Pac. 352.

A partly finished bridge, constructed with funds obtained from a bond issue, is not such county property as it may sell, and therefore cannot be taken into consideration as county property in the adjustment of indebtedness between an old and a new county. *State v. Poland et al.*, 61 Mont. 600, 203 Pac. 352.

Cited in *State ex rel. Cascade County v. Poland et al.*, 66 Mont. 286, 213 Pac. 900.

4400. Assessment and collection of taxes.

Cited as section 9, chapter 226, L. 1919, in *County of Hill v. County of Liberty*, 62 Mont. 15, 18, 203 Pac. 500.

4402. Records, books and papers. The board of county commissioners of any new county formed as aforesaid must provide suitable books, and have transcribed from the records of the old county or counties all such parts thereof as relate to or affect property, or the title thereof, situated in the new county, and said records, when so transcribed

and certified, as herein provided, shall have the same force and effect as such original records; the said county commissioners shall have full power and authority to contract for transcribing of records as now provided by law; provided, that all chattel mortgages, renewals of chattel mortgages, articles of incorporation, contract notes, sheriff certificates of sale, liens, and original affidavits of registration, which may affect or relate to property or persons situate within the new county, shall be by the county clerk of the old county delivered to the county clerk of the new county, and be preserved by said county clerk of the new county as permanent files of such new county; and provided, further, that the files of all actions in the office of the clerk of the district court of the old county, whether reduced to judgment or pending, for the recovery of the possession of, quieting the title to, or for the enforcement of liens upon, or any other actions affecting real estate lying wholly in the new county shall be, by the clerk of the district court of the old county, delivered to the clerk of the district court of the new county to be kept and preserved by him as permanent files of such new county, to the end that only the minutes and other entries in books kept by the clerk of the district court need be transcribed.

Amd. Sec. 1, Ch. 75, L. 1925.

4403. Transfer of pending actions. All actions pending in the district court of the old county or counties for the recovery of the possession of, quieting title to, or the enforcement of liens upon, or any other actions affecting real estate lying wholly in the new county shall forthwith upon the delivery of the files in said action to the clerk of the district court of the new county, as provided in section 1, hereof, be transferred to the district court in which the new county may be attached for judicial purposes, and thereafter shall be subject to the same laws as if said action had been originally brought in the district court of the new county.

Amd. Sec. 2, Ch. 75, L. 1925.

CHAPTER 8.

GENERAL POWERS AND LIMITATIONS UPON COUNTIES.

4441. Every county a body corporate.

In an action by sureties to establish a preference upon the assets of an insolvent bank to satisfy the amount which they were required to pay a county for funds on deposit therein at the time of the suspension, in the absence of constitutional or statutory provisions conferring the right of sovereignty upon counties, they do not possess it. *Bignell et al. v. Cummins*, 69 Mont. 294, 36 A. L. R. 634, 222 Pac. 797.

Aside from the powers granted counties by statute and those necessarily implied from the powers expressed, they have none, and where there is a fair and rea-

sonable doubt as to the existence of a particular power, it must be resolved against them and the power denied. *Sullivan v. Big Horn County*, 66 Mont. 45, 212 Pac. 1105.

Cited in *Franzke v. Fergus County et al.*, 76 Mont. 150, 155, 245 Pac. 962; *State v. McGraw*, 74 Mont. 152, 155, 240 Pac. 812; *State Bank of Outlook v. Sheridan County*, 72 Mont. 1, 6, 230 Pac. 1097.

For text treatment of this subject see vol. 7 Cal. Jur. 420.

4444. Enumeration of powers.

Applied with section 4465 in *Franzke v. Fergus County et al.*, 76 Mont 150, 245 Pac. 962. Cited in *Gregg v. Bayers*, 73 Mont. 165, 167, 235 Pac. 337; *Sullivan v. Big Horn County*, 66 Mont. 45, 47, 212 Pac. 1105.

CHAPTER 9.

COUNTY COMMISSIONERS—ORGANIZATION, MEETINGS AND COMPENSATION.

4459. Clerk.

This and section 4460 were cited in *State ex rel. Lockwood v. Tyler*, 64 Mont. 124, 131, 208 Pac. 1081.

4460. Duties of clerk.

The duty of the county clerk to issue warrants for claims passed upon by the board of county commissioners being ministerial only, he is not clothed with supervisory power to either question or determine the legality of the claims,

except where they are void upon their face as without the jurisdiction of the board to pass upon them. *State ex rel. Lockwood v. Tyler*, 64 Mont. 124, 208 Pac. 1081.

4461. Duties of board.

This section providing that a board of county commissioners must cause a minute-book to be kept in which must be recorded all its orders, decisions and proceedings does not make such record the only evidence admissible to prove the action of the board nor prohibit oral testimony as to what was actually done, and,

when so proved, its action has the same effect as though shown by a minute entry. *State ex rel. Rankin v. Madison State Bank*, 77 Mont. 498, 251 Pac. 548.

Cited in *State ex rel. Urton v. American Bank & Trust Co.*, 75 Mont. 369, 375, 243 Pac. 1093.

CHAPTER 10.

GENERAL POWERS OF BOARDS OF COUNTY COMMISSIONERS.

4465. General and permanent powers. The board of county commissioners has jurisdiction and power under such limitations and restrictions as are prescribed by law:

1. To supervise the official conduct of all county officers, and officers of all districts and other subdivisions of the county, charged with assessing, collecting, safekeeping, management, or disbursement of the public revenues; see that they faithfully perform their duties; direct prosecutions for delinquencies; and, when necessary, require them to renew their official bonds, to make reports, and to present their books and accounts for inspection;

2. To divide the counties into township, school, road, and other districts required by law, change the same, and create others as convenience requires, by consolidation of two (2) or more townships, or otherwise;

3. To establish, abolish, and change election precincts, and to appoint judges of election, canvass all election returns, declare the result, and issue certificates thereof;

4. To lay out, maintain, control, and manage public highways, ferries and bridges, within the county, and levy such tax therefor as required by law; provided, however, that they may, in the exercise of a sound discretion, jointly with other counties, lay out, maintain, control, manage,

and improve public highways, ferries, and bridges in adjacent counties, wholly or in such part, as may be agreed upon between the boards of county commissioners of the counties concerned, and levy taxes therefor as provided by law;

5. To provide for the care and maintenance of the indigent sick, or the otherwise dependent poor of the county; erect and maintain hospitals therefor, or otherwise provide for the same; and to levy the necessary tax therefor, per capita, not exceeding two dollars (\$2) and a tax on property not exceeding three-fifths ($\frac{3}{5}$) of one per cent, (1%) or either of such levies when both are not required, and to expend not to exceed five per cent (5%) of any such levy for the collection of said tax, or of any part thereof;

6. To provide a farm for the support of the poor of the county, and make regulations for working the same;

7. When there are no necessary county buildings, to provide suitable rooms for county purposes;

8. To purchase, receive by donation, or lease any real or personal property necessary for the use of the county, preserve, take care of, manage, and control the same; but no purchase of real property must be made unless the value of the same has been previously estimated by three (3) disinterested citizens of the county appointed by the district judge for that purpose, and no more than the appraised value must be paid therefor;

9. To cause to be erected and furnished a courthouse, jail, hospital, and such other public buildings as may be necessary;

10. To sell at public auction at the courthouse door, after thirty (30) days' previous notice given by publication in a newspaper published in the county, said notice to be published once a week for four (4) successive weeks, and posted in five (5) public places in the county, and convey to the highest bidder for cash, or on such terms as the board of county commissioners may approve, any property, real or personal, not necessary in the conduct of the county business, belonging to the county; but no such sale of real property must be made unless the value of the same has been appraised by three (3) disinterested citizens of the county appointed by the district judge for that purpose, within three (3) months prior to the date of said sale and no such sale for cash or on terms shall be made for less than the appraised value of said property; provided, that in case such sale is made on terms other than for cash, no such sale of county property shall be made except at least one-eighth ($\frac{1}{8}$) of the purchase price so bid therefor be paid in cash at the date of sale; and provided further, that no deferred payment or payments shall extend for a period of more than eight (8) years, and that all such deferred payments shall bear interest at the rate of six per cent (6%) per annum, payable annually; and provided further, that no title to the said property so sold shall pass from the county to such purchaser or his assigns until the full amount of such purchase price has been paid therefor and the proceeds thereof paid into the county treasury for the use of the county. The said appraisers shall be compensated at the rate of eight dollars (\$8) per day for each day necessarily expended in making such appraisal;

11. At the regular meetings of the board, to examine and allow the accounts of all officers having the care, management, collection or disbursement of moneys belonging to the county, or appropriated by law or otherwise for its use and benefit;

12. At the regular meetings of the board to examine, settle, and allow all accounts legally chargeable against the county except salaries of officers, and order warrants to be drawn on the county treasurer therefor, and provide for the issuing of the same;

13. To levy such tax annually on the taxable property of the county for county purposes as may be necessary to defray the current expenses therefor, including salaries otherwise unprovided for, not exceeding sixteen (16) mills on each dollar of the assessed valuation for any one (1) year; and to levy such taxes as are required to be levied by special or local statutes;

14. To equalize the assessments;

15. To direct and control the prosecution and defense of all suits to which the county is a party;

16. To insure the county buildings in the name of and for the benefit of the county;

17. To grant licenses for keeping ferries, and such other licenses as are provided by law;

18. To fix the compensation of all county officers not otherwise in this code or by general or special law fixed, and provide for the payment of the same;

19. To fill by appointment all vacancies that may occur in county, township, or precinct offices, except in the office of county commissioner;

20. To contract for the county printing, and provide books and stationery for county officers;

21. At the adjournment of each session of the board to cause to be published in a newspaper, a complete list of all claims ordered paid for all purposes showing name, purpose and amount and a fair summary of the minutes and records of all of its proceedings, and also to be published annually in a newspaper the county clerk's annual statement of the financial condition of the county; and provided that publication of such minutes and record of proceedings must be made within twenty-one (21) days after the adjournment of the session, and publication of the financial statement must be made within thirty (30) days after the presentation of the same to the board of county commissioners, and the board of county commissoiners shall not allow or order paid any claim for any such publication of minutes and record of proceedings or annual financial statement unless made within the time herein prescribed therefor;

22. To represent the county, and have the care of the county property, and the management of the business and concerns of the county in all cases where no other provision is made by law;

23. To make and enforce such rules for its government, the preservation of order, and the transaction of business, as may be necessary;

24. To adopt a seal for the board, a description and impression whereof must be filed by the clerk in the offices of the county clerk and secretary of state;

25. To perform all other acts and things required by law not in this title enumerated, or which may be necessary to the full discharge of the duties of the chief executive authority of the county government;

26. To borrow money upon the credit of the county to meet current expenses, if the county revenue is insufficient;

27. To issue on the credit of the county coupon bonds to an amount sufficient to secure the necessary funds for the procurement of necessary building sites, for the construction of necessary public buildings, and for the construction of bridges and highways, in accordance with the provisions of articles III and IV, chapter II, title II, part IV of the Political Code.

Amd. Sec. 1, Ch. 95, L. 1923; Amd. Sec. 1, Ch. 54, L. 1927.

A county is merely a subdivision of the state for governmental purposes, and as such is subject to legislative regulation and control; the legislature may within the limitations prescribed by the constitution, circumscribe or extend the powers to be exercised by a county, and legislative authority to regulate or control the disposition of county property not having been limited by the constitution, it could properly declare, as it did by this section and section 4444, that such property may be sold only under the restrictions and in the manner therein indicated. *Franzke v. Fergus County et al.*, 76 Mont. 150, 245 Pac. 962.

The contention that subdivision 10 of this section, providing the method to be pursued in selling county property, applies only to a sale of property obtained for purely public purposes but no longer needed for such purposes, and that therefore a ranch held by it in its proprietary capacity and not acquired for a public

purpose does not fall within its purview, cannot be sustained. *Franzke v. Fergus County et al.*, 76 Mont. 150, 245 Pac. 962.

A county is without power to enter into an agreement to sell land owned by it, on the installment plan, its power in that regard being limited to an actual sale at public auction and for cash by this section. *Franzke v. Fergus County et al.*, 76 Mont. 150, 245 Pac. 962.

4465.1. Grant of right of way for pipe line construction—Damages.

That the board of county commissioners of any county of the state of Montana shall have the power and authority to grant to any person, association or corporation the right to construct and maintain in, along and under any public road or highway within such county, any pipe line for the conveyance of natural or artificial gas, water or any other substance, for the use of any county, city or town, or the inhabitants thereof; provided, that, when constructed, such pipe line shall not now or in the future interfere with the surface use of such road or highway; and provided further, that the person, association or corporation owning or constructing such pipe line shall compensate such county for any and all damages done to any such road or highway in the laying, construction or maintenance of such pipe line, and shall promptly restore any such road or highway to its former condition of usefulness, without interference with the traffic thereon.

En. Sec. 1, Ch. 75, L. 1927.

4465.2. Proviso. Nothing in this act contained shall be construed as in any manner affecting any of the terms and provisions of chapter

14 of part IV of the Code of Civil Procedure as set forth in the Revised Codes of 1921.

En. Sec. 2, Ch. 75, L. 1927.

CHAPTER 11.

SPECIAL POWERS AND DUTIES OF COUNTY COMMISSIONERS.

4470A and 4470B. Relating to appropriations for county advertising.

Rep. Sec. 3, Ch. 107, L. 1927.

4470.1. Appropriation for county advertising authorized. The board of county commissioners of any county in the state is hereby authorized to make an appropriation of money from the general fund of the county for the purpose of advertising the agricultural, commercial, mining, manufacturing, labor or other resources of the county, through the exposition exhibits committee of the state department of agriculture, labor and industry, or for the purpose of assisting the said department of agriculture in presenting exhibits of Montana products at fairs or expositions outside the state of Montana.

En. Sec. 1, Ch. 107, L. 1927.

4470.2. Amount of appropriation. Said appropriation shall not exceed in any one year the following amounts, to wit: in counties of the first class or second class, one thousand dollars (\$1,000); in counties of the third class, five hundred dollars (\$500); in all other counties two hundred fifty dollars (\$250). Said money shall be expended in such manner as the board of county commissioners may direct or may be transmitted to the department of agriculture, when such appropriation is for the purpose of assisting said department in advertising the resources or presenting the exhibits hereinabove indicated.

En. Sec. 2, Ch. 107, L. 1927.

4482. Contracts for county printing—Duty of county commissioners to enter into.

By the requirement of this section county commissioners must contract with a newspaper of general circulation "published" within the county and which has been published therein at least one year, to perform the county printing, a paper is contemplated the work of composing, printing, issuing and distributing of which is done in the county, and not one the composition and printing of which is done in another county and sent to the county in which it maintains an office for distribution. State ex rel. Vickers v. Board of County Commrs., 77 Mont. 316, 250 Pac. 606.

This section does not prohibit the use of "patent insides" used in small country newspapers, they not affecting the status of a paper so long as it otherwise meets the necessary requirements of a newspaper of general circulation. State ex rel.

Vickers v. Board of County Commrs., 77 Mont. 316, 250 Pac. 606.

The fact that a weekly newspaper secured a government permit for entry in the postoffice as second-class matter at the county seat of the county in which it was distributed, though published in an adjoining county, is of no consequence in determining whether it was "published" in the former to qualify it as a bidder for county printing under this section. State ex rel. Vickers v. Board of County Commrs., 77 Mont. 316, 250 Pac. 606.

Where an eight-page newspaper for some four months of the year necessary to qualify it for bidding on county printing was published in another county, a "supplement" consisting of one sheet printed on one side, issued by the publisher in the former county during the four months, for which, however, no per-

mit for entry in the postoffice had ever been obtained, which was included in and designated a part of the regular issue, and the name of which was subsequently changed to that of the regular paper, was not the newspaper contemplated by this section 4482, and therefore not entitled under the name of the regular paper to bid on county printing. *State ex rel. Vickers v. Board of County Commrs.*, 77 Mont. 316, 250 Pac. 606.

This section is not open to the objection that in making it compulsory upon the board of county commissioners to let the county printing to a newspaper in existence for a year or more even though its bid be higher than that of one not published for that length of time, it indirectly contravenes the provision of section 4, article XII, of the state constitution, prohibiting the levying of taxes upon the inhabitants or property in any county for municipal purposes, since a county is but a subdivision of the state for governmental purposes and as such subject to legislative control, and the state has power, as sovereign proprietor, to provide from whom and upon what terms it will purchase the supplies needed in the discharge of its governmental functions. *State ex rel. Woare v. Board of Commrs.*, 70 Mont. 252, 225 Pac. 389.

On the authority of *Hersey v. Neilson*, 47 Mont. 132, and *Stange v. Esval*, 67 Mont. 301, held that this section requiring the contract for county printing to be let to a newspaper published in the particular county continuously for a period

of one year immediately preceding its letting, is not void as in violation of the fifth and fourteenth amendments to the federal constitution, as depriving the county of the right to contract and granting a person a privilege or immunity not granted to another, or of section 26, article V of the state constitution, prohibiting the enactment of special or class legislation, or of sections 3 and 27, article III thereof, as denying the county the right to contract and depriving it of property without due process of law. *State ex rel. Woare v. Board of Commrs.*, 70 Mont. 252, 225 Pac. 389.

This section provides that the county commissioners shall contract for the county printing with some newspaper which has been published continuously within the county for at least one year immediately preceding the awarding of the contract. Two papers submitted bids, one of which had been established in the county about seven months, while the other had been published therein for several years. The contract was awarded to the former. Held, in a taxpayer's suit that the district court improperly denied an injunction to prevent the carrying out of the contract, it having been the duty of the county commissioners under this section, to award the contract to the paper which met the requirement of publication within the county for at least one year preceding the awarding of the contract. *Strange v. Esval et al.*, 67 Mont. 301, 215 Pac. 807.

4501. Destruction of insect pests by county commissioners.

Sections 4501, 4503 and 4504 were cited in *State ex rel. Case v. Bolles et al.*, 74 Mont. 54, 69, 238 Pac. 586.

4502. Pay of workers—Affidavit—Claims. Any person so appointed under the provisions of this act shall receive as compensation the sum of not less than two dollars and fifty cents (\$2.50), or more than four dollars (\$4) per day for eight hours' labor performed in poisoning, killing, catching and exterminating such insect pests exclusive of time going to and returning from such work. Such person shall make a sworn statement to the county of the time put in and the poison or other means used, which said statement shall be attached to the bill or claim against the county, and warrants in payment thereof drawn on the general fund.

Amd. Sec. 1, Ch. 25, L. 1923.

4503. Purchase and payment for equipment. The board of county commissioners of any county may, from time to time, purchase such quantities and amounts of poisons, traps and other equipment necessary to carry out the provisions of this act to poison, kill, catch or exterminate such insect pests, and warrants in payment thereof shall be drawn on the general fund.

Amd. Sec. 2, Ch. 25, L. 1923.

4504. Tax levy—Registry warrants. The board of county commissioners shall annually determine the amount of such warrants drawn on the general fund for the purposes of this act, and the succeeding year shall levy a tax for the purpose of insect pest extermination sufficient in amount to reimburse said general fund for the money so paid out on such warrants, which said tax shall be leved upon all the property in the county and shall not exceed one mill on each dollar of assessed valuation. If there be no money in the general fund with which to pay such warrants, they shall be registered and bear interest in the same manner as other county warrants, but in such case the interest shall be computed and added to the amount for which such tax is levied.

Amd. Sec. 3, Ch. 25, L. 1923.

4508. Seed commissioner—Employment. The board of county commissioners of each county and the city council of each municipal corporation are hereby authorized and upon presentation to them of a petition signed by fifty (50) freeholders of the county or twenty-five (25) freeholders of the municipal corporation, as the case may be, may employ a suitable and competent person as weed commissioner for the period between the fifteenth day of June and the first day of October of each year and to provide for his compensation at not to exceed the sum paid to road supervisors or street commissioners, and it shall be the duty of said weed commissioner when appointed to supervise the destruction of noxious weeds and he is hereby empowered to give notices provided for in this act, and cause the provisions hereof to be forced [enforced].

Amd. Sec. 1, Ch. 60, L. 1923.

4509. Inspection and notice to owner. Where the weed commissioner has knowledge, or on written complaint made to any such weed commissioner, that noxious weeds described in this act are growing or standing upon the lands within his jurisdiction, in violation of the law, he shall forthwith inspect the premises and if the complaint be well founded, he shall cause written notice to be served on the person permitting the same, directing him to comply with the provisions of this act, in respect thereto within four (4) days after such service.

Amd. Sec. 2, Ch. 60, L. 1923.

4510. Service of notice. All notices herein provided for may be served by any citizen of the county or municipal corporation in which the land is situated; such service shall be upon the occupant, if any there be, otherwise upon the owner or person in charge of the land and shall be by registered letter or person. If there be no person within the county upon whom service can be made, of which the affidavits of the person serving the notice shall be prima facie evidence, the subsequent procedure shall be the same as though service had been had and the notice ignored.

Amd. Sec. 3, Ch. 60, L. 1923.

4511. Procedure to enforce notice—Tax levy—Suit. If the notice be not obeyed within four (4) days, the weed commissioner of the county or municipal corporation, as the case may be, shall forthwith destroy

such weeds and make report thereof to the county clerk or to the city clerk in cities where taxes are collected by the city treasurer, with a verified, itemized account of his services and expenses in so doing, and a description of the lands involved, and shall include in said account his own wages for the time of his necessary employment as well as for men and teams employed, at a rate paid for farm labor per day for man and team for eight hour day. Such expense shall be paid by the county or municipal corporation out of the general funds and unless the sum be repaid by the owner or occupant before October 15th next ensuing, the county clerk, or the city clerk, as the case may be, shall certify the amount thereof, with the description of the premises to be charged, and shall extend the same to the assessment list of the said county or city as a special tax on said land, but if the land for any reason be exempt from general taxation, the amount of such charge may be recovered of the owner in a civil action with costs.

Amd. Sec. 4, Ch. 60, L. 1923.

4512. Weeds in crops—Procedure. When noxious weeds are so intermixed with a growing crop that the field is a menace to the community, the weed commissioner shall have power to order the destruction of the same or such parts thereof as may be necessary. All officials charged with the enforcement of this act may go upon the lands infested with noxious weeds, or suspected thereof, for any purpose necessary to such enforcement.

Amd. Sec. 5, Ch. 60, L. 1923.

4520. Liability on official bond of commissioner.

Section 1627 places the specific legal duty upon the board of county commissioners to remove obstructions in a highway, and after notice thereof any member of the board who neglects to do so becomes personally liable under this section for any injury caused thereby, and they are not relieved of liability by merely instructing the road supervisor to

erect and maintain barriers; hence an allegation in the complaint of one who has been injured, to the effect that the board had not instructed the supervisor to erect and maintain barriers, is not required to render the pleading sufficient. *Becker v. Chapple et al.*, 72 Mont. 199, 232 Pac. 538.

CHAPTER 11A.

SPECIAL POWERS COUNTY COMMISSIONERS—ROUNDUP OF ABANDONED HORSES.

4520.1. Definition of terms. The term "abandoned horse" as used in this act means any horse, mare, gelding, filly, jack, mule or any other animal of the genus equus, of the age of one (1) year or over, and unbranded, or if branded, which escaped assessment for taxation for the year next preceding its impounding as hereinafter provided for, and running at large upon the open range of this state, and including foals running with dams coming within the above definition. An animal not bearing a decipherable brand which is recorded in the office of the recorder of marks and brands shall be deemed unbranded.

The term "open range" means all lands in the state of Montana not inclosed by a fence. The term "open range" includes all highways

outside of private inclosures and used by the public, whether the same have been formally dedicated to the public or not.

The term “person” shall include individuals, associations or persons and corporations.

En. Sec. 1, Ch. 140, L. 1925; Amd. Sec. 1, Ch. 29, L. 1927.

4520.2. Abandoned horses declared nuisances. It shall be unlawful for any person to suffer or permit any abandoned horse to run at large upon the open range in the state of Montana; and such horses so running at large upon the open range in the state are hereby declared to be a public nuisance and a public menace, and are hereby condemned, subject to the right of the owner of any such abandoned horse to reclaim the same as and under the conditions hereinafter provided.

En. Sec. 2, Ch. 140, L. 1925; Amd. Sec. 2, Ch. 29, L. 1927.

4520.3. Roundups authorized—Procedure. For the purpose of speedily clearing abandoned horses from the open range in any county or in any district thereof, the board of county commissioners of any such county must, upon the petition of at least five (5) responsible property owners, inhabitants of the proposed roundup district, engaged in the livestock business and paying taxes upon livestock in such county, or upon the petition of a reputable local livestock association, authorize a roundup of abandoned horses in any district within such county, any such roundup to be conducted in such manner as to cause as little disturbance as reasonably possible to horses running lawfully on the open range. All expense of any such roundup shall be paid by the petitioners at whose request the same is initiated, and no county officer or board shall have any power to expend any moneys of the county or incur any obligation on its behalf in connection with any such roundup. Such petitioners, however, shall be reimbursed for the expense of such roundup, as and when moneys may be available for that purpose, in the abandoned horse fund, by warrants issued upon claims filed as in the case of other claims against the county. Upon the filing of such petition the board shall make an order authorizing such roundup, which order shall describe generally such district with reasonable certainty; provided, that said district shall not include more nor less territory than that described in the petition; and such order shall also specify the date on or within ten (10) days after which the roundup shall begin and shall designate the place within the district, at which the headquarters of such roundup shall be maintained.

En. Sec. 3, Ch. 140, L. 1925; Amd. Sec. 3, Ch. 29, L. 1927.

4520.4. Notice of roundup—How given. Notice of the holding of any such roundup shall be given by the board of county commissioners at least thirty (30) days prior to the date when the same shall begin, such notices to be published at least once a week for three (3) successive weeks in some newspaper of general circulation, printed and published in the county in which such roundup is to be held (if any such newspaper be printed and published within such county) and such notice shall be posted in at least five (5) public places, outside of the county seat of

such county on public highways in such county or district, as the case may be, in which such roundup is to be held, and three (3) notices shall be posted in three (3) public places in such county seat, one of which notices shall be posted at the front door of the courthouse, such notices as posted outside of the county seat to be posted not less than two (2) miles apart and all posted notices to be posted at least twenty (20) days before the date upon or after which the roundup shall begin as stated in such notice. If no newspaper be printed and published in such county, publication in a newspaper shall not be required. At least twenty (20) days before the date upon or after which the roundup is ordered to begin, a copy of such notice shall be, by the clerk of said board of county commissioners, filed with the Montana livestock commission. Such notices shall be in substantially the following form:

"Notice is hereby given that in accordance with the provisions of chapter of the laws of the twentieth session of the legislative assembly of the state of Montana, and beginning on or within ten (10) days after the day of, 19...., a roundup of abandoned horses will be held under the supervision of the undersigned board of county commissioners in the county of, state of Montana (or if only in a district, generally describing the district), and all abandoned horses taken up in such roundup, and not lawfully reclaimed by the owner, will be sold or otherwise disposed of as provided in said chapter. The headquarters of such roundup will be maintained at

Dated the day of, 19....

By order of the board of county commissioners of county.

By

Clerk of said board."

En. Sec. 4, Ch. 140, L. 1925; Amd. Sec. 4, Ch. 29, L. 1927.

4520.5. Supervision of roundups—Bond of foreman. All roundups shall be under the control and supervision of the board of county commissioners of the county in which the same shall be held. Roundup districts shall be numbered in the order of their creation. Each roundup shall be conducted by some person designated by the board of county commissioners, whose official designation shall be "Roundup Foreman, Roundup District, County, State of Montana," and such person shall maintain his headquarters at the place designated by the board of county commissioners in its order as the headquarters of such roundup. Such roundup foreman shall have power to administer oaths and affirmations in all matters coming within the scope of his official duties. The board of county commissioners shall require from such roundup foreman an official bond, in an amount not less than two thousand five hundred dollars (\$2,500) and not to exceed five thousand dollars (\$5,000), which bond shall be conditioned as official bonds of county officers, and shall be subject to all provisions of law applicable to such bonds. All abandoned horses taken up in any such roundup shall be delivered to the roundup foreman in charge of such roundup and shall be by him offered for sale at public auction and sold to the highest bidder for cash, if there be any bidder or bidders therefor, and

any such abandoned horses so offered for sale, and for which no bid is made, shall be destroyed or otherwise disposed of in the discretion of the board of county commissioners, unless reclaimed as herein provided.

En. Sec. 5, Ch. 140, L. 1925; Amd. Sec. 5, Ch. 29, L. 1927.

4520.6. Owner may claim horses. Any person claiming to be the owner of any such abandoned horse or horses may serve written notice upon the roundup foreman in charge of such roundup of his claim of ownership, at any time before sale, or other final disposition of such horse or horses, such claim of ownership to be verified by the oath of the claimant or someone on his behalf, and the sale or other final disposition of such horse or horses shall, as to such horse or horses, be postponed from time to time as may be necessary, to enable the claimant to make proof of his claim as herein provided; provided that such postponement shall not be had unless the claimant shall pay to the roundup foreman in charge of such roundup, or deliver to him satisfactory security for, the estimated cost of keeping and feeding such horse or horses until sale or other final disposition, or delivery to the owner.

En. Sec. 6, Ch. 140, L. 1925; Amd. Sec. 6, Ch. 29, L. 1927.

4520.7. Proof of ownership—Fees. Any person claiming any abandoned horse or horses as provided in section 6 of this act shall, within five (5) days after serving the notice provided for in said section 6, or within such further time as the board of county commissioners shall allow, upon good cause shown, submit to such board proof of his ownership, and shall deposit with said board the amount of any unpaid taxes and penalties which may be assessed against such horse or horses, together with the sum of five dollars (\$5) roundup fee. The board shall decide in all cases in preference to all other matters coming before it and at the earliest possible moment. If the claim shall be allowed, the roundup foreman in charge of such roundup shall immediately be notified of such decision and he shall forthwith deliver such horse or horses, as to which ownership shall be so proved, to the owner upon payment of any amount due from such owner for the estimated cost of keeping and feeding such horse or horses as aforesaid, and the deposit made by such owner of taxes, penalties, and roundup fee, shall be by the board delivered to the county treasurer; but if such board shall deny the claim of ownership it shall forthwith notify the person in charge of such roundup of its decision, and such horse or horses as to which such claim shall be denied shall be offered for sale at the earliest convenient session of the sales being held under such roundup, and if not sold the same shall be destroyed or otherwise disposed of as though no claim had been presented.

En. Sec. 7, Ch. 140, L. 1925; Amd. Sec. 7, Ch. 29, L. 1927.

4520.8. Notice and time of sale—Title of purchaser. Before any sale shall be had, at least ten (10) days' notice shall be given by publication and posting in the manner specified in section 4 hereof, except that publication, if made in a newspaper, shall be once in each week for two successive weeks, and posting shall be done at least five (5) days before the date of sale. Such notice shall be in substantially the following form:

"NOTICE OF SALE OF ABANDONED HORSES.

Notice is hereby given that on day, the day of, 19...., at in the county of, State of Montana, beginning at the hour of M., on said day the following described abandoned horses will be sold at public auction to the highest bidder for cash, to wit:

Dated the day of, 19....

By order of the Board of County Commissioners of County, Montana.

By,
Clerk of said board."

All such sales shall be held between the hours of eight (8) o'clock in the forenoon and six (6) o'clock in the afternoon and may be continued from time to time until all abandoned horses taken in such roundup shall have been disposed of. On payment of the price bid for any such horse or horses sold, the delivery thereof, with a bill of sale, vests the title thereto in the purchaser.

En. Sec. 8, Ch. 140, L. 1925; Amd. Sec. 8, Ch. 29, L. 1927.

4520.9. Assessment of horses. It shall be the duty of the county assessor immediately to assess all horses taken up in such roundup which shall be sold, or reclaimed before sale, and not already assessed for the current year, and forthwith transmit to the county treasurer a copy of each assessment made. Any such horses which have escaped the assessment mentioned in section 1 foregoing, shall be assessed as provided for in section 2033 of the revised Codes of Montana of 1921.

En. Sec. 9, Ch. 140, L. 1925; Amd. Sec. 9, Ch. 29, L. 1927.

4520.10. Disposal of moneys. All moneys paid by reclaiming owners of any such horse or horses shall be paid to the county treasurer and by him kept in a fund to be designated as the "Abandoned Horse Fund, Roundup District No. (giving number of district in which such horse or horses were rounded up)." A separate fund, styled as above specified, shall be kept by the county treasurer for each roundup district created in his county. All moneys received from the sale of any such horses shall be paid to the county treasurer and if such sum received from the sale of any such horse shall not exceed the taxes, penalties, and the roundup fee, the whole thereof shall be immediately deposited in the abandoned horse fund for the district in which such horse or horses were rounded up; but if the sum received from the sale of any such horse shall exceed such taxes, penalties and roundup fee, the amount of such taxes, penalties and roundup fee shall be forthwith deposited in the abandoned horse fund for such district, and the excess shall be kept by

the treasurer in a separate fund, and he shall make a record of the description of such horse, the amount received for the same, and the amount of deductions for taxes, penalties and roundup fee, which record shall be open to public inspection; and any person making claim to the board of county commissioners at any time within six (6) months from the date of sale, of ownership of such horse, and submitting proof of ownership to such board with such claim, to the satisfaction of such board, shall be entitled to receive such excess received from the sale of such horse. Any money received from the sale of any such horse in excess of taxes, penalties, and roundup fee, which shall not be so claimed within six (6) months after such sale, shall at the expiration of said period become the property of such county and shall be transferred to the abandoned horse fund for the district in which any such horse was rounded up.

En. Sec. 10, Ch. 140, L. 1925; Amd. Sec. 10, Ch. 29, L. 1927.

4520.11. Record of foreman—Filing. The roundup foreman in charge of any such roundup shall keep an accurate record of all proceedings had under the order for such roundup and within thirty (30) days after such roundup shall be completed he must prepare, in triplicate, and verify by his oath, a full, true and accurate report of all the proceedings taken or had under the order for the roundup, among other things, particularly including a complete financial statement, the number and description of horses impounded and how disposed of. Within said thirty (30) days one of such triplicates of such report shall be filed with the clerk of the board of county commissioners and such filing shall be notice to the world of all the contents of such report and prima facie proof of the facts herein stated. Within said thirty (30) days one of such triplicate shall also be filed with the county assessor and one with the county treasurer for their information and appropriate action.

En. Sec. 11, Ch. 140, L. 1925; Amd. Sec. 11, Ch. 29, L. 1927.

4520.12. Disposal abandoned horse fund. On the thirtieth day of November of each year the county treasurer shall, if all claims against any such abandoned horse fund are paid and a balance remains in such fund, transfer all moneys so remaining in such fund to the general fund of the county, subject to the usual division with the state as to any portion of such balance which shall consist of taxes collected on the abandoned horses; but no part of the roundup fee of five dollars (\$5) shall be paid to the state; and any portion of the taxes so collected which shall be used in paying claims against said fund is hereby declared to be a part of the cost of collection of such taxes.

En. Sec. 12, Ch. 140, L. 1925; Amd. Sec. 12, Ch. 29, L. 1927.

4520.13. Liability of officers. No officer, board, or employee of any county, nor any employee of any such officer of [or] board shall be liable for any act performed in good faith in discharging official duties under this act; and all such acts shall be presumed to have been in good faith and in conformity with this act.

En. Sec. 13, Ch. 140, L. 1925; Amd. Sec. 13, Ch. 29, L. 1927.

4520.14. Certain roundups by individuals prohibited. It shall be unlawful for any person or persons to roundup from the range any horse or horses in any roundup district, after such districts have been designated by the county commissioners, until after such roundup; provided, however, that an owner of horses on which the taxes have been paid in this district may gather the same by notifying the roundup foreman, and being accompanied by such foreman or a representative of such foreman in gathering such horses.

En. Sec. 14, Ch. 29, L. 1927.

4520.15. Limitation act. Except as herein provided, nothing herein contained shall be construed as limiting the powers or duties of assessors, county treasurers, or other boards of officers.

En. Sec. 14, Ch. 140, L. 1925; Amd. Sec. 15, Ch. 29, L. 1927.

4520.16. Effect partial invalidity act. If any clause, sentence, section, paragraph or part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid or inoperative, such judgment shall not affect, impair or invalidate the remainder of this act but shall be confined in its operation to the clause, sentence, section, paragraph or part hereof directly adjudged to be invalid or inoperative.

En. Sec. 15, Ch. 140, L. 1925; Amd. Sec. 16, Ch. 29, L. 1927.

CHAPTER 12.

CARE OF THE COUNTY POOR—OLD AGE PENSIONS.

4527. Contract for medicines and medical attendance. The board must annually, at their December meeting, make a contract with some resident practicing physician to furnish medical attendance to the sick, poor, and infirm of the county, and to the inmates of the county jail; and must also make provision for the furnishing of medicine to the same; provided, however, that the board may let such contract for the furnishing of medical attendance to the physician appointed by such board as county health officer, and may fix a salary or other rate of compensation to be paid to such county health officer for the furnishing of such medical attendance, which salary or other compensation shall be in addition to the salary of such physician as county health officer. Said board may also, when in its judgment the interests of the county require, appoint a deputy county health officer who need not be a resident of the county but who shall be located at a point where he can serve people living in a portion of said county adjacent to his point of residence. The boards of county commissioners of two or more adjacent counties may also, when in their opinion the needs of the county poor living at a distance from the residence of the county health officer, will be better served by such an arrangement, unite in employing a special deputy county health officer whose duty it shall be to attend to the needs of the county poor in any designated part of said adjacent counties.

The county commissioners of the several counties uniting in such an arrangement shall fix the compensation of such special deputy and

such several counties shall bear the cost of same on some equitable division.

CHAPTER 17.

RURAL IMPROVEMENT DISTRICTS.

4575. Resolution of intention—Publication, mailing and notice.

Failure to give the notice required by this section in the attempted creation of a rural improvement district deprived the county of jurisdiction to proceed and a property owner, in his action to enjoin the collection of the tax against his property to pay for the improvement, was not estopped to deny the validity of the assessment by his omission to object to the creation of the district prior to its completion. *Billings Bench Water Assn. v. Yellowstone County*, 70 Mont. 401, 225 Pac. 996.

Notice of adoption of resolution to create improvement district, given to holder of legal title to part of land, the holder of legal title to remainder having signed petition for improvement, was sufficient under section 2, chapter 156, L. 1917, to validate assessment on land belonging to national bank, though no notice was given receiver of bank or his assignor. *Swords v. Special improvement assessments are not "taxes." *Swords v. Simineo*, 68 Mont. 164, 216 Pac. 806.

An irrigation company engaged in the reclamation of arid lands under the Carey Act is not a mandatory of the federal government and therefore not exempt from assessments for special improvements. *Billings B. W. Assn. v. Yellowstone County*, 70 Mont. 401, 225 Pac. 996.

district or that plaintiff acquired the property prior to the time it was passed by the board of county commissioners. *Swords v. Simineo*, 68 Mont. 164, 216 Pac. 806.

of the government within the meaning of this section, and therefore not exempt from payment of special assessments for improvements in a rural improvement district. *Swords v. Simineo*, 68 Mont. 164, 216 Pac. 806.

COUNTY FINANCES, BONDS AND WARRANTS.

4614. Refunding bonds. The board of county commissioners of any county is hereby vested with the power and authority to issue and negotiate, on the credit of the county coupon bonds to an amount sufficient to enable the county to fund all legal outstanding warrants, orders or bonds; or for the purchase of necessary public building sites, and for the construction of necessary public buildings, public highways, and bridges; for the ordinary and necessary expenses of the county authorized by the general laws of the state; and also for the purpose of enabling any county to liquidate its indebtedness to another county incident to the creation of a new county or the change of any county boundary line; not exceeding in the aggregate, including outstanding bonded indebtedness, five per centum of the assessed value of the taxable property within such county, to be ascertained by the last assessment for state and county taxes previous to the issuing of such bonds; provided, however, that the limitation of five per centum of the assessed value of the property upon which taxes are levied and paid within such county shall not apply in cases where county buildings, bridges or highways are destroyed or damaged by an act of God, disaster, catastrophe, or accident, which shall be deemed an emergency and bonds may be issued and negotiated to provide for such emergency as provided in this act not exceeding, in the aggregate, including outstanding bonded indebtedness, eight per centum of the assessed value of the property upon which taxes are levied and paid within said county, to be ascertained as hereinbefore

provided; and provided further, that no such bonds (except bonds to fund or refund outstanding warrants or bonds issued prior to May 1, 1923, and except bonds for the purpose of enabling a county to fund its outstanding warrants or orders issued to liquidate its indebtedness to another county incident to the creation of a new county or the change of any county boundary line) shall be issued, negotiated or sold for any purpose whatever, or exchanged for outstanding warrants, orders or bonds, without the approval of a majority of the electors of such county, (qualified as provided in chapter 98, Session Laws 1923,) voting at an election at which the question of issuing and selling or exchanging such bonds shall be submitted to the electors of such county, and which election shall be held in accordance with the provisions of section 4719 to 4722, inclusive, of the Revised Codes of Montana, 1921, and shall be governed and controlled thereby. The term "assessed value," as used herein, means the value ascertained or determined by taking the percentage of the full and true value provided, or to be provided, by law, rule or practice, as the basis for the imposition and computation of taxes.

Such bonds shall not be sold or exchanged at less than their par value with accrued interest, if any, and no brokerage, legal or other fees or commissions of any kind shall be paid any person for preparing or negotiating, or assisting in the preparation, negotiation, sale or exchange of such bonds.

Such bonds shall be either amortization or serial bonds, as such bonds are defined in chapter 38, Session Laws 1923, and shall bear such rate of interest as shall be fixed by the board of county commissioners but not exceeding six per centum per annum, which interest shall be payable semi-annually. Such bonds shall not be issued for a longer period than twenty years, and all bonds remaining unpaid may be paid and redeemed at any time after the expiration of five years from their date of issue, provided such time and option be stated upon the face of such bonds.

When serial bonds are issued the interest thereon shall be represented by interest coupons payable on the first days of January and July of each year, and such bonds shall be paid in equal annual installments, one installment being payable each year, the amount thereof to be paid and redeemed in each year to be determined by dividing the total amount of bonds to be issued by the total number of years for which said bonds are to be issued; provided, however, that if the date of issue of the bonds shall be prior to the date of the fixing of the county tax levies for the year in which such bonds are issued the first interest on all bonds shall be paid and the first installment of bonds shall be paid and redeemed on the first day of January following the date of the issue of such bonds, but if such date of issue shall be after the date of the fixing of the county tax levies for the year in which the bonds are issued then the first interest on all bonds shall be paid, and the first installment of the bonds shall be paid and redeemed on the first day of January of the second year following the date of issue.

Amd. Sec. 1, Ch. 21, L. 1923; Amd. Sec. 1, Ch. 84, L. 1925; Amd. Sec. 1, Ch. 99, L. 1925. prohibits county commissioners from issuing bonds in excess of a certain amount. Chapter 129 of the same Laws, approved March 8, 1923, confers upon the board of county commissioners power to issue

bonds to take up warrants uttered by the board of trustees of a county high school where its funds are tied up in an insolvent bank, if a levy and tax to pay outstanding warrants "will exceed the limit of the taxes permitted by law to be levied." Held, under the above rule, that chapter 129 being a special statute and chapter 21 a general one, the former is controlling. *Frankze v. Wright et al.*, 70 Mont. 531, 226 Pac. 524.

This section as amended, substituting the taxable value (the percentage of the assessed value upon which taxes are made

computable by sections 1999 and 2000, Rev. Codes 1921) for the assessed value (the value fixed upon taxable property by the county assessor and county and state boards of equalization) of property as the basis for determining the limit of county bonded indebtedness, thus in effect fixing a lower limit of indebtedness than that prescribed by section 5, article XIII of the state constitution, is a valid exercise of legislative authority. *Heckman v. Custer County et al.*, 70 Mont. 84, 223 Pac. 916.

4622. Tax—Bond fund. The board of county commissioners, at the time of making the levy of taxes for county purposes must levy a tax for that year upon all taxable property in the county for the payment of interest on and payment and redemption of the bonds of each series or issue outstanding. If such levy is made for the purpose of paying interest on and principal of any series or issue of bonds issued prior to May first, 1923, then such levy must be high enough to raise an amount sufficient to pay one year's interest on all of such bonds then outstanding and to pay such portion of the principal of such bonds as will become due and payable during the ensuing year, if any; and in any event such levy must be high enough to raise an amount sufficient to pay one year's interest on all of such bonds then outstanding and to place in the sinking and interest fund, for the payment and redemption of such bonds on their maturity, an amount not less than a sum produced by dividing the total amount for which such series or issue of bonds was originally issued by the whole number of years for which such bonds were originally issued to run. If such levy is made for the purpose of paying the interest on and principal of bonds (other than amortization bonds) issued on or after May 1, 1923, then such levy must be high enough to raise an amount sufficient to pay one year's interest on all of said bonds then outstanding and to pay such portion of the principal of such bonds as will become due and payable during the ensuing year, if any; and in any event such levy must be high enough to raise an amount sufficient to pay one year's interest on all of such bonds then outstanding and to place in the sinking and interest fund, for the payment and redemption of such bonds on their maturity, an amount not less than a sum produced by dividing the whole amount of the principal of all such bonds then outstanding and unpaid by the number of years such bonds have yet to run before their maturity. If such levy is made for the purpose of paying the interest on and principal of amortization bonds, then such levy must be high enough to raise an amount sufficient to pay all amounts becoming due and payable for interest and principal during the year next ensuing. The county treasurer shall keep in his books a special and separate sinking and interest fund account for each issue or series of bonds, which account shall at all times show the exact condition of such fund, and all moneys derived from such tax levies shall be paid into the county treasury and deposited to the credit of the proper sinking and interest fund, and shall be used for the payment of the interest on and principal of such bonds, and for no other purpose

whatever; provided, that any money now standing to the credit of any such sinking fund or interest fund, received from taxes heretofore levied and collected for the purpose of paying the interest on or principal of such bonds, shall be transferred to and become a part of such sinking and interest funds, and any such taxes which have become delinquent and shall hereafter be paid shall be deposited to the credit of such sinking and interest funds.

If the board of county commissioners of any county shall fail or neglect to make a levy in any year sufficient to raise the amount necessary for the payment of interest on and principal of any bonds becoming due and payable during such year, or to place in the sinking and interest fund for such issue or series of bonds the proper amount, as herein provided, the holder of any bond of such issue or series, or any taxpayer paying taxes on property situated in such county, may apply to the district court of the county issuing such bonds for a writ of mandate to compel the board of county commissioners of such county to make a proper and sufficient levy for such purposes, and if, upon the hearing of such application, it shall appear to the satisfaction of the court that the board of county commissioners has failed or neglected to make any levy whatever for such purposes, or has made a levy but that the same is insufficient to raise the amount required to be raised under the provisions of this section, the court shall determine the amount of such deficiency and shall issue a writ of mandate directed to and requiring such board of county commissioners, at the next meeting thereof for the purpose of making and fixing county tax levies, to make and fix a tax levy against all taxable property in the county sufficient to raise the amount of such deficiency, which levy shall be in addition to the levy required to be made for the then current fiscal year; provided, that any costs which may be allowed or awarded the petitioner in any such proceeding shall be paid by the members of such board of county commissioners and shall not be a charge against such county.

Amd. Sec. 1, Ch. 99, L. 1925.

4622.1. Bond sinking funds—How invested. That the board of county commissioners of any county of the state of Montana and the council of any city or town of the state of Montana, shall have the power and authority and shall invest so much of the bond sinking fund of any such county, city or town, as is not needed for the payment of interest coupons, in United States government bonds or securities, state bonds or securities, county or city bonds, or other bonds or securities which are supported by general taxation, except irrigation bonds, provided however that all of such investments must first be approved by the state examiner and that said bonds or securities must be due and payable at least ninety days before the obligations for which such bonds were raised, shall become due and payable. Such bonds and security shall be in the custody of such county, city or town treasurer, and be held by him for the use and benefit of such county, city or town as the case may be. It shall be the duty of such treasurer to properly protect such securities by insurance, the use of safety deposit boxes, or other means, the expense of which shall be a proper charge against the particular county, city or town. All moneys derived from

interest on sinking fund investments as herein authorized, shall be credited by the treasurer of such county, city or town, to the same sinking fund from which the investment was made.

4631. County commissioners to transfer funds.

Under this section the board of county school fund) to other funds. State ex commissioners may transfer only the surplus in any county fund (except the rel. Board of County Commrs. v. District Court, 62 Mont. 275, 204 Pac. 600.

4632. Petty cash fund. The board of county commissioners, with the approval of the state examiner, may set aside a sum of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000) out of the general fund, which shall be known as a petty cash fund, for the purpose of paying incidental expenses such as freight, express, postage and other similar items which must be paid in cash at time of delivery, in counties having a county auditor, the county auditor shall be responsible for expenditures from the petty cash fund. In counties not having a county auditor, the county clerk shall be responsible for expenditures from the petty cash fund.

Cited in State ex rel. Case v. Bolles et al., 74 Mont. 54, 65, 238 Pac. 586.

4633. Surplus of contingent fund. At the close of the fiscal year, June 30, 1925, all moneys in the contingent fund in excess of the amount necessary for the retirement of the outstanding warrants against said fund including the interest on said warrants, shall be transferred to the general fund of the county. In case there is not sufficient money in said fund to retire the outstanding warrants as above provided, then and in that case, the board of county commissioners shall transfer the required amount from any funds available in the general fund. Provided further, that if there is not sufficient money available in the general fund, then and in that case, the same shall be provided for in the general fund tax levy for the ensuing year. When all warrants issued on the contingent fund are paid the fund shall be abolished.

Amd. Sec. 2, Ch. 141, L. 1925.

4639.1. Public bonds—Issuance on amortization plan. Whenever the state of Montana, or any county, city, town, school district, or any other taxing unit in the state of Montana having the power to issue and negotiate bonds, does hereafter issue its bonds, such bonds shall be payable on the amortization plan if bonds in this form can be sold and disposed of at a reasonable rate of interest. If amortization bonds cannot be negotiated at such reasonable rate of interest, advantageous to the people for whose benefit the same are issued, then in such case, serial bonds may be issued in place of amortization bonds.

En. Sec. 1, Ch. 38, L. 1923.

State educational bonds issued by authority of sections 5606-5614, are valid and not affected retroactively by this act, providing that public bonds shall be made payable on the amortization

plan if bonds in that form can be sold at a reasonable rate of interest. State ex rel. Tatem v. Dixon et al., 70 Mont. 90, 223 Pac. 832.

This act, providing that the state, municipal corporations or districts in issuing bonds shall give preference to amortization bonds and accept serial bonds only when the former cannot be negotiated to good advantage, is inapplicable to the issuance of irrigation district bonds, and the provisions of the irrigation law (secs. 7210-7212 and 7214),

dealing with the subject specially, are controlling. Walden v. Bitter Root Irr. Dist., 68 Mont. 281, 217 Pac. 646.

This act, declaring that when the state or a subdivision thereof issues bonds they shall be made payable on the amortization plan unless they cannot be negotiated at a reasonable rate of interest in which event serial bonds may be issued in their place, is not retroactive. State ex rel. Mills v. Dixon (Educational Bonds, Case), 68 Mont. 526, 219 Pac. 637.

4639.2. Definition of terms. 1. The term "amortization bonds" is hereby defined as meaning that kind of bonds on which part of the principal is required to be paid each time interest becomes due and payable, which part payment on the principal increases at each succeeding installment in the same amount that interest payment decreases, so that the combined amount due on principal and interest on each succeeding due date remains the same until the bond is paid in full.

2. The term "serial bonds" is hereby defined as meaning that form of bonds under which one or more individual bonds become due and must be paid at regular intervals during the term for which the bonds were issued, so that the last bond will be taken up and paid at the expiration of the term for which the bonds were issued.

En. Sec. 2, Ch. 38, L. 1923.

4639.3. Consideration of bids—Kind of bonds. In considering bids for various classes of bonds, the board or officers negotiating the same, shall take into account not only the rate of interest offered or demanded on the various classes, but also what rate of interest can be realized on such sinking funds as may be required for the payment of serial bonds, and also every other known element affecting the total cost of the bond when paid in full. That kind of bond shall be issued which in the totality of its effect is the most advantageous to the borrower. Provided, however, that this act shall not be so construed as to authorize a higher rate of interest on any kind or class of bond than six percentum per annum.

En. Sec. 3, Ch. 38, L. 1923.

4639.4. Notice of sale—Contents. The notice given of the sale of any of the bonds covered by sections 1 and 2 of this act shall have included therein information to the effect that amortization bonds are the first choice and that serial bonds are the second choice. The inclusion of this information as to the order of preference of these [this] kind of bonds in the notice of sale, shall be deemed to be an essential part of such notice, and the omission of this information shall invalidate the issuance of the bonds under such notice.

En. Sec. 4, Ch. 38, L. 1923.

4639.5. Copy notice to register state land. A copy of the notice of sale of any kind of the bonds covered by this act shall be forwarded to

the register of state lands of the state of Montana in ample time before the date of sale.

En. Sec. 5, Ch. 38, L. 1923.

4639.6. Investment county money in county warrants authorized. Whenever the county has under its control any moneys in any special fund subject to deposit which in the judgment of the board of county commissioners it would be advantageous to invest in county warrants, the county commissioners are authorized in their discretion to direct the county treasurer to purchase county warrants of the same county, thereafter issued against funds in which there is not sufficient money to pay such county warrants at the time of issuance, and in case of such purchase the county commissioners shall designate the fund or funds, to be so invested, and shall fix the amount thereof, and shall also designate the county warrant or warrants which are to be purchased by such funds. The county clerk and recorder shall thereupon cause to be attached to, or stamped, written or printed upon the warrants so ordered to be purchased a notice to the effect that the county will exercise its preference right to purchase such warrant. The county treasurer shall thereafter when such county warrant is presented to him, purchase the same out of the proper fund as designated by the board of county commissioners, and the warrant so purchased shall be registered as other county warrants, and bear interest as provided by law. When the designated amounts have been invested the county treasurer shall notify the county clerk and recorder.

4751. County treasurer to issue triplicate receipts. 4756. Priority in payment of warrants.

County warrants must be presented for payment to the county treasurer who must pay same in cash or by check acceptable to the holder. He is without authority to issue a call for the payment of registered warrants "at any of

the banks of the county" and county depositories may not pay out county funds to themselves or others without a check from the treasurer. *State ex rel. Case v. Bolles et al.*, 74 Mont. 54, 238 Pac. 586.

4758. Funds reserved sixty days therefor.

While county warrants are not negotiable instruments in the sense of the law-merchant, and the transferee takes them subject to all legal and equitable defenses to them which existed in the hands of the payee, failure of the transferee to re-present a registered warrant within sixty days after it was called for payment does not render it invalid and may not be relied upon as a defense in an action to compel payment. *State ex*

rel. Case v. Bolles et al., 74 Mont. 54, 238 Pac. 586.

The word "may" appearing in this section, which provides that the board of county commissioners may on application of the holder of a warrant who failed to re-present a warrant within sixty days after issuance of the call for its payment, order the county treasurer to pay it, means must or shall. *State ex rel. Case v. Bolles et al.*, 74 Mont. 54, 238 Pac. 586.

The only penalty a holder of a registered warrant incurs, under this section, for failure to re-present it for payment within sixty days after issuance of the

call is loss of interest thereon. State ex rel. Case v. Bolles et al., 74 Mont. 54, 238 Pac. 586.

4767. Deposit of public funds. It shall be the duty of all county, city and town treasurers to deposit all public moneys in their possession and under their control in any solvent bank or banks located in the county, city or town of which such treasurer is an officer, subject to national supervision or state examination, as the board of county commissioners, in the case of a county, or of the council in the case of a city or town, may designate, and no other. The sums so deposited shall bear uniform interest at the rate of not more than two per centum (2%) per annum, payable quarter annually. The treasurer shall take from such banks such security as the board of county commissioners, in the case of a county, or the council, in the case of a city or town, may prescribe, approve and deem fully sufficient and necessary to insure the safety and prompt payment of all such deposits on demand, together with the interest thereon. Such securities shall consist of bonds of some surety company authorized to do business in the state of Montana, or bonds guaranteed by such companies directly or indirectly, bonds and securities of the United States government and its dependents, bonds and warrants of the state of Montana or of any county, city, town or school district of Montana, personal bonds, as hereinafter provided, when accompanied by a sworn statement of the resources and liabilities of each of the sureties thereon, which shall be attached and made a part of the bond and corporation bonds issued in the United States of America, which are quoted on the New York market, which shall be acceptable at not to exceed ninety per cent (90%) of such market quotation. Provided, further, that when negotiable securities are furnished, such securities may be placed in trust and the trustee's receipt may be accepted in lieu of the actual securities when such receipt is in favor of the treasurer, his successors and the state of Montana, and the form of receipt and the trustee have been approved by the state examiner or superintendent of banks. All warrants or other negotiable securities must be properly assigned or indorsed in blank. It shall be the duty of the board of county commissioners in the case of county funds, or the council in the case of funds of a city or town, upon the acceptance and approval of any of the above mentioned bonds or securities, to make a complete minute entry of such acceptance and approval upon the record of their proceedings, and such bonds and securities shall be re-approved at least quarter annually thereafter. When more than one bank is available in any county, for the deposit of county funds, or in any city or town for the deposit of city or town funds, such deposits shall be distributed ratably among all of such banks qualifying therefor, substantially in proportion to the paid-in capital and surplus of each such bank willing to receive such deposits under the terms of this act, and it shall be the duty of said county, city or town treasurer to prorate all such deposits among all of the banks qualified to receive the same as in this

act provided, to the end that an equitable distribution of such deposits shall be maintained. Whenever it shall come to the attention of the state examiner that the funds of any county, city or town are not properly distributed as provided in this act, the state examiner shall order the treasurer of such county, city or town to distribute said funds in accordance herewith, and if such treasurer shall refuse or neglect to comply with such order, it shall be the duty of the state examiner to institute proceedings against such treasurer at the cost of the county, city or town of which such treasurer is an officer, on the official bond of such treasurer. If no such bank exists in the county, city or town, or if any bank or banks existing therein fails or refuses to qualify under the terms of this act to receive such deposits, then and in such case, or in either of such cases, such moneys as have not been accepted by any bank or banks within said county, city or town, shall be deposited under the terms of this act, in the bank or banks most convenient to such county, city or town, willing to accept such deposits under the terms of this act, and qualified as above provided. Any bank or banks receiving such deposits, shall, through its president and cashier, make a statement quarterly annually of account, under oath, showing all such moneys that have been deposited with such bank during the quarter, the amount of daily balance in dollars, and the amount of interest by such bank or banks credited or paid therefor, and showing that neither such bank nor any officer thereof, nor any person for it, has paid or given any consideration or emolument whatsoever to the treasurer or to any other person other than the interest provided for herein, for or on account of the making of such deposits, with any such bank. All such deposits shall be subject to withdrawal by the treasurer in such amounts as may be necessary from time to time, and no deposit of funds shall be made, or permitted to remain in any bank, until the security for such deposits shall have been first approved by the board of county commissioners in the case of county funds, or by the council in the case of city or town funds, and delivered to the treasurer. All interest paid and collected on such deposits shall be credited to the general fund of the county, city or town to whose credit such funds are deposited. Where moneys shall have been deposited in accordance with the provisions of this act, the treasurer shall not be liable for loss on account of any such deposit that may occur through damage by the elements, or for any other cause or reason occasioned through means other than his own neglect, fraud, or dishonorable conduct.

No personal bond shall be accepted except when such bond is for the purpose of renewing a personal bond now in effect, and from and after March 1, 1929, personal bonds shall not be considered as acceptable security; provided, further, that from and after the passage and approval of this act, no new or additional deposit accounts shall be opened by any treasurer under any personal bond.

Amd. Sec. 1, Ch. 89, L. 1923; Amd. Sec. 1, Ch. 137, L. 1925; Amd. Sec. 1, Ch. 134, L. 1927.

Where a board of county commissioners, acting under chapter 88, L. 1913, had designated a bank a county depository, the county treasurer was, in the

absence of the statute requiring a periodical designation thereafter, justified in continuing to make deposits therein upon receipt of approved securities, until notified to the contrary. State ex rel. Rankin v. Madison State Bank, 77 Mont. 498, 251 Pac. 548.

Chapter 88, L. 1913, not having prescribed that the board of county commissioners in designating a bank as county depository should cause its action to be recorded in its minutes, the board, under the rule that where the mode of the exercise of a power granted to it is not prescribed it may use its own discretion in selecting the mode, could properly choose any method of making known to the treasurer the bank entitled to receive county deposits it deemed adapted for that purpose. *State ex rel. Rankin v. Madison State Bank*, 77 Mont. 498, 251 Pac. 548.

Where a board of county commissioners made an order pursuant to the provisions of chapter 88, L. 1913, designating a certain bank a county depository, but failed to cause such order to be entered in its minutes, the board was properly permitted on a taxpayer's petition to require the receiver of the bank upon its insolvency to recognize the claim of the county as a preferred one on the ground that the deposits therein had been unlawfully made in that the board's order designating the bank a depository had not been entered in its minutes, to prove its action in that regard by oral testimony; the funds were legally deposited and therefore the county was a general creditor and not entitled to a preference. *State ex rel. Rankin v. Madison State Bank*, 77 Mont. 498, 251 Pac. 548.

A bond given in pursuance to this section to insure the safety and prompt payment of county funds deposited by the county treasurer (disregarding an unintelligible clause therein) is a contract for the direct payment of money, warranting the issuance of a writ of attachment against the property of the sureties in an action to recover thereon. *State ex rel. Nauman v. Pondera Valley State Bank*, 77 Mont. 1, 248 Pac. 207.

Chapter 89, L. 1923, providing that a county depository bond shall not be effective until approved by the board of county commissioners, in the manner prescribed, is a special statute and controls even though there be a general statute on the subject inconsistent with it. *State ex rel. Urton v. American Bank & Trust Co.*, 75 Mont. 369, 243 Pac. 1093.

The bond required of county depositories under this section as amended must be approved by the board of county commissioners as an entity, its approval

by the chairman of the board being insufficient. *State ex rel. Urton v. American Bank & Trust Co.* 75 Mont. 369, 243 Pac. 1093.

By the adoption of this section and amendment thereof, requiring the county treasurer to deposit all "public moneys"—which term includes moneys belonging to a school district or other branch of the state government—in his possession in county depositories designated by the board of county commissioners, the treasurer becomes the agent of the county in handling such funds and he and his bondsmen are relieved from liability for their loss occasioned through the failure of the depositories. *State v. McGraw*, 74 Mont. 152, 240 Pac. 812.

The enactment of chapter 128, L. 1923, did not modify or repeal this section so as to relieve the county of its liability under the above act for funds deposited with its treasurer by school districts and by him deposited in county depositories. *State v. McGraw*, 74 Mont. 152, 240 Pac. 812.

Under chapter 137, L. 1925, amendatory of this section, title to moneys deposited by a school district with the county treasurer passes to the county; the moneys become county funds; the county becomes the debtor of the school district and upon redeposit thereof in county depositories is liable to the district for their loss occasioned by such depositories becoming insolvent, such loss being the loss of county and not school district funds. *State v. McGraw*, 74 Mont. 152, 240 Pac. 812.

Held, under *State ex rel. School District v. McGraw*, that a county is liable to an irrigation district for the loss of funds deposited by the latter with the treasurer of the former as required by this section, and redeposited by the treasurer in county depositories which failed. *State ex rel. CHAPTER 26.

SHERIFF.

4774. Duties of sheriff. The sheriff must:

1. Preserve the peace.
2. Arrest and take before the nearest magistrate, for examination, all persons who attempt to commit or have committed a public offense;

3. Prevent and suppress all affrays, breaches of the peace, riots, and insurrections which may come to his knowledge;

4. Perform duties of humane officer within his county with reference to the protection of dumb animals;

5. Attend all courts, except justices and police courts, at their respective terms or sessions held within his county, and obey their lawful orders and directions.

6. Command the aid of as many male inhabitants of his county as he may think necessary in the execution of these duties;

7. Take charge of and keep the county jail and the prisoners therein;

8. Indorse upon all notices and process the year, month, day, hour, and minute of reception, and issue therefor to the person delivering it, on payment of fees, a certificate showing the names of the parties, title of paper, and time or [of] reception;

9. Serve all process or notices in the manner prescribed by law;

10. Certify under his hand upon the process of notices the manner and time of service, or, if he fails to make service, the reasons of his failure, and return the same without delay.

Amd. Sec. 1, Ch. 157, L. 1925.

Whether a sheriff needs the assistance of a posse comitatus to suppress a riot is a matter left to his judgment; in summoning it he presumably acts within his authority; he is commander of all he summons to his aid and all under his command are in duty bound to obey his lawful orders. *McCarthy v. 4779. Return prima facie evidence.

The return of an officer upon a search-warrant is prima facie evidence only of the facts stated therein and may, therefore, be overcome by other evidence.

4782. Damages for refusing to pay over money.

This section has application only to cases of intentional delinquency, merely prescribes punishment for wilful or corrupt neglect of duty, and is therefore inapplicable to a case where failure to pay was due to the closing of a bank in which the money was deposited. *Wells-Dickey Co. v. Benjamin*, 74 Mont. 170, 239 Pac. 771.

Since under this section a means is provided for compelling a sheriff to pay moneys which may have come into his hands by virtue of his office, to the person entitled thereto, mandamus does not lie to compel him to do so. *State ex rel. Grantier v. Woods*, 67 Mont. 337, 215 Pac. 671.

CHAPTER 27.

COUNTY CLERK.

4796. What to be recorded.

Since an option to purchase land is not itself a contract to purchase the land, the book kept by the county clerk and recorder for the recording of contracts for the purchase or sale of real property is not, but the Miscellaneous Record Book required to be kept by subdivision 15

of this section, for entry of "such other writings as are required or permitted by law to be recorded," is the proper book for recordation of such a contract. *Guerin v. Sunburst Oil & Gas Co.*, 68 Mont. 365, 218 Pac. 949.

4799. Indexes to be kept.

4. He must keep accounts current with the treasurer, and when any person deposits with the county treasurer any money paid into the treasury, the county clerk shall be furnished by the treasurer with a duplicate of the receipt issued to such person, which duplicate receipt shall be filed in the office of the county clerk, and such county clerk shall charge the treasurer with the amount thereof.

Within forty days after the close of each fiscal year, the county clerk shall make out and present to the board of county commissioners and the state examiner, a full true and complete statement of the financial condition of the county. OTHER COUNTY CHARGES.

4952. Enumeration of county charges.

A county attorney of a county of the third class had power to bind the county for services of a stenographer employed by the day if such services were necessary to the proper discharge of the duties of his office; and in the absence of a showing that they were unnecessary, the

district court properly directed the board of county commissioners to pay the claim, under this section, providing that contingent expenses necessarily incurred for the use and benefit of the county are county charges. In *re Claims of Hyde*, 73 Mont. 363, 236 Pac. 248.

Such petition shall be presented to the council of such city or town at the next regular meeting after the filing thereof. If said council by resolution, duly and regularly passed and adopted, shall find that said petition is signed by the requisite number of qualified electors of said city or town, or by the owners of not less than three-fourths in value of the territory to be excluded, and that the territory petitioned to be excluded is within the corporate limits and on the border thereof, and that the granting of said petition will be to the best interest of such city or town and the inhabitants thereof,

That for the purposes of this act the words "contiguous" and "adjacent" shall include property on the opposite side of a street or alley from the property sought to be withdrawn.

En. Sec. 2, Ch. 33, L. 1927.

EXECUTIVE POWERS—STATEMENT OF CITY CLERK.

5030. Powers of mayor.

Cited in State ex rel. Morgan v. Knight, 76 Mont. 71, 78, 245 Pac. 267.

5033.1. Financial statement of city clerk. Within sixty (60) days after the close of each fiscal year the city or town clerk of each city and town in this state must make out, in triplicate, a full and complete statement of the financial condition of the city or town for such fiscal year, showing:

1. The indebtedness of the city or town, funded and floating; the amount of each class of indebtedness; and the amount of money in the treasury subject to the payment of each class of indebtedness;

2. The amount of money received from taxes upon real and personal property;

3. The amount of money received from fines, penalties and forfeitures;

4. The amount of money received from licenses;

5. The amount of money received from all other sources, each source and the amount received therefrom being shown separately;

6. For each fund the amount of money, if any, on hand at the beginning of such fiscal year, the amount received by and the amount paid out during such fiscal year. The total amount of money paid out must be deducted from the sum of money on hand at the beginning of the fiscal year and money received during such year by the city or town treasurer, and a balance must be struck for each fund;

7. A concise description of all property owned by the city or town with an approximate estimate of the value thereof;

8. The rates of taxation and purposes for which levied for such fiscal year;

9. Such other information as may be, from time to time, required by the state examiner.

The forms on which such statements shall be made shall be prescribed by the state examiner.

The city or town clerk must, not later than the 31st day of August following the close of each fiscal year, transmit one copy of such statement to the state examiner and one copy thereof to the state board of equalization, and must present the third copy thereof to the city or town council, or commission, at the first regular meeting thereof in the month of September.

The city or town clerk shall not receive any salary or compensation for the month of August, or for any month thereafter, until he shall have filed in his office receipts from the state examiner and state board of equalization that such copies have been received and filed.

En. Sec. 1, Ch. 24, L. 1927.

5034. Duties of city treasurer.

Under this section the city treasurer must deposit public moneys in such bank or banks as the city council shall designate, and under section 5036 he must take from the banks such security as the city council may prescribe, approve and deem fully sufficient to insure the safety of deposits made by him. A city treasurer complied with the foregoing provisions; the city council deemed a bond in the sum of \$15,000 sufficient to safeguard the deposits made by him though they exceeded at times the amount of the bond. At the time the designated city depository closed its doors its deposits did exceed the amount of the bond. Held, in a proceeding against the receiver of the insolvent bank to have the excess de-

clared a preferred claim on the ground that it had been unlawfully deposited with the knowledge of the bank and therefore it became a trust fund, that, the treasurer having complied with the statutory requirements, the city must be deemed to have consented to the deposits as made, that they were legally made and that therefore they were general in character and hence that the city was not entitled to a preference. *City of Missoula v. Dick et al.*, 76 Mont. 502, 248 Pac. 193.

Cited as section 3257, Revised Codes, as amended in State ex rel. *City of Cut Bank v. McNamer*, 62 Mont. 490, 496, 205 Pac. 951.

5036. Security for deposits, how given—Statements of banks.

Rep. Sec. 2, Ch. 89, L. 1923.

In the absence of fraud, bad faith or abuse of discretion on the part of a city council in fixing the amount of security exacted from a city depository to safeguard city deposits made by the treasurer as provided by this section which does not designate what relation the security shall bear to the deposits made and under which it may prescribe security

either less than or in excess of the amount of the deposits, courts cannot interfere even though, by not requiring security in excess of deposits, the city may sustain loss by failure of the depository; the province of courts being to apply the law as they find it and not to make new laws. *City of Missoula v. Dick et al.*, 76 Mont. 502, 248 Pac. 193.

5038. Qualifications, term of office and duties of city attorney.

The statute creating the office of city attorney did not provide a time for the commencement of the office, the length of the term, however, being fixed at two years, its commencement being fixed at the first appointment. Upon the death of an incumbent the then mayor appointed his successor to fill the vacancy thus oc-

casioned. Held, under the above rules, that the beginning and ending of the term of office having become established by operation of law, the appointee could hold only for the unexpired term for which he was appointed. *State ex rel. Morgan v. Knight*, 76 Mont. 71, 245 Pac. 267.

For discussion of authority of cities to impose license tax under the police power, reasonableness of license schedules, etc., see *City of Bozeman v. Nelson*, 73 Mont. 147, 237 Pac. 528.

By the general repealing clause found in chapter 96, L. 1923, subdivision 2, of section 5039 and section 5203, Revised Codes of 1921, general in their nature, giving authority to cities to levy and collect taxes, as well as the ordinances enacted in pursuance thereof, were repealed. *Thomas v. City of Missoula et al.*, 70 Mont. 478, 226 Pac. 213.

Section 5039 provides that the license fee which a city may impose upon industries and businesses must not exceed the sum required by statute when the state requires a license therefor. Chapter 154, L. 1923, while authorizing the state railroad commission to require the payment of a license not to exceed \$10 per motor vehicle, does not declare that a license

shall be exacted. A city imposed a license fee of \$25 for the first taxi operated for hire and \$12 for each additional one. Held, that in the absence of a showing that the railroad commission had exercised the power given it by chapter 154, the fee exacted by the city cannot be said to exceed the fee imposed by the state for the same purpose. *State ex rel. City of Bozeman v. Police Court*, 68 Mont. 435, 219 Pac. 810.

While subdivision 7 of this section gives a city the power to regulate the removal and deposition of garbage, it does not give it the right to so deposit it as to create a condition injurious to health or offensive to the senses and thus interfere with the comfortable enjoyment of life and property. *Lennon et al. v. City of Butte*, 67 Mont. 101, 214 Pac. 1101.

A city ordinance exacting a license fee from coal dealers under the provisions of section 2328, without incorporating therein a clause limiting the payment of

the five cents per ton to coal upon which the mine license fee exacted by section 2317 had not been paid to the state, was invalid as in excess of the power of the city to impose. State ex rel. City of Butte v. Police Court, 65 Mont. 94, 210 Pac. 1059.

An assessment levied in 1908 to pay for the expense incurred by the city in the construction of a sidewalk, without first giving the owner of the abutting property notice and affording him an opportunity to construct it himself, as required by the statute and an ordinance of the city then in force, was invalid and

constituted no lien on the property. Murray et al. v. City of Helena et al., 65 Mont. 485, 211 Pac. 197.

5039.1. Licensing soft-drink establishments and pool and billiard halls. In addition to the other powers vested in city governments the city or town council of any city or town shall have power to make and pass necessary ordinances providing for the licensing and regulation of soft-drink establishments and all pool and billiard halls; said city and town council shall have power to regulate and limit the number of such licenses issued and to provide by ordinance that the total number of such licenses may not exceed the number fixed by the city or town council by ordinance.

En. Sec. 1, Ch. 136, L. 1923.

5039.2. Municipalities authorized to furnish water to outside industries. The city or town council of any city or town within the state of Montana, that owns and operates a municipal water system, to furnish water to the inhabitants of such city or town, as a public utility, shall, in addition to all other powers, have power to furnish water from such water system, to any factory, or other industry, located within the corporate limits of such city or town, or to any factory or other industry located within three miles of the corporate limits of such city or town, at rates established for like use or service to the inhabitants or industries located inside the corporate limits of such city or town, provided, that delivery of water by any such city or town to or for the use of any factory or other industry located outside the corporate limits of such city or town shall be made within, or at the boundary line of the corporate limits of such city or town.

the requirement. State v. Mayor of City of Butte, 69 Mont. 232, 221 Pac. 524.
